

This is a minor amendment, to include additional projects for the 2017 Program Year into AP-35. Per previous instruction from the HUD, this MINOR amendment was submitted as a substantial amendment in order to retain the correct historical base information from the 2015-2019 five year Consolidated Plan, and approved by HUD

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The U.S. Department of Housing and Urban Development (HUD) requires State and local grantees of the formula grant programs, namely the Community Development Block Grant (CDBG) the HOME Program, the Emergency Solutions Grants (ESG), and the Housing Opportunities for Persons with AIDS (HOPWA) programs to develop a five-year Consolidated Plan as a condition for funding. The State of Illinois' Consolidated Plan covers those non-entitlement areas of the State that do not have a local Consolidated Plan. The Consolidated Plan also now includes the national Housing Trust Fund. Governor Edgar, on June 16, 1994, designated the Illinois Housing Development Authority (IHDA) as the lead agency in developing the Consolidated Plan. Governor Bruce Rauner, on May 6, 2016 further designated the Illinois Housing Development Authority as the HOME Program Participating Jurisdiction, taking the place of the State as the participating jurisdiction for the State HOME Program.

IHDA's Office of Housing Coordination Services (OHCS) of the Strategic Planning and Reporting (SPAR) Division at IHDA has primary responsibility for coordinating, developing and distributing the Plan, and receives input from the OHCS Advisory Committee and the general public in developing and updating the Plan.

Executive Order 2003-18 established the State of Illinois' Comprehensive Housing Initiative on September 16, 2003, and created the Housing Task Force to improve the planning and coordination of the State's housing resources through 2008. The Comprehensive Housing Planning Act (P.A. 94-965) of 2006 codified Executive Order 2003-18. The Comprehensive Housing Planning Act was renewed (as amended P.A. 99-0564) and extended to 2026 in legislation passed into law in 2016. The Executive Director of the Illinois Housing Development Authority (IHDA) is Chair of the State's Housing Task Force, joined by a panel of forty-four representatives from State agencies and the housing community. The identification of the following eight priority populations provides specificity to the State's housing priorities:

- Low-income Households (with particular emphasis on households earning below 30% of area median income);
- Low-income seniors;
- Low-income persons with disabilities:

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

- Homeless persons and persons at risk of homelessness;
- Low and moderate- income persons unable to afford housing near work or transportation (Live Near Work); and
- Low-income persons residing in existing affordable housing that is in danger of being lost or becoming unaffordable (Preservation)
- Low-income people residing in communities with ongoing community revitalization efforts
- Other special needs populations, including people with criminal records and veterans experiencing or at risk of homelessness.

Per the Act, the State of Illinois shall continue to prepare and be guided by an annual comprehensive housing plan addressing the housing needs of the underserved populations. Annual Comprehensive Housing Plans are to include an identification of funding sources for which the State has administrative control that are available for housing construction, rehabilitation, preservation, operating or rental subsidies, and supportive services.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The State of Illinois will use the following HUD-determined Objective and Outcome statements for its CPD-formula activities:

- Accessibility for the purpose of creating suitable living environments
- Accessibility for the purpose of creating economic opportunities
- Affordability for the purpose of providing decent affordable housing
- Affordability for the purpose of creating economic opportunities
- Sustainability for the purpose of creating suitable living environments
- Sustainability for the purpose of providing decent affordable housing

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

On July 15, 2016 HUD's Office of Community Planning and Development in Chicago issued its 2015 Program Year End Review Letter to the State of Illinois. The letter is on file with and available through IHDA's Office of Housing Coordination Services. Points of note:

Evaluation of Past Performance

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

- HUD determined the State was not making acceptable progress towards its 5-Year goals. The State budget impasse and the signing of the State's Grant Agreements in November, 2015 had an impact overall on the State's 2015 program performance.
- The State is meeting the 15-month goal to obligate 100 percent of its CDBG funds, and did not exceed the 3 percent cap on the CDBG funds for administrative and technical assistance costs.
- 2015 is the first year of the State's 2015, 2016, 2017 low/mod compliance period for its CDBG funds on projects and programs that would benefit low and moderate income people. Until the State enters final information into the HUD IDIS PR-28 Report, compliance cannot be evaluated. A review of CDBG Activities contains 2 flags for the State's activities. The State is currently working on approved remediation plans for these flagged activities. Six activities are waiting for completion of remediation activities, and four activities Pending-At-Risk, but Remediation Plans are not currently required for these four activities

HOME Investment Partnerships: During the 2015 program year, the State complied with the 24-month commitment deadline and the five-year expenditure deadline for HOME funds. In 2015 no HOME funds were subject to recapture. IHDA submitted a voluntary Grant Reduction to satisfy an aged environmental review finding concerning disallowed costs. HUD is reviewing the request. The State had completed obligation of 87.66% of the 15% of its HOME allocation designated for Community Housing Development Organizations (CHDOs). IHDA's Performance Snapshot indicated one red flag related to the percentage of completed CHDO disbursement. The State has additionally drawn down approximately \$5.5 million in CHDO funds since the time of the report (March 31) upon which the red flag is based. There was a period of time in which IHDA was unable to draw HOME funds due to the lack of a State budget. Since IHDA is now designated the Participating Jurisdiction for the State, this should not present a problem in the future. With respect to the HOME Open Activities Report, HUD identified 23 activities through IDIS that have been fully funded and expended but not completed in IDIS. As of August 11, there are two activities still requiring completion reports. IHDA anticipated the activities to be completed by August 30, 2016. The remaining projects on the report having zero draw down activity resulted from the inability to access funds due to the lack of a State budget. As of August 11, there has been draw activity on all these projects. HUD requested the State review and resubmit the HOME Match Report, as the amount reported in the CAPER does not match with the Match Liability amount. The HOME Matching Liability Report of 2015 reflects a statewide reduction to 12.5% (\$1,747,524.05) The Authority calculated the Match based on 25% of vouchers paid during the year according to the disbursement spreadsheets. Cumulatively to August 11, the Authority has submitted excess Match of \$142,341,672.15, of which \$5,271,851.54 was recognized in 2015. Since the Authority has satisfied the HUD minimum Match requirement, the State does not believe there is a need for a reduction in the Match Liability and will work with HUD to reflect the appropriate percentage Match for the next reporting period.

Evaluation of Past Performance: continued

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

- Regarding the Emergency Solution Grants, all 2015 ESG funds were obligated within the required 60-day period and the State met the requirement for making quarterly drawdowns. The State has no balance of pre-2014 ESG funds. Other than a de minimis account, which HUD will recapture (\$117), the State met this requirement for 2014. The State is on target to meet the deadline for 2015 ESG funds. The State committed 49.86% of 2015 ESG funds to Shelter and Street Outreach. HUD recognizes these needs through Illinois and encourages the State to consider investing more on these activities.
- The HOPWA program was assessed during the 2015 program year to determine the State's compliance with the three-year expenditure requirement. The State expended 100 percent of the 2012 grant.
- As of July 15, 2016, the State met both expenditure deadlines for NSP 1 and NSP 3 programs.
- As of July 15, 2016, the State currently has \$27,132,408 left to draw down for the Midwest and IKE grants in DRGR. The State also had approximately \$2,766,227 left in funds to be obligated between these two programs. The State is also managing the Disaster Grant for Spring Flood under funding for Hurricane Sandy. The State had to meet a two-year expenditure deadline of \$3,600,000 by July 2, 2015 on these funds, but submitted an extension request of the 24 Month Expenditure Deadline for CDBG-DR Grantees on May 10, 2016. This request was approved and the new expenditure deadline is April 17, 2018
- The CDBG program was monitored on-site during the 2015 program year. Five findings related to documentation resulted. Four findings remain open relating to listing for debarred contractors and incorrect environmental reviews. HUD is providing technical assistance to resolve these remaining findings. One finding of non-compliance for 2013 regarding eligible use of Revolving Loan by Units of General Local Government remained unresolved. HUD's review indicated the State had a cumulative balance of \$59,843,040. 20 in unexpended funds. HUD is working with DCEO to resolve this finding.

HUD has determined that the State of Illinois has the continuing capacity to administer Community Planning and Development programs, and the activities under CDBG, HOME, HOPWA and ESG were consistent with its Consolidated Plan. The State used the funds appropriately and as intended to address needs

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The Citizen Participation Plan centers around the public hearing and public comments processes. The State held one public hearing on Wednesday, August 2nd, 2017 at 2:30 P.M. It was presented via tele-videoconference at the following 3 locations: James R Thompson Center, 100 W. Randolph-Conference Room 3-114, Chicago; Department of Commerce and Economic Opportunity (DCEO) 7th Floor Conference Room, 500 East Monroe, Springfield; and the Illinois State Regional Office Building-

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

Conference Suite 106, 2309 West Main Street, Marion. The Public Comment period began July 24, 2017 and ended August 7, 2017.

- A 2017 Public Notice was e-mailed statewide to housing-related agencies and organizations, a number of which included announcement of same in a newsletter or mailing sent to their memberships. Copies were also sent to the members of the OHCS Advisory Committee and CDBG Entitlement Grantees
- The Public Notice was published prior to these hearings in the following ten (10) newspapers: the *Champaign News Gazette*; the *Daily Southtown*; *Edwardsville Publishing Co.*; the *Kankakee Journal*; the *Macomb Journal*; the *Peoria Journal-Star*; the *Quincy Herald-Whig*; the *Rock Island Argus-The Dispatch*; and the *Springfield State Journal Register*
- DCEO e-mailed notices of the public hearing to CDBG-eligible units of general local government in Illinois (i.e., non-entitlement cities, towns, villages, and counties).
- Hard copies of the draft Consolidated Plan 2017 Action Plan were made available to interested parties as requested. Electronic copies were sent to the OHCS Advisory Committee, State Agencies Housing Committee, Illinois Housing Task Force, Affordable Housing Trust Fund Advisory Commission, Community Development Block Grant (CDBG) Entitlement grantees, Community Action Agencies, Regional Planning Commissions, Public Housing Authorities and other groups. The draft plan was also posted on IHDA's website at www.ihda.org.
- The public hearing was held via tele-videoconference during the 14-day public comments period in Chicago, Marion, and Springfield, as permitted by HUD. The date for the hearing was also posted on IHDA's web-site. HUD Memos dated May 10, 2017 "Waiver of 24 CFR 91.105 (b)(4) for FY 2017 Action Plans for Community Planning and Development Funds" and "Waiver of 24 CFR 91.115 (b)(4) and 24 CFR 91.105 (b)(4) for FY 2017 Action Plans for Housing Trust Fund" (issued June 21, 2017) allowed for the waiver of a 30-day Public Comment Period
- The agenda for the public hearing is also attached in an appendix to this document
- All notices and agendas clearly stated that each site was accessible for persons with disabilities. IHDA made reasonable efforts to accommodate persons with sight-and hearing-impaired disabilities, as well as for significant groups of Non-English speaking residents.
- Notes from the public hearing are included in the plan
- Two public comments letters were received during the public comments period. Responses to those letters are included in the appendices to this document
- The development of both the Citizen Participation Plan and Consolidated Plan provided more than ample opportunity for the public to provide comments. As mentioned previously, all public hearing sites are fully accessible to persons with disabilities

The criteria which the State uses to determine if certain proposed program or policy changes constitute a substantial amendment to the Consolidated Plan are as follows:

Changes

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

The following circumstances will trigger a substantial amendment to the Five Year Plan and subsequent Action Plans:

(1) A major statutory change occurs in the enabling law which created the program that modifies the eligible types of applicants and/or the eligible types of activities which can be carried out, provided same were not at least partially eligible under the original statute and rules.

(2) Major changes in the use of the four formula grant funds from one eligible activity (as identified in the Consolidated Plan) over the original planned use.

(3) Other legislative or administrative actions that serve to significantly alter which agency(ies) are operating which existing, expanded, or new programs covered under the current (or potentially expanded) Consolidated Plan.

- In any of the above cases, this citizen participation plan will require that public notification occur per the following: written notification to IHDA Board of Directors, OHCS Advisory Committee, State Agencies Housing Committee, and 32 other housing-related organizations, to inform them of the proposed amendment and provide for a 30-day public comments period; and publication of press releases and public notices, and mailings, as is appropriate, to affected parties.

(4) The State shall consider all legitimate comments on the amendment, which are received in writing and orally at public hearings (if held) from the general public or units of general local government. A summary of those comments and the State responses to same will be attached to the substantial amendment, which the State will then forward to HUD for review and approval.

HUD Waivers of the 30-day Public Comments Period for the 2017 Action Plan

Per HUD CPD Notice 16_18 Formula Grant (FG) grantees can no longer submit Consolidated Plan – Action Plans until HUD has received its annual (in this case 2017) funding appropriations, and formulated the exact amounts each grantee will receive. This actual amount needed to be included in the draft 2017 Action Plan distributed to the public as part of the Consolidated Plan Citizen Participation component.

Because of the lateness in passing a FFY 2017 budget, HUD did not post allocation amounts for FG grantees, including the National Housing Trust Fund until June 14, 2017

Until HUD announced the actual grantee allocation amounts, and the State then held its HUD-required Citizen Participation/Public Comments period on the draft 2017 Annual Action Plan, the State was not able to submit the 2017 Annual Action Plan to HUD. The date for submitting the 2017 Action Plan to HUD can be no later than August 16, 2017.

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

The Action Plan serves as the application to HUD for funding under the CDBG, HOME, ESG, HOPWA and NHTF programs. Since HUD was materially delayed in releasing Formula Grantee allocation amounts, HUD issued a waiver memo dated May 10, 2017 abbreviating the 30-day public comments period to a fourteen day public comments period, so that affected grantees can submit their Annual Action Plans to HUD by August 15th. The memos, "Waiver of 24 CFR 91.105 (b)(4) for FY 2017 Action Plans for Community Planning and Development Funds" and "Waiver for FY 2017 Actions Plans for Housing Trust Fund", as well as CPD Notice 16_18 are all three cited as the HUD-designated basis for the 14 day public comments period for the 2017 Action Plan

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

The Public Comment period began Monday, July 24, 2017 and ended August 7, 2017. The State held one public hearing on Wednesday, August 2nd at 2:30 P.M. It was presented via tele-conference at the following 3 locations: Illinois Housing Development Authority, 111 East Wacker 10th Floor, Chicago, Illinois; Department of Commerce and Economic Opportunity (DCEO)4th Floor Conference Room, 500 East Monroe, Springfield; and the Illinois State Regional Office Building-Conference Suite 106, 2309 West Main Street, Marion. One member of the public was available at the three locations to provide public comment. Two public comments letters were received. Responses are included in the appendices to this document

6. Summary of comments or views not accepted and the reasons for not accepting them

Not applicable. Two public comments letters were received during the public comments period. Responses are included in the appendices to this documents. In addition to the public hearings for the Consolidated Plan, OHCS schedules regular quarterly meetings of the OHCS Advisory Committee (AC) to update the public on formula grant activities and provide for discussion, comment, and feedback on various Consolidated Plan-related issues. An AC meeting was also held during the public comments period, held in Springfield, August 3rd, the day after the Public Hearing.

7. Summary

In addition to the public hearings, OHCS schedules regular meetings of the OHCS Advisory Committee (AC) to update the public on formula grant activities and provide for discussion, comment, and feedback on various Consolidated Plan-related issues. AC meetings in 2017 were held on May 25, 2017 and August 3, 2017 Minutes of these regularly scheduled meetings are available upon request to the Strategic Planning and Reporting/ Office of Housing Coordination Services

PR-05 Lead & Responsible Agencies - 91.300(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
CDBG Administrator		Department of Commerce and Economic Opportunity
HOPWA Administrator		Department of Public Health
HOME Administrator	ILLINOIS	IL Housing Development Authority
ESG Administrator		Department of Human Services
	ILLINOIS	IL Housing Development Authority

Table 1 – Responsible Agencies

Narrative

Lead Agency Designation

Governor Jim Edgar designated the Illinois Housing Development Authority (IHDA) as the lead entity for developing and producing the State Consolidated Plan and related documents (See Attachment).

The Comprehensive Housing Plan Act (P.A. 94-965) of June 30, 2006, established the State of Illinois’ first-ever Comprehensive Housing Act. The Act calls for: the creation of a Housing Task Force; the development of a State comprehensive housing plan, with staff support and coordination assistance from IHDA; the identification of underserved populations; the encouragement to more effectively use available funds from IHDA and other State agencies in a single application process; annual progress reporting; and other features. While many of these areas have in fact been historically addressed by the State Consolidated Plan, they have been done so on a voluntary, administrative basis rather than with legislative or executive (Governor’s) mandate. Furthermore, the identification of underserved populations in the Act now provides more specificity to the State’s housing priorities.

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

Illinois is eligible to receive grants under all four major HUD formula funding programs and the national Housing Trust Fund. These formula grants are administered by the four different State agencies as included in the chart above.

Governor Pat Quinn designated the Illinois Housing Development Authority as the administering State agency for the National Housing Trust Fund. The second year of NHTF funding will occur in the third (2017) year of the Five Year Consolidated Plan

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

AP-10 Consultation - 91.110, 91.300(b); 91.315(l)

1. Introduction

The State consulted the following major advisory bodies:

- Office of Housing Coordination Services (OHCS) Advisory Committee - This is an advisory group to OHCS/SPAR. This Committee's major functions are to provide input into the Consolidated Plan development (Five-Year Plan, Action Plans, and Annual Performance Reports), as well as to help set other housing goals and respond to changing policy. OHCS staff meets with this group of public and private sector housing practitioners and advocates on a quarterly basis.
- The Illinois Housing Task Force - The Task Force consists of members which are representative of various governmental agencies and/or offices, four of which are appointed by the four legislative majority and minority leaders and sixteen of which were appointed directly by the Governor based on their expertise on housing or housing-related areas. The Task Force is chaired by the Executive Director of IHDA and Vice-Chaired by a non-governmental sector representative appointed by the Governor.

Provide a concise summary of the state's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies

Public housing authorities are represented on the OHCS Advisory Committee, the Housing Task Force, and the Affordable Housing (Trust Fund) Advisory Commission.

Also, IHDA participates on the Board of the National Association of Housing and Redevelopment Officials (NAHRO) at the State, Regional, and National levels. This allows for planning and involvement in a variety of conference and training topics of mutual interest to PHAs, community development agencies, and the State. Examples of sessions at recent NAHRO conferences include the following: Affordable Housing Development 101 and Affirmatively Furthering Fair Housing.

IHDA also works closely with the Illinois Housing Council (IHC) an affordable housing membership organization. IHC co-sponsors the Governor's Conference on Affordable Housing with IHDA annually.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

Coordination with local Continuums of Care is a major strategy under the State's ESG program, which prioritizes assistance to Very and Extremely Low Income Households, Homeless and At-Risk Homeless Persons and Families, and homeless persons with Disabilities. The State supports applications by eligible

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

CoCs for funding under HUD’s Continuum of Care and Rural Housing Stability Assistance Programs, including the review of application under HUD’s programs in order to provide Certifications of Consistency with the State’s Consolidated Plan.

The State participates in monthly conference calls with Continuum of Care representatives, organized by Housing Action Illinois and the Supportive Housing Providers' Association.

Representatives from several State agencies and the Governor's Office serve on the planning committee for the homeless service providers' annual Peer-to-Peer Conference/Workshop/Training organized by HUD annually.

Illinois is one of the states whose Governor signed on to the Mayor's Challenge to End Veteran Homelessness, and its Department of Veterans Affairs (IDVA) is very active in this area.

Several State agency representatives serve on Boards for Continuums of Care and/or homeless shelters and other service providers, although this activity is more concentrated in Chicago, Cook County, and Springfield.

Continuum of Care agencies are represented on the State's Interagency Council on Homelessness (ICH). The State's ICH was formed as a result of an award of a grant through the Federal SAMHSA. However, an expanded scope, work plan and sustainability plan are currently being drafted

Describe consultation with the Continuum(s) of Care that serves the State in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Statewide Continua of Care (CoC) make recommendations to the Illinois Department of Human Services (IDHS) for funding to units of local government or private not-for-profit organizations within their jurisdictions. The Department reviews proposals for each of the organizations recommended for funding by the CoCs, and makes awards based on the merit of the proposal and past performance. The amount of the grant depends on the amount negotiated based on the application submitted, and the recommendation by the local CoC. Local Continua of Care designate the HMIS for their areas. All activities must comply with HUD’s standards on participation, data collection, and reporting under a local HMIS

2. Agencies, groups, organizations and others who participated in the process and consultations

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

Table 2 – Agencies, groups, organizations who participated

1	Agency/Group/Organization	Alliance to End Homelessness in Suburban Cook County
	Agency/Group/Organization Type	Housing Services - Housing Services-Victims of Domestic Violence Services-homeless Regional organization
	What section of the Plan was addressed by Consultation?	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Helped refine the Illinois Continuum-wide request for information for the homeless needs assessment
2	Agency/Group/Organization	Corporation for Supportive Housing
	Agency/Group/Organization Type	Housing Services - Housing Services-Persons with Disabilities Services-homeless
	What section of the Plan was addressed by Consultation?	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy Non-Homeless Special Needs

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	A member of the OHCS Advisory Committee. Helps communities create permanent supportive housing with services to prevent and end homelessness, provides capacity building, training; pre-development funding and advocacy services for supportive housing developers and projects
3	Agency/Group/Organization	NORTH WEST HOUSING PARTNERSHIP
	Agency/Group/Organization Type	Housing Services-Elderly Persons Services-Persons with Disabilities Regional organization
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The North West Housing Partnership acts as a catalyst to bring together the public and private resources necessary to help provide communities in the north and west suburbs of Chicago with affordable housing options
4	Agency/Group/Organization	Development Services Group, Inc.
	Agency/Group/Organization Type	Services-Elderly Persons Business Leaders
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Development Services Group is a private consulting firm that has experience with business, financing, and economic/housing development programs

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

5	Agency/Group/Organization	IFF (formerly Illinois Facilities Fund)
	Agency/Group/Organization Type	Housing Regional organization Private Sector Banking / Financing
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	A non-profit lending institution that focuses on human service agencies unable to obtain traditional financing for real estate projects. The IFF also undertakes special real estate development programs with government and non-profit organizations. Under HOME First IFF acquires, develops and owns integrated housing that remains permanently affordable to very low-income persons with disabilities
6	Agency/Group/Organization	Illinois Manufactured Housing Association
	Agency/Group/Organization Type	Housing Business Leaders
	What section of the Plan was addressed by Consultation?	Housing Need Assessment
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Member of the OHCS Advisory Committee: IMHA serves as a trade organization for the manufactured housing industry, representing manufacturers, retailers, suppliers and rental community owners
7	Agency/Group/Organization	Illinois Mental Health Planning and Advisory Council
	Agency/Group/Organization Type	Services-Children Services-Elderly Persons Services-Persons with Disabilities

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	
8	Agency/Group/Organization	RANTOUL
	Agency/Group/Organization Type	Housing Services-Children Services-Elderly Persons Services-Persons with Disabilities Services-Health Services-Education Service-Fair Housing Other government - Local
	What section of the Plan was addressed by Consultation?	Economic Development
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	A CDBG local Entitlement Community and member of the OHCS Advisory Committee, represented by the Village of Rantoul Community Development Director
9	Agency/Group/Organization	WABASH AREA DEVELOPMENT, INC.
	Agency/Group/Organization Type	Housing Services-Children Services-Elderly Persons

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	What section of the Plan was addressed by Consultation?	Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	WADI is a community action agency and a member of the OHCS Advisory Committee
10	Agency/Group/Organization	Illinois Department of Public Health
	Agency/Group/Organization Type	Housing Services-Children Services-Persons with Disabilities Services-Persons with HIV/AIDS Services-Health Health Agency Publicly Funded Institution/System of Care Other government - State
	What section of the Plan was addressed by Consultation?	HOPWA Strategy Lead-based Paint Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	A member of the State Agencies Housing Committee and administrator of the Housing Opportunities for Persons with AIDS (HOPWA) program, one of the four formula grant programs, which enables IDPH to promote housing and health stability for low-income people living with HIV/AIDS in Illinois. IDPH also administers the State's Lead Poisoning Prevention and Healthy Homes Programs through the Office of Environmental Health. IDPH enforces the Lead Poisoning Prevention Act, and the Lead Poisoning Prevention Code. IHDA serves on both the Lead Safe Housing Advisory Council and the Lead Poisoning Elimination Advisory Council, both administered by IDPH

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

11	Agency/Group/Organization	Lt. Governor's Rural Affairs Council
	Agency/Group/Organization Type	Services-Health Services-Education Services-Employment Other government - Local Regional organization
	What section of the Plan was addressed by Consultation?	Economic Development
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	IHDA Staff attend Quarterly Meeting of the LG Rural Affairs Council
12	Agency/Group/Organization	Illinois Council on Developmental Disabilities
	Agency/Group/Organization Type	Services-Persons with Disabilities Other government - State Planning organization
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	
13	Agency/Group/Organization	Illinois Emergency Management Agency
	Agency/Group/Organization Type	Housing Other government - State Planning organization

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

What section of the Plan was addressed by Consultation?	Disaster Response
Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Member of the State of Illinois Housing Task Force. IEMA Staffs the Ad Hoc Disaster Recovery Working Group (AHDRG) through the ACHP Housing Task Force. Membership of the AHDRG include IHDA staff

Identify any Agency Types not consulted and provide rationale for not consulting

Not applicable. The State is open to consultation regarding affordable housing with any interested parties. Please refer to the list of consulting agencies and organizations contained in the 2015-2019 Consolidated Plan, which include: Illinois Housing Development Authority; Illinois Department of Commerce and Economic Opportunity; Illinois Department of Human Services; Illinois Department of Public Health; Illinois Department on Aging; Illinois Department of Children and Family Services; Illinois Department of Healthcare and Family Services; Illinois Department of Veterans Affairs; Illinois Department of Human Rights; Illinois Department of Corrections; Illinois Council on Developmental Disabilities; Office of the Attorney General of Illinois; Champaign, Macoupin County, Peoria, Rockford, Springfield, Winnebago, and Woodford County Housing Authorities; Illinois Housing Council; and others

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Regional Continuums of Care	There are twenty Illinois Continuum of Care statewide. Illinois Continuum's of Care coordinate their work with the Emergency Solutions Grants Program administered by IDHS, employing several similar strategies for ending homelessness in each of their jurisdictions and include the following: conducting coordinated assessments, developing additional permanent supportive housing, improving outreach, increasing capacity and enhancing organization, conducting public awareness activities to foster support, and improving transportation services (especially in rural areas).

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Affirmatively Further Fair Housing (AFFH)	Affirmatively Further Fair Housing (AFFH)	<p>IDHR is responsible for administering the Illinois Human Right Act. IDHR takes and investigates charges of housing discrimination on the bases of race, color, religion, sex, national origin, ancestry, age (40 and over), marital status, physical, mental and perceived disability, military status, familial status (children under 18) sexual orientation (including gender identity) unfavorable military discharge, and order of protection status. Retaliation and interference with housing rights are also prohibited under the HRA. IDHR will continue its primary fair housing activity of docketing and investigating housing discrimination cases, including cases referred to IDHR from HUD's Office of Fair Housing and Equal Opportunity under a Cooperative Agreement under HUD's Fair Housing Assistance Program. Where the IDHR investigation leads to a substantial evidence finding of discrimination and conciliation is not successful, the claimant or respondent (the party alleged to have discriminated) can elect to have the case heard administratively for the Illinois Human Rights Commission, or in circuit court, in which case the Illinois Attorney General's Office represent the matter.</p> <p>Proposed Fair Housing Outreach Activities: IDHR will continue its education and outreach efforts to disseminate information about Illinois residents fair housing rights and responsibilities, and IDHR's fair housing enforcement activities, via its website, as well as workshops, seminars, speaking appearances, housing fairs, and distribution of literature through collaboration with numerous non-profit organizations. IDHR will continue to expand its outreach efforts to other state agencies in accordance with Illinois' Comprehensive Housing Plan. IDHR will provide free fair housing training at open-to-the-public sessions held on a quarterly basis for housing providers and landlords through its Institute for Training and Development. IDHR will continue working toward greater affordability and choice for state residents through it participation in the Interagency Subcommittee of the Illinois Housing Task Force, and continue working with the Chicago Area Fair Housing Alliance (CAFHA). IDHR will continue to provide training, networking opportunities and support for the regional and annual meetings of the Illinois Municipal Human Relations Association (IMHRA) on issues relation to fair housing, and to the International Association for Official Human Rights Agencies</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
AFFH (2)	IHDA (with IDHR)	<p>IHDA promotes fair housing in the marketing of all its financed units under the Illinois Affordable Housing Trust Fund, the LIHTC, and HOME Programs, which require affirmative marketing plans as part of their application processes. IHDA recognizes the importance of non-discriminatory practices with regard to residential property and related facilities. IHDA's goal is to promote a condition in which all individuals in the same housing market area have available a like range of housing choices. Thus, IHDA requires all multifamily projects with 5 or more HOME for Trust Fund assisted units comply with IHDA's affirmative fair housing policies and procedures. IHDA also evaluates proposals involving single-family projects with five or more HOME assisted units to determine the appropriateness of affirmative marketing efforts. The Affordable Housing Trust Fund Program requires that projects with 5 or more unites financed in whole or in part for family housing must have at least 20% of the units to be at least adaptable for future accessibility improvements. Projects involving HOME or the Risk Sharing Program funding must at minimum comply with the 5% minimum accessibility requirements of Section 504 of the Rehabilitation Act of 1973. Per the Qualified Allocation Plan for LIHTCs, projects must comply with all applicable federal and State accessibility laws to receive credits. Additional project scoring points are provided for developments that provide enhanced accessibility standards. For single-family programs, fair housing provisions are discussed at IHDA-hosted local training sessions and included in each lender's procedures manual, which is signed off by each participating lender's chief executive. Lenders located in urban areas of the State also must comply with the provisions of the Home Mortgage Disclosure Act and the Community Reinvestment Act, which includes monitoring by federal bank examiners for their particular category of lending institution (Office of Thrift Supervision, Federal Reserve Bank, or Office of the Comptroller of the Currency). Under Illinois' Rental Housing Support Program, all Local Administrating Agencies and participating landlords must follow all rules governing Fair Housing and all other applicable state and federal laws, and make efforts to publicize units under the RHSP, contacting non-profit corporations in the areas a LAA covers. IHDA provides a preference to LAA applicants which target up to 30% of their requested assistance to "Special Needs Tenant"</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
AFFH (3)	DCEO (with IDHR)	<p>DCEO administers one of the four State formula grants included in the State Consolidated Plan. DCEO requires fair housing activities (to be undertaken) to be identified in each applicant local governments' application. In addition, DCEO also requires grantees to comply with applicable civil rights laws when applying for and receiving grant funds. The compliance review includes an EEO/Fair Housing review of each grantee. The agency reviews action taken to affirmatively further fair housing and compliance with Section 504 of the Rehabilitation Act of 1973. DCEO requires an explanation of local efforts at the time of application and a description of how the project will affirmatively further fair housing. DCEO will monitor the grantee's local actions to determine if existing action is sufficient in the following: * Provides Fair Housing Posters to grantees on an as needed basis.* Encourages grantees to adopt a fair housing ordinance. Finally, DCEO also funds accessibility improvements on privately-owned housing. This is accomplished through housing rehabilitation grantees under the CDBG Housing Rehabilitation Grants component</p>
AFFH (4)	Dept of Financial and Professional Regulations (with IDHR)	<p>The Illinois Department of Financial and Professional Regulations (IDFPR) has two divisions that are involved in fair housing activities: Division of Banking and the Division of Professional Regulations.1. The Division of Banking is responsible for regulating commercial banks and residential mortgage bankers, brokers and loan originators. Regarding fair lending, most attention has focused on federal regulatory actions to better insure non-discrimination and community reinvestment.2. The Division of Professional Regulation licenses Real Estate Professionals, including real estate brokers, salespersons, and appraisers. The Division works with the other divisions to investigate claims of discriminatory real estate practices. Also the Divisions's computer system audits every real estate licensee's continuing education course work to ensure compliance with the continuing education requirements</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
AFFH (5)	Illinois Department of Insurance (with IDHR)	<p>The Illinois Department of Insurance conducts both regulatory and consumer protection activities. In keeping with an open competition regulatory philosophy, its emphasis in the fair housing areas is on education and actual complaint resolution rather than on testing and investigation of regulatory reform of industry practices based on anecdotal evidence. In the complaint process, Departmental analysts access written complaints, documentation, and responses from the company or agent mentioned in the complaint. An analyst reviews the company's/producers actions for compliance with Illinois insurance laws and takes appropriated action if laws have been violated. All housing-related complaints are tallied and included in each company's "complaint ratio" (number of complaints per million dollars of premium)" which is made public. The Department also monitors complaint substance by company; if a complaint pattern emerged, Department officials may meet informally with the company to discuss the problem. The Department also has the authority to initiate special market conduct exams in which the company's practices are reviewed. The Department's Consumer Outreach personnel speak to various citizen groups and on radio call-in programs. The Department also provided consumer information on its website. It also takes part in the National Insurance Task force, which encouraged partnerships between insurance groups and community organizations</p>
AFFH (6)	Illinois Council on Developmental Disabilities (with IDHR)	<p>The Illinois Council on Developmental Disabilities works to build the capabilities of individuals, families and communities, enabling each to become more self-sufficient through the Development Disabilities Assistance and Bill of Rights Act (federal law - "the DD Act"). ICDD programs are developed in direct response to the concerns and ideas voiced by consumers, families, service providers, policy makers and other professionals. The mission of the Council is to help lead change in Illinois so all people with developmental disabilities exercise their right to equal opportunity and freedom. ICDD strives to ensure the fair housing issues or barriers are resolved and people with disabilities have choice on housing options through its advocacy efforts and grant investments. The Council advocates individualized supports as a necessary means of allowing people to choose where and how they live in the community</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
AFFH (7)	Office of the Attorney General (with IDHR)	<p>Under the Illinois Human Rights Act (HRA) the Illinois Attorney General investigates possible fair housing violations when those violations demonstrate a pattern and practice of discrimination prohibited by the HRA. When the Attorney General has reasonable cause to believe that a person is engaged in a pattern and practice of illegal discrimination, the Attorney General may file a civil action to enforce the provisions of the HRA. Further, the Illinois Attorney General is responsible for enforcing the Environmental Barriers Act (EBA). This duty involves investigating alleged violations of the EBA and the Illinois Accessibility Code ("Code") and may include the filing of a lawsuit where necessary to ensure compliance with the EBA. The EBA and Code apply to the construction and alteration of public facilities and qualifying multi-story housing units. For purposes of housing discrimination, the Attorney General has jurisdiction over multi-story housing which is defined as "any building of four or more stories containing ten or more dwelling units, constructed to be held out for sale or lease by any persons to the public". In addition the Attorney General utilized the HRA and Fair Housing Amendment Act to pursue developers that design and construct inaccessible housing. The Attorney General also has the duty to implement the Civil and Equal Rights Enforcement Act ("CEREA"). CEREA (15 ILCS 210) gives the Attorney General power to investigate violations of laws related to discrimination and when such violations are established, to undertake necessary enforcement action. Thus the Attorney General is authorized under CEREA to investigate and if necessary litigate any housing discrimination violations that implicate the general public interest of the people of the State of Illinois. The Attorney General also conducts outreach to residents and communities throughout Illinois concerning their rights under the HRA</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Homeless Prevention: Discharge Coordination Policy	Various State Agencies	Individual and inter-agency efforts on discharge policies are underway at many agencies, and continue in conjunction with the February 9, 2006 enactment of 24 CFR part 91.325, as reflects the requirement for all McKinney-Vento Homeless Assistance Act grantees. A certification that the state has established a policy for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care, or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Discharge Policy (2)</p>	<p>Various State Agencies</p>	<p>Under the ESG Program, the State received responses from 21 separate homeless services/shelter agencies which had submitted copies of such polices, or were developing coordinated discharge polices along with other agencies participating in their local Continuum of Care systems. A sampling of cities/areas represented (all outside of Cook County) is as follows: Springfield, Rockford, Peoria, Champaign, Quincy, Carbondale, McHenry County, Kane County, Freeport, Harrisburg, Metropolis, Danville, Olney, Highland, Princeton, Greenup, and Anna. The Illinois Department of Public Health (IDPH) operates under some eight separate State administrative rules that govern different types of hospitals, nursing homes, and assisted living facilities that it licenses or otherwise regulates. These regulations cover the following; hospitals; assisted living facilities; skilled nursing and intermediate; sheltered care; veterans homes; intermediate care for developmentally disabled; community living facilities; and skilled nursing for under age 22. All eight administrative rules include discharge policies. The Illinois Department of Healthcare and Family Services (IDHFS) reimburses Medicaid-certified nursing homes and supportive living facilities assisting living, Home and Community based services waiver option), and complies with federal regulations for these, which require such facilities to develop a post-discharge plan of care that is developed with resident and family involvement to assist a resident to adjust to a new living environment. IDOC is developing a comprehensive screening tool that will identify those offenders who have been or are at risk of being homeless at crucial quadrants of the offenders stay in the IDOC. The administration of this tool at selected intervals of the offenders stay at IDOC will better identify the unique needs of the client and more effectively prepare for the best appropriate programming upon returning to the community. The long range goal of this screening tool is to assist the offender in maintaining housing stability while in the community thereby becoming more productive and reduce recidivism. The Corporation for Supportive Housing (CSH) and IDOC continue to collaborate in attempting to establish 125 units of permanent supportive housing for the ex-offender population. Currently, CSH has been working with the Illinois Criminal Justice Authority, IDMH, and the IDOC to create a Prison DataLink (data matching software between DOC and IDMH) to better identify previous recipients of state mental health services</p>
-----------------------------	-------------------------------	--

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Discharge Policy (3)</p>	<p>Various State Agencies</p>	<p>IDOC has incorporated the use of www.RentryIllinois.net, www.illinoishousingsearch.org and www.Illinoisworkforcenet.org with institutional counselors, Placement Resource Unit (PRU) staff and parole agents. These websites were created by agencies and collaborative organizations that are sensitive to the barriers of housing experienced by the formerly incarcerated. These websites are statewide listings of resources tailored to the needs of the 10 high impact areas outlined in Inside/Out the Governor's Response to Reentry. IDOC and the Illinois Department of Human Services (IDHS) Division of Mental Health (DMH) continue discussions concerning the housing needs of ex-offenders with mental health issues through the DMH Projects for Assistance in Transition From Homeless (PATH) program. PATH is a case management project funded through SAMHSA and administered in Illinois through DMH. This collaboration attempts to provide case management supports to ex-offenders in the community that meet the criteria for participation. IDOC and IDHS-DMH are addressing this collaboration to examine ways to traverse the barriers of long term housing needs for ex-offenders with mental illness. DHS-DMH/ PATH Program has collaborated with IDOC and piloted the PATH Ex-Offender Reentry Initiative at two correctional facilities, This initiative refers offenders with mental disorders that are at risk of homelessness to the PATH providers prior to release from the institution. Depending on the length of pre-release interaction, the PATH providers begin to link the offender to community services. PATH continued involvement with the offender in the community is determined by the need of the offender and the severity of the disorder. In Cook County, the Countywide Discharge Planning Committee has been meeting regularly. The Committee has been assisting in increasing access to mainstream benefits by promoting SOAR Training (SSI/SSDI Outreach, Access, and Recovery). A two-day training was successfully held in August. Additionally the committee has been evaluating and discussing how the Federal Strategic Plan to Prevent and End Homelessness will affect discharge and re-entry planning in the coming years. An Interagency Subcommittee of the Illinois Housing Task Force convenes quarterly. The purpose of this subcommittee is to allow State agencies that provide housing development dollars as well as services funding the opportunity to work together to better service the priority populations of the Annual Comprehensive Housing Plan</p>
-----------------------------	-------------------------------	---

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

Table 3 - Other local / regional / federal planning efforts

Narrative

IHDA's Strategic Planning and Reporting/Office of Housing Coordination Services provides coordination between State agencies, with statewide trade and membership organizations, regional and local agencies, and local governments. Its Advisory Committee is represented by these groups as well as non-profit organizations, realtors, developers, builders, and other private industry officials, and meets quarterly. In Illinois, there are 48 CDBG Entitlement communities (plus the State-DCEO) that are responsible for either submitting their own local Consolidated Plan, or are covered by another local Consolidated Plan. As such, these local governments are not covered by the State Consolidated Plan, but are responsible for carrying out their own separate housing strategies. Likewise, local governments that are not Entitlements under CDBG but which apply for funding directly to HUD under other programs are responsible for submitting an abbreviated local Consolidated Plan which they would be responsible for carrying out.

The State and HUD have held occasional workshops since 1992 with local CDBG Entitlement grantees to discuss Consolidated Plan requirements and the availability of relevant information and resources from State agencies and other sources. The relationship between the State and local governments in Illinois is clearly defined in the State Constitution. Those municipalities in Illinois which have Home Rule status (211 municipal units, plus Cook County) have liberal powers. There is a strong sense in Illinois that these powers should not be weakened by the development generally of State regulation. As such, the State Consolidated Plan does not mandate action at the local level; rather the State Consolidated Plan indicates its support for applications by other entities, such as local governments and non-profit and for-profit organizations. For various federal programs administered at the State level (such as CDBG, HOME, and Emergency Solutions Grants), qualifying local governments are generally eligible applicants and can act as sub recipients of funding. To this end, local governments that are covered by the State Consolidated Plan (those that do not have to do a local or abbreviated Consolidated Plan) and which receive funds under the State (CDBG, HOME, and Emergency Shelter Grants) formula grant programs are assisting the State in carrying out its strategy.

OHCS/SPAR coordinates other activities with local governments and agencies primarily through statewide associations and local meetings. Presentations of meetings and provision of newsletter articles have been given to the Illinois Municipal League, Illinois Association of Regional Councils, Illinois Association of Housing Authorities, the Illinois Chapter of the National Association of Housing and Redevelopment Officials (NAHRO) and Rural Partners, among others. Finally, local governments are routinely invited to attend major program-related workshops, public

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

hearings and conferences held or coordinated by IHDA and DCEO. IHDA also works closely with regional chapters of these larger organizations, such as the Metropolitan Mayors Caucus of the Illinois Municipal League and the Metropolitan Planning Council

The Citizen Participation Plan

See the Executive Summary of this 2017 Annual Plan for information and documentation on the HUD waivers of the 30-day Public Comments period of the 2017 Action Plan for a 14-day Public Comments period. The Public Comment period began Monday, July 24, 2017 and ended Monday, August 7, 2017. The State held one public hearing on Wednesday, August 2, 2017 at 2:30 P.M. It was presented via tele-video conference at the following 3 locations: James R Thompson Center, 100 W. Randolph-Rm 3-114, Chicago, Illinois; Department of Commerce and Economic Opportunity (DCEO)4th Floor Conference Room, 500 East Monroe, Springfield; and the Illinois State Regional Office Building-Conference Suite 106, 2309 West Main Street, Marion.

- A 2017 Public Notice was mailed to 35 statewide housing-related agencies or organizations, a number of which included announcement of same in a newsletter or mailing sent to their membership. Copies were sent to the members of the OHCS Advisory Committee and CDBG Entitlement Grantees.
- The Public Notice was published prior to the hearing in the following ten (10) newspapers: the *Belleville News-Democrat*; the *Breeze-Courier*; the *Champaign News Gazette*; the *Daily Southtown*; the *Evansville Courier Press*; the *Peoria Journal-Star*; the *Rockford Register-Star*; the *Rock Island Argus-The Dispatch*; the *Southern Illinoisian*; and the *Springfield State Journal Register*.
- DCEO sent notice of the public hearing to CDBG-eligible units of general local government.
- DCEO carried out additional activities on the State CDBG Citizen Participation Plan.
- Electronic copies of the draft Consolidated Plan-2017 Action Plan - were sent to the OHCS Advisory Committee, State Agencies Housing Committee, Illinois Housing Task Force, Affordable Housing Trust Fund Advisory Commission, Community Development Block Grant (CDBG) Entitlement grantees, Community Action Agencies, Regional Planning Commissions, Public Housing Authorities and other groups. The draft plan was also posted on IHDA's website at www.ihda.org. Additional electronic and hard copies of the draft Consolidated Plan-2017 Action Plan were sent to interested parties as requested
- The public hearing was held Wednesday August 2nd, via tele-videoconference during the 14-day public comments period in Chicago, Marion, and Springfield. The August 2nd date for the hearing was also posted on IHDA's web-site

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

- All notices and agendas clearly stated that each site was accessible for persons with disabilities. IHDA made reasonable efforts to accommodate persons with sight-and hearing-impaired disabilities, as well as for significant groups of Non-English speaking residents.
- Two public comments letters were received during the public comments period.
- The development of both the Citizen Participation Plan and Consolidated Plan provided more than ample opportunity for the public to provide comments.

All material comments made at the public hearing and in writing have been addressed

Expected Resources

AP-15 Expected Resources – 91.320(c)(1,2)

Introduction

The Illinois Housing Development Authority (IHDA) has been designated by Governor Pat Quinn as the administering State agency for the national Affordable Housing Trust fund (HTF). The 2017 Illinois Allocation is \$7,163,487. Eligible activities include: Rental housing development (new construction or acquisition/rehabilitation

Eligible project costs included the following:

Real property acquisition; development hard costs; relocation; demolition; utility connections; site improvements; soft costs, including architectural, engineering costs, developer fees, and AFHMP marketing; refinancing in limited circumstances; paying construction loans; and staff project delivery costs.

Operating/rental assistance is also an eligible activity, but is limited to a maximum of 33% of any year's State allocation, and must be fully utilized within 5 years of award. Such assistance can also be subsequently renewed, as long as it's within the 30-year affordability period. It is anticipated such assistance would be very limited and in the form of grants. Applicants must also present a long-term plan of utilizing permanent sources of State and federal rental assistance to be given consideration in this area.

Public housing is only eligible under NHTF if the proposed project is part of HUD's Rental Assistance Demonstration (RAD) program, Choice Neighborhood Initiative Program, or involves the LIHTC Program. Priority will be given to projects creating new units. IHDA is not funding homeownership assistance under the national HTF program. IHDA will not allow the re-finance of existing debt as part of national HTF rental rehabilitation.

Eligible use of funds include: loans (low-interest, no-interest, balloon, forgivable, deferred payment), grants, interest rate subsidies, equity

investments, and other State-approved forms of assistance

Annual Action Plan
2017

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Generally, permanent, non-federal sources of funds that are non-refundable contributions from State or local government, or private sources, will be eligible to qualify as a matching contribution. Refer below for more specific information by program

Acceptable Sources of HOME Match

- Local or State general revenues
- Housing trust funds
- Foundations, donations
- Program income from HODAG, RRP or UDAG only after grant closeout
- Value of waived taxes, fees, or charges
- Appraisal value of land or real property not acquired with Federal Funds
- Difference between appraised value and acquisition cost, if property is a acquired with Federal funds
- Grant equivalent of below market
- Interest rate loans to the project
- The cost of investments, not made with federal resources, in on and off-site infrastructure that is directly required for the affordable housing assisted with HOME funds
- Federal Home Loan Bank grants
- Value of donated material or labor
- Direct cost of supportive services that facilitate independent living or as part of a self-sufficiency program
- Direct cost of homebuyer counseling for families that complete a HOME assisted purchase

Unacceptable Sources of HOME Match

- All federal funds, including CDBG funds, Rental Rehabilitation Program, Homeless Housing programs, Weatherization, etc.
- Value attributable to federal tax credits

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

- The interest rate subsidy attributable to the federal tax exemption on financing
- Owner equity or investment in a project
- Cash or other forms of contributions from investors, applicants for, or recipients of HOME assistance or contracts
- Expenditures on Program Administration

ESG: Each grant recipient must supplement its Emergency Solutions Grant funds with an equal or greater amount of funds from other sources. 25% of the match must be cash. The amount available for matching fund purposes must be injected during the grant period.

Acceptable sources of ESG match are the State of Illinois DHS Homeless Prevention and Emergency & Transitional Housing Programs, Community Services Block Grant, FEMA, and any other source including any Federal source other than the ESG program. If ESG funds are used to satisfy the matching requirements of another Federal program, then funding from that program may not be used to satisfy the ESG matching requirements. Matching contributions must meet all requirements that apply to ESG funds, the funds must be provided after the date that HUD signs the grant agreement, cash contributions must be expended with the expenditure deadline and noncash contributions must be made within the expenditure deadline. The matching requirement may be met by cash contributions and/or noncash contributions

CDBG/Community Development Block Grant Program:

The State must match all but \$100,000 of the funds received for program administration. Public Infrastructure grants may be used to fund Construction only and other costs must be locally funded unless determined to be an economic hardship. Economic Development grants must be matched (at a minimum) dollar for dollar. Housing Rehabilitation grants do not require leverage.

Housing Trust Fund: For the national HTF, Projects which are able to commit other non-federal funds as part of their project financing will be given additional consideration. There is no State or local match requirements for the national HTF, but IHDA anticipates most national HTF-funded projects will be highly leveraged

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Individual State Agencies are not authorized to acquire/own real property. The Illinois Department of Central Management Services (CMS) is responsible for ownership and management of State facilities. Uses are statutorily limited and do not currently include affordable housing.

Discussion

The Authority's HOME Program generates program income from two sources: interest income and loan repayment/recaptured funds. Because of Grant Based Accounting, FY 2016 Program Income and the FY 2017 HOME Grant will have the same commitment deadline. Also Program Income must be fully disbursed before Treasury funds if committed to the same activity. There is a balance of \$3,740,137.22 in program income for PY 2016. Ten percent of program income minus recapture will be made available for administrative costs which is \$366,916.79 for PY 2016. Ten percent of the 2017 HOME allocation will be made available for administrative costs which is \$1,145,861 for PY 2017.

The State's leveraging strategy includes the coordination of Low Income Housing Tax Credits (LIHTCs) with the development of housing that is affordable to low-income and moderate-income families. As the State's LIHTC allocating agency, IHDA coordinates the development of the annual Qualified Allocation Plan (QAP). Besides the program's already statutory targeting to households at 60% of area median income or below, IHDA has built a number of factors into its application scoring system to incentivize better targeting to lower income households. These include the following point categories: Rental Assistance; Larger Units; Green Building (lower utility bills); Rehabilitation (of existing housing); Community Revitalization Plans; 30% AMI Housing (10-15%); and Statewide Referral Network (SRN) units, which target 10-15% of a property's units to persons/households who are homeless/at-risk of homelessness or have a disability. All of these scoring criteria are aimed at incentivizing project applications which include deeper targeting to low-and moderate-income families

Table 6 – Goals Summary

Goal Descriptions

1	Goal Name	Multifamily Affordable Housing
	Goal Description	Goals are determined by dividing multi-family allocation by per unit cost to determine the number of multifamily HOME and (national) Housing Trust Fund units rehabbed or newly constructed
2	Goal Name	Single Family Owner Occupied Rehabilitation
	Goal Description	
3	Goal Name	Public Infrastructure Activities
	Goal Description	<p>The number of persons served for the Public Infrastructure program is calculated by dividing the program budget of \$14,388,091 by the grant ceiling of \$500,000; equating to 28; and then multiplying by the average number of persons served by each Public Infrastructure grant (400); equaling 11,510.</p> <p>HUD regulations provide that 3% of the CDBG allocation plus \$100,000 can be used for administration and technical assistance for the State-administered program. In 2017, this equates to \$897,569. Additionally, the State will use up to \$300,000 for Planning activities defined by IDIS Matrix Code 20.</p> <p>In case of emergency, the Department of Commerce and Economic Opportunity reserves the right to change allocations to address specific needs of the communities affected.</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

4	Goal Name	Economic Development
	Goal Description	<p>The number of persons and businesses served for the Economic Development program is calculated by dividing the program budget of \$2,000,000 by the grant ceiling of \$1,000,000; equating to 2 businesses; and then multiplying by the maximum federal jobs to dollars ratio of \$1 to \$35,000; equaling 57.</p> <p>HUD regulations provide that 3% of the CDBG allocation plus \$100,000 can be used for administration and technical assistance for the State-administered program. In 2017, this equates to \$897,569. Additionally, the State will use up to \$300,000 for Planning activities defined by IDIS Matrix Code 20.</p> <p>In case of emergency, the Department of Commerce and Economic Opportunity reserves the right to change allocations to address specific needs of the communities affected.</p> <p>Beginning in 2017 and ending in 2019:</p> <ul style="list-style-type: none"> • Disaster Response Program-Provides funds for ongoing planning activities of the State. Disaster Response on an as-needed basis for communities affected by an unforeseen event declared as an emergency by the Governor <p>Revolving Loan Fund Activities to address requirements necessary to comply with HUD Revolving Loan Fund Program monitoring</p>

AP-25 Allocation Priorities – 91.320(d)

Introduction:

HUD regulations provide that 3% of the CDBG allocation plus \$100,000 can be used for administration and technical assistance for the State-administered program. In 2017, this equates to \$897,569. Additionally, the State will use up to \$300,000 for Planning activities defined by IDIS Matrix Code 20.

Funding Allocations are as follows; the chart includes \$500,000 for the HELP Pilot project in the local target area of Galesburg, IL which equates to 1%; and \$2,000,000 for the Disaster Response program which equates to 8%. The chart has been updated since the July, 2017 Amendment to the 2015-2019 Consolidated Plan has been approved.

Funding Allocation Priorities

	Multifamily Affordable Housing (%)	Single Family Owner Occupied Rehabilitation (%)	Public Infrastructure Activities (%)	Economic Development (%)	Total (%)
CDBG	0	27	65	8	100
HOME	100	0	0	0	100
HOPWA	100	0	0	0	100
ESG	100	0	0	0	100
Housing Trust Fund	100	0	0	0	100
Other CDBG-DR	0	0	0	0	0

Table 7 – Funding Allocation Priorities

Reason for Allocation Priorities

Funding percentages for ESG homeless priorities are determined in consultation with Illinois Continuum of Care organizations.

Regarding HOME funds: IHDA has maintained a significant pipeline of affordable rental housing projects seeking HOME assistance. Homeownership and additional non-CDBG single-family rehabilitation activities are funded by IHDA with non-federal State resources

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

Regarding national HTF Funds: HTF Funding provides rental assistance for families at 30% AMI or below.

HOPWA funding only serves people living with HIV/AIDS that are currently housed and with a household income at 80 percent or below of the area medium income. Funding will be provided to eight housing facilities that provide emergency shelter for homeless persons living with HIV/AIDS. HOPWA and Ryan White Part B funds provide a safety net for persons living with HIV/AIDS to move or maintain long-term, stable living situations. The State of Illinois HOPWA program plans to extend the use of its funding to provide other housing options that can be used throughout the state of Illinois if funds are available. IDPH would like to use funds in the service category of facility-Based Housing Assistance. These funds will be used for community residential facilities including community residential, Single Room Occupancy (SRO) dwellings, short-term facility, project based rental units and master leased units serving low income individuals with HIV/AIDS. In addition, HIV Care Connect Region has expressed interest in pursuing Tenant-Based Rental Assistance. Housing Facilities have also expressed interest in receiving funding for needed repairs and rehab.

Total requests for CDBG Public Infrastructure program funding average more than 5 times the amount available. Economic Development grant opportunities are decreasing with the lack of State funding. More communities are exploring the Housing Rehabilitation program to fill the gap in affordable housing. Activities addressing emergencies will be separated out as Disaster Response to address CPD Notice 17-06. The Help Eliminate Lead Program (HELP) Pilot Project will be conducted in the targeted community of Galesburg, IL. EPA data indicates the city has one of the nation's most persistent lead problems, exceeding the federal lead-action level in 22 out of 30 sampling periods since 1992. In addition, one in 20 children under the age of six in the County have elevated blood lead levels. DCEO is addressing this issue through the implementation of the Help Eliminate Lead Program (HELP) Pilot Project.

How will the proposed distribution of funds will address the priority needs and specific objectives described in the Consolidated Plan?

All HOME funding will result in increased affordable renter opportunities across the State

All national HTF funding will result in increased affordable renter opportunities across the State

CDBG Housing Rehabilitation Activities result in the preservation of affordable housing in non-entitlement areas of the State

The Statewide Homeless Continua of Care use ESG funds in combination with HUD Continuum of Care funds and a variety of Federal and State

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

mainstream resources to prevent and end homelessness. The State of Illinois will continue to meet with the Illinois Continua, as well as study their data and their determinations of the 'right mix' of funding allocation for the priority needs.

AP-30 Methods of Distribution – 91.320(d)&(k)

Introduction:

Distribution Methods

Table 8 - Distribution Methods by State Program

1	State Program Name:	CDBG Disaster Response Program
	Funding Sources:	CDBG
	Describe the state program addressed by the Method of Distribution.	In response to CPD Notice 17-06, this as-needed program is designed for communities affected by an unforeseen event resulting in a State Disaster Declaration by the Governor of the State of Illinois in response.
	Describe all of the criteria that will be used to select applications and the relative importance of these criteria.	

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>If only summary criteria were described, how can potential applicants access application manuals or other state publications describing the application criteria? (CDBG only)</p>	<p>Application Guidelines and forms can be found at: http://www.illinois.gov/dceo</p>
<p>Describe the process for awarding funds to state recipients and how the state will make its allocation available to units of general local government, and non-profit organizations, including community and faith-based organizations. (ESG only)</p>	<p>N/A</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Identify the method of selecting project sponsors (including providing full access to grassroots faith-based and other community-based organizations). (HOPWA only)</p>	<p>N/A</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	What are the outcome measures expected as a result of the method of distribution?	CDBG Housing Rehabilitation Program goals are determined by dividing the program budget of \$6,500,000 by the grant ceiling of \$500,000 to equal 13 grants, multiplied by the anticipated number of homes (10) that can be served at the maximum budget amount per home (\$45,000).
4	State Program Name:	CDBG Public Infrastructure Grant Program
	Funding Sources:	CDBG
	Describe the state program addressed by the Method of Distribution.	The objective of this competitive program component is to fund public infrastructure projects, with priority given to projects involving water and sanitary systems, or storm sewer upgrades

6	<p>State Program Name:</p>	<p>CDBG-DR Sandy Public Infrastructure Grants</p>
	<p>Funding Sources:</p>	<p>CDBG</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe the state program addressed by the Method of Distribution.</p>	<p>The Disaster Relief Appropriations Act, 2013 (Pub. L. 113-2, approved January 29, 2013) (Appropriations Act) made available \$16 billion in Community Development Block Grant (CDBG) funds for necessary expenses related to disaster relief, long-term recovery, restoration of infrastructure, housing, and economic revitalization in the most impacted and distressed areas resulting from a major disaster declared pursuant to the Robert T. Stafford Disaster Relief and Emergency Act of 1974 (42 U.S.C. 5121 et seq.) (Stafford Act), due to Hurricane Sandy and other eligible events in calendar years 2011, 2012, 2013.</p> <p>Subsequent to the Act, on December 16, 2013 a Federal Notice was published (Federal Register Volume 78, No. 241) that built upon the requirements of the aforementioned Act and advised the public of a \$128,500,000 allocation for the purpose of assisting recovery in the most impacted and distressed areas in Colorado, Illinois and Oklahoma declared a major disaster in 2013. As the Appropriations Act requires funds to be awarded directly to a State, or unit of general local government. In addition, The Appropriations Act requires funds to be used only for specific disaster recovery-related purposes. The law also requires that prior to the obligation of funds, a the State must submit a plan detailing the proposed use of funds, including criteria for eligibility and how the use of these funds will address disaster relief, long-term recovery, restoration of infrastructure and housing and economic revitalization in the most impacted and distressed areas. Detailed information on the use of the \$10,400,000 awarded the State to meet those needs are included as part of the 2013 Disaster Recovery Action Plan. All Sandy Disaster funding has been allocated and the State anticipates closure of the grant in mid-2018.</p>

7	<p>State Program Name:</p>	Emergency Solutions Grants Program
	<p>Funding Sources:</p>	ESG
	<p>Describe the state program addressed by the Method of Distribution.</p>	The Emergency Solutions Grants provides funding to engage homeless individuals and families living on the street; improve the number and quality of emergency shelters for homeless individuals and families; help operate these shelters; provide essential services to shelter residents; rapidly re-house homeless individuals and families, and prevent families/individuals from becoming homeless

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe all of the criteria that will be used to select applications and the relative importance of these criteria.</p>	<p>Recommendations for funding are based on: the needs assessment conducted by the regional Homeless Continuums of Care, housing analysis, and performance of the provider agency (based on HMIS (Homeless Management Information System) and other factors).</p>
<p>If only summary criteria were described, how can potential applicants access application manuals or other state publications describing the application criteria? (CDBG only)</p>	

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe the process for awarding funds to state recipients and how the state will make its allocation available to units of general local government, and non-profit organizations, including community and faith-based organizations. (ESG only)</p>	<p>Deliberate steps are taken to identify the providers, either units of local government or not-for-profit organizations, based on regional need and the ability to administer and expend the funds. The Department uses a formula based spreadsheet in order to determine the amount of ESG funding for each Continuum of Care (CoC). The spreadsheet includes statistical data for poverty, housing, population, etc.. These amounts are then provided to each CoC with a request for funding recommendations. They are asked to provide the organization name, amount of funding recommended and the activities recommended for funding. The recommended organizations are required to submit a completed application including a budget. The applications are reviewed for completeness by at least 2 staff persons. If necessary, a list of "Outstanding Application Requirements" is sent to the provider detailing documentation that is still needed.</p>
<p>Identify the method of selecting project sponsors (including providing full access to grassroots faith-based and other community-based organizations). (HOPWA only)</p>	

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe how resources will be allocated among funding categories.</p>	<p>Resources are allocated to eligible ESG activities based on Continuum of Care recommendations, as needs vary across the communities</p>
<p>Describe threshold factors and grant size limits.</p>	<p>ESG minimum grant award is \$25,000. Recipients must be a participating member of a Homeless Continuum of Care</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	<p>What are the outcome measures expected as a result of the method of distribution?</p>	<p>ESG funds will be used to provide affordability of decent housing through homeless prevention and rapid re-housing activities; and will provide availability/accessibility of a suitable living environment to homeless individuals and families who need emergency shelter</p>
<p>8</p>	<p>State Program Name:</p>	<p>Help Eliminate Lead Program (HELP) Pilot Program</p>
	<p>Funding Sources:</p>	<p>CDBG</p>
	<p>Describe the state program addressed by the Method of Distribution.</p>	<p>The Help Eliminate Lead Program (HELP) Pilot Project will be conducted in the targeted community of Galesburg, IL. EPA data indicates the city has one of the nation’s most persistent lead problems, exceeding the federal lead-action level for lead in their potable water system in 22 out of 30 sampling periods since 1992. In addition, one in 20 children under the age of six in the County have elevated blood lead levels. DCEO is addressing this issue through the implementation of the Help Eliminate Lead Program (HELP) Pilot Project. HELP is a cross-agency initiative to reduce children’s exposure to lead and lessen the number of children in Illinois who suffer from its detrimental health effects. This program will be done in cooperation with an IEPA project to assist the community in replacing water lead-service lines. The results of this pilot project will help Illinois provide a comprehensive lead hazard control program to low-income families who occupy substandard pre-1978 privately-owned housing throughout Illinois. DCEO Community Development Block Grant (CDBG) funds will provide \$500,000 from 2017 funds for the program.</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	<p>What are the outcome measures expected as a result of the method of distribution?</p>	<p>The mission of the HELP program is to improve the health and well-being of Illinois residents, especially vulnerable populations such as children under the age of six, by promoting safe and healthy home environments through comprehensive home-based intervention programs, lead certification and regulations, public education, outreach, and statewide partnerships.</p>
9	<p>State Program Name:</p>	<p>HOME Multifamily (including CHDO)</p>
	<p>Funding Sources:</p>	<p>HOME</p>
	<p>Describe the state program addressed by the Method of Distribution.</p>	<p>Multi-family new construction and rehabilitation (including Community Housing Development Organizations - CHDOs)</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe all of the criteria that will be used to select applications and the relative importance of these criteria.</p>	<p>Review and selection criteria include but are not limited to financial feasibility (using IHDA-published underwriting criteria), site and market feasibility, development/management team capacity and experience, site control, commitment of leveraged resources, and other factors. These increase if the Low Income Housing Tax Credit is involved, as it has its own separate application scoring system</p>
<p>If only summary criteria were described, how can potential applicants access application manuals or other state publications describing the application criteria? (CDBG only)</p>	<p>IHDA's Multi-Family common application system, forms, and instructions are posted on IHDA's website at www.ihda.org/developer/forms.htm#referenceDocuments</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe the process for awarding funds to state recipients and how the state will make its allocation available to units of general local government, and non-profit organizations, including community and faith-based organizations. (ESG only)</p>	<p>IHDA's Common Application process/format is utilized for all HOME multifamily projects, including CHDO-owned properties. After staff review (completeness, eligibility, site and market feasibility, underwriting), projects then go through a staff peer review, by internal IHDA Loan Committee, and to the IHDA Board for final consideration and approval</p>
<p>Identify the method of selecting project sponsors (including providing full access to grassroots faith-based and other community-based organizations). (HOPWA only)</p>	

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe how resources will be allocated among funding categories.</p>	<p>Under the 2015-2019 Consolidated Plan, IHDA is only utilizing HOME funding for rental housing development/rehabilitation. The program uses IHDA's "Common" application and funding process. Funding allocation is based on a number of factors including available resources, anticipated program income, anticipated completion timeframe for existing programs, pipeline of approved projects requesting HOME funding, and alternative funding sources available, among other factors</p>
<p>Describe threshold factors and grant size limits.</p>	<p>Threshold factors are described in detail in the Multifamily common application referenced above. Grant (loan) size limits have been imposed recently for IHDA's subordinate debt sources (i.e., primarily HOME and (State) Affordable Housing Trust Fund) due to relative lack of availability to meet demand. It is primarily involving projects also seeking Low Income Housing Tax Credit assistance. For non-metro and AHPAA areas, it is set at 20% of total development costs, capped at a maximum request of \$2 million. For Chicago, Chicago metro, and other metro areas, it is set at 10% of total development costs, capped at a maximum request of \$1 million</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	What are the outcome measures expected as a result of the method of distribution?	
10	State Program Name:	HOPWA Facility Based Rental Assistance
	Funding Sources:	HOPWA
	Describe the state program addressed by the Method of Distribution.	The HOPWA facility based program will provide rent and supportive services to persons living with HIV/AIDS. The Illinois HOPWA program eligibility is based on the 80% area median income. The individual requesting housing assistance must demonstrate a need for housing assistance. Funding will expand to outside the Illinois HOPWA jurisdictional area.

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe all of the criteria that will be used to select applications and the relative importance of these criteria.</p>	<p>The Illinois Department of Public Health's application for HOPWA funding requires all applicants, including HIV Care Connect Regions, to describe the regional area to be served by the applicant, the population of persons with HIV/AIDS in the proposed regional area to be served, and the housing service needs not currently being addressed by available public and/or private resources within the proposed service area. IDPH requires a project plan and budget as part of the application process, including measurable goals, objectives, project coordination, and information on how the project would be continued if HOPWA funds were reduced or not available in future years. The application process is expected to fund Project sponsors located around the State. Facility based rental assistance will allow the State to ensure that housing is available to the most at risk individuals living with HIV/AIDS that require more intensive supportive living environment to deal with other issues.</p>
<p>If only summary criteria were described, how can potential applicants access application manuals or other state publications describing the application criteria? (CDBG only)</p>	

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe the process for awarding funds to state recipients and how the state will make its allocation available to units of general local government, and non-profit organizations, including community and faith-based organizations. (ESG only)</p>	
<p>Identify the method of selecting project sponsors (including providing full access to grassroots faith-based and other community-based organizations). (HOPWA only)</p>	<p>Application process will be extended to the entire State with the intent to provide emergency and stable housing to individuals living with HIV/AIDS who are at-risk of homelessness. Stable housing provides a foundation for individuals with chronic illness such as HIV/AIDS, to improve their health outcomes.</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe how resources will be allocated among funding categories.</p>	<p>Resources that are allocated through the State of Illinois HIV Care Region and will be based on the guidelines established for the facility based rental assistance.</p>
<p>Describe threshold factors and grant size limits.</p>	<p>The HIV Care Connect Region funding formula is based on an annual award amount that is based on the morbidity data. All HIV Care Connect are increased based on the increase in housing costs and the number of persons served. Funding is also based on local availability of resources as well as other community resources. The Department developed an application for use by all HIV Care Connect to prepare their initial HOPWA funding plans. The application required all project sponsors to describe the intended service area, the population of persons with HIV/AIDS, and the housing service needs not currently being addressed by available public and/or private resources within the service area. Additionally, the Department required a project plan and budget, including measurable goals and objectives, project coordination and how the project would be continued if HOPWA funds were reduced or not available in future years. The application will be based on funding availability.</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	<p>What are the outcome measures expected as a result of the method of distribution?</p>	<p>Safe and affordable housing is the expected outcome of the method of distribution. Housing for persons with HIV/AIDS is an important component of the national response to AIDS. The National AIDS Strategy recognizes that housing is essential in providing health care and other support and sets a goal for ensuring that all persons with HIV have access to services and housing that is affordable, of high quality and responsive to their needs.</p>
<p>11</p>	<p>State Program Name:</p>	<p>HOPWA Facility-Based Housing Operations Assistance Program</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	<p>What are the outcome measures expected as a result of the method of distribution?</p>	<p>The prevention of homelessness is the most important element of administering the HOPWA program. Persons living with HIV/AIDS require stable housing in order to receive effective treatment. All program activities must be administered in accordance with the Department of Housing and Urban Development HOPWA Rules and Regulations. HOPWA grantees are encouraged to develop community-wide strategies through forming partnerships with area non-profits to provide housing assistance and supportive services for eligible persons. HOPWA grantees are urged to require eligible clients to access mainstream entitlement housing and utility assistance programs before accessing HOPWA funds.</p>
14	<p>State Program Name:</p>	<p>HOPWA Tenant Based Rental Assistance</p>
	<p>Funding Sources:</p>	<p>HOPWA</p>
	<p>Describe the state program addressed by the Method of Distribution.</p>	<p>In 2015, Winnebago County Health Department application described the intent to provide tenant based rental assistance due to the number of persons living with HIV/AIDS that do not have an emergency need for receiving Short Term Rent Mortgage and Utility assistance. As a result at total of 10 persons living with HIV/AIDS are provided with affordable housing. Stable housing provides a foundation for individuals with chronic illness such as HIV/AIDS, to improve their health outcomes. The Department plans to expand the use of tenant based rental assistance to other Project sponsors and entities around the State.</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe all of the criteria that will be used to select applications and the relative importance of these criteria.</p>	<p>Winnebago County Health Department is the only project sponsor that has expressed interest in providing TBRA to persons residing in northwestern Illinois. Winnebago County Health department HIV Care Connect region will be providing tenant based housing assistance in the next current year. Winnebago County Health Department submitted an application of their intent to explore the option of providing TBRA to persons residing in northwestern Illinois. Changes in the use of STRMU pose unique challenges in different areas of Illinois. There continues to be a challenge for case managers to demonstrate that an individual who is already living in poverty has an emergency need to qualify for the STRMU program. The Department wishes to extend the tenant based housing assistance program to other areas of the State in 2017. The Illinois Department of Public Health's application for HOPWA funding requires all applicants, including HIV Care Connect Regions, to describe the regional area to be served by the applicant, the population of persons with HIV/AIDS in the proposed regional area to be served, and the housing service needs not currently being addressed by available public and/or private resources within the proposed service area. IDPH requires a project plan and budget as part of the application process, including measurable goals, objectives, project coordination, and information on how the project would be continued if HOPWA funds were reduced or not available in future years. The application process incorporates a deadline for submission of applications.</p>
<p>If only summary criteria were described, how can potential applicants access application manuals or other state publications describing the application criteria? (CDBG only)</p>	<p></p>

15	State Program Name:	National Housing Trust Fund (NHTF)
	Funding Sources:	Housing Trust Fund

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe the state program addressed by the Method of Distribution.</p>	<p>Multi-family rental housing development (new construction or acquisition/rehabilitation. IHDA will not allow refinancing of existing debt as an eligible activity in the 2017 NHTF Allocation Plan.</p> <p>The Illinois Housing Development Authority (IHDA) has been designated by the Governor as the administering State agency for the NHTF. Authorizing statute and HUD’s interim rule place specific parameters on the eligible uses of these funds. State NHTF grantees are allowed to provide direct funding to subgrantee local governments to operate their own local programs/projects, but not required to do so. The State does not intend to use subgrantees in the 2017 funding cycle.</p> <p>If the national funding level falls below \$1 Billion, 100% of program funds must be used to benefit Extremely Low-Income (ELI) households, defined as 30% of area median income or less.</p> <p>States must use at least 80% of all funds (or 90% of program funds) for rental housing/renters. IHDA is allowed to use up to 10% of remaining program funds for homeownership assistance. IHDA will use 90% of all funds (100% of all program funds) for rental housing.</p> <p>There is also an allowance to use up to 10% of all funds for general administration and planning costs. IHDA will use said funds for this purpose, which also include affirmatively furthering fair housing activities.</p>
---	--

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe all of the criteria that will be used to select applications and the relative importance of these criteria.</p>	<p>IHDA will use its Multi-Family “Common Application” as the major application format for NHTF rental housing projects, the same one used for the LIHTC and HOME programs, along with supplemental information required by program rules (see below). IHDA’s process will include an initial completeness/eligibility scoring, review of mandatory requirements, underwriting, site and market review, peer review, internal Loan Committee and IHDA Board approval. A separate Request for Proposals (RFP) process will be used if needed to expedite obligation of program funds. IHDA will not allow refinancing of existing debt as an eligible activity in the initial-year 2016 Allocation Plan of NHTF, and reserves said right in following years.</p> <p><u>Geographic Diversity:</u> The State will distribute HTF funds statewide, subject to the Affordable Housing Planning and Appeal Act to the prioritizing applications that are consistent with the 2015-2019 Consolidated Plan, Section AP-50 Geographic Distribution. IHDA will strive to achieve maximum geographic diversity based on statewide applications and where applicable, aligning set-asides associated with other programs providing non-federal, leveraged funding to the NHTF, rather than establish geographic set asides under the NHTF. In an effort to increase geographic diversity, IHDA provides application workshops in different locations throughout the state.</p> <p><u>Applicant Capacity:</u> As part of IHDA’s application process, each proposed project’s development and management team will be reviewed to ensure that if the developer/owner has appropriate experience, capacity, and staffing to own, develop, and manage the project if approved for funding. This will include IHDA’s past experience with team members, and review of HUD previous participation certificates where applicable. IHDA will also strongly encourage first-time developers to partner with an experienced non-profit or for-profit entity.</p> <p><u>Project-Based Rental Assistance:</u> IHDA will prioritize all rental projects which have committed or available federal, State, and local project-based rental assistance so that rents are affordable to ELI families. These may include: Section 8 Project-Based (preservation only); Project-Based Vouchers; Rental Housing Support Program; and Section 811 Project-Based Rental Assistance. It will utilize 30% of household income for rents and utilities as its standard</p> <p><u>Duration of Affordability Period:</u> Applicants must document the extent to which proposed rents are affordable, especially to ELI households. All projects will be required to establish a minimum 30-</p>
--	--

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	<p>year affordability period. This will work well particularly for LIHTC projects (extended use periods). Applicants are encouraged to establish longer affordability periods but must meet this minimum.</p> <p><u>Priority Housing Needs of the State:</u> These are defined on the State’s Comprehensive Planning Act, and include ELI households, low-income seniors, low-income persons with disabilities, and homeless and at-risk homeless persons and families, as well as preservation and live-near-work projects. These are also the same priorities in the State’s Five-year Consolidated Plan. Proposed projects must also fall under one of the state’s Focus Areas in its annual plan, which are supportive housing, community revitalization, and economic development.</p> <p>Projects will also be reviewed to evaluate their “readiness to proceed” in starting projects after funding approval, and then evaluating the applicant’s ability to obligate funds in a timely manner</p>
<p>If only summary criteria were described, how can potential applicants access application manuals or other state publications describing the application criteria? (CDBG only)</p>	<p>Eligible NHTF recipients include for profit and non-profit corporations, and governmental entities, including public housing authorities. There will be an open application process until all funds are committed. In addition to the above, please refer the NHTF appendices attached to this document and see IHDA's website (www.ihda.org.) for additional information.</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe the process for awarding funds to state recipients and how the state will make its allocation available to units of general local government, and non-profit organizations, including community and faith-based organizations. (ESG only)</p>	
<p>Identify the method of selecting project sponsors (including providing full access to grassroots faith-based and other community-based organizations). (HOPWA only)</p>	

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe how resources will be allocated among funding categories.</p>	<p>If the national funding level falls below \$1 Billion, 100% of program funds must be used to benefit Extremely Low-Income (ELI) households, defined as 30% of area median income or less. The 2017 Illinois NHTF allocation is \$7,163,487. There is also allowance to use up to 10% of all funds (\$716,348.70 in 2017) for general administration and planning costs. IHDA will use said funds for this purpose, which also include affirmatively furthering fair housing activities. IHDA will not establish geographic set-asides for Illinois/NHTF program funds, but will strive to achieve maximum geographic diversity in its final funding decisions.</p>
<p>Describe threshold factors and grant size limits.</p>	<p>Maximum Per Unit Development Subsidy Costs</p> <p>Grand Total Hard Cost Limits: A Project’s grand total hard costs, as calculated in the Common Application, are limited to the sum of the products of the hard cost limit by bedroom type and the number of units, by bedroom type, in the Project. See the attached "Grand Total Hard Costs" for a breakdown of cost per bedroom size regarding the City of Chicago, and Chicago Metropolitan Areas; Other Metro; and Non-metro areas. Maximum allowable for 4+bedroom size in City of Chicago and Chicago Metro Area is \$325,000</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	What are the outcome measures expected as a result of the method of distribution?	IHDA will utilize the same performance measurements and outcomes criteria that it has used for the HOME Program (Multi-Family). These are included in the State’s Five-Year Consolidated Plan – Strategic Plan and annual goals.
16	State Program Name:	Revolving Loan Fund Activities
	Funding Sources:	CDBG
	Describe the state program addressed by the Method of Distribution.	During the State's 2013 Monitoring Review, HUD determined that DCEO failed to demonstrate eligible use of Revolving Loan Funds by Units of Local Governments. Based upon CPD Notice 04-11 and Part 570, HUD advised the State to close inactive Revolving Loan Fund Accounts; and in those that are still revolving verify that the use of such funds is eligible, per the original intent of the RLF that was formed. In order to meet these requirements and remedy HUD's 2013 Monitoring Finding, the State will close locally held Revolving Loan Funds in a manner where funds may be used for other CDBG-eligible activities. HUD has provided technical assistance to the State to navigate this process

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe all of the criteria that will be used to select applications and the relative importance of these criteria.</p>	<p>Applications must meet a National Objective and all requirements as outlined in 2CFR 200. Eligible activities include:</p> <ul style="list-style-type: none"> • Economic Development as outlined in the 2017 State of Illinois CDBG Guidebook <i>except that Leverage is not required.</i> • Public Infrastructure as outlined in the 2017 State of Illinois CDBG Guidebook <i>and Activity Delivery and Design activities as part of the overall project.</i> • Housing Rehabilitation as outlined in the 2017 State of Illinois CDBG Guidebook <i>and activities defined in the following HUD IDIS Matrix Codes:</i> • 03K - Street Improvements - including street drains, storm drains, curb and gutter work, installation of street lights or signs. • 03L - Sidewalks - including sidewalk improvements, and installation of trash receptacles, trees, benches or lighting when part of a streetscape project. <p>14E - Rehabilitation: Publicly or Privately Owned Commercial/Industrial - improvements to the exterior of a commercial building (generally referred to as "facade improvements") or to the correction of code violations.</p>
<p>If only summary criteria were described, how can potential applicants access application manuals or other state publications describing the application criteria? (CDBG only)</p>	<p>Application Guidelines and forms can be found at: http://www.illinois.gov/dceo</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

<p>Describe the process for awarding funds to state recipients and how the state will make its allocation available to units of general local government, and non-profit organizations, including community and faith-based organizations. (ESG only)</p>	<p>N/A</p>
<p>Identify the method of selecting project sponsors (including providing full access to grassroots faith-based and other community-based organizations). (HOPWA only)</p>	<p>N/A</p>

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

Describe how resources will be allocated among funding categories.	Eligible applicants may choose to utilize funds previously held for Revolving Loan Fund activities for an eligible activity as outlined above.
Describe threshold factors and grant size limits.	Eligible applicants are limited to utilizing available funds for no more than two eligible activities.

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	What are the outcome measures expected as a result of the method of distribution?	Unknown at this time.

Table 9 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

AP-38 Project Summary

Project Summary Information

1	Project Name	IHDA Admin FY17
	Target Area	
	Goals Supported	Multifamily Affordable Housing
	Needs Addressed	Affordable Housing
	Funding	HOME: \$1,165,281
	Description	IHDA Admin FY17 - Exempt from outcome indicators
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	
2	Project Name	Orton Keys
	Target Area	
	Goals Supported	Multifamily Affordable Housing
	Needs Addressed	Affordable Housing
	Funding	HOME: \$2,416,283
	Description	Multi Family- 21 unit in Rockford, IL

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	Multi-family Rehabilitation
3	Project Name	Indian Trails Apartments
	Target Area	
	Goals Supported	Multifamily Affordable Housing
	Needs Addressed	Affordable Housing
	Funding	HOME: \$1,839,927
	Description	12 Unit MF project located in Lawrenceville, IL
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	New Construction
4	Project Name	Lathrop Homes
	Target Area	
	Goals Supported	Multifamily Affordable Housing
	Needs Addressed	Affordable Housing

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	Funding	HOME: \$4,500,000
	Description	24 Unit MF project in Chicago, IL
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	New Construction
5	Project Name	Evanston PSH MHR-11432 2215 Dempster LLC

	Goals Supported	Multifamily Affordable Housing
	Needs Addressed	Affordable Housing
	Funding	HOME: \$2,491,440
	Description	
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
Planned Activities	New Construction	
6	Project Name	Spring Hill MHR-11182
	Target Area	

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	Goals Supported	Multifamily Affordable Housing
	Needs Addressed	Affordable Housing
	Funding	HOME: \$1,900,000
	Description	
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	New Construction
7	Project Name	2017 CDBG State Administration
	Target Area	
	Goals Supported	
	Needs Addressed	
	Funding	CDBG: \$631,713
	Description	State Administration for the 2017 annual allocation
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

8	Project Name	2017 CDBG Technical Assistance
	Target Area	
	Goals Supported	
	Needs Addressed	
	Funding	CDBG: \$265,856
	Description	Technical Assistance for 2017 annual CDBG allocation
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	
9	Project Name	2017 CDBG State Planning
	Target Area	Statewide Distribution
	Goals Supported	
	Needs Addressed	Community and Economic Development
	Funding	CDBG: \$300,000
	Description	State Planning activities funded from the 2017 annual CDBG allocation
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	Location Description	
	Planned Activities	
10	Project Name	2017 Economic Development Grant Program
	Target Area	Statewide Distribution
	Goals Supported	Economic Development
	Needs Addressed	Community and Economic Development
	Funding	CDBG: \$2,000,000
	Description	Economic Development grants funded with the 2017 CDBG annual allocation.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	
11	Project Name	2017 Public Infrastructure Grant Program
	Target Area	Statewide Distribution
	Goals Supported	Public Infrastructure Activities
	Needs Addressed	Community and Economic Development
	Funding	CDBG: \$14,388,910
	Description	Public Infrastructure grants funded with the 2017 annual CDBG allocation
	Target Date	

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	
12	Project Name	2017 Housing Rehabilitation Grant Program
	Target Area	Statewide Distribution
	Goals Supported	Single Family Owner Occupied Rehabilitation
	Needs Addressed	Affordable Housing
	Funding	CDBG: \$6,500,000
	Description	Housing Rehabilitation grants funded with 2017 CDBG annual allocation.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	
13	Project Name	2017 Help Eliminate Lead Program Grants
	Target Area	Statewide Distribution
	Goals Supported	
	Needs Addressed	
	Funding	CDBG: \$500,000

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

	Description	Pilot project funding for the HELP Help Eliminate Lead Program from the 2017 annual CDBG allocation
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	
14	Project Name	2017 Disaster Response Program Grants
	Target Area	Statewide Distribution
	Goals Supported	
	Needs Addressed	
	Funding	CDBG: \$2,000,000
	Description	Disaster Response grants funded from the 2017 annual CDBG allocation.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	
15	Project Name	ESG17
	Target Area	Statewide Distribution
	Goals Supported	Multifamily Affordable Housing

Needs Addressed	Homelessness
Funding	:
Description	The 2017 Federal allocation of ESG funds for providers within the State of IL to provide street outreach, emergency shelter, rapid re-housing, homeless prevention, program administration and data collection through HMIS.
Target Date	
Estimate the number and type of families that will benefit from the proposed activities	
Location Description	
Planned Activities	

Final 2017 State of Illinois Consolidated Plan – Action Plan – HUD Approved

AP-40 Section 108 Loan Guarantee – 91.320(k)(1)(ii)

Will the state help non-entitlement units of general local government to apply for Section 108 loan funds?

No

Available Grant Amounts

Acceptance process of applications

AP-45 Community Revitalization Strategies – 91.320(k)(1)(ii)

Will the state allow units of general local government to carry out community revitalization strategies?

State's Process and Criteria for approving local government revitalization strategies

AP-50 Geographic Distribution – 91.320(f)

Description of the geographic areas of the state (including areas of low-income and minority concentration) where assistance will be directed

The State has identified very and extremely low-income households as one of the priority populations under the Consolidated Plan. The Authority also puts a high value on quality location of projects and availability of resources and access to amenities. HUD provides CDBG funds to DCEO primarily for rehabilitation in projects in non-entitlement/non-urban areas. Since the CDBG program does limit the ability to utilize CDBG funds for housing beyond housing rehabilitation, the Illinois Department of Commerce and Economic Opportunity as administrator of CDBG targets CDBG funds to owner-occupied households in non-entitlement/non-urban areas. Under the HOME Program, IHDA expends the majority of its HOME Program funding for rental housing through its rental housing development program and through its Single Family Owner Occupied Rehabilitation Program. To some extent, the expenditure of CDBG, HOME Program and other program funds on housing programs is driven by the market. The Authority's impact in opportunity areas within the State is limited by applications for funding in these areas, but is interested in partnering with other community organizations. This is actually done primarily through the Low Income Housing Tax Credit program.

The State is also exploring opportunities to expend significant HOME funds in areas with identified concentrations of low-income and minority populations.

CDBG/Community Development Block Grant Program funding is only available to communities that are not direct Entitlements (receive their own direct CDBG allocation).

Beginning in 2017, the State has added the City of Galesburg (zipcode 61401 city limits only) as a Local Target Area for the HELP (Lead) Pilot Project.

ESG is geographically dispersed to the Illinois Continuum of Care agencies.

HOPWA is geographically dispersed to the Illinois HIV Care Consortia regions.

The national HTF will be dispersed statewide. IHDA has not established geographic set-asides, but strives to achieve maximum geographic diversity in its final funding decisions.

Geographic Distribution

Target Area	Percentage of Funds
Statewide Distribution	100

Table 10 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The State has not established a policy of targeting its funds within already federally or State-defined eligible areas of the State to more specific jurisdictions or regions. If absolute need numbers were used to determine resource allocations of programs, areas with less densely populated communities (e.g. rural areas, small cities, suburban areas with comparatively lower numbers of low and very low-income households versus total households) would be discriminated against, as most of the assistance would then go to large urban centers exclusively. The State agencies administering Federal and State programs will continue to make concerted efforts to provide more outreach and technical assistance (e.g. workshops) to eligible applicants to ensure that information on affordable housing, economic development and public facilities programs is available on an equitable basis.

Discussion

The State of Illinois has established guidelines for all its programs, but has also worked hard to retain the flexibility needed for local governments, non-profits, and developers to apply for projects that meet local market needs. As such, the only major factor governing geographic distribution under each of IHDA's programs is the enabling law or statute for that program. The State does not target its funds by racial or ethnic group. Income is already a major targeting mechanism under almost all of IHDA's as well as HUD's programs. Under its LIHTC Program, however, IHDA does incentivize affordable rental housing applications from local opportunity areas.

Affordable Housing

AP-55 Affordable Housing – 24 CFR 91.320(g)

Introduction:

The tables in this section include combined goals from the different HUD-CPD formula grants. For the purpose of this section, the term "affordable housing" is defined in the HOME regulations at 24 CFR 92.252 for rental housing and 24 CFR 92.254 for homeownership. These estimate do not include the provision of emergency shelter, transitional shelter, or social services

One Year Goals for the Number of Households to be Supported	
Homeless	1,500
Non-Homeless	787
Special-Needs	476
Total	2,763

Table 11 - One Year Goals for Affordable Housing by Support Requirement

One Year Goals for the Number of Households Supported Through	
Rental Assistance	2,531
The Production of New Units	49
Rehab of Existing Units	183
Acquisition of Existing Units	0
Total	2,763

Table 12 - One Year Goals for Affordable Housing by Support Type

Discussion:

Production of 30 new units includes anticipated units through HOME Multifamily

Rehab of 20 existing units includes anticipated units through HOME Multifamily

Production of 19 new units includes anticipated units through National Housing Trust Fund

Rehab of 13 existing units includes anticipated units through National Housing Trust Fund

Rehab of 130 existing units includes anticipated units through CDBG single-family Housing Rehabilitation

Rental assistance includes the ESG goal of 1,500 households assisted through rapid rehousing and 945 assisted through homeless prevention

Rental assistance included the HOPWA goal of households assisted through short-term rent and

mortgage assistance, TBRA, and units provided through HIV/AIDS housing facilities

AP-60 Public Housing - 24 CFR 91.320(j)

Introduction:

With passage of the Quality Housing and Work Responsibility Act, of 1998, States have a more pronounced role in working with local Public Housing Authorities. The State of Illinois does not own or operate any public housing as a public housing authority. Accordingly, the State does not expect to play a management role in encouraging residents of public housing to become more involved in the management of public housing. All public housing authorities are required by HUD to have Resident Councils or Advisory Boards. They are also required to have a resident serving as a member on their Board of Commissioners. The Council/Advisory Board must review and comment on the public housing authority's Annual Agency Plan prior to submittal to HUD

Actions planned during the next year to address the needs to public housing

* The Consolidated Plan-Action Plan and the Annual Performance Report documents are sent to all public housing authorities (PHAs) in Illinois. PHAs will remain part of the regular notification and distribution process for Consolidated Plan documents.

* PHAs are also specifically sent an email inviting them to attend the public hearings on the Consolidated Plan.

*Public housing inventory statistics were included in the Housing Market Analysis Section of the 2015-2019 Consolidated Plan.

*IHDA took on the additional role of certifying the Consistency of PHA Agency Plans with the State Consolidated Plan (for all PHAs serving non-Entitlement areas which are not covered by a local Consolidated Plan). IHDA also keeps the Illinois Association of Housing Authorities (IAHA) and the Illinois Chapter of the National Association of Housing and Redevelopment Officials (NAHRO) informed of these new procedures by attending targeted meetings of these organizations to make presentations and answer questions about the process to/from PHA officials.

*IHDA will benefit from reviewing the Agency Plans by obtaining information on PHA waiting lists These assist IHDA in both its future site and market studies and in future program planning. IHDA also works with a number of PHAs on converting Housing Choice Vouchers to Project-Based Assistance, especially under the Low Income Housing Tax Credit Program.

IHDA is also working with a number of PHAs on Rental Assistance Demonstration programs to convert public housing into Section 8 project-based housing units.

Actions to encourage public housing residents to become more involved in management and

participate in homeownership

The State of Illinois does not own or operate any public housing as a State public housing authority. As such, it does not anticipate any major State involvement in this area, except to continue to provide related program information to interested parties through the IHDA/OHCS housing information clearinghouse and at related Illinois NAHRO and IAHA conferences, including housing authorities that may be establishing homeownership programs through their Agency Plans.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

As of May 5, 2017, HUD informed IHDA that the PHAs that it had designated as “troubled” under the State of Illinois’ Consolidated Plan were: Alexander County Housing Authority and Vermillion County Housing Authority. Vermillion County Housing Authority is also designated as SEMAP “troubled”. The State can, upon local request, provide outreach and technical assistance in an effort to better assess and evaluate options for improving operations, resolving non-compliance problems, and identifying other housing-related needs and issues

Discussion:

Due to increased emphasis on further meeting the housing needs of identified, underserved populations, the State (primarily through IHDA) plans to continue its funding activities with public housing authorities and their non-profit subsidiaries. IHDA will continue to work with PHAs and their non-profit subsidiaries to do both preservation and single-family new construction for rental housing and homeownership, as well as RAD conversion projects referenced earlier

AP-65 Homeless and Other Special Needs Activities – 91.320(h)

Introduction

HUD's Continuum of Care and Rural Housing Stability Assistance Programs provide major federal funding to promote community-wide commitment to the goal of ending homelessness, supporting efforts by nonprofit providers and State and local governments to quickly re-house homeless individuals and families while minimizing the trauma and dislocation caused to individuals, families, and communities by homelessness. The programs promote access to, and effective utilization of mainstream programs to optimize self-sufficiency among individuals and families experiencing homelessness. Coordination with local CoCs is a major strategy under the State's Emergency Solutions Grants (ESG) Program to end homelessness. ESG prioritizes assistance to Very and Extremely Low Income Households, Homeless and At-Risk Homeless Persons and Families, and homeless persons with Disabilities. The State supports applications by eligible CoCs under HUD's Continuum of Care and Rural Housing Stability Assistance Programs, including the review of CoC applications under HUD's programs in order to provide Certifications of Consistency with the State's Consolidated Plan.

HUD's definition of "chronically homeless" assists grantees in focusing their Continuum of Care homeless programs on persons with the longest histories of homelessness, who often also have the highest need.

Under the new final rule, chronically homeless means:

(1) A "homeless individual with a disability," as defined in section 401(9) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11360(9)), who:

(i) Lives in a place not meant for human habitation, a safe haven, or in an emergency shelter; and

(ii) Has been homeless and living as described in paragraph (1) (i) of this definition continuously for at least 12 months or on at least 4 separate occasions in the last 3 years, as long as the combined occasions equal at least 12 months and each break in homelessness separating the occasions included at least 7 consecutive nights of not living as described in paragraph (1)(i). Stays in institutional care facilities for fewer than 90 days will not constitute as a break in homelessness, but rather such stays are included in the 12-month total, as long as the individual was living or residing in a place not meant for human habitation, a safe haven, or an emergency shelter immediately before entering the institutional care facility;

(2) An individual who has been residing in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital, or other similar facility, for fewer than 90 days and met all of the criteria in paragraph (1) of this definition, before entering that facility; or

(3) A family with an adult head of household (or if there is no adult in the family, a minor head of household) who meets all of the criteria in paragraph (1) or (2) of this definition, including a family

whose composition has fluctuated while the head of household has been homeless

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

As ESG grantees and State ESG subgrantees, Continuum of Care organizations conduct homeless outreach through their local jurisdictions and set their funding priorities based on the outcome. IDHS collects information from its providers in the annual ESG application. The 2017 State ESG Allocation is \$5,594,009.

Fourteen of the Continua of Care (CoCs) emphasized the value and importance of collaborating with other groups to educate and provide outreach for homeless services. These groups could include law enforcement, health care entities, mental health care providers, and housing organizations. Six CoCs explicitly reference street outreach programs. Four CoCs report using the HMIS system as a coordination and outreach strategy, in addition to using it as a coordinated assessment and intake process. Other strategies at least one CoC each included in their descriptions include using their Point-in-Time (PIT) counts; conducting an annual street survey; focusing on street outreach for youth; visiting tent cities and other temporary, informal shelters; adopting the VI-SPADT program; providing a homeless crisis response system; having a referral hotline in the community; providing strategically placed outreach offices; and, conducting tailored serious mental illness outreach.

DoA's Colbert Consent Decree Parties have an implementation plan to help coordinate agency services and ease the transition process for Class Members. The Consent Decree and Nursing Home Deflection Program work to prevent future people from entering the institutional system if it is unwanted. DHS' Williams Consent Decree Parties are also working on closing the front door to Institutes for Mental Disease and preventing inappropriate institutionalization in the future.

The ESG program expects to provide assistance to 1,500 homeless households in 2017

Addressing the emergency shelter and transitional housing needs of homeless persons

Housing relocation and stabilization services and short- and/or medium-term rental assistance provided as necessary to help individuals or families living in shelters or in places not meant for human habitation move as quickly as possible into permanent housing and achieve stability in that housing.

Illinois Continua of Care (CoCs) are split between transitioning to and supporting Rapid Rehousing and Permanent Supportive Housing (PSH) programs and providing more emergency shelter and transitional housing. Eight CoCs mentioned their emergency shelters, some describing how the shelters are separated by demographic (men, women, families, youth, domestic violence, and veterans). Six CoCs

stated they had transitional housing services. Five CoCs emphasized PSH programs, four discussed diversion programs, and three CoCs stressed rapid rehousing. Other strategies mentioned included making landlords aware of homeless prevention strategies; sending housing providers to training sessions whenever possible; providing life skill services; creating a planning committee; and providing emergency fund assistance

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Emergency solutions Grants provide services to aid homeless persons. Services funded include: case management, childcare, education services, employment assistance and job training, outpatient health services, legal services, life skills training, mental health services, substance abuse treatment services, transportation, and services for special populations. The ESG program expects to assist 16,200 Homeless Persons through overnight shelters in 2017

Half of the twenty Illinois Continua of Care (CoCs) state they use their coordinated assessment tools (often the HMIS system) to determine each resident's needs to prevent homelessness or maintain permanent supportive housing (PSH) or affordable housing. Nine CoCs emphasize the importance for enough PSH, so people in emergency shelters or transitional housing do not become homeless again. Other strategies listed include providing strong outreach for the available programs, having well-functioning emergency shelters and transitional housing, providing life skills training (such as financial literacy, credit improvement, and education), creating housing retention services to address each individual's situation, access to health care, education tenants and landlords on their subsequent rights, providing rapid rehousing, and focusing on initial homeless prevention.

State efforts to maintain PSH include the use of national HTF funds for the construction and rehab of PSH units. The State's Illinois Housing Search website also provides permanent supportive housing to persons experiencing or at risk of homelessness through its Statewide Referral Network units.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Emergency Solutions Grants aim to provide services to prevent the individual or family from becoming

homeless. Services funded include short or medium-term rental assistance and/or rental arrears, utilities, rental application fees, security deposits, last month's rent, utility deposits and payments, moving costs, housing search and placement, housing stability case management, landlord-tenant mediation, tenant legal services, and credit repair.

The majority of Illinois' Continua of Care (CoCs) provide services to homeless youth. Most of these services are focused around emergency shelter and transitional or temporary housing; however, some are working to provide permanent supportive housing (PSH) for youth. Eleven CoCs focus on PSH for the chronic homeless and nine focus on homeless veterans. At least a few CoCs provide emergency shelters, rapid rehousing, homeless prevention, transitional housing, and/or PSH for families. Other strategies to target certain populations include outreach for chronically homeless people; coordinated entry services for veterans; transportation to drop-in services for veterans; and, utility and deposit assistance for families and veterans.

DoA's Colbert Consent Decree Parties have produced an implementation plan to help coordinate agency services and ease the transition process for Class Members. The Consent Decree and Nursing Home Deflection Program (if continued) work to prevent future people from entering the institutional system if it is unwanted.

The Developmental Disability (DD) Division maintains a waiting list for DD Medicaid Waiver services. Homelessness is part of the criteria for immediate enrollment and receipt of DD Waiver services (if determined eligible). Local Independent Service Coordination (ISC) agencies under contract with the Division of DD maintain the waiting list of persons seeking DD Waiver services and make crisis determinations in the communities they serve. They work cooperatively with other public and private agencies to identify individuals with DD in need.

The Division of Mental Health (DMH) expanded permanent supportive housing to include project-based/clustered housing options using existing housing developments in Cook County. IDHS/DMH successfully implemented a Clustered Housing Model pilot on Chicago's north side of PSH units located in close proximity, in a building or buildings closely situated, with 24-hour peer support staff; a second Clustered Housing Model was implemented using a scattered sites, on Chicago's south side, targeting Williams Class Members deemed "Unable to Serve" (class members recommended for community transition, but the selected community provider cannot meet their clinical/support needs for one or more of the following service needs: financial, medical, medical/diabetes, medication management and/or psychiatric/behaviors). DMH conducted a six-tier initiative analyzing this population, to determine the reasons why certain Class Members are being categorized as Unable to Serve and what might be recommended to reduce that number. DMH also commissioned UIC to do a study on clients who have returned to IMDs to better understand those circumstances

DASA works with the Interagency Council on Homelessness to end all forms of homelessness, using its resources and services whenever possible. DASA intends to continue its existing services in the best capacity possible with available funding. DASA does not have any discharge policies, as 80% of its clients

use outpatient services.

The State's Illinois Housing Search website also provides permanent supportive housing to persons experiencing or at risk of homelessness through its Statewide Referral Network units.

The ESG program expects to provide homeless prevention assistance to 945 households in 2017.

Discussion

Emergency Solutions Grants aim to provide services to aid homeless and at risk of homelessness persons and families. Services funded include: case management, childcare, education services, employment assistance, job training, outpatient health services, legal services, life skills training, mental health services, substance abuse treatment services, transportation, and services for special populations. The providers encourage individuals to gain stability within the community and their life by monitoring their progress and requiring certain goals to be made and attained

See the AP 10 Section of this document for information on the State's Discharge Policy planning efforts

AP-70 HOPWA Goals – 91.320(k)(4)

One year goals for the number of households to be provided housing through the use of HOPWA for:	
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family	390
Tenant-based rental assistance	35
Units provided in permanent housing facilities developed, leased, or operated with HOPWA funds	0
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds	76
Total	501

AP-75 Barriers to affordable housing – 91.320(i)

Introduction:

Some ten (10) general statements and potential barriers were included in MA-40, the Market Analysis section of the Five-Year Plan. Discussion on: (1) Building Codes, (2) Home Rule, (3) Impact Fees, (4) Property Taxes, (5) Cost and Availability of Land, (6) Availability of Affordable Housing, (7) Public Housing, (8) Preservation, (9) Homelessness, and (10) Other Special Needs, were included to better describe the regulatory government under which affordable housing in Illinois currently operates.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Actions Planned - These include the following: (1) Continued processing of Housing Affordability Impact Notes for all relevant State legislation proposed in the Illinois General Assembly; (2) The Illinois Housing Locator system, ILHousingSearch.org continues to operate, allowing landlords to list available rental properties to prospective renters. By December 8, 2016, 7,414 landlords had registered 104,939 units throughout the state with only 3,278 units available in the entire Illinois Housing database. As of December 2016 there have been 4,988,477 searches for affordable housing since the website was created, with 1,070,821 searches just in 2016, as of December 8, 2016.

To assist in implementing the Local Planning Technical Assistance (LPTA) Act, IHDA continues to work with the State's Housing Task Force and other State agencies to research potential local comprehensive planning funding through an inter agency effort.

The State's Rental Housing Support Program helps about 1,175 Illinois families, each year, to afford safe and decent homes by funding rent subsidies to landlords throughout the state to make rental units affordable to households who earn less than 30% of the area median income. A major program goal is to use half of the funding for households who are at 15% of the area median income and below. Funding for the Rental Housing Support Program is provided from a \$10 fee from real estate document recordings that are expected to generate \$17 million annually, based upon collections in recent years. Tenants pay a flat rent of approximately 30% of their income and the local administering agency pays the balance of the rent negotiated with the landlord. Outreach efforts include additional targeting to households who have a member with a Special Need in an effort to increase the likelihood of providing affordable housing for those households.

The national Housing Trust Fund will provide rental units affordable to extremely low income households at 30% or less of local AMI across the State.

Affordable Housing Planning Appeals Act: IHDA, as the administering agency of the AHPAA, produces the

non-exempt local communities list every five years. In December 2013, sixty-eight new non-exempt municipalities were identified. IHDA provides technical assistance to municipalities throughout the state to complete and submit affordable housing plans. These efforts include an AHPAA handbook for local officials and administrators. Accessibility: Starting in 2015, IHDA has an "enhanced accountability" mandated requirement under its LIHTC Qualified Allocation Plan. All applicants must include at least 10% acceptable and 2% memory-impaired units in all projects. To encourage more widespread application, IHDA provides competitive points for utilizing Universal Housing Design (UHD) features.

Discussion:

HUD's Homeless Continuum of Care funding has remained fairly steady. While the HEARTH Act requires 25% of funding to be used for permanent supportive housing development, this program isn't triggered until all renewal contracts/grant agreements are met, which has barely been the case since 2011. The Statewide Referral Network (SRN) has 154 developments representing over 1,040 affordable rental housing units for persons/households at 30% AMI or below and whom are either homeless/at risk or have disability. Improvements will continue to be made to this system, including integrating it with the HUD Section 811 Project and Assistance Program. The national Housing Trust Fund will allow for increased production and rehab of additional units affordable to households at or below 30% AMI, and thus increase the State's inventory of PSH.

AP-85 Other Actions – 91.320(j)

Introduction:

This section reviews additional actions the State is pursuing to address obstacles to meeting underserved needs, lead-based paint abatement, poverty, institutional structure, and monitoring among others.

IHDAs Office of Housing Coordination Services (OHCS) in its Strategic Planning and Reporting Division (SPAR) is responsible for issuing Certifications of Consistency with the State Consolidated Plan for covered programs. In doing so, the State will issue Certifications per the final rule as follows: a State Certification that an application is consistent with its housing strategy means that the State Action Plan indicates the State planned to apply for the program or was willing to support an application by another entity for that program; the location of activities is consistent with the geographic areas as specified in the plan; and the activities benefit a category of residents for which the State five-year strategy has an established priority. The State will provide the means for a denial if/when it fails to provide a Certification of Consistency

Actions planned to address obstacles to meeting underserved needs

LIHTC: One way the state addresses obstacles to meeting the state's underserved needs is through its Low Income Housing Tax Credit (LIHTC) program. The LIHTC program assists in developing affordable housing for underserved populations by using indirect Federal subsidies to finance the development or redevelopment of affordable rental housing for low-income households (at 60 percent area median income or below). The Internal Revenue Service allocates federal tax credits to state housing finance agencies which then award tax credits to eligible affordable housing developers who use the equity capital generated from the sale of these tax credits to lower the debt burden on developing these tax credit properties, making it easier to offer lower, more affordable rents. Units must maintain affordable rent for at least 30 years.

There are two types of low income housing tax credits: 9 percent tax credits, and 4 percent tax credits. Nine percent tax credits (competitive tax credits) can subsidize up to 70 percent of the eligible development costs for new construction and substantial rehabilitation of housing projects that are not otherwise subsidized by the federal government. Four percent tax credits (non-competitive tax credits) can be used for rehabilitation projects and when 50 percent or more of a projects eligible cost are financed with tax-exempt private activity bonds.

The Qualified Action Plan (QAP) specifies how states will review, approve, and allocate federal Low Income Housing Tax Credits (LIHTCs). As the State's LIHTC allocating agency, IHDA coordinates the development of the annual Qualified Allocation Plan (QAP). Besides the program's already statutory targeting to households at 60% of area median income or below, IHDA has built a number of factors into its application scoring system to incentivize better targeting to lower-income households. These include

the following point categories: Rental Assistance; Larger Units; Green Building (lower utility bills); Rehabilitation (of existing housing); Community Revitalization Plans; 30% AMI Housing (10-15%); and Statewide Referral Network (SRN) units, which target 10-15% of a property's units to persons/households who are homeless/at-risk of homelessness or have a disability. All of these scoring criteria are aimed at incentivizing project applications which include deeper targeting to low- and moderate-income families.

The national Housing Trust Fund expands the State's ability to provide Extremely low-income households affordable rental housing across the State.

Additionally, Illinois' Supportive Living Program is an affordable assisted living model administered by the Department of Healthcare and Family Services that offers elderly (65 and older) or persons with physical disabilities (22 and older) housing with services. The aim of the Program is to preserve privacy and autonomy while emphasizing health and wellness for persons who would otherwise need nursing facility care. By combining apartment-style housing with personal care and other services, residents can still live independently and take part in decision-making.

The Department of Healthcare and Family Services currently operates this program through a Medicaid waiver which allows payment for services that are not routinely covered by Medicaid. These include personal care, homemaking, laundry, medication supervision, social activities, recreation and 24-hour staff to meet residents' scheduled and unscheduled needs. The resident is responsible for paying the cost of room and board at the facility. There are currently 157 supportive living facilities sites (11,770 units) located throughout Illinois

Actions planned to foster and maintain affordable housing

HUD issued its final rule on July 16, 2015 revising and detailing requirements for HUD grantees, PHAs, and funding recipients to "affirmatively further fair housing", a certification signed annually by all HUD grantees. The rule clarifies not only what actions are considered acceptable, but also when the old Analysis of Fair Housing Impediments would be due. Now to be known as the Fair Housing Assessment (FHA), it is to be tied to the Five-Year Consolidated Plan. PHAs for the first time are required to develop their own individual plans, or can become part of their jurisdiction's FHA. For the majority of PHAs, that would be the State's FHA, generally coordinated by IHDA. The new rule also discusses disparate impact, deconcentration of poverty, and opportunity areas, but states very little about persons with disabilities, a growing area of concern with the realm of fair housing issues. It is uncertain when HUD's final rule will be published.

However, IHDA has prepared for HUD's eventual publication of it and has made the following AFFH actions:

1. Establishment of Opportunity Areas,
2. Approved changes in the QAP to make it more responsive to State actions which "affirmatively

further fair housing" (AFFH). This included:

- a. Reviewing concentrations of poverty and percentages of assisted housing (ARHI) in all areas to determine areas of concentration (part of Preliminary Project Assessment review);
- b. Expanding requirements for the content of community revitalization plans, especially those involving a project proposed in a Qualified Census Tract (QCT) to include economic revitalization efforts;
- c. Improving the Enhancing Accessibility point category to include language on IHDA's use of the ICC's Universal Housing Design standards as part of its building standards; (also mandating higher 10%/2% accessibility standard for all projects);
- d. Highlighting requirements to applicants for action steps in Affirmative Fair Housing Marketing Plans (AFHMPs) to evidence outreach efforts to reach "those groups most least likely to apply";
- e. Continuing to have the AHPAA Set-Aside, including updated lists of non-exempt as well as "at-risk" communities (i.e., those with 20% or less affordable housing share);
- f. Continuing the point category for a 10-20% set-aside for supportive housing populations, those being defined as persons with disabilities (a protected class) and/or homeless and at-risk persons and families;
- g. Requesting local government support, but eliminating any mandated documents. Use local approval, Consolidated Plan Consistency Certifications, and local HOME/CDBG funding as ways to positively reward applicants;
- h. Retaining income targeting;
- i. Retaining and expanding allowable sources of all federal and State rental assistance; and
- j. Establishing an allowable 3 percent Developer Fee for a Rental/Operating Reserve.

Actions planned to reduce lead-based paint hazards

Illinois' Lead Safe Housing Advisory Council (LSHAC) is composed of advocacy groups, public health, state agency and industry representatives. The work of the LSHAC includes regulatory and legislative recommendations in the areas of screening and prevention, lead safe work practices, education, and funding for the remediation/rehabilitation of housing containing lead poisoning hazards. The Lead Poisoning Prevention Act (Public Act 94-0879 sets pre-emptive measures to prevent childhood lead-poisoning, including increased inspections of buildings suspected of containing lead hazards. The LPPA includes provisions barring owners of residential buildings who willfully violated lead safety laws from doing business with the State of Illinois or any State agency until the violation is mitigated, along with increased fines and mandatory notice to tenants of possible lead hazards in their building. In response to recommendations in the LSHAC's report, Public Act 95-0492 became law, establishing the window replacement (CLEAR-WIN) program to prevent future cases of lead poisoning by assisting residential property owners reduce lead-paint hazards through window replacement in two pilot areas. An evaluation of CLEAR-WIN pilot program activities in Peoria and the Englewood community in Chicago by the University of Illinois/Chicago (UIC) for HUD exhibited a successful lead dust reduction of over 90% in

the homes serviced.

The Illinois Department of Public Health (IDPH) convened the Lead Poisoning Elimination Advisory Council (LPEAC) to assist IDPH in developing the State's Lead Program Healthy Homes Strategic Plan, guiding lead poisoning elimination initiatives along with recommendations on enhancing participation from communities statewide. IDPH, along with the LPEAC, updated its Healthy Homes Strategic Plan to reflect the State's on-going, multi-faceted approach to lead poisoning prevention and expanding Healthy Homes issues

Significant changes strengthening the Illinois Lead Poisoning Prevention Act (LPPA) include classifying pregnant persons with elevated blood lead levels as subject to the same IDPH case management and environmental response as children, and clarification for the reporting of ALL blood-lead tests in Illinois, along with restrictions on data disclosure. IDPH is able to issue Emergency Stop Work Orders when public health is in jeopardy as the result of improper work activities disturbing lead bearing surfaces. Enforcement capabilities expanded in cases where violations of the LPPA and the Lead Poisoning Prevention Code (LPPC) have occurred, with penalty provisions bringing Illinois in compliance with U.S. EPA requirements for all authorized State programs. Language on lead reporting and lead work activities includes physicians/healthcare providers, laboratories, schools, daycare providers, owners of regulated facilities with an identified lead hazard and both licensed and unlicensed construction industry professionals

The Governor's Cabinet on Children and Youth convened October 3, 2016, identifying three initiatives designed to benefit the safety and well-being of Illinois' youth. Reducing the Childhood Lead Burden, a primary focus under the Cabinet, is designed to Improve Identification and Response to Lead-Poisoning and Lead Hazards; Ensuring Safe Homes; Developing Data Driven Solutions; Connecting to Social Services; and Prevention and Education. The concerted, eighteen month initiative is designed for wide input from both the public and private sectors. Focus shall include enhancing current codes and possible legislation to address a broader base of lead poisoning issues, such as public water infrastructure

Actions planned to reduce the number of poverty-level families

State of Illinois operates a variety of anti-poverty efforts coordinated with employment/training, housing assistance efforts, and other services. A brief summary follows:

(1) The HHS-funded Community Services Block Grant (CSBG) Program is the major federal-funded anti-poverty program, using Community Action Agencies (CAAs) to coordinate these anti-poverty efforts at the local level. In coordination with other subject-specific programs, efforts are geared to enabling low-income persons to become more self-sufficient. It is administered by DCEO at the State level, which funds the statewide network of CAAs and related organizations on an annual basis, contingent on federal funding. Uses of CSBG funds include the following: economic development; education; emergency assistance; health; housing; income management; linkages; nutrition; and self-sufficiency.

IHDA funds a number of local CAAs for housing rehabilitation programs.

(2)IDHS administers most of the State’s homeless assistance services programs. These have included the State-funded Homeless Prevention Program, and the Emergency & Transitional Housing Program, both of which have been partially, if not fully funded through the State’s Affordable Housing Trust Fund as well as with General Revenue Funds. It also administers the HUD-funded Emergency Solutions Grant Program, assisting local homeless services agencies with rehabilitation, operation/maintenance costs, essential services, and homeless prevention/rapid rehousing programs.

(3)DCEO administers the Low-Income Home Energy Assistance program (LIHEAP) as well as the Illinois Home Weatherization Assistance Program (IHWAP). Both provide utility subsidy assistance and weatherization improvements to low-income homeowners and renters.

(4)DCEO administered the DOL-funded Workforce Investment and Opportunity Act funding, which provides federal funding to workforce development boards (WDBs) across the state for local employment and job training programs. The State coordinated its efforts in this area by establishing Illinois Employment & Training Centers, which include staffing from WDBs, IDES-unemployment assistance and employment data and projections, and IDHS, to provide a one-stop shop for human services. IHDA also provided this information for LIHTC applicants who were working in Community Revitalization Areas to encourage them to include an economic development/employment and training component in their local plans.

5)IHDA continued to administer approximately 30% of the State’s Section 8 Project-Based Assistance properties since the program’s inception, most of which has partially or wholly financed those developments. IHDA regularly works with owners of “expiring properties” to encourage renewal of these rental assistance contracts by providing refinancing and rehabilitation assistance, often through tax-exempt bond financing and 4% Low Income Housing Tax Credits (LIHTCs) as well as HUDs/Treasurys Risk Sharing Program. IHDA is considering applying for Project-Based Contract Administration when the revised NOFA /RFP is released in 2017.

(6)IHDA administers the State-funded Rental Housing Support Program (RHSP), which targets rental assistance through Local Administrative Agencies (LAAs) to households at 15-30% area median income. Funds were frozen in 2015 due to litigation that was resolved in December 2015. Funds under RSHP cannot be drawn or accessed until an appropriation is passed by the Illinois General Assembly. RHSP also includes Long-Term Operating Support (LTOS). A total of 1,175 households are receiving rental assistance under the combined programs. The Section 811 Program is specifically targeted to persons with disabilities who are coming out of institutional facilities and searching for community-based

housing.

Actions planned to develop institutional structure

The following actions are expected over the next 3 years:

1. Regular meetings of the Illinois Housing Task Force, its Executive Committee, its Interagency Committee, and related Working Groups to develop and implement the State's Annual Comprehensive Housing Plan.
2. Combined meetings of the OHCS Advisory Committee and State Agencies Housing Committee (quarterly), Lt. Governor's Rural Affairs Council (twice a year) and Rural Partners (as needed).
3. Ongoing assessment of training and technical assistance needs, and the provision of follow-up assistance through program workshops and other identified methods (IHDA, IDHS, IDHR, other agencies).
4. Development of informational materials on existing and revised Federal and State housing and support services programs via: dissemination of materials at various workshops and conferences; and dissemination of information on new federal and state programs, as they are created in Congress and/or the Illinois General Assembly and/or established or administered by State and local governments

Actions planned to enhance coordination between public and private housing and social service agencies

State activities to enhance coordination between public and assisted housing providers and private and government health, mental health, services, and fair housing agencies has historically been the role of the Illinois Housing Task Force (IHTF) and its Inter-agency Committee.

Examples of coordination between public and private housing and social service agencies include:

1. IHDA has historically had a strong working relationship with private for-profit and non-profit affordable housing developers and owners, especially on the multi-family side. They are the major applicants under IHDA's loan, tax credit, and rental assistance programs, including HOME, LIHTC, and Affordable housing Trust Fund programs. IHDA works closely with this group's major membership organization, the Illinois Housing Council, to co-sponsor conferences and trainings, as well as sharing information with its members on new program developments, major revisions, regulatory updates, and the like, via regular newsletters, websites, and related communications.
2. IHDA works with DCEO to coordinate funding for both rehabilitation and new construction rental housing developments being otherwise assisted.

3. IHDA also has had a longstanding working relationship with participating lending institutions, local governments, and non-profit organizations under its homebuyer mortgage financing and down payment assistance programs.
4. Both IHDA and DCEO work with local governments (and in IHDA's case also non-profit organizations) to administer local homeowner housing rehabilitation programs targeted to low/moderate –income households.
5. DCEO also works with local governments on funding and implementing local public works/infrastructure projects to address major health and safety concerns, especially of LMI households. It also works through local governments to fund needed economic development and related infrastructure projects for business expansions which create jobs for LMI persons.

IHDA has worked with homeless assistance agencies which frequently provide services to residents of permanent supportive housing projects which were funded in whole or in part with IHDA resources.

IHDA works with IDHS, IDoA, and IDHFS on the State's long-term care rebalancing strategy, which includes accessing community-based housing and rental assistance for persons exiting institutional housing facilities, including the creation of permanent supportive housing, Statewide Referral Network (SRN) units, and administering both the HUD section 811 PBRA Program and the Rental Housing Support Program. In addition, IDHS-DMH administers the Bridge Rental Subsidy Program for qualifying persons with mental illness who are also leaving Institutional residential settings. Please see the Long Term Care Rebalancing chart for additional information on the related court consent decrees and implementation of them, as well as the State's Money Follows the Person Program. The 3 previously-referenced agencies generally provide the services funding to allow these persons to live in community-based housing

Discussion:

In addition to the items discussed under "Actions planned to foster and maintain affordable housing" other proposed IHDA actions include:

1. Establishing a Limited English Proficiency (LEP) Policy and Implementation Plan;
2. Ongoing administration of the Affordable Housing Planning and Appeals Act (AHPAA) Program
3. Providing targeted training on Reasonable Accommodations policy and practice; and
4. Continue inclusion of the 30% preference for Special Needs Tenants under IHDA's Rental Housing Support Program (RHSP); and
5. Fund technical assistance to IHDA property managers on HUD's new Equal Access Rule for LGBT persons.
6. Supporting uncapped use of National Housing Trust Fund (NHTF) monies to be used for operating rental/assistance for housing for extremely low income households

Program Specific Requirements

AP-90 Program Specific Requirements – 91.320(k)(1,2,3)

Introduction:

HOME funds target low- and very-low-income households. Funds will be initially targeted statewide to those areas that do not receive direct allocations of HOME Program funds from HUD. Under the 2015-2019 Consolidated Plan, IHDA is only utilizing HOME funding for rental housing development/rehabilitation

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.320(k)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	2,000,000
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	70.00%

HOME Investment Partnership Program (HOME)

Reference 24 CFR 91.320(k)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is

as follows:

The Authority may invest HOME funds as equity investments, interest-bearing loans, non interest-bearing loans, interest subsidies consistent with the purposes of this part, deferred payment loans, grants, or other forms of assistance that HUD determines to be consistent with the purposes of this part.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

While IHDA Multi-family HOME funds are restricted to rental properties, in the event that HUD has requested that the Lender return to HUD all or any portion of the proceeds of the HOME Loan (the "Recapture") that have been disbursed to or for the benefit of the Borrower, the Borrower shall provide such funds to satisfy the Recapture as requested by the Lender, unless recapture is due solely to the actions of the Lender. The occurrence of any Default that has not been cured during any applicable grace or cure period shall give rise to a Recapture. The Borrower agrees to indemnify against and pay IHDA for any damages related to any Recapture that is due and owing. The Borrower must also agree to full and prompt payment, when due, of the Recapture, plus all costs and expenses of collection and default interest as provided in the Financing Documents. The Borrower also agrees to indemnify against and pay IHDA for any damages related to any Recapture that is due and owing.

The HOME regulations require that a house purchased with HOME funds must be kept affordable for an extended period of time through recapture provisions which have been determined by HUD to be appropriate. The period of affordability is based upon the HUD guidelines for amount of HOME funds per unit and is based on the amount of direct subsidy provided to the homebuyer. Direct subsidy is defined as the amount of assistance provided for down payment and closing costs for homebuyers receiving assistance in the homebuyer only program. For Homebuyers receiving funds for homebuyer with rehabilitation assistance, direct subsidy is the amount of assistance provided for down payment and closing costs plus the difference between fair market value before rehab and fair market value after rehab. See below for affordability provisions.

HOME FUNDS PROVIDED	AFFORDABILITY PERIOD
<\$15,000	5 Years
\$15,000-\$40,000	10 Years
>\$40,000	15 Years

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired

with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

For single-family programs funded with HOME funds IHDA uses a recapture/repayment approach in lieu of a resale approach. Under the 2015-2019 Consolidated Plan, IHDA is only utilizing HOME funding for rental housing development/rehabilitation.

For IHDA multi-family, HOME funds are restricted to rental properties. Recapture is triggered by sale or transfer and only direct subsidy to the buyer may be recaptured. The Authority has established loan restrictions which enable recapture of the HOME subsidy out of net proceeds. The HOME investment amount may be reduced pro rata based on the time the homeowner has owned and occupied the unit measured against the required affordability period. Net proceeds are defined as the sales price minus loan repayment of superior debt and closing costs. The recapture provisions will be included in a recorded recapture agreement for each unit assisted with HOME funds.

The owner occupied provision of assistance to the homeowner must remain in effect throughout the affordability period. The owner may not relocate and rent their property. Nor may they rent a portion of their property. Violation of the provision will trigger a recapture of all funds not forgiven as of the date of the violation.

While IHDA multi-family HOME funds are restricted to rental properties, in the event that HUD has requested that the Lender return to HUD all or any portion of the proceeds of the HOME loan (the "Recapture") that have been disbursed to or for the benefit of the Borrower, the Borrower shall provide such funds to satisfy the recapture as requested by the Lender, unless such Recapture is due solely to the actions of the Lender. The occurrence of any Default that has not been cured during any applicable grace or cure period shall give rise to a recapture.

The Borrower agrees to indemnify against and pay IHDA for any damages related to any Recapture that is due and owing. The borrower must also agree to full and prompt payment when due of the Recapture, plus all costs and expenses of collection and default interest as provided in the Financing Documents. The borrower also agrees to indemnify against and pay IHDA for any damages related to any Recapture that is due and owing

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

For IHDA funding, any proposed rehabilitation project must receive initial approval as part of the Preliminary Project Assessment (PPA). Once approved, the sponsor will submit a full "Common Application" to the Authority including a Property Needs Assessment (PNA), appraisal, and environmental reports to complete the HUD ERR. The inclusion of a PNA indicates that rehabilitation is the primary activity of the proposed development. IHDA's "Standards for Architectural Planning

and Construction"(APCS) and the "Common Application" define the threshold factors and cost parameters for rehab projects, in addition to those for new construction. As part of the PPA, a proposed project must also indicate whether, and how, the proposed investment will change the number of affordable units, and unit affordability. The PPA must be approved before a proposed project may be submitted via the "Common Application". Also see HOME Addendums 1 (HOME Provisions) and 2 HOME Rehabilitation Standards) of IHDA's "Standards for Architectural Planning and Construction".

Any proposed HOME refinance would be subject to IHDA's application process and subject to the Financial Feasibility review contained within IHDA "Multi-Family Common Application", to ensure compliance with Multi-family underwriting guidelines. The Financial Feasibility component of the "Common Application" assesses whether disinvestment has occurred, and whether the proposed project has the ability to serve the project's targeted population in the long-term. The PPA, PNA, Standard for Construction Cost Estimate (SCCE), "Mandatory Application Checklist", "MF Common Application", the APCS and other relevant HOME application manuals, guidelines, and other publications describing the application criteria are found on the IHDA website at: <https://www.ihda.org/developers/dev-resource-center>.

Periods of affordability comply with 24CFR 92.252: Rehabilitation of existing housing per unit of HOME funds under \$15,000 - 5 years minimum affordability; \$15,000 - \$40,000 10 years minimum affordability; over \$40,000 or rehabilitation involving refinancing - 15 years minimum affordability.

HOME funds cannot be used to refinance multifamily loans made or insured by any federal program, including the Community Development Block Grant Program

Emergency Solutions Grant (ESG) Reference 91.320(k)(3)

1. Include written standards for providing ESG assistance (may include as attachment)

To collaborate with the Continuum of Care's (CoC's), applications will be sent annually to obtain CoCs funding recommendations. Applications from CoCs and subrecipients will be reviewed by ESG staff, determinations will be made and award letters will be distributed. Awards will be made based upon release of funds from HUD. All DHS grant terms are July 1st through June 30th. For complete written standards please refer to the IDHS website at <http://www.dhs.state.il.us/page.aspx?item=77857>

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The State of Illinois is not a Continuum of Care organization. There are 20 CoC organizations within

the State that address this issue independently

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The Continuum of Care organizations provide a funding plan describing the performance measures and how those measures will be achieved. They also provide recommended funding by activity and agency within their CoC.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The State of IL requires that all entities receiving ESG funds have a homeless or formerly homeless individual on their board or their policymaking entity.

5. Describe performance standards for evaluating ESG.

ESG Performance Standards

100% of all subrecipients of ESG Program funds:

- must ensure that all ESG funds are used in accordance with all federal program requirements at 24 CFR Part 576
- must comply with DHS policies, reporting requirements, community service agreement obligations, department regulations, and deliverables in addition to all the ESG requirements in 24 CFR Part 576
- are required to complete and submit accurate and timely annual Funding Applications that include but are not limited to providing staffing levels, program data, supportive service, and fiscal information in addition to submitting all requested attachments and certifications to DHS on or before the application deadline date
- will be limited to 60% of the agency's total fiscal year allocation for street outreach and emergency shelter activities as set forth in 24 CFR Part 576
- must provide matching contributions from eligible sources in an amount equal to the amount of requested ESG Program funds from the subrecipient for all activities as prescribed in 24CFR Part 576. At a minimum, 50% of the match contributions must be cash
- must obtain written approval from DHS prior to subgranting any portion of ESG Program funds to any other entity to perform ESG eligible activities
- must obtain written agreements from all ESG subgrantees requiring the subgrantee to comply with all DHS policies and timelines, the provisions of the DHS community service agreement, and all program rules and regulations as set forth by DHS and 24 CFR Part 576, which is identical to the obligations of the ESG subrecipients

- must provide DHS with accurate quarterly fiscal and service ESG reports on a quarterly basis

100% of all ESG funded buildings or facilities (other than a privately owned residential structure) are required by ESG regulations to comply with the American Standard Specifications for Making Building and Facilities Accessible to, and Usable by, the Physically Handicapped”, Number A-117.1P 1971, unless subject to the exceptions contained in 41 CFR 101-19.604

Housing Trust Fund (HTF)
Reference 24 CFR 91.320(k)(5)

1. How will the grantee distribute its HTF funds? Select all that apply:
2. If distributing HTF funds through grants to subgrantees, describe the method for distributing HTF funds through grants to subgrantees and how those funds will be made available to state agencies and/or units of general local government. If not distributing funds through grants to subgrantees, enter “N/A”.

3. If distributing HTF funds by selecting applications submitted by eligible recipients,
 - a. Describe the eligibility requirements for recipients of HTF funds (as defined in 24 CFR § 93.2). If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

 - b. Describe the grantee’s application requirements for eligible recipients to apply for HTF funds. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

 - c. Describe the selection criteria that the grantee will use to select applications submitted by eligible recipients. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

d. Describe the grantee's required priority for funding based on geographic diversity (as defined by the grantee in the consolidated plan). If not distributing funds by selecting applications submitted by eligible recipients, enter "N/A".

e. Describe the grantee's required priority for funding based on the applicant's ability to obligate HTF funds and undertake eligible activities in a timely manner. If not distributing funds by selecting applications submitted by eligible recipients, enter "N/A".

f. Describe the grantee's required priority for funding based on the extent to which the rental project has Federal, State, or local project-based rental assistance so that rents are affordable to extremely low-income families. If not distributing funds by selecting applications submitted by eligible recipients, enter "N/A".

g. Describe the grantee's required priority for funding based on the financial feasibility of the project beyond the required 30-year period. If not distributing funds by selecting applications submitted by eligible recipients, enter "N/A".

h. Describe the grantee's required priority for funding based on the merits of the application in meeting the priority housing needs of the grantee (such as housing that is accessible to transit or employment centers, housing that includes green building and sustainable development features, or housing that serves special needs populations). If not distributing funds by selecting applications submitted by eligible recipients, enter "N/A".

i. Describe the grantee's required priority for funding based on the extent to which the application makes use of non-federal funding sources. If not distributing funds by selecting applications submitted by eligible recipients, enter "N/A".

4. Does the grantee's application require the applicant to include a description of the eligible activities to be conducted with HTF funds? If not distributing funds by selecting applications submitted by eligible recipients, select "N/A".

5. Does the grantee's application require that each eligible recipient certify that housing units assisted with HTF funds will comply with HTF requirements? If not distributing funds by selecting applications submitted by eligible recipients, select "N/A".

6. Performance Goals and Benchmarks. The grantee has met the requirement to provide for performance goals and benchmarks against which the grantee will measure its progress, consistent with the grantee's goals established under 24 CFR 91.315(b)(2), by including HTF in its housing goals in the housing table on the SP-45 Goals and AP-20 Annual Goals and Objectives screens.

7. Maximum Per-unit Development Subsidy Amount for Housing Assisted with HTF Funds. Enter or attach the grantee's maximum per-unit development subsidy limits for housing assisted with HTF funds.

The limits must be adjusted for the number of bedrooms and the geographic location of the project. The limits must also be reasonable and based on actual costs of developing non-luxury housing in the area.

If the grantee will use existing limits developed for other federal programs such as the Low Income Housing Tax Credit (LIHTC) per unit cost limits, HOME's maximum per-unit subsidy amounts, and/or Public Housing Development Cost Limits (TDCs), it must include a description of how the HTF maximum per-unit development subsidy limits were established or a description of how existing limits developed for another program and being adopted for HTF meet the HTF requirements specified above.

8. Rehabilitation Standards. The grantee must establish rehabilitation standards for all HTF-assisted housing rehabilitation activities that set forth the requirements that the housing must meet upon project completion. The grantee's description of its standards must be in sufficient detail to determine the required rehabilitation work including methods and materials. The standards may refer to applicable codes or they may establish requirements that exceed the minimum requirements of the codes. The grantee must attach its rehabilitation standards below.

In addition, the rehabilitation standards must address each of the following: health and safety; major systems; lead-based paint; accessibility; disaster mitigation (where relevant); state and local codes, ordinances, and zoning requirements; Uniform Physical Condition Standards; and Capital Needs Assessments (if applicable).

9. Resale or Recapture Guidelines. Below, the grantee must enter (or attach) a description of the guidelines that will be used for resale or recapture of HTF funds when used to assist first-time homebuyers. If the grantee will not use HTF funds to assist first-time homebuyers, enter "N/A".

10. HTF Affordable Homeownership Limits. If the grantee intends to use HTF funds for homebuyer assistance and does not use the HTF affordable homeownership limits for the area provided by HUD, it must determine 95 percent of the median area purchase price and set forth the information in accordance with §93.305. If the grantee will not use HTF funds to assist first-time homebuyers, enter "N/A".

Any limitation or preference must not violate nondiscrimination requirements in § 93.350, and the grantee must not limit or give preferences to students. The grantee may permit rental housing owners to limit tenants or give a preference in accordance with § 93.303(d)(3) only if such limitation or preference is described in the action plan.

12. Refinancing of Existing Debt. Enter or attach the grantee's refinancing guidelines below. The guidelines describe the conditions under which the grantee will refinance existing debt. The grantee's refinancing guidelines must, at minimum, demonstrate that rehabilitation is the

primary eligible activity and ensure that this requirement is met by establishing a minimum level of rehabilitation per unit or a required ratio between rehabilitation and refinancing. If the grantee will not refinance existing debt, enter "N/A."

STATE OF ILLINOIS PUBLIC NOTICE Public Hearing on the Draft Consolidated Plan- Draft 2017 Action Plan

To obtain public input from Illinois residents and to comply with the United States Department of Housing and Urban Development (HUD) rules, which require the State to develop a Consolidated Plan, the Illinois Housing Development Authority (IHDA), in coordination with the Illinois Department of Commerce and Economic Opportunity (DCEO), the Illinois Department of Human Services (IDHS), and the Illinois Department of Public Health (IDPH), announces the availability of the draft 2017 Action Plan. This draft document will be available to the public electronically by Monday, July 24, 2017, and will also be available on request in limited hard copies by mail.

This draft plan covers those areas of the state that are not otherwise under the jurisdiction of a local Consolidated Plan. It includes summaries of the projected funding for the following HUD formula grant programs: the Community Development Block Grant (CDBG); HOME Investment Partnerships; Emergency Solutions Grant (ESG); Housing Opportunities for Persons with AIDS (HOPWA); and the (National) Housing Trust Fund. An electronic version will be available on IHDA's website, www.ihda.org. Electronic copies will also be available through the State Library network, as well as other local libraries located throughout the state.

The State will be holding one public hearing on Wednesday, August 2, 2017 at 2:30 P.M. It will be presented via televideo-conferencing at the following 3 locations: James R. Thompson Center, Conference Room 3-114, 100 West Randolph Avenue, Chicago; Department of Commerce and Economic Opportunity (DCEO)-4th Floor Conference Room, 500 East Monroe, Springfield; and the Illinois Department of Public Health-State Regional Office Building-Conference Suite 106, 2309 West Main Street, Marion. Persons are welcome to provide public comments prior to, at, or after the public hearing. Written comments are also welcomed for presentation at the public hearing or mailed directly to IHDA to ensure your comments receive a written response. All sites are fully accessible to persons with physical disabilities. Hearing-impaired and sight-impaired individuals in need of services such as an interpreter or documents in large-print/Braille are asked to make requests directly to IHDA at the telephone numbers below at least three (3) days before the public hearing. IHDA will make reasonable efforts to accommodate such requests. To obtain additional information concerning the public hearing, please call (312) 836-5262 or TDD/TTY (312) 836-5222. The State's public comments period begins on Monday, July 24, 2017, and all written public comments must be received at IHDA by close of business on Monday, August 7, 2017. STATE OF ILLINOIS PUBLIC NOTICE
Public Hearing on a Substantial Amendment to the
2015 – 2019 State Consolidated Plan
Dated: July 6, 2017

To obtain public input from Illinois residents and to comply with the United States Department of Housing and Urban Development (HUD) rules, the Illinois Department of Commerce and Economic Opportunity (DCEO) announces the availability of the draft Substantial Amendment to the 2015-2019 Five-Year Plan (FYP), which was submitted to HUD on July 31, 2015. The Substantial Amendment incorporates information on additional Community Development Block Grant (CDBG) eligible activities into the Consolidated Plan. These include: Planning, Revolving Loan Funds, Lead Remediation, and Disaster Response and Recovery. This draft document will be available to the public online; and electronically or hard copy by mail through a request to: CEO.CDBG@illinois.gov.

The State will be holding one public hearing in conjunction with the draft 2017 Action Plan public hearing on Wednesday, August 2, 2017 at 2:30 P.M. It will be presented via televideo-conferencing at the following 3 locations: James R. Thompson Center in the Illinois Conference Room 3-114, 100 West Randolph Street, Chicago, Illinois; Department of Commerce and Economic Opportunity (DCEO)-4th Floor Conference Room, 500 East Monroe, Springfield; and the Illinois State Regional Office Building-Conference Suite 106, 2309 West Main Street, Marion. Persons are welcome to provide public comments prior to, at, or after the public hearing. Written comments are also welcomed for presentation at the public hearing or mailed directly to DCEO to ensure your comments receive a written response. All sites are fully accessible to persons with physical disabilities. Hearing-impaired and sight-impaired individuals in need of services such as an interpreter or documents in large-print/Braille are asked to make requests directly to the Illinois Housing Development Authority at (312) 836-5383 or TDD/TTY (312) 836-5222 at least three (3) days before the public hearing. IHDA will make reasonable efforts to accommodate such requests. To obtain additional information concerning the public hearing, please call 217/785-6174. The State's Public Comment Period will begin on July 7, 2017 and all written public comments must be received at DCEO by close of business on August 7, 2017. The State anticipates submitting the amended Five-Year Plan and Action Plan to HUD by August 11, 2017. For further information, contact:

via

Three-Way Televideo Conference
IHDA-Chicago; DCEO –Springfield; IDPH-Marion

Attendees:

	In Chicago
Melinda Koenig	Illinois Housing Development Authority
	In Springfield
Wendy Bell	Illinois Department of Commerce and Economic Opportunity
Denis Cherrier	Illinois Department of Commerce and Economic Opportunity
Deborah Grant	Illinois Department of Public Health
Burton Hughes	Illinois Housing Development Authority
Kevin Lindeman	North Central Illinois Council of Governments
Bill Pluta	Illinois Housing Development Authority
Krista Kolis	Illinois Department of Commerce and Economic Opportunity
Josalyn Smith	Illinois Department of Human Services
David Wortman	Illinois Department of Commerce and Economic Opportunity
	In Marion
Cietta Gower	Illinois Department of Commerce and Economic Opportunity

Mr. Bill Pluta began the hearing, welcoming attendees and giving a brief history of the State's role in developing both the HUD-required Consolidated Plan and the State-required Annual Comprehensive Housing Plan (ACHP). He then gave a description of the Citizen Participation Plan, the State's housing priorities addressed in both of the plans, and the public consultation process for the Consolidated Plan.

Mr. Burton Hughes reviewed the development of the 2017 Action Plan. The 2017 Action Plan is the third annual Action Plan for the State's 2015-2019 Consolidated Plan, and the third the State has drafted using HUD's E-Consolidated Planning Suites. Normally in May, the State of Illinois would have already submitted the current year's 2017 Action Plan in November 2016, and be in preparation for sending information requests for next year's 2018 Action Plan. However, HUD is continuing the policy implemented for Action Plans beginning in 2014. Per HUD CPD Notice 10-18 Formula Grant (FG) grantees can no longer submit Consolidated Plan – Action Plans until HUD has received its annual (in this case FFY 2017) funding appropriations, and formulated the exact allocations each grantee will receive. This actual amount needs to be included in the draft 2017 Action Plan distributed to the public as part of the Consolidated Plan Citizen Participation component. Because of the lateness in passing a FFY 2017 budget, HUD did not post allocation amounts for grantees, including the (national) Housing Trust Fund until June 14, 2017. Until HUD announced the actual grantee allocation amounts, and the State then held its HUD-required Citizen Participation/Public Comments period on the draft 2017 Annual Action Plan, the State was not able to submit the 2017 Annual Action Plan to HUD. The date for submitting the 2017 Action Plan to HUD can be no later than August 16, 2017.

The Action Plan serves as the application to HUD for funding under the CDBG, HOME, ESG, HOPWA and (national) HTF programs. Since HUD was materially delayed in releasing formula grantee allocation amounts, HUD issued a waiver memo dated May 10, 2017 abbreviating the 30-day public comments period to a fourteen day public comments period, so that affected grantees can submit their Annual Action Plans to HUD by August 15th. The memos, "Waiver of 24 CFR 91.105 (b)(4) for FY 2017 Action Plans for Community Planning and Development Funds" and "Waiver for FY 2017 Actions Plans for Housing Trust Fund", as well as CPD Notice 16-18 are all three cited as the HUD-designated basis for the 14 day public comments period for the 2017 Action Plan.

The public comments period for the State of Illinois 2017 Consolidated Plan began on July 24th, 2017 and ends August 7th, 2017. The draft version was available throughout the public comments period on the IHDA website at www.ihda.org.

Mr. Pluta also reviewed recent activities under the State's Comprehensive Housing Plan.

2017 Formula Grant Funding

Mr. Hughes began the State's presentation on proposed formula grant funding for the 2017 Action Plan, reviewing the estimated goals for the HOME and national Housing Trust Fund contained in the draft 2017 Action Plan. The State's HOME program experienced a slight increase in funding from last year, to \$11,458,619, with 10% of the allocation amount made available for administrative costs. All HOME fund will be devoted to Multi-Family new construction and rehabilitation projects for families at 60% of AMI or below, with application made through IHDA's Multi-family common application and internal review processes. The HOME program estimated 2017 production is 30 units of new construction, and 21 of multi-family rehab

The State's national Housing Trust Fund allocation is funded by proceeds from the Government Sponsored Enterprises Fannie-Mae and Freddie Mac, not Congressional allocation. This year's HTF allocation experienced an increase of +\$3 M over last year's amount, now totaling \$7,163,487. The estimated national HTF 2017 production is 19 units of new construction, and 13 units of rehab for extremely income-households at 30% or below of AMI. Applications for NHTF will be coordinated with IHDA's Permanent Supportive Housing RFA as well as the IHDA Common Application and internal review processes.

Ms. Deborah Grant reported for the Illinois Department of Public Health on the HOPWA Program, reviewing its recent HUD-approved Substantial Amendment to the 2015-2019 Consolidated Plan, including the Repair and Rehabilitation of HOPWA housing facilities that will preserve 75 units of affordable housing for HIV/AIDS clients at 80% AMI or below. IDPH is also in the initial planning phase of a possible expansion of its pilot Tenant-Based-Rental Assistance program statewide.

Ms. Joselyn Smith of the Illinois Department of Human Services reviewed estimated Emergency Solutions Grants Program activities for the 2017 Program Year, noting it anticipates serving up 1,500 households with rapid rehousing assistance, as well as assisting an additional 940 households in the second year of its two-year funding cycle for homeless prevention.

Illinois Department of Commerce and Economic Opportunity: Substantial Amendments to the 2015-2019 Consolidated Plan and estimated 2017 CDBG Funding

Mr. David Wortman, Ms. Wendy Bell, Mr. Denis Cherrier, and Ms. Krista Kolis reviewed the CDBG Substantial Amendment to the 2015-2019 Consolidated Plan, and estimated activity funding for the 2017 Action Plan.

Regarding proposed FFY 2017 funding, DCEO stated the following:

- Total CDBG grant of \$26.8M;
- Public Infrastructure - \$14.38M;
- Housing Rehabilitation - \$6.5M;
- Economic Development - \$2M;
- Disaster Response - \$2M; and
- Pilot HELP program - \$500,000

Strategic Plan Overview:

Beginning in 2017 (the third year of the 2015-2019 Consolidated Plan), the Strategic Plan anticipates three new CDBG activities to be delivered by the Department of Commerce and Economic Opportunity. These include:

- 1) Help Eliminate Lead Program (HELP) Pilot Project to be conducted in the targeted community of Galesburg.
 - 2) Revolving Loan Fund Activities.
 - 3) Planning Activities.
- More information on these activities is available on SP-05 Overview as Amended for the State of Illinois 2015-2019 Consolidated Plan 4.3.jpg.
 Additionally, beginning in 2017, public infrastructure activities addressing emergencies will be separated out as Disaster Response to address CPD Notice 17-06.

SP-05 CDBG Overview as amended for the State of Illinois 2015-2019 Consolidated Plan 4.3

Beginning in 2017 (the third year of the 2015-2019 Consolidated Plan), the Strategic Plan anticipates three new activities to be delivered by the Department of Commerce and Economic Opportunity. These include:

- 1) Help Eliminate Lead Program (HELP) Pilot Project to be conducted in the targeted community of Galesburg, IL. EPA data indicates the city has one of the nation's most persistent lead problems, exceeding the federal lead-action level in 22 out of 30 sampling periods since 1992. In addition, one in 20 children under the age of six in the County have elevated blood lead levels. DCEO is addressing this issue through the implementation of the Help Eliminate Lead Program (HELP) Pilot Project. HELP is a cross-agency initiative to reduce children's exposure to lead and lessen the number of children in Illinois who suffer from its detrimental health effects. The results of this pilot project will help Illinois provide a comprehensive lead hazard control program to low-income families who occupy substandard pre-1978 privately-owned housing throughout Illinois. DCEO Community Development Block Grant (CDBG) funds will provide \$500,000 from 2017 funds for the program.
- 2) Revolving Loan Fund Activities. During the State's 2013 Monitoring Review, HUD determined that DCEO failed to demonstrate eligible use of Revolving Loan Funds by Units of Local Governments. Based upon CPD Notice 04-11 and Part 570, HUD advised the State to close inactive Revolving Loan Fund Accounts; and in those that are still revolving verify that the use of such funds is eligible, per the original intent of the RLF that was formed. In order to meet these requirements and remedy HUD's 2013 Monitoring Finding, the State will close locally held Revolving Loan Funds in a manner where funds may be used for other CDBG-eligible activities. HUD has provided technical assistance to the State through TDA Consulting to navigate this process.
- 3) Planning Activities. To address ongoing required State planning activities.

SP-10

Geographic Area

Added City of Galesburg as a Local Target Area for the HELP (Lead) Pilot Project

General Allocation Priorities

Beginning in 2017, the State has added the City of Galesburg (zipcode 61401 city limits only) as a Local Target Area for the HELP (Lead) Pilot Project. EPA data indicates that Galesburg has one of the nation's most prevalent and persistent lead problems. The city's water exceeded the federal lead-action level in 22 out of 30 sampling periods since 1992. In addition to high lead levels in the water, one in 20 children (5%) under the age of six in Knox County (which includes Galesburg) have elevated blood lead levels.

SP-25/26

Priority Needs/Community and Economic Development

Grant funds available through the CDBG Community Development Block Grant Program are available to non-entitlement cities and counties on a competitive basis. Assistance can include: Housing Rehabilitation, Public Infrastructure improvements, and Economic Development among other activities. Beginning in 2017, the 3rd year of the 2015-2019 Consolidated Plan, CDBG funds will also provide funds for ongoing planning activities of the State; Disaster Response on an as-needed basis for communities affected by an unforeseen event declared as a Emergency by the Governor of the State of Illinois; and address Lead Remediation through a Pilot Project in the local target area of Galesburg, Illinois. Additionally beginning in 2017, the State will address requirements necessary to remedy HUD's 2013 Monitoring Finding concerning the Revolving Loan Fund program.

**SP-45
Goals Summary Information**

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
11	Disaster Response Program	2017	2019	Non-Housing Community Development	Statewide Distribution	Community and Economic Development	CDBG: \$2,000,000	
12	HELP (Lead) Pilot Project	2017	2019	Lead Remediation		Community and Economic Development	CDBG: \$500,000	
13	Revolving Loan Fund Activities	2017	2019	Non-Housing Community Development		Community and Economic Development		

SP-65 Lead Based Paint Hazards

Actions to address LBP Hazards

Added: HELP Program+-

Help Eliminate Lead Program (HELP)

- Compared to other states, Illinois is among the highest in percentage of children with elevated blood lead levels. Of approximately 270,000 Illinois children tested in 2014, more than 18,000 had blood lead levels exceeding the federal public health intervention level.
- EPA data indicates that Galesburg has one of the nation's most prevalent and persistent lead problems. The city's water exceeded the federal lead-action level in 22 out of 30 sampling periods since 1992. In addition to high lead levels in the water, one in 20 children (5%) under the age of six in Knox County (which includes Galesburg) have elevated blood lead levels.
- The Illinois Department of Commerce and Economic Opportunity (DCEO) Office of Community Development (OCD) is expanding, enhancing, and strengthening its efforts to improve housing throughout Illinois through the implementation of the Help Eliminate Lead Program (HELP) as a pilot project in Galesburg. The HELP program will be a cross-agency initiative to reduce children's exposure to lead and lessen the number of children in Illinois who suffer from its detrimental health effects.
- To help address this problem, the DCEO will provide \$500,000 in CDBG funds for the program. These funds will help Illinois provide a comprehensive lead hazard control program to low-income families who occupy substandard pre-1978 privately-owned housing throughout the City of Galesburg zip code 61401 (city limits only), which has been identified as a high-risk zip code for pediatric blood lead by IDPH (Lead Surveillance Report, 2015).
- The mission of the HELP program is to improve the health and well-being of Illinois residents, especially vulnerable populations such as children under the age of six, by promoting safe and healthy home environments through comprehensive home-based intervention programs, lead certification and regulations, public education, outreach, and statewide partnerships.

After discussion of the five formula grant programs, IHDA referenced the "Other Actions" (AP-85) section of the draft plan. It included updates on the following: Affirmatively Furthering Fair Housing; Lead-Based Paint Hazards; LIHTC Program; Public Housing; Anti-Poverty Plan and Supportive Living Facilities

Following the presentation, the meeting was opened to any comments from members of the public in attendance. None were provided.

August 7, 2017

Audra Hamernik
Executive Director
Illinois Housing Development Authority
111 E. Wacker Drive, Suite 100
Chicago, Illinois 60601

Dear Ms. Hamernik:

Thank you for the opportunity to comment on the Illinois Housing Development Authority's (IHDA) Draft 2017 Consolidated Plan - Annual Action Plan. As you know, IHDA and Access Living have developed a positive working partnership, which has led to meaningful collaboration and dialogue in furtherance of affordable, accessible, and integrated housing for people with disabilities. To that end, we offer the following comments.

I. Require and Promote Greater Levels of Accessible and Integrated Housing

The tremendous need for affordable and accessible housing for people with disabilities is well-documented and long recognized by IHDA. In fact, a January 2017 report from the Illinois Supportive Housing Working Group concluded "the State needs twice as many units as it currently has to have enough physical infrastructure (typically scattered-site and apartment units) to house every eligible individual [with a disability] that is currently in need." To address that need, we recommend IHDA more aggressively promote accessible and integrated housing for people with disabilities, as outlined below.

Currently, IHDA's 2016-2017 Qualified Allocation Plan (QAP) requires that (a) at least 10% of units be designed and constructed per the new construction standards of ICC/ANSI 117.1-2003 (ANSI) for persons with mobility-related disabilities and (b) at least 2% of units be designed and constructed per ANSI for persons with sensory disabilities (vision/hearing disabilities). This requirement is in addition to the general obligation that all developments comply with federal and state accessibility laws. The ANSI standards are a set of standards that comply with the new construction provisions of the Fair Housing Act. This is all well and good; however, these standards provide a minimal (albeit important) level of accessibility.

Recommendation #1

We urge IHDA, through its QAP, to go a step further. Specifically, IHDA should mandate that a subset of units be accessible/adaptable per the more demanding new construction requirements of Section 504 of the Rehabilitation Act, which apply to housing that receives federal funding. Our view is that regardless of whether a particular housing project receives federal funds, IHDA should require its developers to comply with the Section 504 standards for physical accessibility in 10% of units, and the 504 standards for sensory accessibility (hearing/vision) in 5% of the units.¹

Recommendation #2

Furthermore, although we appreciate that IHDA gives scoring bonuses (extra points) to housing proposals that go beyond IHDA's accessibility benchmarks (i.e. by incorporating universal design into the developments), IDHR should increase these bonuses to further incentivize enhanced accessible design.

Recommendation #3

The QAP scoring system should award additional points for housing focused on individuals exiting institutions under the trio of *Olmstead* consent decrees in Illinois. Relatedly, IHDA should establish a Low Income Housing Tax Credit (LIHTC) set-aside or preference for projects that serve these populations, and add consent decree populations to the category of tiebreaker target audiences. Realignment of the QAP with the goals of the *Olmstead* decrees will provide an unprecedented opportunity for Illinois to house people with disabilities leaving institutions.

Recommendation #4

IDHA should support scattered site developments that utilize vacant infill lots. This will address a community problem not typically covered by LIHTC development. Such a model is scalable based on available sources, and does not require zoning changes.

Recommendation #5

In certain ways, IHDA's current QAP incentivizes a number of choices that work against delivering the maximum number of accessible units at a reasonable cost. For example, the QAP incentivizes rehabilitation of existing housing even though it may be difficult or even impossible to retrofit the housing to make it accessible for people with mobility disabilities. Future QAPs should award points for rehabilitation of existing scattered site developments only when the rehabilitation will result in truly accessible housing. Also, the QAP should not penalize smaller developments.

¹ Section 504 requires enhanced mobility features in 5% of units and enhanced sensory features in 2% of units. Given the great need for affordable and accessible housing, we urge IHDA to adopt a 10% and 5% requirement.

Recommendation #6

Furthermore, with respect to housing covered by the new construction provisions of the Fair Housing Act, IHDA should require they be built with Type A bathrooms, rather than Type B.² Type A bathrooms provide more meaningful access and will greatly expand the accessible housing stock.

Recommendation #7

In addition, we urge IHDA require that developers provide: (a) general proactive outreach to the public about the accessibility features of their buildings; and (b) targeted outreach to prospective renters with disabilities when units with specific access features (e.g. features for a person with a hearing disability) become available. Such outreach will help ensure units with specific access features are actually filled by tenants who need those features. Relatedly, IHDA should oblige developers to hold open/reserve accessible units for a prescribed period of time in an effort to fill them with tenants who require those units. Only after such time elapsed would developers be authorized to fill the units with tenants who do not require accessibility features.

II. Restructure Rental Assistance to Make Housing More Affordable

We urge IHDA to restructure rental assistance, a fundamental component of affordable housing for people with disabilities. IHDA should modify the QAP to provide additional points for higher levels of rental assistance. We recognize that at the pre-application stage the creation of coalitions to ensure greater rental assistance is labor intensive; however, the resulting partnerships will ensure a successful project.

III. Increase Funds for Home Accessibility Program

We recommend that IHDA substantially increase its funding for the Home Accessibility Program, which was established to help people with disabilities pay for structural accessibility improvements to their homes or apartments, such as a ramp, wider doorways, the installation of grab bars, and/or lowered kitchen cabinets. The Home Accessibility Program is currently funded with \$3 million dollars from the Illinois Affordable Trust Fund with \$1 million allocated to Chicago and collar counties and \$2 million allocated to downstate counties. This allotment is insufficient because (a) there are 742,600 Illinois residents with mobility-related disabilities and (b) modification projects are costly. The \$1 million allocated to the Chicago area will fund only 40 projects at the maximum project allowance of \$25,000, while the \$2 million allocated to the rest of the state will fund only 133 projects at the maximum project allowance of \$15,000. Increasing the modifications is wise and cost-effective because they allow people with disabilities to remain in their homes and avoid institutionalization.

IV. Affirmatively Furthering Fair Housing

On page 135 of the Draft Plan, it is noted (wrongly) that HUD's Final Rule on Affirmatively Furthering Fair Housing has not . It is available at this link -- <https://www.gpo.gov/fdsys/pkg/FR-2015-07-16/pdf/2015-17032.pdf>. IHDA must become

² Under the Fair Housing Act, developers can opt to build Type A bathrooms or Type B bathrooms, which provide different levels of accessibility.

familiar with and follow the precepts of this Rule, which addresses disability issues in a more meaningful and robust manner than earlier drafts of the Rule.

Again, thank you for the opportunity to offer our input into the Draft Plan. The aforementioned recommendations will lead to greater housing choice for people with all kinds of disabilities. Hence, we urge your serious consideration of them.

If you need further information or have any questions, please do not hesitate to contact me.

Regards,

Marca Bristo

Re: Draft 2017 Annual Action Plan Public Comments Letter

Dear Ms. Bristo,

Thank you for your public comments letter submitted earlier this week on the State Consolidated Plan-draft 2017 Action Plan. While these recommendations focused on suggestions for improving and increasing accessibility in affordable housing, most (8 of the 10) of these recommendations were directly concerning the Low Income Housing Tax Credit (LIHTC) Program and its 2016-2017 Qualified Plan (QAP).

The State Consolidated Plan covers the funding applications under the CDBG, HOME, ESG, HOPWA, and NHTF programs. While IHDA includes information on the LIHTC Program within this draft Plan, it is actually covered under a separate "application" and public participation process. While not required as part of this process, for the last three years IHDA has hosted a series of "QAP Summits" each summer prior to its drafting and publishing of a draft QAP for the upcoming year(s). These have just concluded in late July for the upcoming QAP.

After review and consideration of those preliminary recommendations for LIHTC, IHDA will proceed with publishing a draft QAP, and hold a 30-day QAP public comments period, which will likely start during the month of September, and include a public hearing as well. Your LIHTC/QAP-related comments have been provided to IHDA's Multi-Family Financing Department to be included in the summary of comments received during the aforementioned QAP summits. You are certainly welcome to resubmit them again after reviewing the draft QAP once published if you feel that these recommendations have not been adequately addressed in that document.

The recommendations concerning the 2017 Annual Action Plan are addressed as follows:

Increase Funds for Home Accessibility Program

IHDA has maintained a multi-year commitment for funding home modification programs to assist persons with disabilities to remain in their homes, but has done so through the more flexible funding of the Illinois Affordable Housing Trust Fund.

Given major funding reductions and more restrictive requirements under the HOME Program, IHDA no longer funds single-family rehabilitation programs under it. All limited funding is allocated to multi-family

affordable housing, which also includes enhanced accessibility requirements for all projects. Illinois Affordable Housing Trust Fund is also one of HDA's major resources for also doing affordable rental housing (generally with LIHTCs) as well as permanent supportive housing. IHDA appreciates this ongoing support for increased funding for this program.

Affirmatively Furthering Fair Housing

IHDA inadvertently did not update this section to reflect the fact that HUD's final AFFH rule (July 16, 2015) had been issued, and that it is in preliminary planning stages for preparing for the new Assessment of Fair Housing, which by projected scheduling will be due to HUD in February/March of 2019.

IHDA is also awaiting HUD's publication of its final rule on the State's Assessment Tool, which will provide needed guidance on data collection and analysis requirements for that document. Please also note that the current draft Action Plan includes extensive detail on the fair housing actions of other State agencies (pages 20-24) as well as IHDA actions (pages 135-138). IHDA staff is becoming very familiar with HUD's AFFH rule, and has also been discussing its implementation status regularly at the quarterly OHCS Advisory Committee meetings, the State's official Consolidated Plan advisory group.

Thank you for continued support of IHDA's programs and your pro-active response to our Draft 2017 Annual Action Plan. We look forward to continued collaboration efforts.

Sincerely,

Bill Pluta

RE: CDBG Proposed Changes

I am writing to submit my formal comments regarding the proposed changes to the State of Illinois 2017 CDBG Public Infrastructure grant program.

As a Regional Planning District, one of our missions is to provide grant writing and administrative assistance to our local municipalities, villages, cities and counties. The new rule change that is proposed to exclude Activity Delivery, Engineering and Legal from grant eligible funding will most certainly eliminate most of our communities in Southeastern Illinois from completing, applying for and receiving any CDBG funds. Our small, rural communities do not have the capacity to write, submit and administer the CDBG grant programs without the assistance of the regional planning districts. Since funds are limited for everyday operations of the communities, the CDBG programs are of great need to provide low-to-moderate communities access to project funds to complete water and sewer projects for their residents.

Mandating that the community pay for the design engineering, construction engineering, activity delivery and legal from their own funds or other funds is an impossible task for most of the small rural communities that we serve and assist. Additionally, these components are not eligible costs when IEPA loan funds or USDA Rural Development Funds are used as additional sources of funding. Therefore, there is no way a community can pay these fees from their own accounts.

As the procedures and requirements have tightened up on the CDBG funds of the years, the communities in our area rely more heavily on the regional planning districts to provide the assistance to complete the process to obtain the CDBG funds. With this proposed rule, many communities will not use the services and try to complete, submit and administer these programs on their own and will inevitably fail at this attempt. This will not be a good situation for DCEO to be in trying to look after communities administering grant funds with no knowledge or guidance. This is where the Regional Planning Districts play an important role for the state and communities.

While the need to provide as many communities with funding as the state can budget for with the CDBG program, these proposed changes will eliminate communities with great need from even applying due to unaffordability. As the CDBG program is meant to assist low-to-moderate communities, these rule changes all but assure that the funds will not go to communities in need but to those that have the funds available that complete projects without CDBG assistance.

I strongly encourage DCEO to reconsider the proposed rule change and reinstate the Activity Delivery, Engineering and Legal as part of the CDBG eligible activities under the Public Infrastructure program.

Thank you for your consideration.

Alene Carr, Executive Director
Southeastern Illinois Regional Planning
and Development Commission
P.O. Box 606
Harrisburg, IL 62946

Dear Alene:

Thank you for your letter concerning proposed changes to the State of Illinois' 2017 CDBG Public Infrastructure Program.

We believe that your concerns regarding payment of Activity Delivery by small communities has been addressed in the draft version of the 2017 Guidebook published on our website at: <https://www.illinois.gov/dceo/CommunityServices/CommunityInfrastructure/Pages/default.aspx>. In the Guidebook, we state that units of local government that can demonstrate economic hardship may apply for a waiver and utilize grant funding for Activity Delivery. We also significantly address the importance that Grantees seek out an experienced Grant Administrator to manage all of the details of the grant, provide oversight and coordination of the project. By providing this information to communities making an application to the 2017 CDBG Public Infrastructure program, we are confident that they will be well aware of the need to have a competent grant administrator and have the means to provide for one.

As always, we will go through all the details at our Application Workshop on September 6th and 7th but if you should have any questions, do not hesitate to reach out to me.

Sincerely,

David Wortman, P.E.
Deputy Director
Office of Community Development

STATE CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the State certifies that:

Affirmatively Further Fair Housing – The State will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the state, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential anti-displacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Anti-Lobbying – To the best of the State's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraphs 1 and 2 of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and

contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of State -- The submission of the consolidated plan is authorized under State law and the State possesses the legal authority to carry out the programs under the consolidated plan for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Title

Specific CDBG Certifications

The State certifies that:

Citizen Participation – It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR §91.115 and each unit of general local government that receives assistance from the State is or will be following a detailed citizen participation plan that satisfies the requirements of 24 CFR §570.486.

Consultation with Local Governments – It has or will comply with the following:

1. It has consulted with affected units of local government in the nonentitlement area of the State in determining the method of distribution of funding;
2. It engages in or will engage in planning for community development activities;
3. It provides or will provide technical assistance to units of local government in connection with community development programs; and
4. It will not refuse to distribute funds to any unit of general local government on the basis of the particular eligible activity selected by the unit of general local government to meet its community development needs, except that a State is not prevented from establishing priorities in distributing funding on the basis of the activities selected.

Local Needs Identification – It will require each unit of general local government to be funded to identify its community development and housing needs, including the needs of low-income and moderate-income families, and the activities to be undertaken to meet these needs.

Community Development Plan – Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objectives of Title I of the Housing and Community Development Act of 1974, as amended. (See 24 CFR 570.2 and 24 CFR part 570)

Use of Funds – It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. **Overall Benefit.** The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 199,, and. (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;

3. **Special Assessments.** The state will require units of general local government that receive CDBG funds to certify to the following:

It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It will require units of general local government that receive CDBG funds to certify that they have adopted and are enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Compliance with Laws -- It will comply with applicable laws.

Title

Specific HOME Certifications

The State certifies that:

Tenant Based Rental Assistance – If it intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the State's consolidated plan.

Eligible Activities and Costs – It is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through §92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in §92.214.

Appropriate Financial Assistance – Before committing any funds to a project, the State or its recipients will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

Title

ESG Certifications

Each State that seeks funding under the Emergency Solutions Grants Program must provide the following certifications:

Matching Funds – The State will obtain any matching amounts required under 24 CFR 576.201 in a manner so that its subrecipients that are least capable of providing matching amounts receive the benefit of the exception under 24 CFR 576.201(a)(2).

Discharge Policy – The State will establish and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.

Confidentiality – The State will develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

The State will ensure that its subrecipients comply with the following criteria:

Major rehabilitation/conversion – If an emergency shelter's rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the building will be maintained as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation. If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the building will be maintained as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion. In all other cases where ESG funds are used for renovation, the building will be maintained as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

Essential Services and Operating Costs – If ESG funds are used for shelter operations or essential services related to street outreach or emergency shelter, the subrecipient will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the applicant serves the same type of persons (e.g., families with children, unaccompanied youth, veterans, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

Renovation – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services – The subrecipient will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, counseling, supervision, and other services essential for achieving independent living), and other Federal State, local, and private assistance available for such individuals.

Homeless Persons Involvement – To the maximum extent practicable, the subrecipient will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted ESG.

Consolidated Plan – All activities the subrecipient undertakes with assistance under ESG are consistent with the State's current HUD-approved consolidated plan.

HOPWA Certifications

The State HOPWA grantee certifies that:

Activities -- Activities funded under the program will meet urgent needs that are not being met by available public and private sources.

Building -- Any building or structure assisted under the program shall be operated for the purpose specified in the plan:

1. For at least 10 years in the case of any building or structure purchased, leased, rehabilitated, renovated, or converted with HOPWA assistance,
2. For at least 3 years in the case of assistance involving non-substantial rehabilitation or repair of a building or structure.
