The Offered Bonds are special limited obligations of the Authority. Together with the Prior Bonds and Additional Bonds, the Offered Bonds have a claim for payment solely from Pledged Property as described in the General Resolution, including Revenues derived from Mortgage Loans, Transfer Amounts and other Funds and Accounts held by the Trustee. INTRODUCTION

This Official Statement (including the cover page, inside cover page and the appendices) is being distributed by the Illinois Housing Development Authority (the “Authority”) in order to furnish information in connection with the issuance of \$117,010,000 aggregate principal amount of Homeowner Mortgage Revenue Bonds, 2007 Series H (Convertible Option Bonds”) (the “2007 Series H Bonds”), to be issued as convertible option bonds in two Subseries, consisting of the \$8,595,000 2007 Subseries H-1 Bonds (non-AMT) (the “2007 Subseries H-1 Bonds”) and the \$108,415,000 2007 Subseries H-2 Bonds (AMT) (the “2007 Subseries H-2 Bonds”). The 2007 Series H Bonds are referred to as the “Offered Bonds.”

The Offered Bonds are being issued by the Authority pursuant to the Illinois Housing Development Act, as amended (the “Act”), in furtherance of its single-family housing mortgage loan program, and pursuant to the Authority’s Homeowner Mortgage Revenue Bonds General Resolution, adopted on July 15, 1994, as supplemented and amended from time to time (the “General Resolution”). The issuance of the Offered Bonds is authorized by the General Resolution and the 2007 Series H Resolution adopted by the Authority on October 19, 2007, as supplemented and amended from time to time (together with the related determinations of the Authority with respect to the Offered Bonds, the “2007 Series H Resolution”). The General Resolution and the 2007 Series H Resolution are collectively called the “Resolution.”

In 1994, the Authority established the Homeowner Mortgage Revenue Bonds Program (the “Program”) to provide funds to purchase from lending institutions to be selected by the Authority (“Mortgage Lenders”) mortgage loans (“Mortgage Loans”) made to eligible borrowers (“Eligible Borrowers”) for owner-occupied, one- to four-unit dwellings (“Qualified Dwellings”) throughout the State of Illinois (the “State”) in accordance with the requirements of State and federal law and the General Resolution. The Authority has been involved in the financing of low and moderate income housing in the State for more than 30 years. The Authority has operated bond financed single-family mortgage purchase programs since 1982. See “THE AUTHORITY,” “THE PROGRAM” and “OTHER PROGRAMS.” The Authority has issued \$2,643,040,000 aggregate original principal amount of bonds (collectively, the “Prior Bonds”)

under the Program and General Resolution. As of June 30, 2007, \$966,910,000 aggregate principal amount of Prior Bonds were Outstanding under the General Resolution.

The Offered Bonds, the Prior Bonds and all other bonds subsequently issued under the General Resolution are referred to in this Official Statement as the “Bonds.” Additional Bonds (“Additional Bonds”) may be issued by the Authority for purposes, upon the terms and subject to the conditions provided in the General Resolution. The Prior Bonds are, and each Series of Additional Bonds (other than Subordinate Bonds) will be, on a parity with the Offered Bonds. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Additional Bonds.”

The Offered Bonds are subject to mandatory tender for purchase and remarketing on their Tender Date as described in this Official Statement. The Authority has the option to convert the interest rate borne by all or a portion of the Offered Bonds from a COB Rate to a Fixed Rate or to a new COB Rate for a new COB Rate Period on a Tender Date (as such terms are defined in this Official Statement). Owners of the Offered Bonds do not have the right to retain their Offered Bonds in connection with a mandatory tender. Once any Offered Bond has been converted to bear interest at a Fixed Rate, the interest rate borne by such Bond may not be converted back to the COB Rate. See “THE OFFERED BONDS – Tender and Redemption.”

THIS OFFICIAL STATEMENT IS NOT INTENDED TO DESCRIBE ANY OFFERED BONDS AFTER THEY HAVE BEEN CONVERTED TO BEAR INTEREST AT A FIXED RATE OR A NEW COB RATE FOR A NEW COB RATE PERIOD.

Proceeds of the Offered Bonds, together with other available funds, will be used to (a) purchase Mortgage Loans made to Eligible Borrowers for Qualified Dwellings in the State, (b) refund at or in advance of maturity all or a portion of the Authority’s outstanding Single Family Mortgage Revenue Bonds, Draw Down Series 2006 (the “2006 Draw Down Bonds”) with a portion of the proceeds of such refunded bonds having been used by the Authority to make qualifying Mortgage Loans, (c) replace amounts derived from previously issued Homeowner Mortgage Revenue Bonds of the Authority issued to acquire qualified mortgage loans, which amounts may include principal payments and prepayments, excess reserves and other surplus funds (the replaced amounts will be used to redeem such prior bonds), (d) fund capitalized interest, if required, (e) make a deposit to the Reserve Fund, if required, and/or (f) pay or reimburse the Authority for certain costs incurred in connection with the issuance of the Offered Bonds and certain Prior Bonds. The Authority will not use the proceeds of the Offered Bonds to purchase Mortgage Loans until the Offered Bonds have been converted, in whole or in part, to bear interest at a Fixed Rate and remarketed. See “THE OFFERED BONDS – Proceeds of the Offered Bonds,” “SOURCES AND USES OF FUNDS” and “THE PROGRAM.”

The General Resolution provides that the details of the Mortgage Loans to be purchased with the proceeds of a Series of Bonds are to be determined by Series Program Determinations set forth in the related Series Resolution. These details include the types of security, payment provisions, maximum term, nature of residences, primary mortgage insurance requirements, Supplemental Mortgage Coverage and other credit support and loan-to-value ratios. The details concerning Mortgage Loans to be purchased with proceeds of the Offered Bonds were determined by the Series Program Determinations set forth in the related Series Resolutions for

those Bonds, and, except as described under the caption “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Mortgage Loans,” are substantially the same as those for the Prior Bonds. The Authority may from time to time adjust the interest rates at which it will purchase Mortgage Loans with amounts on deposit in the various Series Program Accounts. See “THE PROGRAM – General.”

The Program Determinations for the Prior Bonds and the Offered Bonds authorize the purchase of Mortgage Loans that are secured by mortgages constituting valid first mortgage liens on Qualified Dwellings (“First Mortgage Loans”). Except as described under the caption “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Mortgage Loans,” the First Mortgage Loans to be purchased must be 30-year maximum term (for the Offered Bonds and certain Prior Bonds, 40-year maximum term), level payment Mortgage Loans. The original principal amount of each such First Mortgage Loan, together with the principal amount of any Second Mortgage Loan (as defined in this Official Statement), may not exceed 110 percent of the lesser of the purchase price (including financed improvements) or the appraised value (including financed improvements) of the Qualified Dwelling at the time of the origination of the Mortgage Loan(s) (“Property Value”). Each such First Mortgage Loan that has a loan-to-Property Value ratio in excess of 80 percent at the time of origination must (a) in the case of conventional Mortgage Loans, be insured by private mortgage insurance so that the uninsured portion of such Mortgage Loan will not exceed 68 percent (72 percent in the case of Transferred Mortgage Loans, as defined in this Official Statement) of the Property Value, or (b) be subject to insurance or guarantee by the United States Federal Housing Administration (“FHA”), the Department Veterans Affairs (“VA”), the United States Department of Agriculture under its Rural Development Service Guaranteed Rural Housing Loan Program (“USDA”) or any other agency or instrumentality of the United States of America having similar powers to insure or guarantee mortgage loans. Private mortgage insurance must be provided by a mortgage insurer that is (i) qualified to do business in the State, approved by Fannie Mae and the Federal Home Loan Mortgage Corporation (“FHLMC”) and rated as to its claims paying ability in the two highest whole rating categories by each Rating Agency, or (ii) accepted in writing by the Authority subject to the filing by the Authority of a Rating Certificate with the Trustee, advising that the use of such insurer will not result in a reduction of the Ratings of the Bonds. In the case of Mortgage Loans insured by FHA or guaranteed by the VA or USDA, the Authority must file with the Trustee a Cash Flow Certificate and a Rating Certificate, advising that the purchase of such Mortgage Loans will not result in a reduction of the Ratings of the Bonds. In addition, the Program Determinations for the Offered Bonds and certain Series of Prior Bonds provide for the sale of First Mortgage Loans or Second Mortgage Loans in exchange for Mortgage Certificates (as defined in this Official Statement). While the Authority is not obligated to purchase any Mortgage Loans, or any particular amount of Mortgage Loans, having a 40-year term, the Authority may offer Mortgage Loans having a 40-year term and may make available up to \$15 million of the proceeds of the Offered Bonds to purchase Mortgage Loans having a 40-year term. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Mortgage Loans” and “SUMMARY OF CERTAIN MORTGAGE INSURANCE AND ILLINOIS FORECLOSURE PROCEDURES” attached as Appendix C.

In addition, with respect to conventional First Mortgage Loans purchased with proceeds of the Offered Bonds, the Authority will provide Supplemental Mortgage Coverage by obtaining from one or more qualified mortgage pool insurers (each, a “Mortgage Pool Insurer”) a mortgage

pool insurance policy or policies (each, a “Pool Policy”) that will pay claims against losses arising from an event of default under any Mortgage Loans covered by such policy, up to an aggregate limit equal to 3.5 percent of the aggregate original principal amount of Mortgage Loans so covered with no Deductible (as defined in this Official Statement), if any, greater than one percent. The Supplemental Mortgage Coverage applicable to Mortgage Loans purchased with proceeds of Prior Bonds is also in the form of Pool Policies. These Pool Policies generally provide an aggregate loss coverage limit of 3.5 percent of the aggregate original principal amount of the covered Mortgage Loans. Some (but not all) of these Pool Policies also require that the first one percent of losses be absorbed under the Program as a deductible (a “Deductible”), so that only the remaining 2.5 percent of losses are covered by those Pool Policies. See “CERTAIN PROGRAM INFORMATION – Mortgage Pool Insurers” attached as Appendix B for certain information with respect to the Pool Policies. For additional information regarding the Supplemental Mortgage Coverage, see “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Mortgage Loans” and “SUMMARY OF CERTAIN MORTGAGE INSURANCE AND ILLINOIS FORECLOSURE PROCEDURES” attached as Appendix C.

The Program Determinations for the Offered Bonds and certain Prior Bonds authorize the purchase of Mortgage Loans that are secured by mortgages constituting valid second mortgage liens on Qualified Dwellings (“Second Mortgage Loans”). A Second Mortgage Loan is made only in connection with a First Mortgage Loan made with respect to the same Qualified Dwelling. A Second Mortgage Loan must have a 10-year maximum term, may be non-interest bearing, and may or may not be fully amortizing. The original principal amount of each Second Mortgage Loan, together with the First Mortgage Loan, may not exceed 110 percent of the Property Value (including financed improvements), and no Second Mortgage Loan may have a loan-to-Property Value ratio in excess of the lesser of (i) four percent or (ii) the difference between 110 percent and the actual loan-to-Property Value ratio of the First Mortgage Loan. Second Mortgage Loans will not be covered by private mortgage insurance or Pool Policies. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Mortgage Loans” and “SUMMARY OF CERTAIN MORTGAGE INSURANCE AND ILLINOIS FORECLOSURE PROCEDURES” attached as Appendix C.

From time to time proceeds of Bonds are used to reimburse the Authority for the purchase price of Mortgage Loans (which meet the requirements of the Program and the applicable Series Program Determinations) purchased by the Authority from its Administrative Fund. Upon such reimbursement, those Mortgage Loans are transferred to the General Resolution as Pledged Property.

From time to time the Authority has used proceeds of Bonds issued under the Program to redeem or refund Residential Mortgage Revenue Bonds issued under the Authority’s Residential Mortgage Revenue Bond General Resolution, adopted August 19, 1983 (as amended and supplemented, the “1983 Resolution”), which is the Authority’s prior single family mortgage loan purchase program. In connection with such redemptions and refundings, certain of the mortgage loans originally purchased with the proceeds of the refunded bonds were transferred from the 1983 Resolution to the General Resolution. Those mortgage loans (referred to as “Transferred Mortgage Loans”) are included as Pledged Property under the General Resolution. As further described under the caption “SECURITY AND SOURCES OF PAYMENT FOR

THE BONDS – Mortgage Loans,” the details concerning Transferred Mortgage Loans when they were originated, *i.e.*, the types of security, payment provisions, maximum term, nature of residences, primary mortgage insurance requirements, credit support and loan-to-value ratios, are similar to those set forth in the Series Program Determinations for the Prior Bonds and the Offered Bonds.

The details concerning Mortgage Loans purchased with proceeds of Additional Bonds may differ from those concerning the Mortgage Loans purchased with the proceeds of the Prior Bonds and the Offered Bonds. In addition, the Authority may amend or supplement Series Program Determinations upon filing a Cash Flow Certificate and Rating Certificate with the Trustee. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Cash Flow Certificates and Rating Certificates.”

The Offered Bonds are special limited obligations of the Authority. Together with the Prior Bonds and Additional Bonds, the Offered Bonds have a claim for payment solely from Pledged Property as described in the General Resolution, including Revenues derived from Mortgage Loans, Transfer Amounts and other Funds and Accounts held by the Trustee. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS.”

The Offered Bonds are not general obligations of the Authority and are not a debt of or guaranteed by the State or the United States or any agency or instrumentality thereof. The Authority has determined by resolution that Section 26.1 of the Act, which requires the Governor to submit to the General Assembly the amount certified by the Authority as being required to pay debt service on its bonds because of insufficient moneys available for such payments, shall not apply to the Offered Bonds.

The descriptions and summaries of various documents set forth in this Official Statement do not purport to be comprehensive or definitive, and reference is made to each document for the complete details of all terms and conditions. All statements in this Official Statement are qualified in their entirety by reference to each document. See “SUMMARY OF CERTAIN PROVISIONS OF THE GENERAL RESOLUTION – Certain Definitions” for definitions of certain capitalized words and terms used in this Official Statement.

THE OFFERED BONDS

General

The Offered Bonds will be dated their date of delivery. The Offered Bonds will mature on the dates and in the amounts as set forth on the inside cover page of this Official Statement, and will bear interest (calculated on the basis of a 360-day year of twelve 30-day months) at the rates set forth on the inside cover page of this Official Statement from their date of delivery to and including the date preceding their Tender Date, unless earlier converted or redeemed as described below. The Authority may establish different Tender Dates for portions of the Offered Bonds. Interest on an Offered Bond is payable on its Tender Date and each February 1 and August 1 (or the next Business Day if any such February 1 or August 1 is not a Business Day) occurring prior to its Tender Date, with the first scheduled interest payment date being February 1, 2008. The Offered Bonds are issuable only in registered form in denominations of \$5,000 or any integral of \$5,000 in excess of that amount. If the Offered Bonds are not in the book-entry system, the principal and Purchase Price of all Offered Bonds shall be payable only to the Owner or the Owner's legal representative at the designated corporate trust office of the Trustee, and payment of the interest on each Offered Bond shall be made by the Trustee to the Owner by check mailed to the Owner at the Owner's address as it appears on the registration books or, if to the Owner's designee, to the address of such designee.

As used in this Official Statement, the following terms have the following meanings:

“*COB Rate*” means for each Subseries of the Offered Bonds (i) for the first COB Rate Period, the rate or rates of interest for the Subseries set forth for the Offered Bonds on the inside cover page of this Official Statement, and (ii) for each subsequent COB Rate Period, the rate or rates of interest for the Subseries determined in accordance with the 2007 Series H Resolution.

“*COB Rate Period*” means the period for each Subseries of Offered Bonds during which some or all of the Offered Bonds of that Subseries bear interest at the COB Rate as determined in accordance with the 2007 Series H Resolution. The first COB Rate Period for the Offered Bonds begins on their date of delivery. On each Tender Date, a new COB Rate Period will begin (except for those Offered Bonds that are then converted to bear interest or continue to bear interest at a Fixed Rate). A COB Rate Period for a particular Subseries of Offered Bonds will end on the day preceding the applicable Tender Date for such Subseries of Offered Bonds. No COB Rate Period may have a term longer than one year and no COB Rate Period may extend beyond August 1, 2009 (the “COB Rate Period Expiration Date”).

“*Conversion Determination*” means the written determination of officers of the Authority establishing the terms of the Offered Bonds, or portions thereof, in connection with their conversion to bear interest at a Fixed Rate.

“*Fixed Rate*” means the long-term fixed rate or rates of interest for a Subseries or portion of a Subseries of Offered Bonds determined in accordance with the 2007 Series H Resolution and set forth in a Conversion Determination.

“*Remarketing Agent*” means UBS Securities LLC, acting as remarketing agent under 2007 Series H Resolution and the Remarketing Agreement, or any successor appointed by the Authority to act as Remarketing Agent pursuant to the 2007 Series H Resolution and the Remarketing Agreement; *provided* that in connection with remarketing Offered Bonds of a Subseries upon a conversion of Bonds of such Subseries to bear interest at a Fixed Rate, the term “Remarketing Agent” shall mean the Remarketing Agent then serving as such under the Remarketing Agreement together with other additional financial institutions, if any, selected by the Authority, that meet the qualifications for a Remarketing Agent in the Remarketing Agreement.

“*Tender Date*” means, with respect to Offered Bonds of a Subseries, a date on which those Offered Bonds are subject to mandatory tender as provided in the 2007 Series H Resolution. The initial Tender Date is October 1, 2008, unless the Authority designates an earlier Business Day as a Tender Date for all or a portion of the Offered Bonds. If the Authority so designates an earlier date to be the Tender Date for all or a portion of the Offered Bonds, then (i) the Authority will give written notice of such designation to the Trustee, the Fiscal Agent and the Remarketing Agent no later than the 20th day prior to such Tender Date, and (ii) no later than the 15th day prior to the applicable Tender Date, the Fiscal Agent will send written notice by first class mail, postage prepaid, to each Owner of affected Offered Bonds stating (A) the Tender Date,

(B) that such Offered Bond will be deemed to be tendered for purchase and remarketing on such Tender Date (without right to retain) at a purchase price equal to 100 percent of the principal amount thereof, plus accrued interest, if any, to but not including the Tender Date (the “Purchase Price”), (C) that such Offered Bond may be purchased or redeemed without further notice on such Tender Date, and (D) that the Purchase Price of such Offered Bond will be payable by the Fiscal Agent upon delivery to the Trustee of such Offered Bond. **So long as all of the Offered Bonds are immobilized in the custody of DTC, such notice will be delivered only to DTC or its nominee as Owner of such Offered Bonds. DTC is responsible for notifying Direct Participants, and Direct Participants are responsible for notifying Beneficial Owners (directly or indirectly through Indirect Participants) as described in “THE OFFERED BONDS – Book-Entry Only System.” Neither the Trustee nor the Authority is responsible for sending notices to Beneficial Owners.**

Mandatory Tender or Redemption of the Offered Bonds

The Offered Bonds will be subject to mandatory tender for purchase and remarketing (without any right to retain) or redemption on a Tender Date. See the definition of “Tender Date” above and the subsection “Tender and Redemption” below.

Conversion to a Fixed Rate

Prior to the COB Rate Expiration Date, the Authority shall have the option to convert the interest rate borne by all or a portion of the Offered Bonds of a Subseries from a COB Rate to a Fixed Rate, to be effective on any Tender Date applicable to such Subseries (which in any event may not be later than the COB Rate Period Expiration Date), in accordance with the procedures set forth in the 2007 Series H Resolution. The Offered Bonds subject to such a conversion will be subject to mandatory tender on the Tender Date established in connection with such a conversion.

Discontinuance of Conversion to Fixed Rate

In the event that at any time after the Authority elects to convert the interest rate borne by any Offered Bond of a Subseries from a COB Rate to a Fixed Rate and prior to the Tender Date established for such Offered Bond, the Authority, by notice given to the Trustee, the Fiscal Agent and the Remarketing Agent at least seven days (or such lesser amount of time as the Authority and the Remarketing Agent may agree to) prior to such Tender Date, may elect to discontinue the conversion to a Fixed Rate and, instead, cause such Offered Bond to bear interest at a new COB Rate for a new COB Rate Period. The discontinuance of the conversion to a Fixed Rate and the determination of a new COB Rate for a new COB Rate Period shall in no way affect the mandatory tender of such Offered Bonds nor shall the Bondowners gain any right to elect to retain ownership of such Offered Bonds as the result of such discontinuance.

Adjustment of the COB Rate

The Authority shall have the option to select a new COB Rate Period and adjust the COB Rate borne by all or a portion of the Offered Bonds of a Subseries, to be effective on any Tender Date applicable to such Subseries, in accordance with the procedures set forth in the 2007

Series H Resolution. The Offered Bonds subject to such an adjustment in the COB Rate borne by such Bonds will be subject to mandatory tender on their Tender Date established in connection with such adjustment.

Failure to Determine Fixed Rate or New COB Rate

If the Remarketing Agent is unable or fails to determine in a timely manner the Fixed Rate or the new COB Rate for a new COB Rate Period, or the Authority is unable or fails to deliver in a timely manner all of the items required under the 2007 Series H Resolution in connection with a conversion from a COB Rate to a Fixed Rate or an adjustment to a new COB Rate for a new COB Rate Period or there is a failure or inability to convert the interest rate borne by the Offered Bonds subject to such conversion to a Fixed Rate or to adjust the interest rate borne by the Offered Bonds to a new COB Rate for a new COB Rate Period, then, in any such event, such Offered Bonds shall, nevertheless, be subject to mandatory tender for purchase at the Purchase Price on the Tender Date established in connection therewith, and Bondowners shall not have the right to retain such Offered Bonds.

The principal of and redemption premium, if any, on the Offered Bonds shall be payable at the principal corporate trust office of the Fiscal Agent. Interest due on the Offered Bonds will be paid to the registered owners thereof by the Trustee by check or, in the case of owners of Offered Bonds in a principal amount equal to or exceeding \$1 million upon request by wire transfer. The Offered Bonds initially will be registered in the name of Cede & Co., as registered owner and nominee of The Depository Trust Company, New York, New York (“DTC” or the “Depository”), which will act as securities depository for the Offered Bonds. Purchasers of the Offered Bonds will not receive physical delivery of the bond certificates representing their beneficial ownership interests. See “THE OFFERED BONDS – Book-Entry Only System.”

THIS OFFICIAL STATEMENT IS NOT INTENDED TO DESCRIBE THE TERMS OF ANY OFFERED BOND AFTER ITS MANDATORY ITS INTEREST RATE IS CONVERTED TO A FIXED RATE OR A NEW COB RATE FOR A NEW COB RATE PERIOD.

Tender and Redemption

Mandatory Tender

All of the Offered Bonds will be subject to mandatory tender for purchase and remarketing (without any right to retain) on their Tender Date. The Offered Bonds to be purchased on a Tender Date will be purchased at the Purchase Price. Payment of the Purchase Price of the Offered Bonds will be made to their Owners upon surrender of their 2007 Series H Bonds. In the event of a failure to remarket all or a portion of such Bonds subject to mandatory tender on a Tender Date, such unremarketed Bonds will be redeemed by the Trustee with amounts on deposit in the 2007 Series H Program Account (COB Rate Period) respecting those Bonds that have not been converted to a Fixed Rate or any other moneys available under the Resolution for such purpose and will be canceled and retired by the Trustee. So long as all of the

Offered Bonds are held in the custody of DTC, in the event of such redemption, DTC will surrender the certificates indicating the date and amount of the reduction in principal resulting from such redemption in order to receive payment of the redemption price from the Trustee.

Any Offered Bond subject to mandatory tender and not tendered and delivered to the Trustee on or prior to a Tender Date (“Untendered Bonds”), for which there has been irrevocably deposited in trust with the Trustee the Purchase Price, shall be deemed to have been tendered and purchased on such Tender Date. Owners of Untendered Bonds shall not be entitled to any payment (including any interest to accrue on or after such Tender Date) and said Owners shall no longer be entitled to the benefits of the General Resolution, except for the purpose of payment of the Purchase Price. New Bond certificates will be issued in place of such Untendered Bonds pursuant to the Resolution and, after the issuance of the replacement Bonds, such Untendered Bonds will be deemed purchased, canceled and no longer Outstanding under the General Resolution.

Redemption of Offered Bonds on Tender Date

The Offered Bonds are subject to redemption, without further notice, from any available moneys, in whole or in part on their Tender Date, at a redemption price equal to the principal amount thereof plus accrued interest thereon to the date fixed for redemption.

Optional Redemption

The Offered Bonds when bearing interest at the COB Rate are subject to optional redemption, at any time on 15 days’ prior notice, at the option and direction of the Authority, from moneys on deposit in the 2007 Series Program Account (COB Rate Period) or from any other moneys available for such purpose, in whole or in part, at a Redemption Price equal to 100 percent of the principal amount of the 2007 Series H Bonds to be redeemed plus accrued interest, if any, to the date fixed for redemption.

Proceeds of the Offered Bonds

Pursuant to the 2007 Series H Resolution, until the Offered Bonds, or portions thereof, are converted to bear interest at a Fixed Rate or refunded with proceeds of other Bonds, the Authority will not use moneys on deposit in the 2007 Series H Program Account (COB Rate Period) to make Mortgage Loans. Rather, such moneys will be invested in Investment Obligations and will be available for application, subject to the requirements of the General Resolution and the 2007 Series H Resolution, to the payment of the Purchase Price of the Offered Bonds on their Tender Date or for the redemption of the Offered Bonds. The Authority intends to invest moneys on deposit in the 2007 Series H Program Account (COB Rate Period), and moneys in the Reserve Fund and the Revenue Fund representing proceeds of the Offered Bonds, in Investment Obligations pending their application to the purposes for which such Account and Funds have been established. See Appendix B for certain information regarding investments under the Program including information on the Investment Obligations under which the proceeds of Prior Bonds and the Offered Bonds are invested. **All moneys in the 2007 Series H Program Account (COB Rate Period) representing proceeds of the Offered Bonds are subject to the pledge of the General Resolution for the benefit of all Bonds (other than**

Subordinate Bonds) issued or to be issued under the General Resolution, including the Prior Bonds and all of the Offered Bonds, and are not separately pledged to the Offered Bonds.

General Redemption Provisions

As long as a Series of Bonds is held by Cede & Co., as nominee of DTC, notice of any redemption of such Series of Bonds will be mailed not less than 30 days and not more than 90 days prior to the date set for redemption. Such notices will be furnished to DTC. The Authority has been informed that DTC will in turn forward the information to the participants (as defined below), which will then provide the appropriate notification to correspondents and beneficial owners (as defined below). Failure to so mail any such notice to DTC or any Bondowner (as defined below) will not affect the validity of the proceedings for the applicable Series of Bonds. **Failure of DTC or any participant to provide notice to any beneficial owner will not affect the validity of the proceedings for the redemption of the applicable Series of Bonds.**

If a Series of Bonds is not held by the nominee of DTC or the nominee of any successor securities depository, notice of any redemption will be mailed at least 30 days but no more than 90 days prior to the date established for the redemption of Bonds to the Bondowners of the Bonds, or portions thereof, to be redeemed at their addresses as they appear on the registry books of the Authority. Redemption notices shall be sent by first-class mail and, in addition, by certified mail, return receipt requested, to registered owners of \$1 million or more in principal of Bonds. Such notice will specify the Redemption Price, the redemption date, the place or places where amounts due upon redemption will be payable, the maturities and the distinctive numbers (*e.g.*, CUSIP numbers), if any, of the Bonds to be redeemed and, if less than all of the Bonds of a given maturity are to be redeemed, the portion of the principal amounts to be redeemed. The notice of redemption may be conditional. If conditional, the notice shall set forth in summary terms the conditions precedent to such redemption and that if such conditions shall not have been satisfied on or prior to the redemption date, such notice shall be of no force and effect and such Bonds shall not be redeemed. The mailing of such notice will be a condition precedent to redemption, *provided* that any notice that is mailed in accordance with the General Resolution will be conclusively presumed to have been duly given whether or not the Bondowners actually receive such notice, and failure to give notice by mail, or any defect in such notice, to the Bondowner of any Bond designated for redemption in whole or in part will not affect the validity of the proceedings for the redemption of any Bonds.

Regardless of whether the Bonds of a Series are held by the nominee of DTC or the nominee of any successor securities depository, the General Resolution requires that notice be given to Bondowners within 30 days after the Trustee has received from the Authority written notice of an Event of Default under the General Resolution. For purposes of these provisions, a beneficial owner is as defined below, *provided* that such beneficial ownership is established to the satisfaction of the Trustee.

The Bonds selected for redemption and redeemed in part from time to time shall be redeemed in one or more units of \$5,000 of principal of such Bonds at maturity. The Bonds or portions thereof so called for redemption will become due and payable at the applicable Redemption Price, plus accrued interest, if any, to the date fixed for redemption. If, on the

redemption date, money for the redemption of all the Bonds or portions thereof to be redeemed, together with interest to the redemption date, is held by the Trustee and Paying Agents so as to be available therefor on such date (or, in the case of interest, has been mailed to the Bondowners) and if notice of redemption has been given as aforesaid, then, from and after the date fixed for redemption, interest on the Bonds or portions thereof so called for redemption will cease to accrue and become payable.

Pursuant to the Resolution, the Trustee, upon receipt of an Authority Request accompanied by a Compliance Certificate or a Cash Flow Certificate, as appropriate, may purchase Bonds from amounts on deposit in the Redemption Account at the most advantageous price obtainable with reasonable diligence, such price not to exceed the Redemption Price plus accrued interest that would be payable on (i) the next redemption date, if such Bonds are then redeemable, or (ii) on the date such Bonds are first redeemable.

Any Bonds to be purchased or redeemed, other than pursuant to Sinking Fund Requirements, will be purchased or redeemed by the Fiscal Agent upon written direction of the Authority accompanied by a Compliance Certificate or Cash Flow Certificate, as appropriate, giving effect to such redemption or purchase.

If less than all of the Bonds of one maturity are called for redemption, the particular Bonds of such maturity to be redeemed will be selected by lot not later than 45 days prior to the date fixed for redemption; *provided* that (1) the portion of any Bonds to be redeemed is in the principal amount of \$5,000 or a multiple thereof and (2) in selecting Bonds for purchase upon redemption, each Bond of the applicable Series will be treated as representing that number of Bonds that is obtained by dividing the principal amount of such Bond by \$5,000. So long as the Bonds are held by a nominee of DTC, DTC will determine the method of allocating the redemption among the beneficial owners of the series and maturity of such Bonds to be redeemed.

Book-Entry Only System

The information in this section concerning DTC and DTC's book-entry only system has been obtained from sources the Authority and the Underwriter believe to be reliable, but neither the Authority nor the Underwriter takes any responsibility for the accuracy or completeness thereof.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds of each Series or, if applicable, each Subseries, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered

pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 85 countries that DTC participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation, and Emerging Markets Clearing Corporation (NSCC, GSCC, MBSCC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co, or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notice and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds of a Series within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments (including redemption proceeds) on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Trustee or the Authority, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee or the Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest (including redemption proceeds) to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Authority or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Beneficial Owner shall give notice to elect to have its Bonds purchased or tendered, through its Participant, to the Tender Agent, and shall effect delivery of such Bonds by causing the Direct Participant to transfer the Participant's interest in the Bonds, on DTC's records, to the Tender Agent. The requirement for physical delivery of Bonds in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Bonds are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Bonds to the Tender Agent's DTC account.

DTC may discontinue providing its services as securities depository with respect to the Bonds of a Series at any time by giving reasonable notice to the Authority or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, certificates for the affected Bonds are required to be printed and delivered.

The Authority may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, certificates for the affected Bonds will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Authority believes to be reliable, but the Authority takes no responsibility for the accuracy thereof.

THE TRUSTEE, ANY PAYING AGENT AND THE AUTHORITY WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATION TO ANY PARTICIPANT, ANY PERSON CLAIMING A BENEFICIAL OWNERSHIP INTEREST IN ANY BOND UNDER OR THROUGH DTC OR ANY PARTICIPANT, OR ANY OTHER PERSON THAT IS NOT SHOWN ON THE REGISTRATION BOOKS OF THE TRUSTEE AS BEING A BONDOWNER, WITH RESPECT TO THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY PARTICIPANT, THE PAYMENT BY DTC OR ANY PARTICIPANT OF ANY AMOUNT IN RESPECT OF PRINCIPAL OF OR PREMIUM, IF ANY, OR INTEREST ON ANY BOND, ANY NOTICE THAT IS REQUIRED TO BE GIVEN TO BONDOWNERS UNDER THE RESOLUTION (EXCEPT IN CONNECTION WITH CERTAIN NOTICES OF DEFAULT AND REDEMPTION), THE SELECTION BY DTC OR ANY PARTICIPANT OF ANY PERSON TO RECEIVE PAYMENT IN THE EVENT OF A PARTIAL REDEMPTION OF THE BONDS, OR ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC OR ITS NOMINEE AS THE REGISTERED OWNER OF THE BONDS.

Fiscal Agent and Trustee

The Authority has consolidated all paying agent, registration, transfer and exchange functions for all of its outstanding bonds in a fiscal agent (the "Fiscal Agent") appointed from time to time by the Authority. Currently, the Fiscal Agent for the Bonds is The Bank of New York Trust Company, N.A., Chicago, Illinois. The Authority reserves the right to remove and appoint successor Fiscal Agents upon the same terms and in the same manner as it may remove, and appoint, successor Trustees. All paying agent, registration, transfer and exchange functions with respect to the Offered Bonds will be performed by the Fiscal Agent.

The Bank of New York Trust Company, N.A., Chicago, Illinois, also serves as Trustee under the General Resolution.

The Resolution provides for the Trustee to perform certain duties with respect to the Bonds, including the Offered Bonds. The Trustee will perform certain fiduciary duties for the Bondowners, such as maintaining the funds and accounts established under the Resolution. The foregoing notwithstanding, the duties of the Trustee to the Bondowners of the Offered Bonds will run solely to DTC or its nominee as the registered owner of the Offered Bonds, except in connection with certain notices of default and redemption.

ASSUMPTIONS REGARDING REVENUES, DEBT SERVICE REQUIREMENTS AND PROGRAM EXPENSES

General

The Authority made certain assumptions, including those set forth under this caption, in establishing the principal amounts of and the maturities and Sinking Fund Requirements with respect to the Offered Bonds and the Prior Bonds.†

The Authority expects scheduled Mortgage Loan payments, together with Recoveries of Principal, if any, regularly scheduled payments received under Interest Rate Protection Agreements, and other moneys and securities held under the General Resolution and the income thereon, will be sufficient to pay, when due, Expenses of the Program and the debt service attributable to the Offered Bonds and the Prior Bonds (or, in certain cases, regularly scheduled payments due under Interest Rate Protection Agreements). In forming this expectation, the Authority has not considered the issuance of Additional Bonds or the application or investment of the proceeds thereof; however, a condition to issuing such Additional Bonds is the filing of a Cash Flow Certificate accompanied by a Rating Certificate. Because all Bonds issued under the General Resolution (other than Subordinate Bonds) will rank equally and ratably with the Offered Bonds and the Prior Bonds with respect to the security afforded by the General Resolution, availability of money for repayment of the Offered Bonds and the Prior Bonds could be significantly affected by the issuance, application, and investment of proceeds of Additional Bonds.

The maturities and Sinking Fund Requirements of the Offered Bonds and the Prior Bonds were established based on the assumption that there would be minimal prepayments or other Recoveries of Principal of the Mortgage Loans purchased with the proceeds from the remarketing of all or a portion of the Offered Bonds upon their conversion to bear interest at a Fixed Rate (the “Remarketed Bonds”) and with the proceeds of the Prior Bonds. The Authority expects that actual Recoveries of Principal on the Mortgage Loans will be higher than the assumed level, and any such Recoveries of Principal may be applied to the special redemption of the Remarketed Bonds and the Prior Bonds.

The Authority believes it is reasonable to make the assumptions set forth below, but can give no assurance that the actual receipt of moneys will correspond to estimated Revenues available to pay the debt service on and the Expenses incurred in connection with the Offered Bonds and the Prior Bonds. Among these assumptions are assumptions as to changes in interest rates of the variable rate bonds.

† With the exception of the Offered Bonds, assumptions used to establish the principal amounts of and the maturities and Sinking Fund Requirements with respect to Convertible Option Bonds that are Outstanding, if any, will be made as those bonds, or portions thereof, are converted to bear interest at a Fixed Rate. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Proceeds of Convertible Option Bonds.” The Authority has established the maturities and Sinking Fund Requirements with respect to the Offered Bonds.

For a description of the circumstances under which the Authority may change the assumptions described in this Official Statement, see “SUMMARY OF CERTAIN PROVISIONS OF THE GENERAL RESOLUTION – Compliance Certificates and Cash Flow Certificates.”

Mortgage Loans

The Cash Flow Certificates delivered in connection with the issuance of the Prior Bonds include the assumptions that (i) the Authority intends to use all of the moneys deposited in the respective Series Program Accounts (net of Costs of Issuance) to purchase Mortgage Loans and Mortgage Certificates, (ii) each Mortgage Loan will have level debt service payments with a term that does not exceed 30 years (for the Offered Bonds and certain Prior Bonds, a term that does not exceed 40 years), and (iii) payments on Mortgage Loans will be received on the 30th day following their scheduled payment dates. While the Authority is not obligated to purchase any Mortgage Loans, or any particular amount of Mortgage Loans, having a 40-year term, the Authority may offer Mortgage Loans having a 40-year term and may make available up to \$15 million of the proceeds of the Offered Bonds to purchase Mortgage Loans having a 40-year term.

The Cash Flow Certificates to be delivered in connection with the issuance of the Offered Bonds include only the assumptions that the Authority will use moneys in the 2007 Series H Program Fund (COB Rate Period) to purchase Investment Obligations and will use such moneys for payment of tendered Offered Bonds on the Tender Date.

The Cash Flow Certificates delivered in connection with the issuance of the Prior Bonds included, and the Cash Flow Certificate to be delivered in connection with the issuance of the Offered Bonds will include, assumptions that the Authority intended or intends to purchase Mortgage Loans (or allocated portions of Mortgage Loans) at certain rates of interest (or ranges of rates of interest) per annum, including Mortgage Loans that bear interest at below market rates pursuant to special programs of the Authority. The Authority from time to time adjusts the interest rates at which it will purchase Mortgage Loans from the original interest rates established at the time of issuance of the various Series of Bonds. See “THE PROGRAM.”

The Cash Flow Certificates delivered in connection with the issuance of the Prior Bonds and to be delivered in connection with the issuance of the Offered Bonds also include the assumptions that the Servicers (as defined in this Official Statement) of the Mortgage Loans will be paid a servicing fee, for Mortgage Loans for which reservations were made prior to January 1, 2005, of 3/8 of one percent per annum and for Mortgage Loans for which reservations were made on and after January 1, 2005, of 1/4 of one percent per annum, in each case of the outstanding principal balance of the applicable Mortgage Loan, computed and paid monthly. See “THE PROGRAM – Loan Servicing.”

In preparing such Cash Flow Certificates, the Authority also assumed that (i) losses on defaulted First Mortgage Loans, including foreclosures, will not exceed insurance coverage (subject to any applicable Deductible) and recoveries upon disposition of First Mortgage Loans, (ii) any applicable Deductible will be fully drawn upon and paid from Pledged Property immediately upon purchase of the First Mortgage Loans, and (iii) 1/3 of the original principal amount of each Second Mortgage Loan will result in a loss that will be paid from Pledged

Property over a three-year period beginning on the date of purchase of such Second Mortgage Loan. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Mortgage Loans” and “SUMMARY OF CERTAIN MORTGAGE INSURANCE AND ILLINOIS FORECLOSURE PROCEDURES” in Appendix C.

Certain Investments

Amounts on deposit in the Program Fund, the Revenue Fund, the Reserve Fund and other Funds and Accounts established under the General Resolution and the related Series Resolutions allocable to the Bonds have generally been invested in Investment Obligations consisting of collateralized demand repurchase agreements that have one-day demand of funds provisions (exercisable at the Authority’s option). The collateral value must be maintained at least equal to 100 percent of the principal of and accrued interest on the invested funds by marking to market at least weekly.† The counter-parties to the agreements are institutions whose unsecured debt securities are rated by each Rating Agency at least equal to the Ratings on the Bonds, or in the case of Program Fund investments, the highest short-term rating (without regard to any refinements or gradation) See “CERTAIN PROGRAM INFORMATION” attached as Appendix B for certain additional information regarding investments under the Program including information on the Investment Obligations under which the proceeds of Prior Bonds and Offered Bonds are invested. Under the General Resolution, Investment Obligations may consist of investments other than collateralized demand repurchase agreements. See “SUMMARY OF CERTAIN PROVISIONS OF THE GENERAL RESOLUTION – Certain Definitions – *Investment Obligations*.”

Expenses

All future Expenses with respect to the Prior Bonds and the Offered Bonds, including the expenses of the Trustee, premiums payable under the mortgage pool insurance policy and expenses of the Authority attributable to operating the Program are, in the case of the Prior Bonds, and will be, in the case of the Offered Bonds, fixed pursuant to the respective Cash Flow Certificates delivered upon the issuance of such Bonds and will be paid in full on a timely basis. The Authority may not subsequently increase such fixed amounts, without first filing with the Trustee a Cash Flow Certificate or Compliance Certificate, as appropriate.

Competing Mortgage Products

Certain local governments and authorities in the State, including the Authority, have issued and may in the future issue single-family housing bonds and issue mortgage credit certificates to assist in the financing of single-family mortgage loans. Any such issuance or other competitive source of mortgage loan financing, if made under a mortgage loan program having less restrictive eligibility requirements, more favorable interest rates or other terms more attractive than those offered under the Program may adversely affect the ability of mortgage lenders to originate Mortgage Loans under the Program. Unexpended proceeds of a series of

† Currently, each of the collateralized demand repurchase agreements under the Program requires that the collateral value be maintained at 103 percent of the principal of and accrued interest on the invested funds by marking to market at least weekly.

Bonds may be used by the Authority to redeem at par without premium such series of Bonds. See “CERTAIN PROGRAM INFORMATION – Bond Redemptions and Purchases” in Appendix B.

SECURITY AND SOURCES OF PAYMENT FOR THE BONDS

General

The Bonds are special limited obligations of the Authority with a claim for payment solely from Pledged Property, as defined in the General Resolution. The Bonds are not general obligations of the Authority. The Bonds are not a debt of or guaranteed by the State or by the United States or any agency or instrumentality of the United States.

The Bonds are secured by a pledge and assignment and grant of a lien on and security interest in the Pledged Property. Pledged Property includes all Revenues, as defined in the General Resolution, including money received by or on behalf of the Authority or the Trustee representing principal and interest payments on Mortgage Loans, including, without limitation, Recoveries of Principal, interest earnings on Funds and Accounts held by the Trustee and the Authority’s payment obligation with respect to Transfer Amounts. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Transfer Amounts.” Pledged Property also includes all Funds and Accounts held by the Trustee (other than the Rebate Accounts established by various Series Resolutions), and the Authority’s right, title and interest in the Mortgage Loans (other than accrued interest on Mortgage Loans not purchased by the Authority). Pledged Property does not include amounts paid under Mortgage Loans as to which the obligor is

required to be given a rebate or credit under federal income tax law, or amounts required to be paid as rebate to the United States. The pledge of Funds and Accounts established in a Series Resolution may be limited in purpose and time, as set forth in the Series Resolution.

THE AUTHORITY HAS DETERMINED BY RESOLUTION THAT SECTION 26.1 OF THE ACT, WHICH REQUIRES THE GOVERNOR TO SUBMIT TO THE GENERAL ASSEMBLY THE AMOUNT CERTIFIED BY THE AUTHORITY AS BEING REQUIRED TO PAY DEBT SERVICE ON ITS BONDS BECAUSE OF INSUFFICIENT MONEYS AVAILABLE FOR SUCH PAYMENT, SHALL NOT APPLY TO THE PRIOR BONDS OR THE OFFERED BONDS.

Mortgage Loans

Under the General Resolution, a Mortgage Loan must be evidenced by a note and secured by a mortgage or equivalent security on an owner-occupied residence in the State. If a Mortgage Loan is made for cooperative dwelling units, such Mortgage Loan may be evidenced by a note and secured by a lien on the related shares of stock in the cooperative housing corporation and the related proprietary lease. A Mortgage Loan includes any instrument evidencing an ownership interest in or security for such a loan, such as a Mortgage Certificate.

The General Resolution provides that the details of the Mortgage Loans, including security, payment provisions, maximum term, nature of residences, primary mortgage insurance and other credit support, loan-to-Property Value ratios and Supplemental Mortgage Coverage, if any, shall be determined by Series Program Determinations set forth in the related Series Resolution. Under the General Resolution, the Authority may amend or supplement a Series Resolution concerning the related Series Program Determinations upon filing a Cash Flow Certificate and Rating Certificate with the Trustee. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Cash Flow Certificates and Rating Certificates.”

For the Offered Bonds and the Prior Bonds, the respective Series Resolutions establish the following Program Determinations:

First Mortgage Loans. Each First Mortgage Loan must comply with the following requirements:

1. each First Mortgage Loan shall be a 30-year maximum term (for the Offered Bonds and certain Prior Bonds, a 40-year maximum term), level payment Mortgage Loan;
2. the original principal amount of each First Mortgage Loan, together with the principal amount of any Second Mortgage Loan, shall not exceed 110 percent of the Property Value (including financed improvements);
3. no conventional First Mortgage Loan shall have a loan-to-Property Value ratio in excess of 105 percent (97 percent in the case of certain prior Series Program Determinations and 95 percent in the case of Transferred Mortgage Loans);

4. each First Mortgage Loan that has a loan-to-Property Value ratio in excess of 80 percent at the time of origination shall (A) in the case of conventional First Mortgage Loans, be insured by a private mortgage insurer meeting the requirements set forth in paragraph (6) below so that the uninsured portion of such First Mortgage Loan shall not exceed 68 percent (72 percent in the case of Transferred Mortgage Loans) of the Property Value or (B) be subject to insurance or guaranty by FHA, VA, USDA or any other agency or instrumentality of the United States of America having similar powers to insure or guarantee mortgage loans;
5. the Authority may purchase First Mortgage Loans described in paragraph (4)(B) above only if it files with the Trustee a Cash Flow Certificate and a Rating Certificate, advising that the purchase of such First Mortgage Loans will not result in a reduction of the Ratings of the Bonds;
6. private mortgage insurance must be issued by a mortgage insurer that is: (A)(1) qualified to do business in the State, and (2) approved by Fannie Mae and FHLMC and (3) rated as to its claims paying ability in the two highest rating categories by each Rating Agency; or (B) accepted in writing by the Authority, subject to filing by the Authority of a Rating Certificate with the Trustee, advising that the use of such insurer will not result in a reduction of the Ratings of the Bonds. The Authority may permit mortgagors to maintain private mortgage insurance issued by a mortgage insurer whose rating is subsequently reduced below the two highest rating categories of the Rating Agencies;
7. each First Mortgage Loan shall be secured by a mortgage constituting a valid first mortgage lien on a Qualified Dwelling;
8. each Qualified Dwelling shall be covered by a valid and existing policy of hazard insurance meeting the requirements of the Mortgage Purchase Agreements (as defined in this Official Statement);
9. each First Mortgage Loan shall have the benefit of (A) the current form of ALTA title insurance policy, with an environmental protection lien endorsement, in an amount at least equal to the original principal amount of such First Mortgage Loan, insuring that the mortgage relating to such First Mortgage Loan constitutes a first lien on the mortgaged property, subject only to exceptions that the Authority has previously approved, and (B) flood insurance for any property located in a special flood hazard area in which the United States Department of Housing and Urban Development (“HUD”) has made federal flood insurance available; and
10. proceeds of the Offered Bonds and the Prior Bonds may not be used to purchase First Mortgage Loans made for cooperative dwellings.

Second Mortgage Loans. Each Second Mortgage Loan must comply with the following requirements:

1. each Second Mortgage Loan shall be a 10-year maximum term Mortgage Loan and shall be non-interest bearing;
2. the original principal amount of each Second Mortgage Loan, together with the related First Mortgage Loan, shall not exceed 110 percent (100 percent under certain prior Series Resolutions) of the Property Value (including financed improvements);
3. the loan-to-Property Value ratio of each Second Mortgage Loan shall not exceed the lesser of (A) four percent or (B) the difference between 110 percent and the actual loan-to-Property Value ratio of the First Mortgage Loan (under certain prior Series Resolutions, the cumulative loan-to-Property Value ratio of a Second Mortgage Loan, together with the related First Mortgage Loan, may not exceed 100 percent);
4. each Second Mortgage Loan shall be secured by a mortgage constituting a valid second lien on a Qualified Dwelling;
5. each Qualified Dwelling shall be covered by a valid and existing policy of hazard insurance meeting the requirements of the Mortgage Purchase Agreements; and
6. each Second Mortgage Loan shall have the benefit of (A) the current form of ALTA title insurance policy, with an environmental protection lien endorsement, in an amount at least equal to the original principal amount of such Mortgage Loan, insuring that the mortgage relating to such Second Mortgage Loan constitutes a second lien on the mortgaged property, subject only to exceptions that the Authority has previously approved, and (B) flood insurance for any property located in a special flood hazard area in which HUD has made federal flood insurance available.

A Second Mortgage Loan is made only in connection with a First Mortgage Loan with respect to the same Qualified Dwelling. Second Mortgage Loans are not covered by private mortgage insurance or Pool Policies. See “ASSUMPTIONS REGARDING REVENUES, DEBT SERVICE REQUIREMENTS AND PROGRAM EXPENSES – Mortgage Loans” for certain information regarding assumptions with respect to losses on Second Mortgage Loans.

Supplemental Mortgage Coverage. The Authority has obtained, in the case of the Prior Bonds, and will obtain, in the case of the Offered Bonds, Supplemental Mortgage Coverage in the form of one or more Pool Policies for all conventional First Mortgage Loans purchased with proceeds of those Bonds. Some Pool Policies may also cover Transferred Mortgage Loans and First Mortgage Loans insured by FHA or guaranteed by VA or USDA. A Pool Policy insures the Authority against losses sustained by it arising from an event of default under any Mortgage Loan covered by such Pool Policy up to certain specified aggregate limits, after the absorption of losses under the Program equal to any applicable Deductible, as set forth in the related Series Resolution. The Authority may cancel a Pool Policy and obtain alternative Supplemental

Mortgage Coverage, or obtain additional Supplemental Mortgage Coverage, *provided* that the Authority first files a Cash Flow Certificate and a Rating Certificate with the Trustee, advising that the use of such alternative or additional Supplemental Mortgage Coverage will not result in a reduction of the Ratings of the Bonds.

Some Pool Policies provide that no claim is required to be paid under such policy unless total net losses that would otherwise be covered within the coverage limits of such policy have been incurred in an amount equal to the applicable Deductible. For additional information regarding primary mortgage insurance programs, the Pool Policies and the Mortgage Pool Insurers, see “CERTAIN PROGRAM INFORMATION” attached as Appendix B and “SUMMARY OF CERTAIN MORTGAGE INSURANCE AND ILLINOIS FORECLOSURE PROCEDURES” attached as Appendix C.

With respect to conventional First Mortgage Loans purchased with proceeds of the Offered Bonds, the Authority will obtain one or more Pool Policies that will pay claims against losses arising from an event of default under any First Mortgage Loans covered by such policy, up to an aggregate limit equal to 3.5 percent of the aggregate original principal amount of First Mortgage Loans so covered, with no Deductible. See “CERTAIN PROGRAM INFORMATION – Mortgage Pool Insurers” attached as Appendix B for certain information with respect to the Pool Policies.

Mortgage Certificates. The Series Program Determinations for certain Prior Bonds and the Offered Bonds also provide for the sale of First Mortgage Loans (and, in certain cases, Second Mortgage Loans) in exchange for Mortgage Certificates, *provided* the Authority has filed with the Trustee a Cash Flow Certificate and a Ratings Certificate. “Mortgage Certificate” means a fully-modified pass-through certificate or security issued or guaranteed by the Government National Mortgage Association (“GNMA”), Fannie Mae or FHLMC or a certificate or security of similar tenor issued or guaranteed by any other federal agency currently existing or later constituted that (i) evidences beneficial ownership of and a 100 percent participation in a pool of Mortgage Loans, (ii) satisfies the requirements of the respective Series Program Determination, and (iii) is pledged to the Trustee under the General Resolution. Mortgage Certificates generally provide for the pass-through of principal payments and prepayments and interest on the underlying pool of mortgage loans, which mortgage loans may be insured by FHA or another federal agency. Under the Series Program Determinations for the Offered Bonds, the Mortgage Certificates authorized to be acquired are FHLMC Certificates and Fannie Mae Certificates (as such terms are defined in Appendix E). See “SUMMARY OF CERTAIN MORTGAGE INSURANCE AND ILLINOIS FORECLOSURE PROCEDURES” attached as Appendix C for a further discussion of various Mortgage Certificate programs. As of the date of this Official Statement, no Mortgage Certificates have been purchased under the Program.

Series Program Determinations for subsequent Series of Additional Bonds may vary from the Series Program Determinations for the Prior Bonds and the Offered Bonds.

Proceeds of Convertible Option Bonds

From time to time the Authority issues Bonds as convertible option bonds that are subject to tender for purchase prior to their maturity (“Convertible Option Bonds”), such as, for example, the Offered Bonds. Until those Bonds, or portions thereof, are converted to bear interest at a Fixed Rate or refunded with proceeds of other Bonds, moneys on deposit in the respective Series Program Accounts for those Bonds will not be used to purchase Mortgage Loans. Rather, such moneys will be held in Investment Obligations and will be available for application, subject to the requirements of the General Resolution and the Series Resolution for those Bonds, to the payment of the purchase price on their Tender Date or to the redemption of such Bonds. **All moneys in the Series Program Accounts established for those Bonds are subject to the pledge of the General Resolution for the benefit of all Bonds (other than Subordinate Bonds) issued or to be issued thereunder, including the Prior Bonds and the Offered Bonds, and are not separately pledged to the outstanding Convertible Option Bonds.** As of June 30, 2007, there were no Convertible Option Bonds outstanding.

Proceeds of Notes

From time to time the Authority issues Bonds as short term notes or bonds (“Notes”), typically with a maturity of two years or less. These Notes are often subject to mandatory redemption prior to their maturity date after a lock-out period. Proceeds of Notes are not used to purchase Mortgage Loans. Rather, such moneys are held in Investment Obligations and are expected to be available for application, subject to the requirements of the General Resolution and the applicable Series Resolution, to scheduled interest payments on the applicable Series of Notes and the payment of such Notes at their maturity or to the payment of their redemption price to the extent they are redeemed prior to their maturity. **All moneys in the Series Program Account representing proceeds of a Series of Notes are subject to the pledge of the General Resolution for the benefit of all Bonds (other than Subordinate Bonds) issued or to be issued under the General Resolution, including the Prior Bonds and the Offered Bonds, and are not separately pledged to the particular Series of Notes.** As of June 30, 2007, there were \$57,990,000 of Bonds currently Outstanding as Notes.

Reserve Fund

The General Resolution establishes a Reserve Fund to be used to pay debt service on Bonds other than Subordinate Bonds to the extent sufficient amounts are not available in the Revenue Fund. The General Resolution establishes a Reserve Requirement, as of any particular date of calculation, equal to the sum of all amounts established as Series Reserve Requirements in the Series Resolutions for all Series of Bonds Outstanding. The Reserve Requirement cannot be less than two percent of the sum of (i) the outstanding principal balance of Mortgage Loans (other than Mortgage Certificates) and (ii) the amounts on deposit to the credit of the Series Program Accounts of the Program Fund other than such accounts for Subordinate Bonds (except Mortgage Loans or amounts in Series Program Accounts allocated to purchase Mortgage Certificates, and other than Mortgage Loans made or to be made with proceeds of Subordinate Bonds).

The related Series Resolutions for the Offered Bonds and the Prior Bonds, as amended, establish the Series Reserve Requirements at three percent of the sum of (i) the outstanding principal balance of (a) Mortgage Loans (other than Mortgage Certificates) purchased from amounts on deposit in the applicable Series Program Account, plus (b) Transferred Mortgage Loans, and (ii) the amount on deposit to the credit of the applicable Series Program Account for the purpose of purchasing the principal amount of Mortgage Loans (other than Mortgage Certificates).

As of June 30, 2007, the Reserve Fund contained money and securities (valued at Amortized Value) in the aggregate amount of \$27,773,730, which was at least equal to the Reserve Requirement at that date. For a description of Reserve Fund investment requirements, see “ASSUMPTIONS REGARDING REVENUES, DEBT SERVICE REQUIREMENTS AND PROGRAM EXPENSES – Certain Investments.”

Amounts on deposit in the Reserve Fund in respect of the proceeds of a Series of Bonds in excess of the Series Reserve Requirement for such Series of Bonds may be used to meet all or a portion of the Series Reserve Requirement of other Series of Bonds.

Cash Equivalents are not initially authorized to be used to meet the Reserve Requirement. However, the Authority may, upon filing a Cash Flow Certificate and Rating Certificate with the Trustee, provide for the use of Cash Equivalents to meet any portion of the Reserve Requirement.

On each debt service payment date, after paying debt service on Bonds (other than Subordinate Bonds), various credit or liquidity fees and Expenses, amounts in the Revenue Fund are required to be transferred to the Reserve Fund until the amount on deposit in the Reserve Fund equals the Reserve Requirement.

Transfer Amounts

The Bonds are also secured by Transfer Amounts. Transfer Amounts are used to supplement Revenues otherwise generated under the General Resolution in order that the Cash Flow Certificate to be filed in connection with the issuance of a Series of Bonds will show that Revenues will be sufficient for the Authority to deliver a Rating Certificate in connection with the issuance of such Bonds.

The General Resolution permits Transfer Amounts to be accelerated, deferred, increased, reduced, eliminated or changed upon filing a Cash Flow Certificate and Rating Certificate with the Trustee. Transfer Amounts are Revenues under the General Resolution and are therefore available to redeem Bonds of any Series (unless such a redemption is otherwise restricted by a Series Resolution).

The nature, timing and amount of Transfer Amounts were revised in connection with the issuance of the 2003 Series B Bonds. The Cash Flow Certificate filed in connection with the issuance of those Bonds reflected the transfer to the General Resolution of the following (a) cash and Investment Obligations (“Contributed Cash”); (b) single-family mortgage loans made by the Authority from amounts held outside of the General Resolution; and/or (c) certain single-family mortgage loans held under the 1983 Resolution that were eligible for release free and clear of the

lien of the 1983 Resolution (the mortgage loans described in (b) and (c) are collectively referred to as “Contributed Mortgage Loans,” and collectively with Contributed Cash, “Contributed Assets”).

The Contributed Cash, if any, will be held in a Fund or Account outside of any Series Program Account, and is invested in Investment Obligations. The Authority anticipates using Contributed Cash to purchase single family mortgage loans. Those mortgage loans will also be considered Contributed Mortgage Loans. Contributed Mortgage Loans are not Mortgage Loans as defined in the General Resolution and are not governed by Series Program Determinations. However, the details concerning Contributed Mortgage Loans, *i.e.*, the types of security, payment provisions, maximum term, nature of residences, primary mortgage insurance requirements, credit support and loan-to-value ratios, are anticipated to be substantially similar to those set forth in the Series Program Determinations for the Prior Bonds and the Offered Bonds.

As a result of the contribution of the Contributed Assets, Transfer Amounts will thereafter be made up of the following:

- (a) interest earnings received on Contributed Cash;
- (b) principal and interest payments on the Contributed Mortgage Loans including, without limitation, all Contributed Mortgage Recoveries of Principal (as defined in this Official Statement) and all prepayment premiums or penalties received by or on behalf of the Authority in respect to the Contributed Mortgage Loans; and
- (c) all Contributed Mortgage Insurance Proceeds (as defined in this Official Statement).

The Contributed Assets themselves are not Transfer Amounts but are Pledged Property.

As of June 30, 2007, the Contributed Assets consisted of approximately \$19,027,734 in principal amounts of Contributed Mortgage Loans.

As used in this Official Statement:

- (i) “Contributed Mortgage Recovery(ies) of Principal” means any payment by a mortgagor or any other recovery of principal on a Contributed Mortgage Loan not applied to a scheduled installment of principal and interest on the Contributed Mortgage Loan (including any deficiency in the payment of any scheduled installments of principal and interest then due and payable or interest paid in connection with a voluntary prepayment of a Contributed Mortgage Loan). Contributed Mortgage Recovery of Principal includes, without limitation, the portion of any Contributed Mortgage Insurance Proceeds (to the extent not applied to the repair or restoration of any mortgaged premises), Contributed Mortgage Liquidation Proceeds (as defined in this Official Statement), amounts from the sale or other disposition of a Contributed Mortgage Loan, or net recovery from any mortgage insurance to the extent not included in Contributed Mortgage Insurance Proceeds, in each case representing such principal amounts;

(ii) “Contributed Mortgage Insurance Proceeds” means payments received with respect to the Contributed Mortgage Loans under any insurance policy, guarantee or fidelity bond, less any expenses incurred in realizing such payments and less any reimbursement of advances due the insurer or provider of such a bond; and

(iii) “Contributed Mortgage Liquidation Proceeds” means the net amounts (other than Contributed Mortgage Insurance Proceeds) received in connection with the liquidation of a defaulted Contributed Mortgage Loan, whether through foreclosure, trustee’s sale, repurchase by a mortgage lender, or otherwise, less any costs and expenses incurred in realizing those amounts.

Authority Contribution

In September, 2004, the Members of the Authority authorized the Authority to transfer up to \$10,000,000 from the Authority’s Administrative Fund to the Program Fund under the General Resolution to be held in an Authority Program Account and used to acquire additional Mortgage Loans for the Program, to pay costs of Supplemental Mortgage Coverage with regard to such Mortgage Loans or as otherwise provided in an Authority Program Determination. The Authority transferred \$10,000,000 to an Authority Program Account on October 1, 2004, virtually all of which has been used to acquire additional Mortgage Loans for the Program. Amounts transferred to an Authority Program Account may be transferred back to the Authority in whole or in part upon Authority request if a Ratings Certificate (and in certain circumstances a Cash Flow Certificate) is filed with the Trustee.

Cash Flow Certificates and Rating Certificates

The General Resolution allows the Authority to take various actions subject to filing with the Trustee a Cash Flow Certificate and a Rating Certificate. A Cash Flow Certificate is a Certificate stating that, as shown in cash flow projections included in the Certificate, there will at all times be available sufficient amounts in the Funds and Accounts under the General Resolution, without additional contributions from the Authority other than Transfer Amounts to pay timely all principal of and interest on the Bonds, under each set of cash flow scenarios described in the General Resolution. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Transfer Amounts.” A Rating Certificate is a Certificate that the Authority has been advised by each Rating Agency (including by means of published rating criteria) that the then Rating of the Bonds by the Rating Agency will not be reduced as a result of the actions to be taken by the Authority.

Except as provided in a Series Resolution, a Cash Flow Certificate for Bonds that are not Subordinate Bonds need only show the sufficiency of amounts so as to pay debt service for Bonds that are not Subordinate Bonds. The Cash Flow Certificate shall include projections of the amounts available for payment of debt service on Bonds under each then current cash flow scenario, using the assumptions described in the General Resolution. See “SUMMARY OF CERTAIN PROVISIONS OF THE GENERAL RESOLUTION – Compliance Certificates and Cash Flow Certificates.” The Cash Flow Certificate shall also include a set of operating policies setting forth rules or limitations to be followed with respect to discretionary activities of the

Authority under the General Resolution and Series Resolutions. Cash flow projections shall take into account the financial position of the Program as of the stated starting date of the projection, shall be consistent with the General Resolution and the Series Resolutions and shall assume compliance with the operating policies set forth in the Cash Flow Certificate and the various Series Program Determinations. A Cash Flow Certificate shall be filed at least annually with the Trustee and each Rating Agency.

The actions for which filing a Cash Flow Certificate and a Rating Certificate is required are:

1. issuing any Series of Bonds;
2. changing in a Cash Flow Certificate any assumptions in any cash flow scenario from the then current Cash Flow Certificate;
3. making certain supplements or amendments to a Series Resolution including, without limitation, Series Program Determinations or changing any provisions as to Transfer Amounts;
4. remarketing any Bonds in connection with a change in tender period except as required at the time of their issuance; or
5. converting the interest rate on Bonds bearing interest at a COB Rate to a Fixed Rate or a new COB Rate.

In addition to the above requirements, prior to taking certain other actions, the General Resolution requires the Authority to file with the Trustee either a Cash Flow Certificate or a Compliance Certificate. A Compliance Certificate with respect to any action is a Certificate stating that the action complies with the operating policies of the Authority as set forth in the then current Cash Flow Certificate. The actions for which either a Cash Flow Certificate or a Compliance Certificate must be filed are:

1. any purchase or redemption of Bonds (other than mandatory redemption pursuant to Sinking Fund Requirements and certain purchases of Bonds in lieu of Sinking Fund Requirements);
2. certain withdrawals of amounts from the Revenue Fund free and clear of the pledge and lien of the Resolution;
3. any amendment, sale or other disposition of any Mortgage Loan not in default;
4. any use of Recoveries of Principal for any use other than payment of scheduled debt service; or
5. any deviation from the operating policies set forth in the most recent Cash Flow Certificate.

Additional Bonds

Under the General Resolution, the Authority may issue Additional Bonds on a parity with Outstanding Bonds for the purpose of purchasing or making Mortgage Loans, making deposits in Funds and Accounts under the General Resolution, refunding Bonds or other obligations and other lawful purposes of the Authority. Additional Series of Bonds on a parity with the Bonds may be issued only upon filing a Cash Flow Certificate and Rating Certificate with the Trustee. Upon issuing any such Series of Bonds, the amount in the Reserve Fund must equal the Reserve Requirement. The Authority may also issue Subordinate Bonds under the General Resolution, but only upon filing a Cash Flow Certificate and a Rating Certificate with respect to Bonds other than Subordinate Bonds.

Interest Rate Protection Agreements

With respect to certain Prior Bonds that bear interest at a variable rate, the Authority has entered into or maintains, or has caused the Trustee to enter into or maintain, a swap agreement, rate cap agreement or similar interest rate protection agreement (an “Interest Rate Protection Agreement”) to help stabilize the cost of borrowing under the Program. The 2001 Series D Bonds, the 2001 Series F Bonds, and the 2002 Series B Bonds were issued as Taxable Floating Rate Term Bonds, and the Authority entered into or caused the Trustee to enter into Interest Rate Protection Agreements with respect to those Bonds (the “Prior Swap Agreements”).

Regularly scheduled payments to the respective Swap Providers under the Prior Swap Agreements (Bear Stearns Financial Products Inc. with respect to the 2001 Series D Bonds, Merrill Lynch Capital Services, Inc. with respect to the 2001 Series F Bonds, and Lehman Brothers Financial Products, Inc. with respect to the 2002 Series B Bonds), are secured by the pledge of the General Resolution on a parity basis with the Bonds, and amounts payable by the respective Swap Providers to the Authority or the Trustee, as applicable, will be deemed to be Revenues under the General Resolution. For further information, see “AUTHORITY ANNUAL FINANCIAL STATEMENTS (AUDITED) – Note F – Bonds and Notes Payable – Derivatives” attached as Appendix A-1.

THE PROGRAM

General

The Authority established the Program to provide funds to purchase Mortgage Loans made to Eligible Borrowers for Qualified Dwellings in accordance with the requirements of State and federal law and the General Resolution. The description of the Program that follows reflects the current policies of the Authority and is subject to change, including in connection with the issuance of Additional Bonds, which will be secured on a parity with the Offered Bonds and the Prior Bonds.

Mortgage Loans are generally purchased from Mortgage Lenders on a first-come, first-served basis. The Authority’s records of Mortgage Loan originations indicate that purchases tend to be dispersed throughout the State in a manner that is proportionate to each county’s

population. The Authority maintains the right to reserve a certain percentage of the non-targeted lendable proceeds from each Series of Bonds for the purpose of making Mortgage Loans in areas of the State outside of the Chicago metropolitan area.

The interest rate or rates at which the Authority will purchase Mortgage Loans with amounts on deposit in the various Series Program Accounts may be adjusted from time to time. If the adjustment of an interest rate results in a lowering of the weighted average mortgage interest rate assumption in the then current Cash Flow Certificate applicable to a Series of Bonds, then prior to purchasing Mortgage Loans with amounts on deposit in the applicable Series Program Account at the new interest rate, the Authority will file a Cash Flow Certificate and Rating Certificate with the Trustee. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Cash Flow Certificates and Rating Certificates.” Generally, the Authority’s staff reviews activity weekly under the Program and determines whether to so modify the interest rate or rates. Factors considered include the prevailing conventional mortgage interest rates, the volume of reservations for the purchase of Mortgage Loans received during the prior week and the amount available for the purchase of Mortgage Loans. If a new mortgage interest rate or rates are established, the Authority generally applies the new rates to all subsequently received reservations for the purchase of Mortgage Loans from all Series Program Accounts until a new rate or rates are established.

The Authority also retains the right to determine from which Series Program Account it will purchase Mortgage Loans. The Authority generally allocates new reservations for Mortgage Loan purchases to available proceeds of its older Series of Bonds first. A Mortgage Loan may be acquired with funds from one or more of the various Series Program Accounts. Principal and interest obligations with respect to such Mortgage Loans shall be allocated to the various Series of Bonds as provided by the Authority.

Second Mortgage Loans are made to provide down payment assistance and closing cost assistance to certain Eligible Borrowers to whom First Mortgage Loans are made. The amount of the First Mortgage Loan and Second Mortgage Loan, taken together, may not exceed 110 percent of the Property Value of the Qualified Dwelling (in each case, including financed improvements). These Eligible Borrowers are also required to participate in home ownership counseling programs. The Authority currently anticipates that the total aggregate principal amount of Second Mortgage Loans purchased will be less than one percent of the aggregate principal amount of Mortgage Loans held under the Program.

The Authority began purchasing Mortgage Loans under the Program in the fourth quarter of 1994. As of June 30, 2007, there were \$62,034,026 of Series Program Account deposits that were unreserved and available for the purchase of Mortgage Loans. To the extent Mortgage Loans are not purchased, unexpended proceeds of a Series of Bonds may be used to redeem at par without premium Bonds of such Series. See “CERTAIN PROGRAM INFORMATION – Bond Redemptions and Purchases” attached as Appendix B. As of June 30, 2007, 9,711 Mortgage Loans in the principal amount of \$763,601,166 were outstanding, less than one percent of which were Second Mortgage Loans. Of these, 9,324 Mortgage Loans in the principal amount of \$744,573,432 were purchased Mortgage Loans and 387 Mortgage Loans in the principal amount of \$19,027,734 were Contributed Mortgage Loans.

For certain additional information regarding the Program, including Bonds issued, purchased and redeemed, Mortgage Loan payment delinquencies and Mortgage Pool Insurers, see “CERTAIN PROGRAM INFORMATION” attached as Appendix B. For certain information regarding primary mortgage insurance programs and Mortgage Pool Insurance, see “SUMMARY OF CERTAIN MORTGAGE INSURANCE AND ILLINOIS FORECLOSURE PROCEDURES” attached as Appendix C. See “AUTHORITY ANNUAL FINANCIAL STATEMENTS (AUDITED)” attached as Appendix A-1 for certain financial information regarding the Program.

Certain information regarding payment delinquencies with respect to single-family mortgage loans purchased under the Authority’s Residential Mortgage Revenue Bond program is set forth under the caption “OTHER PROGRAMS – Other Single-Family Mortgage Purchase Programs.” Such information is provided for purposes of general reference only. The performance of the Program may differ substantially from the historical experience of the Authority’s prior single-family mortgage purchase program.

Program Eligibility

Under the Act, the Authority may acquire mortgage loans secured by a lien on real property located in the State and improved by a residential structure, or unimproved if the mortgage loan proceeds are used for the erection of a residential structure. The Authority has adopted rules and regulations for the purchase of such mortgage loans governing, among other things, the residences, the borrowers, the mortgage lenders and the mortgage loans.

The General Resolution provides that the details of the Mortgage Loans to be purchased with the proceeds of a Series of Bonds are to be determined by the Series Program Determinations set forth in the related Series Resolution. The details of the Mortgage Loans to be purchased with the proceeds of the Offered Bonds and the Prior Bonds are described in this Official Statement under the caption “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Mortgage Loans.”

Under the Code, all proceeds of any Prior Bonds that are tax-exempt (exclusive of issuance costs and a reasonably required reserve) must be used to finance one- to four-unit owner-occupied residences owned by persons who meet certain income and Mortgage Loan eligibility requirements. The Code mandates different income and acquisition cost limitations for different areas of the State.

The Authority will adjust the limitations on Eligible Borrower household gross income and acquisition cost from time to time in accordance with requirements of the Code. There is no assurance that any such adjustments will not reduce the maximum Eligible Borrower household gross income or the maximum acquisition cost applicable to the Program. See “THE PROGRAM – Eligibility Requirements of the Code” in this Official Statement for a further discussion of eligibility requirements for Eligible Borrowers and Mortgage Loans.

Origination and Purchase

The discussion under this caption does not apply to Transferred Mortgage Loans, which were originally purchased under the Authority's 1983 Resolution.

The Authority invites selected Mortgage Lenders to participate in the Program. Mortgage Lenders are required to enter into a mortgage purchase agreement with the Authority. In order to participate in the Program, a Mortgage Lender must complete and send a form application to the Authority offering to participate. The mortgage purchase agreement, the form application and the Authority's Procedural Guide (defined below), with any amendments thereto, are collectively referred to in this Official Statement as the "Mortgage Purchase Agreement." The terms of the Mortgage Purchase Agreement are subject to change so long as there is compliance with State and federal law and the Resolution.

The Mortgage Lenders must process all Mortgage Loans in compliance with the requirements of the Mortgage Purchase Agreement. The Mortgage Lender performs the initial underwriting of the Mortgage Loan. Credit underwriting must be in compliance with accepted mortgage industry underwriting standards and standards approved by the insurer providing the mortgage pool insurance, if any, and, for Mortgage Loans required to have private mortgage insurance, standards approved by the qualified private mortgage insurer, and for Mortgage Loans that are FHA-insured, VA-guaranteed or USDA-guaranteed, standards specified by the applicable agency. The Authority's procedure manual (the "Procedural Guide") emphasizes use of Fannie Mae underwriting guidelines (other than with respect to FHA-insured Mortgage Loans, VA insured Mortgage Loans or USDA insured Mortgage Loans, which shall be subject to FHA, VA or USDA underwriting guidelines, respectively). The Mortgage Lender must obtain an application package consisting of all required credit and employment information, appraisals, affidavits, certificates and other documents required by the Procedural Guide with respect to each Mortgage Loan and forward the application package to the Authority. The Authority reviews the application package for each Mortgage Loan to be financed with proceeds of Bonds and, if acceptable, sends a notice of acceptance to the Mortgage Lender.

The Authority purchases Mortgage Loans in accordance with the provisions of the Mortgage Purchase Agreement. A notice to participating Mortgage Lenders specifies the interest rate or rates for Mortgage Loans to be purchased by the Authority. Prepayment penalties are prohibited in connection with Mortgage Loans, but late charges may be collected and retained by Servicers. Under the Mortgage Purchase Agreement, the Authority is not obligated to purchase any Mortgage Loan unless the Mortgage Loan is delivered to the Authority within 45 days of closing. The Authority purchases Mortgage Loans at purchase prices determined on a Series by Series basis. The purchase prices for First Mortgage Loans purchased from amounts on deposit in the respective Series Program Accounts for the various Series of Bonds are typically based on a percentage of the original principal amount of the applicable First Mortgage Loan at the time of purchase, plus accrued interest through the day prior to the date of purchase. The percentage depends on the points paid to Mortgage Lenders in connection with a First Mortgage Loan, and except in the case of First Mortgage Loans as to which the Mortgagor is a Veteran (as defined in the Series Resolutions for the Offered Bonds), according to the following schedule:

<u>Points</u>	<u>Purchase Price Percentage</u>
0	101.25%
1	100.25
2	99.25
3	98.25

The purchase price percentage for a First Mortgage Loan as to which the Mortgagor is a Veteran also depends on the points paid to Mortgage Lenders in connection with such First Mortgage Loan, but according to the following schedule:

<u>Points</u>	<u>Purchase Price Percentage</u>
0	101.50%
1	100.50
2	99.50
3	98.50

The Authority may increase the purchase price of a First Mortgage Loan by up to \$2,500, with the additional amount being used for down payment assistance or costs of closing, all as the Authority determines from time to time. The Authority may also purchase smaller Mortgage Loans at par plus a flat fee.

The purchase prices for Second Mortgage Loans purchased from amounts on deposit in the respective Series Program Accounts for the various Series of Bonds will be 101.25 percent of the original principal amount of the applicable Second Mortgage Loan at the time of purchase, plus accrued interest, if any, through the day prior to the date of purchase.

Each First Mortgage Loan and Second Mortgage Loan is required under the related Mortgage Purchase Agreement to have the benefit of (i) the current form of ALTA title insurance policy with an environmental protection lien endorsement in an amount at least equal to the original principal amount of such Mortgage Loan, insuring that the mortgage relating to such Mortgage Loan constitutes a first lien or second lien, as applicable, on the mortgaged property, subject only to exceptions that the Authority has previously approved, and (ii) flood insurance for any property located in a special flood hazard area for which HUD has made federal flood insurance available. Each First Mortgage Loan also requires certain escrow payments with respect to taxes, assessments, insurance premiums and other charges or alternative arrangements that are satisfactory to the Authority to assure payment thereof.

Each Mortgage Purchase Agreement contains certain Mortgage Lender representations and warranties to the Authority concerning each Mortgage Loan being sold to the Authority, including, among others, that, at the time of delivery of such Mortgage Loan to the Authority: (i) there is no default or delinquency under the Mortgage Loan; (ii) the First Mortgage Loan or Second Mortgage Loan is secured by a valid and existing first lien or second lien, respectively, on the mortgaged property; and (iii) all documents required to be filed to perfect the lien on the mortgaged property against third parties have been filed.

Each Mortgage Purchase Agreement further provides that the Mortgage Lender will repurchase any Mortgage Loan sold to the Authority or, if the Authority has acquired title to and sold the residence securing the Mortgage Loan, reimburse the Authority for any losses, upon the Authority's written notice if any of the following events occurs with respect to such Mortgage Loan: (i) the Mortgage Lender fails to deliver the recorded mortgage, the recorded assignment of mortgage or the title insurance policy when available; (ii) the Authority suffers, or is threatened with, a material loss by reason of the misfeasance, non-feasance or malfeasance of the Mortgage Lender with respect to the Mortgage Loan; (iii) the Authority determines that any Mortgage Lender representation with respect to such Mortgage Loan was untrue when made, any warranty or term of the Mortgage Purchase Agreement has been breached, or a misstatement of a material fact exists in any of the documents relating to the Mortgage Loan; (iv) in the case of First Mortgage Loans, any primary mortgage insurance or mortgage pool insurance policy with respect to the First Mortgage Loan is canceled or lapses at any time during the term of the First Mortgage Loan due to the fault of the Mortgage Lender or the party servicing the First Mortgage Loan and such insurance is not promptly reinstated to the satisfaction of the Authority; and (v) the Mortgage Lender, without the prior written consent of the Authority, waives the enforcement of (or consents on behalf of the Authority to the waiver of) any provisions of the mortgage note or mortgage.

Loan Servicing

After a Mortgage Loan is purchased by the Authority, it is serviced under a master servicing agreement (the "Servicing Agreement") by an approved mortgage loan servicer (a "Servicer"), which may be the Mortgage Lender that sold such Mortgage Loan to the Authority. The Authority may also act as a Servicer. Each Servicing Agreement provides for a servicing fee (equal to $\frac{1}{4}$ of one percent per annum for Mortgage Loans for which reservations were made on and after January 1, 2005 or $\frac{3}{8}$ of one percent per annum for Mortgage Loans for which reservations were made prior to January 1, 2005, in each case of the outstanding principal balance of First Mortgage Loans serviced under the agreement), computed and paid monthly. The Servicer remits Mortgage Loan payments (net of the servicing fee) to the Authority, is reimbursed for certain expenses pertaining to delinquent loans and is entitled to retain late payment charges.

Under the terms of the Servicing Agreement, the Servicer must deposit all payments of principal and interest received on account of the Mortgage Loan being serviced in payment accounts ("P&I Accounts") and all payments for taxes, insurance and the like in escrow accounts ("T&I Accounts"). All such accounts must be insured by the Federal Deposit Insurance Corporation (the "FDIC"). These accounts must be established in financial institutions in the State unless otherwise approved by the Authority upon such conditions as are deemed appropriate to protect its interests and the interests of the beneficial owners of the Bonds.

Under federal regulations, the FDIC presumes that all P&I Accounts established by a Servicer in a given insured financial institution are entitled in the aggregate to \$100,000 of deposit insurance. These FDIC regulations also provide, however, in certain circumstances, for "pass-through" deposit insurance protection for funds in P&I Accounts that are designated as custodial accounts for other persons or entities. The interest of each beneficial owner in funds in custodial accounts may be determined on a fractional or percentage basis, provided that the

deposit account records sufficiently indicate that the depositor is acting in a fiduciary capacity for such persons or entities. Under the terms of the Servicing Agreement, the Servicer must establish and title each P&I Account to indicate that funds in such account are held by the Servicer and the depository as custodial funds for the benefit of the Authority, the Trustee and the beneficial owners of the Bonds. The Authority has received informal written confirmation from FDIC staff attorneys that the manner in which it requires Servicers to maintain the P&I Accounts complies with the FDIC's pass-through insurance regulations.

The Servicing Agreements require the Servicer to service Mortgage Loans in accordance with acceptable mortgage lending practices of prudent lending institutions and in accordance with the Servicing Agreement. This includes, among other things, taking steps to assure the maintenance of required mortgage and hazard insurance policies, inspection of mortgaged premises, and properly applying, paying and rendering an accounting of all sums collected from a mortgagor for payment of principal and interest, taxes, assessments and hazard and mortgage insurance premiums.

In the event of any default on a Mortgage Loan, the Servicer is obligated to take all actions it would take with respect to mortgage loans serviced for others or held for its own account consistent with the terms of the Servicing Agreement and the requirements of the applicable primary mortgage insurer or pool insurer, including, at the direction of the Authority or when required by the mortgage insurance policies, the institution of foreclosure proceedings.

From the funds deposited in each T&I Account, the Servicer must pay when due primary mortgage and hazard insurance premiums, taxes and special assessments. The FDIC permits pass-through deposit insurance protection (as described above) to the individual borrowers for funds in mortgage escrow accounts denominated as such on the depository's and Servicer's books and records.

The rights of the Owners and the beneficial owners of the Bonds with respect to funds held by a Servicer in a clearing account before deposit in a P&I Account or a T&I Account may, under certain circumstances, in the event of insolvency of the Servicer or the depository that is not the Servicer, be subject to the claims of creditors of the Servicer or the depository for the Servicer in the ensuing insolvency proceeding. The Authority, however, requires funds received and cleared in such accounts to be promptly transferred to the applicable P&I Accounts and T&I Accounts.

The Authority may approve the transfer of a Servicer's servicing functions under a Servicing Agreement to another Servicer. As of June 30, 2007, there were approximately 50 Servicers servicing Mortgage Loans under the Program.

Eligibility Requirements of the Code

The Code provides that interest on obligations of the Authority is excluded from "gross income" of the owners thereof for federal income tax purposes only if, among other things, all proceeds (exclusive of issuance costs and a reasonably required reserve) are used to finance one- to four-family, owner-occupied residences, and if certain requirements are met, including

eligibility requirements for home mortgage loans and borrowers (“Eligibility Requirements”) and certain other requirements related to the issue. See “TAX MATTERS” for a discussion of the requirements of applicable federal tax laws.

OTHER PROGRAMS

Other Single-Family Mortgage Purchase Programs

Information regarding the Authority’s other single-family mortgage purchase programs is provided below for purposes of general reference only. The performance of the Program may differ substantially from the historical experience of the programs described below. The mortgage loans and other funds and assets held under these programs are not pledged as security for the Bonds. For a further discussion of the single-family mortgage purchase programs, see “AUTHORITY ANNUAL FINANCIAL STATEMENTS (AUDITED) – Note E – Program Loans Receivable,” “– Note F – Bonds and Notes Payable,” “– Note I – Other Liabilities” and “– Note M – Subsequent Events” attached as Appendix A-1.

Residential Mortgage Revenue Bonds. The Authority adopted its 1983 Resolution for the purpose of purchasing mortgage loans from approved lending institutions located throughout the State, on owner-occupied, one-to-four unit dwellings acquired by eligible buyers. From 1983 through 1993, the Authority issued 32 series of bonds (a *de minimis* amount of which remain outstanding) under the 1983 Resolution for an aggregate amount of approximately \$1.8 billion in lendable proceeds. The Authority does not plan to issue additional bonds to purchase additional mortgage loans under this program.

Single Family Mortgage Revenue Bonds (Draw Down Bonds). In September 2005, the Authority adopted its Single Family Mortgage Revenue Bonds (Draw Down Bonds) Resolution, permitting the Authority from time to time to issue bonds in an amount not to exceed \$300 million in outstanding principal and to use the proceeds of such sales to refund, including on a replacement basis, the Authority’s outstanding Homeowner Mortgage Revenue Bonds or to preserve bond volume cap. The Authority closed on its first series of these bonds on November 30, 2006. These bonds are not general obligations of the Authority, and are not subject to certification pursuant to Section 26.1 of the Act.

Multi-Family Mortgage Loan Programs

Information regarding the Authority’s multi-family mortgage loan programs is provided below for purposes of general reference only. Many of the developments financed under these programs depend upon subsidies by HUD under Section 8 (“Section 8”) of the United States Housing Act of 1937, as amended (the “1937 Housing Act”) to meet their mortgage loan payments to the Authority. For a further discussion of the multi-family mortgage loan programs, see “AUTHORITY ANNUAL FINANCIAL STATEMENTS (AUDITED) – Note E – Program Loans Receivable,” “– Note F – Bonds and Notes Payable,” “– Note I – Other Liabilities” and “– Note M – Subsequent Events” attached as Appendix A-1.

Affordable Housing Program Trust Fund Bonds. The Authority is designated the administrator of the Illinois Affordable Housing Program. The program is funded by the Illinois Affordable Housing Trust Fund with funds generated by an increase in the State real estate transfer tax. The Authority is authorized to pledge an aggregate of \$10 million annually of the revenues and amounts on deposit or to be deposited to the Affordable Housing Trust Fund as security for affordable housing bonds that the Authority issues under this program to finance low and very low income single-family and multi-family housing. The Authority has pledged and may in the future pledge its general obligation in certain limited respects as security for some of these bonds, but such bonds are not and will not be subject to certification under Section 26.1 of the Act.

The Authority issued a refunding series of these bonds in the summer of 2004 and the spring of 2005. The proceeds of these refunding series were used to redeem all or a portion of a prior series of bonds.

Multi-Family Housing Revenue Bonds. In November 1997, the Authority issued its Multi-Family Housing Revenue Bonds, Series 1997 (AMT) (Camelot Development) to pay or redeem certain of the Authority's outstanding Multi-Family Housing Bonds (proceeds of which were used to finance the Camelot Development), pay or reimburse the Authority for costs of rehabilitation and improvement of the Camelot Development, and certain other uses. In June 2000, the Authority issued its Multi-Family Housing Revenue Bonds, Series 2000A (Lakeshore Plaza Development) to pay or redeem certain of the Authority's outstanding Multi-Family Housing Bonds (proceeds of which were used to refinance the Lakeshore Plaza Development), and certain other uses. These two series of bonds are general obligations of the Authority but are not subject to certification pursuant to Section 26.1 of the Act.

Housing Bonds. The Authority issued bonds for the first time under this program in April 1999. Bonds issued under this program are anticipated to be used to finance new mortgage loans and refinance, directly or indirectly, and to make additional loans for, multi-family developments currently financed under the Multi-Family Program Bonds. The bonds issued under this program to date are general obligations of the Authority but not subject to certification pursuant to Section 26.1 of the Act.

Risk Sharing Program. In June 1994, the Authority entered into a Risk Sharing Agreement with HUD that permitted the Authority to participate in HUD's Risk Sharing Pilot Program. In October 2000, Congressional legislation made the Risk-Sharing Pilot Program into a permanent program that allows the Authority to submit an unlimited amount of loans for Risk-Sharing loan credit enhancement. Under the Risk Sharing Program, HUD insures certain mortgage loans on multi-family housing developments ("Risk Sharing Loans"). Under the Risk Sharing Agreement, the Authority will underwrite Risk Sharing Loans following its own underwriting guidelines. HUD will insure these Risk Sharing Loans and, in the event of a foreclosure, will bear 10 to 90 percent of the loss, as elected by the Authority at the time the loan is made. The Authority will bear the remainder of the risk. The Authority has made a number of Risk Sharing Loans, and is currently reviewing a number of other applications for Risk Sharing Loans, and anticipates entering into commitments for, and closing, additional Risk Sharing Loans.

Single Project Financings. The Authority issues from time to time special limited obligation bonds to finance single projects as further described in “AUTHORITY ANNUAL FINANCIAL STATEMENTS (AUDITED) – Note F – Bonds and Notes Payable – Other Financings” attached as Appendix A-1. These bonds are generally conduit financings and are not general obligations of the Authority or subject to certification pursuant to Section 26.1 of the Act.

Other Authorized Activities

In addition to the programs described above, the Authority is authorized under the Act to: (i) make grants to non-profit corporations for operating, administrative and other expenses relating to developments financed under assisted or unassisted mortgage financing programs; (ii) make housing assistance grants to non-profit corporations and limited profit entities for the benefit of residents of developments in order to achieve lower rentals for some or all of the housing units in such developments financed under assisted or unassisted mortgage financing programs; (iii) make loans, grants or deferred payment loans to low and moderate income persons or to non-profit and limited profit entities to finance the improvement or rehabilitation of single-family residences; (iv) make non-interest bearing advances to non-profit corporations for constructing or rehabilitating developments to make housing available to low and moderate income persons; (v) make loans for housing related commercial facilities; (vi) act as a developer of land or structures to provide developments, community facilities or housing related commercial facilities; and (vii) make loans or grants to encourage research in demonstration projects to develop new and better techniques for increasing the supply of housing for low and moderate income persons and families. The Authority may also provide technical assistance in the development of housing for low and moderate income persons and families.

The Authority is designated the administrator of the Illinois Affordable Housing Program. The program is funded by the Illinois Affordable Housing Trust Fund with funds generated by an increase in the State real estate transfer tax. Trust Fund moneys not otherwise pledged as security for Affordable Housing Program Trust Fund Bonds may be used, with the approval of the Authority, to make grants, mortgages or other loans to acquire, construct, rehabilitate, develop, operate, insure and retain affordable single-family and multi-family housing for low and very low income households. See “OTHER PROGRAMS – Multi-Family Mortgage Loan Programs.”

The Authority is designated the program administrator for the HOME Program for the State, as authorized by Title II of the National Affordable Housing Act of 1990. Under that Project, participating Mortgage Lenders that have been approved by the Authority may be allowed to originate Mortgage Loans on Qualified Dwellings. The HOME Program provides down payment and closing cost assistance to certain eligible borrowers whose income is at or below 80 percent of the median income for the area in which the Qualified Dwelling is located, as determined by HUD. Applications for HOME Program funds are accepted on a quarterly basis from for-profit and not-for-profit organizations, local and county governments and public agencies. HOME Program funds may be used, with the approval of the Authority, to make grants or loans for moderate or substantial rehabilitation, property acquisition, new construction,

tenant-based rental assistance, reconstruction, site improvements, owner-occupied rehabilitation, demolition and relocation expenses, all in connection with providing housing for low and very low income persons.

Issuance of Bonds

The Bonds shall be executed substantially in the form and manner set forth in the General Resolution and shall be deposited with the Fiscal Agent for authentication. Before the Bonds of the Series shall be authenticated and delivered by the Fiscal Agent, the Trustee shall advise the Fiscal Agent that there is on file with the Trustee the following:

- (a) A copy of the General Resolution and the Series Resolution duly certified by an Authorized Representative;
- (b) A Bond Counsel's Opinion stating in the opinion of such counsel that (i) the General Resolution, and the applicable Series Resolution, have been duly adopted and are valid and binding upon the Authority and (ii) the Bonds being issued are valid and legally binding special limited obligations of the Authority secured in the manner and to the extent set forth in the General Resolution and the applicable Series Resolution, and are entitled to the benefit, protection and security of the provisions, covenants and agreements contained in the General Resolution and the applicable Series Resolution;

Program Fund - Series Program Accounts

Upon the issuance of a Series of Bonds, a Series Program Account within the Program Fund shall be established and be applicable solely to such Series of Bonds. Moneys held in each Series Program Account shall be used to pay Costs of Issuance of the related Series of Bonds, or to reimburse the Authority for Costs of Issuance, in either case in the amount specified in or pursuant to the Series Resolution, upon a requisition stating generally the nature and amount of those Costs of Issuance signed by an Authorized Representative. Moneys held in each Series Program Account other than the amounts used or to be used to pay Costs of Issuance shall be applied by the Trustee to the making or acquisition of Mortgage Loans or, upon Authority Request, to pay costs of Supplemental Mortgage Coverage with regard to those Mortgage Loans or as otherwise provided within the Series Resolution. As provided in a Series Resolution, the Authority may use amounts in a related Series Program Account to acquire as Pledged Property Mortgage Loans previously acquired by the Authority not as Pledged Property. Amounts in Authority Program Accounts shall be applied by the Trustee to finance the making or acquisition of Mortgage Loans (the characteristics of which conform to the related Authority Program Determination), or, upon Authority Request, to pay costs of Supplemental Mortgage Coverage with regard to those Mortgage Loans or as otherwise provided in the applicable Authority Program Determination. The Trustee shall transfer unexpended amounts in an Authority Program Account to the Authority as specified in an Authority Request accompanied by a Ratings Certificate. The Trustee shall transfer unexpended amounts in a Series Program Account to the Revenue Fund to the credit of the Redemption Account, as specified by an Authority Request. The Trustee shall transfer amounts from the Program Fund to the Revenue Fund to the credit of the Debt Service Account as provided in the General Resolution. The Trustee shall transfer amounts in a Series Program Account for Bonds refunded in whole or in part by Bonds to the Series Program Account for the refunding Bonds, if so directed by the Series Resolution for the refunding Bonds.

All Revenues received by the Trustee shall be deposited in the Revenue Fund. The Authority shall identify and notify the Trustee of the amount of any Revenues that are Recoveries of Principal. Recoveries of Principal shall be credited to the Recovery of Principal Account. Except as may be limited by a Series Resolution, amounts in the Recovery of Principal Account may be transferred at any time upon Authority Request to the Redemption Account or

the Debt Service Account or, if upon filing a Compliance Certificate or Cash Flow Certificate, as applicable, any Series Program Account.

In addition, at any time, upon Authority Request, the Trustee (1) shall transfer any Transfer Amounts to any designated Series Program Account but only upon the filing by the Authority with the Trustee of a Cash Flow Certificate or a Compliance Certificate, and (2) shall apply amounts in the Revenue Fund not credited to any Account in the Fund to pay the accrued interest portion of the cost of acquiring any Mortgage Loan.

Upon their receipt, the Authority shall notify the Trustee as to any amounts that have been received for accrued interest with respect to Mortgage Loans made or acquired from amounts that were expended from the Series Program Account (to the extent not so funded from a transfer from the Revenue Fund). The Trustee shall transfer those amounts to the credit of the applicable Series Program Account.

On or prior to each debt service payment date for the Bonds the Trustee shall transfer all amounts in the Revenue Fund not in any Account in the Revenue Fund to the credit of Funds and Accounts in the following priority:

(i) to the Debt Service Account, an amount sufficient, together with amounts on deposit in that Account, timely to pay interest and principal, at maturity or mandatory redemption, due on such debt service payment date on the Bonds, other than Subordinate Bonds, and to pay any fees in connection with tender option features, letters of credit, standby bond purchase agreements and other forms of credit or liquidity related to such Bonds, as set forth in the Series Resolution or a Supplemental Resolution;

(ii) to the payment of Expenses specified in a Series Resolution, or such other Expenses provided in an Authority Request, accompanied by a Compliance Certificate or Cash Flow Certificate, as applicable;

(iii) to the Reserve Fund, an amount sufficient to cause the amount on deposit in that Fund, including Cash Equivalents permitted by a Series Resolution, to equal the Reserve Requirement;

(iv) to the Redemption Account, an amount as specified in an Authority Request accompanied by a Compliance Certificate or Cash Flow Certificate, as appropriate;

(v) to any Series Program Account in the Program Fund, an amount as specified in an Authority Request accompanied by a Compliance Certificate or Cash Flow Certificate, as appropriate;

(vi) to any Subordinate Bond Accounts, an amount sufficient together with amounts on deposit in that Account, established by a Series Resolution for Subordinate Bonds, timely to pay interest and principal, at maturity or mandatory redemption, due on such succeeding debt service payment date on the Subordinate Bonds and to pay any fees in connection with tender option features, letters of credit, standby Bond purchase agreements and other forms of credit or liquidity related to such Bonds, as set forth in the

Series Resolution or a Supplemental Resolution or to provide any reserve with respect to Subordinate Bonds; or

(vii) to the Authority, for any other purpose authorized or required under the Act free and clear of the pledge and lien of this Resolution. No such payment shall be made except upon filing of a Compliance Certificate or Cash Flow Certificate, as appropriate.

At any time the Trustee shall, upon Authority Request, apply amounts in the Revenue Fund not credited to any Account in it or the Rebate Fund to make required rebates to mortgagors or the United States as required by the Code.

At any time, upon an Authority Request, the Trustee shall apply amounts in the Revenue Fund and not credited to any Account in it to the purchase of Bonds as provided in the General Resolution.

At any time, upon Authority Request, amounts on deposit in the Revenue Fund may be applied to pay Expenses as specified in an Authority Request, accompanied by a Compliance Certificate or Cash Flow Certificate.

Debt Service Account

The Trustee shall, on each principal and interest payment date, withdraw from the Debt Service Account and pay to the Fiscal Agent(s) for the various Series of Bonds an amount in immediately available Funds for the payment of principal of and interest on the Bonds (other than Subordinate Bonds) on that date and credit for liquidity fees as provided in the General Resolution.

Purchase of Bonds from Revenue Fund

Amounts on deposit in the Revenue Fund and not credited to any Account in it may be applied as applicable to the purchase of Term Bonds of each Series then Outstanding, subject to Sinking Fund Requirements on the next date in such Fiscal Year such payments are scheduled as provided in this paragraph. The Fiscal Agent, upon an Authority Request, shall endeavor to purchase from such amounts to be transferred to it by the Trustee the Term Bonds or portions of Term Bonds of each Series stated to mature on the next maturity date or to be redeemed pursuant to Sinking Fund Requirements for Term Bonds of such Series then Outstanding at a price not to exceed the Redemption Price (plus accrued interest to the date of redemption) that would be payable on the next redemption date to the Owners of such Term Bonds under the provisions of the applicable Series Resolution if such Term Bonds or portions of Term Bonds should be called for redemption on such date. However, subject to applicable law, notwithstanding the maximum purchase price set forth in the preceding sentence, if at any time the Trustee notifies the Fiscal Agent that the investment earnings on the money in the Revenue Fund and not credited to any Account in it available for such a purchase shall be less than the interest accruing on the Bonds to be redeemed on such date from such Sinking Fund Requirement, then the Fiscal Agent may pay a purchase price for any such Bond in excess of the Redemption Price that would be payable on the next redemption date to the Owner of such Bond under the provisions of the applicable Series Resolution if an Authorized Representative certifies to the Trustee and the Fiscal Agent

that the amount paid in excess of such Redemption Price is expected to be less than the interest that is expected to accrue on the Bond less any investment earnings on such available money during the period from the settlement date of the proposed purchase to the redemption date. The Fiscal Agent shall pay the interest accrued on such Term Bonds or portions of Term Bonds to the date of settlement for the Term Bonds from the Revenue Fund. No such purchase of a Bond shall be made by the Fiscal Agent after the giving of notice of redemption as to that Bond by the Fiscal Agent. Purchased Bonds shall be delivered to the Trustee for cancellation.

Subordinate Bond Accounts

Amounts on deposit in the Revenue Fund to the credit of any Subordinate Bond Account(s) shall be applied as provided in the Series Resolution authorizing those Bonds.

Use of Amounts in Redemption Account for Purchase or Redemption

The Trustee may at any time apply all money deposited in the Revenue Fund to the credit of the Redemption Account for the purchase or redemption of Bonds as follows:

(a) The Fiscal Agent, upon Authority Request accompanied by evidence that a Compliance Certificate or a Cash Flow Certificate, as appropriate, has been filed with the Trustee, shall endeavor to purchase from such amounts to be transferred to the Fiscal Agent by the Trustee Bonds or portions of Bonds then Outstanding, whether or not such Bonds or portions of such Bonds shall then be subject to redemption, at a price not to exceed the Redemption Price (plus accrued interest, if any, to the date of redemption) that would be payable on the next redemption date for such Bonds if such Bonds or portions of Bonds should be called for redemption. The interest accrued on such Bonds to the date of settlement shall be paid from the Debt Service Account or the Revenue Fund (not credited to any Account in it), but no such purchase shall be contracted for by the Fiscal Agent after the giving of notice by the Fiscal Agent that such Bonds have been called for redemption except from money other than money set aside in the Redemption Account or other account established by Series Resolution for the redemption of such Bonds.

(b) The Fiscal Agent, upon Authority Request accompanied by evidence that a Compliance Certificate or a Cash Flow Certificate, as appropriate, has been filed having endeavored to purchase Bonds pursuant to paragraph (a) above, shall call for redemption on the earliest practicable date on which Bonds are subject to redemption from moneys in the Redemption Account and, with respect to interest on such Bonds payable upon redemption, the Debt Service Account or the Revenue Fund (not credited to any Account in it).

Reserve Fund

Moneys held for the credit of the Reserve Fund shall be transferred by the Trustee to the Debt Service Account to the extent that amounts on deposit in such Account, the Revenue Fund (not credited to any Account), the Recovery of Principal Account and the Redemption Account are insufficient to pay the interest or the principal or Redemption Price payable on the Bonds. Moneys in the Reserve Fund in excess of its requirement, taking into account any Cash Equivalents in the Reserve Fund, shall, upon an Authority Request, be transferred to the Revenue

Fund. See “SUMMARY OF CERTAIN PROVISIONS OF THE GENERAL RESOLUTION – Purchase of Bonds from Revenue Fund.” A Series Resolution may provide that the Reserve Requirement with respect to the applicable Series of Bonds may be funded in whole or in part through Cash Equivalents.

Deficiencies in Debt Service Account

In the event that amounts in the Debt Service Account are insufficient on any interest payment date or principal payment date to pay the principal of and interest on the Bonds (but only for Bonds other than Subordinate Bonds) due and unpaid on such date, whether at the stated payment or maturity date or by the retirement of such Bonds in satisfaction of the Sinking Fund Requirements, the Trustee shall withdraw amounts from the following Funds and Accounts in the following order of priority to the extent necessary to eliminate such deficiency:

- (a) Revenue Fund (not credited to any Account);
- (b) Recovery of Principal Account;
- (c) Redemption Account;
- (d) Reserve Fund; and
- (e) Program Fund

No amounts on deposit in the Revenue Fund being held to pay the Redemption Price of Bonds called for redemption or purchase shall be used for such purpose to the extent that such amounts have been set aside for the payment of Bonds that have been identified for purchase or called for redemption, and no amounts on deposit in any Series Program Account shall be used for such purpose to the extent that the Authority is contractually obligated to finance or originate identified Mortgage Loans acceptable for financing with amounts on deposit in such Series Program Account.

Trustee Payment of Expenses

The Authority grants to the Trustee, and the Trustee retains at all times, an ownership interest in the Pledged Property, sufficient to enable the Trustee to make any payments to be made by it as provided under this caption. This ownership interest is not in limitation of the ability of the Authority to sell or otherwise dispose of Mortgage Loans and to expend amounts in Funds and Accounts as provided in the General Resolution. However, the right of the Trustee to use unexpended amounts in the Revenue Fund to make payments of Program expenses, as provided under this caption shall have priority over any payment of amounts in the Revenue Fund to the Authority.

If the Trustee, in its sole discretion, shall conclude that the Authority for any reason, including without limitation, its inability to act, has failed timely to pay any of the expenses relating to the Trustee or the Program and that such failure, if not corrected, has resulted or may result in an Event of Default, the Trustee may at any time itself apply any amounts in the Revenue Fund (which are or would be available for payment of Program expenses under clauses (ii) and (vii) and the last paragraph under the caption “Program Fund - Series Program Accounts”) above to pay any such expenses other than general administrative expenses of the Authority, including, without limitation, the following:

- (i) any costs of maintaining Supplemental Mortgage Coverage as provided by the General Resolution or any Series Resolution;
- (ii) the fees or expenses of the Trustee;
- (iii) costs of servicing Mortgage Loans and of realizing on any Mortgage Loan upon any default;
- (iv) costs of maintaining all necessary records with respect to Pledged Property, preparing any necessary cash flow projections and complying with any covenant in the General Resolution or any Series Resolution, including any tax covenant;
- (v) any payments required to comply with any tax covenants; and
- (vi) any other expenses determined by the Trustee, in its sole discretion, to be necessary or appropriate to maintain the value of the Pledged Property.

Any powers given the Trustee as described under this caption are in addition to and not in lieu of or in limitation on any other rights or remedies of the Trustee under the General Resolution, except that to the extent applicable, payments received by the Trustee shall be applied as provided under the caption "Pro Rata Application of Funds" and not as provided under this caption.

Security for Deposits; Investment of Moneys

All amounts held by the Trustee or the Fiscal Agent(s) under the General Resolution, except as otherwise expressly provided in the General Resolution, shall be held in trust, shall be applied only in accordance with provisions of the General Resolution and shall not be subject to any lien, charge or attachment by any creditor of the Authority. All money deposited with the Trustee shall, until invested as described below, to the extent such deposits are in excess of the amounts guaranteed by the Federal Deposit Insurance Corporation or other federal agency, be continuously secured for the benefit of the Authority and the Owners of the Bonds either (a) by lodging with a bank or trust company selected by the Authority as custodian, or, if then permitted by law, by setting aside under control of the trust department of the bank holding such deposit as collateral security, Government Obligations or, with the approval of the Trustee, other marketable securities eligible as security for the deposit of trust funds under regulations of the Comptroller of Currency of the United States of America or (b) if the security provided for in clause (a) is not then permitted by law, then in such manner as may be required or permitted by law. However, it shall not be necessary, except as otherwise provided in the General Resolution, for the Trustee to give security for any money which shall be represented by obligations purchased under the provisions of this Article as an investment of such money.

Moneys deposited for the credit of the Funds and Accounts under the General Resolution shall, as nearly as is practicable, be continuously invested or reinvested by the Trustee upon the direction of an Authorized Representative in Investment Obligations, which shall be in such amounts and bear interest at such rates that sufficient money will be available to pay the

principal and interest due on the Bonds and shall mature, or which shall be subject to redemption by the holder thereof, at the option of such holder, such that sufficient moneys will be available for the purposes intended.

Any Investment Obligations so purchased in any Fund or Account shall be deemed at all times to be part of such Fund or Account. Any interest paid on the investment in any Fund or Account (except the Rebate Fund) shall be credited to the Revenue Fund and shall be treated as Revenues. Any interest paid on the investment of the Rebate Fund shall be credited to the Rebate Fund. Any profit or loss resulting therefrom shall be credited to or charged against such Fund or Account. The Trustee shall sell or present for redemption any obligations so purchased whenever it shall be necessary so to do in order to provide moneys to meet any payment or transfer from any such Fund or Account. The Trustee, when authorized by an Authorized Representative, may trade with itself in the purchase and sale of securities for such investment. Neither the Trustee nor the Authority shall be liable or responsible for any loss resulting from any such investment.

For the purposes of making any investment, the Trustee may consolidate money in any Fund or Account with money in any other Fund or Account and may transfer an interest in an investment from one Fund or Account to another without liquidating the investment.

Except as may be provided in a Series Resolution with respect to the Reserve Fund, in computing the amount in any Fund or Account held by the Trustee under the provisions of the General Resolution, Investment Obligations held in any Fund or Account shall be valued at their Amortized Value, plus the amount of interest on such obligations purchased with money in such Account or Fund.

Compliance Certificates and Cash Flow Certificates

The Authority shall file with the Trustee a Cash Flow Certificate accompanied by a Rating Certificate prior to (i) issuing any Series of Bonds (except no Rating Certificate is required for the initial Series of Bonds), (ii) changing any assumptions in any cash flow scenario in the current Cash Flow Certificate, (iii) making any supplement or amendment to a Series Resolution without consent of Owners of Bonds to amend any provisions in a Series Resolution for the Series Reserve Requirement, the use of Cash Equivalents in the Reserve Fund, Supplemental Mortgage Coverage, Investment Obligations or the Series Program Determinations, including changing any provision regarding Transfer Amounts, (iv) remarketing any Bonds in connection with a change in tender period except as required at the time of their issuance, or (v) causing amounts to be transferred from Authority Program Accounts to the Authority.

The Authority shall file with the Trustee either a Compliance Certificate or a Cash Flow Certificate, as appropriate, prior to (i) any purchase or redemption of Bonds (other than mandatory redemption pursuant to Sinking Fund Requirements and purchases of Bonds as provided in the General Resolution), (ii) withdrawal of amounts from the Revenue Fund pursuant to the General Resolution, (iii) any amendment, sale or other disposition of any Mortgage Loan not in default, (iv) any use of Recoveries of Principal with respect to Mortgage Loans (other than Mortgage Loans acquired solely with amounts in any Authority Program Account) for any use

other than purchase or redemption of Bonds or payment of scheduled debt service, or (v) any deviation from the operating policies set forth in the most recent Cash Flow Certificate.

A Compliance Certificate with respect to any action is a certificate of an Authorized Representative stating that the action complies with the operating policies of the Authority relating to the Program as set forth in the then current Cash Flow Certificate.

A Cash Flow Certificate is a certificate of an Authorized Representative stating that, as shown in cash flow projections included in the certificate, there will at all times be available sufficient amounts in the Funds and Accounts, without additional contributions from the Authority, timely to pay all principal of and interest on the Bonds, under each set of cash flow scenarios as described below. Except as provided in the Series Resolution, a Cash Flow Certificate for Bonds that are not Subordinate Bonds need only show the sufficiency of amounts so as to pay debt service for Bonds that are not Subordinate Bonds. The Cash Flow Certificate shall include projections of the amounts available for payment of debt service on Bonds under each then current cash flow scenario.

The Cash Flow Certificate shall set forth various cash flow scenarios, that is, sets of assumptions including, without limitation, the following: (i) the timing and amounts of mortgage prepayments, (ii) the timing of the acquisition of Mortgage Loans, (iii) the future issuance or remarketing of Bonds, (iv) the timing and amounts of the receipt of payments of scheduled principal of and interest on Mortgage Loans, (v) the investment return on Funds and Accounts, (vi) availability of amounts in the Reserve Fund, (vii) the form of Supplemental Mortgage Coverage, the amount and timing of defaults on Mortgage Loans and disposition or recovery prices of defaulted Mortgage Loans, or (viii) receipts of Transfer Amounts. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Transfer Amounts.” The Cash Flow Certificate shall also include a set of operating policies setting forth rules or limitations to be followed with respect to discretionary activities of the Authority under the General Resolution and Series Resolutions. Cash flow projections shall take into account the financial position of the Program as of the stated starting date of the projection, shall be consistent with the General Resolution and the Series Resolutions and shall assume compliance with the operating policies set forth in the Cash Flow Certificate and the various Series Program Determinations. A Cash Flow Certificate shall be filed at least annually with the Trustee and each Rating Agency.

Tax Covenants

The Authority shall at all times perform the applicable tax covenants contained in any applicable Series Resolution.

Books and Records

The Trustee shall keep proper books of record and account in which complete and correct entries shall be made of all transactions relating to the receipts, disbursements, allocations and applications of all money received by the Trustee under the General Resolution, and such books shall be available for inspection by the Authority and any Bondowner during business hours, upon reasonable notice and under reasonable conditions.

On or before the tenth business day of each month the Trustee shall furnish to the Authority a written statement of the Funds and Accounts held pursuant to the General Resolution and any Series Resolution.

The Authority shall keep proper books of record and account for all its transactions, other than those recorded in the books maintained by the Trustee described above, and such books shall be available for inspection by the Trustee and any Bondowner during business hours and upon reasonable notice.

Annual Audit and Report

Within 120 days of the end of each fiscal year of the Authority, the Authority shall file with the Trustee and each Rating Agency a copy of its audited financial statements for its previous Fiscal Year, accompanied by the related report of an Accountant.

Program Covenants

The Authority covenants (a) that no Mortgage Loan shall be financed by the Authority under the Program unless the Mortgage Loan complies in all respects with the Act in effect on the date of financing and (b) to comply with the applicable Series Program Determinations and Authority Program Determinations.

Events of Default

An “Event of Default” occurs if:

- (a) payment of interest on or the principal or Redemption Price of any of the Bonds is not made when due and payable; or
- (b) default in the due and punctual performance of any other covenants or agreements contained in the Bonds or in the General Resolution or any Series Resolution and such default continues for 90 days after written notice requiring the same to be remedied has been given to the Authority by the Trustee. The Trustee may give such notice in its discretion and shall give such notice at the written request of the owners of not less than 25 percent in aggregate principal amount of the Bonds then Outstanding. However, if such default can be remedied, so long as following such notice the Authority is diligently taking actions to remedy such default, such default shall not be an Event of Default.

An Event of Default with respect to Subordinate Bonds is not an Event of Default on Bonds that are not Subordinate Bonds. For purposes of determining the percentages of Owners of Bonds as provided in the General Resolution, only Bonds other than Subordinate Bonds shall be taken into account unless the Event of Default relates only to Subordinate Bonds in which case the percentage relates only to Subordinate Bonds. In the case of an Event of Default relating only to Subordinate Bonds, any acceleration or other remedy shall relate only to Subordinate Bonds.

Except upon the happening of an Event of Default specified in clause (a) above, the Trustee shall not be obliged to take notice or be deemed to have notice of any Event of Default unless specifically notified in writing of such Event of Default by the Authority or by the Owners of not less than 25 percent in aggregate principal amount of the Outstanding Bonds.

Acceleration of Maturity

Upon the happening and continuance of any Event of Default under clause (a) above (except as may be limited in a Series Resolution), then and in every such case the Trustee may and, subject to the Trustee's right to indemnification, upon the written direction of the Owners of not less than two-thirds in aggregate principal amount of the Bonds then Outstanding shall, by notice in writing to the Authority, declare the principal of all the Bonds then Outstanding (if not then due and payable) to be due and payable immediately. Upon such declaration, the principal of all Bonds then Outstanding shall become immediately due and payable, anything contained in the Bonds or in the General Resolution to the contrary notwithstanding. However, if at any time after the principal of the Bonds shall have been so declared to be due and payable, and before the entry of final judgment or decree in any suit, action or proceeding instituted on account of such Event of Default, or before the completion of the enforcement of any other remedy under this Resolution, money shall have accumulated in the Debt Service Account sufficient to pay the principal of all matured Bonds and all arrears of interest, if any, upon all the Outstanding Bonds (except the principal and interest of any Bonds that have become due and payable by reason of such declaration and except the principal of any Bonds not then due and payable by their terms and the interest accrued on such Bonds since the last interest payment date), and the charges, compensation, expenses, disbursements, advances and liabilities of the Trustee and the Authority and all other amounts then payable by the Authority under the General Resolution have been paid or a sum sufficient to make that payment has been deposited with the Trustee, and every other default known to the Trustee in the observance or performance of any covenant, condition or agreement or provision contained in the Bonds or in this Resolution (except a default in the payment of the principal of such Bonds then due and payable only because of a declaration under this paragraph) has been remedied to the satisfaction of the Trustee, then and in every such case the Trustee may, and upon the written request of the Owners of not less than two-thirds in aggregate principal amount of the Outstanding Bonds not then due and payable by their terms shall, by written notice to the Authority, rescind and annul such declaration and its consequences. No such rescission or annulment shall extend to or affect any subsequent default or impair any right consequent to it.

Enforcement of Remedies

Upon the happening and continuance of any Event of Default under the General Resolution, then and in every such case the Trustee may, and upon the written request of the Owners of not less than 25 percent in aggregate principal amount of the Bonds then Outstanding shall proceed, subject to the right of the Trustee to indemnification, to protect and enforce its rights and the rights of the Bondowners under applicable laws and under the General Resolution by such suits, actions or special proceedings in equity or at law, or by proceedings in the office of any board or officer having jurisdiction, either for the specific performance of any covenant or

agreement contained in the General Resolution or in aid or execution of any power granted in the General Resolution or for the enforcement of any proper legal or equitable remedy, as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights.

In the enforcement of any remedy under the General Resolution the Trustee shall be entitled to sue for, enforce payment of unpaid and recover judgment for in its own name as Trustee of an express trust, any and all amounts then or after any default becoming, and at any time remaining, due from the Authority for unpaid principal, premium, if any, interest or otherwise under any of the provisions of the General Resolution or the Bonds, with, to the extent permitted by the applicable law, interest on overdue payments of principal of and interest at the rate or rates of interest specified in the Bonds, together with any and all costs and expenses of collection and of all proceedings under the General Resolution and under the Bonds, without prejudice to any other right or remedy of the Trustee or of the Bondowners, and (2) to recover and enforce any judgment or decree against the Authority, but solely as provided in the General Resolution, the Series Resolution, and in the Bonds, for any portion of such amounts remaining unpaid and interest, costs and expenses as above provided, and to collect, in any manner provided by law, the money adjudged or decreed to be payable.

Regardless of the happening of an Event of Default, the Trustee may, and, subject to the right of indemnification, if requested in writing by the Owners of not less than 25 percent in aggregate principal amount of the Bonds then Outstanding (other than Subordinate Bonds), shall institute and maintain such suits and proceedings as it may be advised are necessary or expedient (i) to prevent any impairment of the Pledged Property by any acts that may be unlawful or in violation of the General Resolution or of any Series Resolution or (ii) to preserve or protect the interests of the Bondowners, provided that such request is in accordance with law and the provisions of the General Resolution and, in the sole judgment of the Trustee, is not unduly prejudicial to the interests of the Owners of Bonds not making such request.

Pro Rata Application of Funds

Anything in the General Resolution to the contrary notwithstanding, if at any time the money in the Funds and Accounts is not sufficient to pay the principal of or interest on the Bonds as they become due and payable (either by their terms or by acceleration) such money, together with any money then or later available for such purpose shall be applied, following the satisfaction of any payments due to the Trustee and payment of such Expenses as the Trustee concludes shall enhance the value of the Pledged Property, as follows:

- (a) If the principal of all the Bonds has not become or has not been declared due and payable, all such money shall be applied:

FIRST: to the payment of all installments (other than interest on overdue principal) of interest on Bonds, other than Subordinate Bonds, then accrued and unpaid in the chronological order in which such installments accrued and, if the amount available is not sufficient to pay in full any particular installment, then to the payment, ratably, according to the amounts due on such installment, on Bonds

other than Subordinate Bonds, without any discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds, other than Subordinate Bonds;

SECOND: to the payment of the unpaid principal of any of the Bonds, other than Subordinate Bonds, which have become due and payable (except Bonds other than Subordinate Bonds called for redemption for the payment of which money is held pursuant to the provisions of the General Resolution) in the order of their stated payment dates, with interest on the principal amount of such Bonds, other than Subordinate Bonds, at the respective rates specified in such Bonds from the respective dates upon which such Bonds, other than Subordinate Bonds, became due and payable, and, if the amount available is not sufficient to pay in full the principal of the Bonds, other than Subordinate Bonds, by their stated terms due and payable on any particular date, together with such interest, then (1) to the payment first of such interest, ratably, according to the amount of such interest due on such date, and (2) to the payment of such principal, ratably, according to the amount of such principal due on such date of Bonds, other than Subordinate Bonds, without any discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds, other than Subordinate Bonds;

THIRD: to the payment of the interest on and the principal of the Bonds, other than Subordinate Bonds, to the purchase and retirement of Bonds, other than Subordinate Bonds, all in accordance with the provisions of the General Resolution governing redemption of Bonds;

FOURTH: to the payment of interest (except interest on overdue principal) on Subordinate Bonds then accrued and unpaid in the chronological order in which such installments of interest accrued and, if the amount available is not sufficient to pay in full any particular installment, then to the payment, ratably, according to the amounts due on such installment, of Subordinate Bonds, without any discrimination or preference except as to any difference in the respective rates of interest specified in the Subordinate Bonds;

FIFTH: to the payment of the unpaid principal of any of the Subordinate Bonds that has become due and payable (except Subordinate Bonds called for redemption for the payment of which, money is held pursuant to the provisions of the General Resolution) in order of their stated payment dates, with interest on the principal amount of such Subordinate Bonds at the respective rates specified in such Subordinate Bonds from the respective dates upon which such Subordinate Bonds became due and payable, and, if the amount available is not sufficient to pay in full the principal of the Subordinate Bonds by their stated terms due and payable on any particular date, together with such interest, then to the payment first of such interest, ratably, according to the amount of such interest due on such date on such Subordinate Bonds, and then to the payment of such principal, ratably, according to the amount of such principal due on such date, of

Subordinate Bonds, without any discrimination or preference except as to any difference in the respective rates of interest specified in the Subordinate Bonds; and

SIXTH: to the payment of the interest on and the principal of the Subordinate Bonds, to the purchase and retirement of Subordinate Bonds and to the redemption of Subordinate Bonds.

(b) If the principal of all the Bonds has become or has been declared due and payable, all such money shall be applied first, to the payment of the principal and premium, if any, and interest then accrued and unpaid upon the Bonds that are not Subordinate Bonds, without preference or priority of principal over interest or of interest over principal, or of any daily accrual of interest over any other daily accrual of interest, or of any Bond that is not a Subordinate Bond over any other Bond that is not a Subordinate Bond, ratably, according to the amounts due respectively for principal and interest, without any discrimination or preference except as to the respective rates of interest specified in the Bonds that are not Subordinate Bonds, and second, to the payment of the principal and premium, if any, and interest then accrued and unpaid upon the Subordinate Bonds, without preference or priority of principal over interest or of interest over principal, or of any daily accrual of interest over any other daily accrual of interest, or of any Subordinate Bond over any other Subordinate Bond, ratably, according to the amounts due respectively for principal and interest, without any discrimination or preference except as to the respective rates of interest specified in the Subordinate Bonds.

(c) If the principal of all the Bonds has been declared due and payable and if such declaration has been rescinded and annulled under the provisions of the General Resolution, then, subject to the provisions of clause (b) above, if the principal of all the Bonds later becomes or is declared to be due and payable, the money remaining in and later accruing to the Debt Service Account, any Subordinate Bond Debt Service Account of the Revenue Fund and the Reserve Fund, together with any other money held by the Trustee under this Resolution, shall be applied in accordance with the provisions of clause (a) above.

In case the time for payment of interest on any Bond is extended, such interest so extended shall not be entitled, in the case of a default, to the benefit or security of the General Resolution except upon the prior payment in full of the principal of all Bonds then outstanding and of all interest the time for payment of which shall not have been extended.

Restrictions Upon Actions by Individual Bondowner

No Owner of any of the Bonds shall have any right to institute any suit, action or proceeding in equity or at law on any Bond or to enforce the General Resolution or enforce any Series Resolution unless such Owner previously has given to the Trustee written notice of the Event of Default on account of which such suit, action or proceeding is to be instituted, and unless also the Owners of not less than 15 percent in aggregate principal amount of the Bonds then Outstanding (other than Subordinate Bonds) have made written request of the Trustee after the right to exercise such powers or right of action, as the case may be, has accrued, and have

afforded the Trustee a reasonable opportunity either to proceed to exercise the powers granted in the General Resolution or to institute such action, suit or proceeding in its or their name, and unless, also, there shall have been offered to the Trustee reasonable security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time. Such notification, request and offer of indemnity are declared in every such case, at the option of the Trustee, to be conditions precedent to the execution of the powers and trusts of the General Resolution or to any other remedy under the General Resolution; provided, however, that notwithstanding the foregoing and without complying therewith, the Owners of not less than 25 percent in aggregate principal amount of the Bonds then Outstanding may institute any such suit, action or proceeding in their own names for the benefit of all owners of Bonds.

Notwithstanding the foregoing paragraph, nothing shall affect or impair the right of any Bondowner to enforce the payment of the principal of and interest on that Owner's Bond, or obligation of the Authority to pay the principal of and interest on each Bond to its Owner at the time and place expressed in such Bond.

Trustee Entitled to Indemnity

The Trustee shall be under no obligation to institute any suit, or to take any remedial proceeding under the General Resolution, or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the execution of the trusts created by the General Resolution or in the enforcement of any rights and powers, until it is indemnified to its satisfaction against any and all costs and expenses, outlays and counsel fees and other reasonable disbursements, and against all liability. The Trustee may, nevertheless, begin suit, or appear in and defend suit, or do anything else in its judgment proper to be done by it as such Trustee, without indemnity. In such case the Authority shall reimburse the Trustee for all costs and expenses, outlays and counsel fees and other reasonable disbursements properly incurred in connection therewith.

Limitation of Obligations and Responsibilities of Trustee

The Trustee shall be under no obligation (a) to effect or maintain insurance or to renew any policies of insurance or to inquire as to the sufficiency of any policies of insurance carried by the Authority, (b) to report, or make or file claims or proof of loss for, any loss or damage insured against or which may occur or (c) to keep itself informed or advised as to the payment of any taxes or assessments, or to require any such payment to be made. The Trustee shall be under no obligation to record or file the General Resolution, or any other security instruments and financing statements, or continuation statements with respect to it, except pursuant to directions from the Authority, in form and substance satisfactory to the Trustee, set forth in an Authority Request. The Trustee and the Fiscal Agent shall have no responsibility in respect of the validity, sufficiency, due execution or acknowledgment by the Authority of the General Resolution, or in respect of the validity of the Bonds or their due execution or issuance. The Trustee and the Fiscal Agent shall be under no obligation to see that any duties imposed upon the Authority or any party other than itself, or any covenants on the part of any party other than itself to be performed, be done or performed, and the Trustee and the Fiscal Agent shall be under no obligation for failure to see that any such duties or covenants are so done or performed.

Compensation and Indemnification of Trustee

Subject to the provisions of any contract between the Authority and the Trustee relating to the compensation of the Trustee, the Authority shall pay, from the Pledged Property, to the Trustee reasonable compensation for all services performed by it and also all its reasonable expenses, charges and other disbursements and those of its attorneys, agents and employees incurred in and about the administration and execution of the trusts created and the performance of its powers and duties, and, from such source only, shall indemnify and save the Trustee harmless against any liabilities, losses, damages, costs and expenses (including attorney's fees and expenses of the Trustee), causes of action, suits, claims, demands and judgments at any kind of nature, which it may incur in the exercise and performance of its powers and duties. Payment of compensation for the Fiscal Agent shall be by separate agreement.

Resignation and Removal of Trustee

No resignation or removal of the Trustee and no appointment of a successor Trustee pursuant to the General Resolution shall become effective until the acceptance of appointment by the successor Trustee as described below. Subject to the foregoing, the Trustee may resign by notice in writing to be given to the Authority and mailed, first class, postage prepaid, to all Bondowners not less than 60 days before such resignation is to take effect, but such resignation shall take effect immediately upon the appointment of a new Trustee.

Subject to the first sentence of the prior paragraph, the Trustee may be removed at any time by an instrument in writing executed by the Owners of not less than a majority in aggregate principal amount of the Bonds then Outstanding and filed with the Authority. The Trustee may also be removed at any time for any breach of trust or for acting or proceeding in violation of, or for failing to act or proceed in accordance with, any applicable provision of the General Resolution by any court of competent jurisdiction upon the application of the Authority pursuant to resolution or of the owners of not less than ten percent of the Bonds then Outstanding. The Trustee may be removed at any time by the Authority if an Event of Default, or any event which upon the passage of time would be an Event of Default, has not occurred and is continuing.

Appointment of Successor Trustee

If the Trustee shall resign, be removed or otherwise become incapable of acting, or the bank or trust company acting as Trustee is taken over by any governmental official, agency, department or board, the position of Trustee shall become vacant. If the position of Trustee becomes vacant, the Authority shall appoint a Trustee to fill such vacancy and shall cause notice of such appointment to be mailed, first class, postage prepaid, to all Owners of Bonds at their addresses as they appear on the registration books kept by the Fiscal Agent. At any time within one year after any vacancy has occurred, the Owners of a majority in aggregate principal amount of the Bonds then Outstanding may, by an instrument in writing, executed by such Bondowners and filed with the Authority, appoint a successor Trustee, which shall supersede any Trustee theretofore appointed by the Authority prior to that filing. Any successor Trustee must be a bank or trust company having its principal office in the State, duly authorized to exercise corporate

trust powers and subject to examination by federal or State authority, of good standing, and having at the time of its appointment, a combined capital and surplus of not less than \$50 million.

Successor Fiscal Agent

The Fiscal Agent may at any time resign and be discharged of the duties and obligations created by the General Resolution by giving at least 60 days' written notice to the Authority and the Trustee. The Fiscal Agent may be removed at any time by an instrument filed with it and the Trustee and signed by an Authorized Officer of the Authority. Any successor Fiscal Agent shall be appointed by the Authority and shall be a bank or trust company organized under the laws of any state of the United States or a national banking association, having a capital and surplus aggregating at least \$5 million and willing and able to accept the office of Fiscal Agent on reasonable and customary terms and authorized by law to perform all the duties imposed upon it by the General Resolution.

Supplemental Resolutions

The Authority may, from time to time and at any time, adopt Supplemental Resolutions that shall be effective without the consent of Bondowners:

- (a) to cure any ambiguity or defect or omission in the General Resolution, or
- (b) to grant to or confer upon the Trustee for the benefit of the Bondowners any additional rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the Bondowners or the Trustee, or
- (c) to include as Revenues or Pledged Property any additional amounts, receipts or property, or
- (d) to cure any ambiguity, to correct or supplement any provision of the General Resolution that may be inconsistent with any other provision thereof, or to make any other provisions with respect to matters or questions arising under the General Resolution that are not inconsistent with the provisions thereof, provided such action shall not materially adversely affect the interests of the Bondowners, or
- (e) to add to the covenants and agreements of the Authority in the General Resolution additional covenants and agreements to be observed by the Authority or to surrender any right or power reserved to or conferred upon the Authority, or
- (f) to modify any of the provisions of the General Resolution in any respect whatever; provided, however, that (i) such modification shall apply only to Series of Bonds issued after the effective date of the Supplemental Resolution and shall not materially adversely affect the interests of the owners of Bonds of any Series Outstanding on the effective date of the Supplemental Resolution or (ii) (a) such modification shall be, and be expressed to be, effective only after all Bonds of any Series Outstanding at the date of the adoption of such Supplemental Resolution shall cease to be Outstanding and (b) such Supplemental Resolution shall be specifically referred to in the text of all Bonds

of any Series authenticated and delivered after the date of the adoption of such Supplemental Resolution and of Bonds issued in exchange for, or in place of, such Bonds; or

(g) to modify, amend or supplement the General Resolution or any Supplemental Resolution in such manner as to permit, if presented, the qualification hereof and thereof under the Trust Indenture Act of 1939 or any similar federal statute hereafter in effect or under any state Blue Sky Law, or

(h) to surrender any right, power or privilege reserved to or conferred upon the Authority by the terms of the General Resolution, provided that the surrender of such right, power or privilege is not contrary to or inconsistent with the covenants and agreements of the Authority contained in the General Resolution or a Series Resolution, or

(i) to add to the definition of Investment Obligations pursuant to the last proviso of the definition thereof, or

(j) to modify, amend or supplement the General Resolution or any Supplemental Resolution in such manner as to permit a trustee (other than the Trustee) with respect to any Subordinated Bonds issued under the General Resolution, or

(k) to make any other change that, in the judgment of the Trustee, does not materially adversely affect the interest of the Bondowners.

The General Resolution may be modified, supplemented or amended by a Supplemental Resolution in ways not described above as provided in this paragraph. No such Supplemental Resolution shall be effective except upon the consent of (i) the Owner of greater than 50 percent in aggregate principal amount of Outstanding Bonds; (ii) if less than all of the Outstanding Bonds are affected, of the Owners of greater than 50 percent in principal amount of Bonds so affected then Outstanding and (iii) in case the terms of any Sinking Fund Requirements are changed, of the Owners of greater than 50 percent in principal amount of the Outstanding Bonds of the particular Series and maturity entitled to such Sinking Fund Requirements. However, without the consent of all adversely affected Bondowners, no Supplemental Resolution shall (a) change the terms of redemption or of the maturity of the principal of or the interest on any Bond, or (b) reduce the principal amount of any Bond or the redemption premium or the rate of interest on it, or (c) create or grant a pledge, assignment, lien or security interest of the Pledged Property, or any part of it, other than as created or permitted by the General Resolution without the Supplemental Resolution, or (d) create a preference or priority of any Bond or Bonds over any other Bond or Bonds, except as may be permitted by the General Resolution, or (e) reduce the aggregate principal amount or classes of the Bonds required for consent to such Supplemental Resolution. If any such modification, supplement or amendment will by its terms, not take effect so long as any Bonds of any specified Series and maturity remain Outstanding, the consent of the Owners of those Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds under this paragraph. For the purpose of this paragraph, a Series shall be deemed to be affected by a modification or amendment of the General Resolution if it adversely affects or diminishes the rights of the

Owner of Bonds of such Series. The Trustee may in its discretion determine whether Bonds of any particular Series and maturity would be affected by any modification, supplement or amendment of the General Resolution or a Supplemental Resolution and any such determination shall be binding and conclusive on the Authority and all Owners of Bonds.

Defeasance

If, when the Bonds secured by the General Resolution shall have become due and payable in accordance with their terms or otherwise as provided in the General Resolution, or shall have been duly called for redemption or irrevocable instructions to call the Bonds for redemption shall have been given by the Authority to the Trustee, and the whole amount of the principal of, Redemption Price, and the interest on all of the Bonds then Outstanding shall be paid or the Trustee or Fiscal Agent shall hold either money and/or Government Obligations sufficient to pay the principal of, redemption premium, if any, and interest on all Outstanding Bonds or which when due will provide sufficient moneys, together with other money held by the Trustee or Fiscal Agent, to pay the principal of, redemption premium, if any, and interest on such Bonds, and provisions shall also be made for paying all other sums payable under the General Resolution by the Authority, then and in that case, the Trustee shall pay over or deliver to the Authority all money or securities held by it pursuant to the General Resolution that are no longer required for the payment or redemption of Bonds not already then surrendered for such payment or redemption.

TAX MATTERS

Summary of Co-Bond Counsel Opinions

In the separate opinions of Schiff Hardin LLP, and of Burke, Burns & Pinelli, Ltd., Co-Bond Counsel, interest on the 2007 Series H Bonds is not included in the gross income of their owners for federal income tax purposes under Section 103 of the Internal Revenue Code, under present law, and thus is exempt from federal income taxes based on gross income, if there is continuing compliance by the Authority with its covenants described below.

The anticipated form of the opinions of Co-Bond Counsel with respect to the 2007 Series H Bonds is attached as Appendix D to this Official Statement. The opinions are to be delivered at the issuance of the 2007 Series H Bonds.

Co-Bond Counsel are also of the opinion that (i) interest on the 2007 Subseries H-1 Bonds is not an item of tax preference for purposes of computation of the alternative minimum tax for individuals or corporations, and (ii) interest on the 2007 Subseries H-2 Bonds is an item of tax preference for purposes of computation of the alternative minimum tax for individuals or corporations. Interest on each 2007 Series H Bond is taken into account in determining adjusted gross earnings for the purpose of determining the alternative minimum tax imposed on certain corporations.

Co-Bond Counsel are also of the opinion that, under the Act, in its present form, interest on the 2007 Series H Bonds is exempt from Illinois income tax.

The Co-Bond Counsel opinions are based on an examination of a certified copy of the record of proceedings relating to the 2007 Series H Bonds and certifications of facts made to Co-Bond Counsel by the Authority, the Underwriter and others. Co-Bond Counsel do not undertake independently to investigate or verify the factual matters set forth in the record of proceedings or certifications.

Under the Resolution and the Authority's Tax Certificate and Agreement relating to the 2007 Series H Bonds, certain actions may be taken after the issuance of the 2007 Series H Bonds only upon the approving opinion of nationally recognized bond counsel. Co-Bond Counsel will express no opinion as to the effect on the exemption of interest on the 2007 Series H Bonds from gross income of their owners for federal income tax purposes of any such actions.

The opinions of Co-Bond Counsel constitute statements of professional judgment; they are not a guarantee of a result. The opinions of Co-Bond Counsel apply only with respect to the law and factual matters certified to Co-Bond Counsel as of the date of the original issue of the 2007 Series H Bonds.

Continuing Legal Requirements

Federal tax law imposes a number of requirements that must be met for interest on the 2007 Series H Bonds to be excluded from gross income of their owners for federal income tax purposes. These requirements include, among other things, restrictions relating to the mortgage loans to be acquired with the proceeds of the 2007 Series H Bonds, the investment of the proceeds of the 2007 Series H Bonds and the rebate of certain investment earnings to the United States.

Covenants

The Authority has covenanted in the Resolution to take all steps within its power that are required to maintain the status of interest on the 2007 Series H Bonds as not included in the gross income of their owners under federal income tax law existing as of the date of their issuance. The Authority's covenant does not require it to prevent interest on the 2007 Series H Bonds from becoming subject to, or taken into account with respect to, an alternative minimum tax or any similar tax.

Risk of Non-Compliance with Covenants

IF THE AUTHORITY WERE TO FAIL TO COMPLY WITH REQUIREMENTS OF THE INTERNAL REVENUE CODE, INTEREST ON THE 2007 SERIES H BONDS COULD BECOME INCLUDIBLE IN THE GROSS INCOME OF THEIR OWNERS FOR FEDERAL INCOME TAX PURPOSES FROM THE DATE OF THEIR ISSUANCE.

Other Federal Income Tax Consequences

Although Co-Bond Counsel are of the opinion that interest on the 2007 Series H Bonds is excluded from gross income for federal income tax purposes, the ownership or disposition of, or the accrual or receipt of interest on, the 2007 Series H Bonds may otherwise affect a

bondowner's federal tax liability. The nature and extent of these other tax consequences will depend upon the particular tax status of the bondowner or its other items of income or deduction. Co-Bond Counsel will express no opinion regarding any such other tax consequences.

Internal Revenue Service Examination Program

The Internal Revenue Service has a program of examining obligations issued on a tax-exempt basis to determine whether, in the view of the Service, the interest on those obligations should be included in the gross income of their owners for federal tax purposes. It cannot be predicted whether the Service will undertake an examination of the 2007 Series H Bonds.

If a bond examination is so undertaken, under current procedures, the Service would treat the Authority as the taxpayer for procedural purposes. Bondholders may have no right to participate in that proceeding. Should an examination be undertaken by the Service, the market price or liquidity of the 2007 Series H Bonds could be adversely affected, regardless of its ultimate outcome.

Federal Tax Legislation

Legislation affecting the tax-exempt status of municipal bonds is frequently considered by the United States Congress. There can be no assurance that legislation enacted or proposed after the date of issuance of the 2007 Series H Bonds would not affect the exclusion of interest on the 2007 Series H Bonds from gross income pursuant to the Code, the market price of the 2007 Series H Bonds or the timing of optional redemption of the 2007 Series H Bonds. Prospective purchasers of the 2007 Series H Bonds should consult their tax advisors regarding any pending or proposed federal legislation. Co-Bond Counsel will express no opinion with respect to any such pending or proposed legislation.

State Tax Law Changes

From time to time, there are legislative proposals in the states that, if enacted, could alter or amend the state tax matters referred to above or adversely affect the market value of the Offered Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value or marketability of the Offered Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation will be resolved, or whether the market value or marketability of the Offered Bonds would be affected. An example of such litigation is the case of *Davis v. Kentucky Department of Revenue*, 197 S.W.3d 557 (2006), which the U.S. Supreme Court has agreed to hear pursuant to a writ of certiorari granted on May 21, 2007. This case challenges Kentucky income tax statutes which tax the interest on bonds issued by other states and their political subdivisions but exempt the interest on bonds issued by Kentucky and its political subdivisions from Kentucky income taxes. Prospective purchasers of the Offered Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. Co-Bond Counsel will express no opinion with respect to any such pending or proposed legislation, regulatory initiatives or litigation.

LEGAL MATTERS

The separate approving opinions of Schiff Hardin LLP and of Burke, Burns & Pinelli, Ltd., Chicago, Illinois, Co-Bond Counsel, will be delivered with the Offered Bonds. The proposed form of the opinions for the Offered Bonds is included in this Official Statement as Appendix D. Certain legal matters will be passed upon for the Authority by its General Counsel, Mary R. Kenney, Esq., and by its counsel, Mayer Brown LLP, Chicago, Illinois. Certain legal matters will be passed upon for the Underwriter by its counsel, Bell, Boyd & Lloyd LLP, Chicago, Illinois.

LITIGATION

The Authority is not engaged in and has not been threatened with any litigation of any nature that seeks to restrain or enjoin the issuance, remarketing, sale, execution or delivery of the Offered Bonds or that in any way contests the validity of the Offered Bonds or any proceedings of the Authority taken with respect to their issuance, remarketing or sale or the pledge or application of any moneys or the security provided for the payment of the Bonds, including the Offered Bonds, or that contests the existence of the Authority.

The Authority may from time to time be a party to litigation incident to the conduct of its programs. The Authority is not engaged in and has not been threatened with any litigation with respect to its statutory powers or otherwise which in the judgment of the Authority is material to the performance of its programs or its obligations with respect to notes and bonds, including the Bonds, of the Authority.

LEGALITY FOR INVESTMENT

Under the Act, the Offered Bonds, in the State, are securities in which all public officers and bodies of the State and all its municipalities and municipal subdivisions, all insurance companies and associations, and other persons carrying on an insurance business, all banks, trust companies, savings banks and savings associations, savings and loan associations, investment companies, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons authorized to invest in bonds or other obligations of the State, may properly and legally invest funds, including capital, in their control or belonging to them. State laws governing specific types of investors may, however, impose restrictions on such investors with respect to the legality of purchases of the Offered Bonds and may also contain limitations that permit purchases of the Offered Bonds only with specified percentages of their assets.

RATINGS

The Offered Bonds have received ratings of “A-1+/AA” from Standard & Poor’s Rating Services, a division of The McGraw-Hill Companies, Inc. and “Aa2/VMIG 1” from Moody’s Investors Service, Inc. The ratings reflect only the views of the respective rating agencies and an explanation of the significance of such ratings may be obtained only from the respective rating agencies. There is no assurance that the ratings that have been assigned to the Offered

Bonds will continue for any given period of time or that they will not be revised or withdrawn entirely by such rating agencies if, in the judgment of the rating agencies, circumstances so warrant. A downward revision or withdrawal of the ratings may have an adverse effect on the market price of the Offered Bonds.

UNDERWRITING

The Offered Bonds are being purchased by UBS Securities LLC (the “Underwriter”). The Underwriter will agree to purchase the Offered Bonds at a purchase price (expressed as a percentage of the aggregate initial principal amount of the Bonds) of 100 percent, pursuant to the terms of a purchase contract. The obligation to make such purchase is subject to certain terms and conditions and the approval of certain legal matters by counsel. The Underwriter will receive a fee of \$205,148.12 in connection with the sale of the Offered Bonds, to be paid by the Authority. The Underwriter may offer and sell the Offered Bonds offered to the public to certain dealers (including dealers depositing the Offered Bonds into unit investment trusts, certain of which may be sponsored or managed by the Underwriter) and others at prices lower than the public offering prices stated on the inside cover page.

FINANCIAL STATEMENTS

The financial statements of the Authority as of and for the year ended June 30, 2006, included in Appendix A-1, have been audited by KPMG LLP, independent auditors, to the extent and for the period indicated in their report, which is also included in Appendix A-1.

The interim financial statements of the Authority as of and for the nine-month period ended March 31, 2007, are included in Appendix A-2. These interim financial statements do not comprise the complete financial statements as they do not contain the relevant notes to the financial statements. They are derived from Authority records and are unaudited.

INVESTMENT POLICY

The Authority’s management of funds under its control is governed by the Act and the Authority’s Financial Management Policy, as amended from time to time. The Act permits the Authority to invest its funds in any investments as may be lawful for fiduciaries in the State of Illinois, for Illinois or nationally chartered banks and savings banks and fiduciaries subject to the Employment Retirement Income Security Act of 1974.

The Authority’s Financial Management Policy (the “Policy”), contains the following stated objectives:

- Safety of principal. Preservation and safety of principal is the foremost objective of the Authority’s investments. Each investment transaction shall seek to ensure that capital losses within the investment portfolio are avoided, whether they be from securities defaults or erosion of market value.

- Liquidity. The investment portfolio shall remain sufficiently flexible to enable the Authority to meet all operating requirements that may be reasonably anticipated in any fund. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demand.
- Maximum rate of return. The investment portfolio shall be designed with the purpose of regularly exceeding the average return of United States Treasury obligations of comparable maturities. The investment program shall seek to augment returns above this threshold, consistent with risk limitations identified in this Official Statement and prudent investment principles.

In addition, the Policy establishes guidelines for the use and management of all interest rate risk management agreements including, but not limited to, interest rate swaps, swaptions, caps, collars and floors (collectively, “Risk Management Agreements”) executed in connection with debt obligations.

For additional information regarding the Authority’s investments as of June 30, 2006, see “AUTHORITY ANNUAL FINANCIAL STATEMENTS (AUDITED) – Note C – Cash and Investments” attached as Appendix A-1.

Independent Auditors' Report

The Honorable William G. Holland, Auditor
General of the State of Illinois, and the Members of the
Illinois Housing Development Authority:

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the Illinois Housing Development Authority (the Authority), a component unit of the State of Illinois, as of and for the year ended June 30, 2006, which collectively comprise the Authority's basic financial statements as listed in the accompanying table of contents. These financial statements are the responsibility of the Authority's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Authority as of June 30, 2006, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

The management's discussion and analysis on pages 3 through 10 is not a required part of the basic financial statements but is supplementary information required by U.S. generally accepted accounting principles. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The Combining Mortgage Loan Program Fund Schedules and the Combining Single Family Program Fund Schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Combining Mortgage Loan Program Fund Schedules and the Combining Single Family Program Fund Schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Management's Discussion and Analysis

June 30, 2006

(Unaudited)

This section of the Illinois Housing Development Authority's (Authority) annual financial report presents management's discussion and analysis of the Authority's financial performance during the fiscal year that ended on June 30, 2006. Please read it in conjunction with the Authority's financial statements, which follow this section.

Financial Highlights

- Net assets of the Authority decreased \$244.2 million, to \$458.0 million as of June 30, 2006, from a decrease in the Authority's governmental (\$260.3 million) activities, partially offset by an increase from business-type (\$16.1 million) activities. The decrease in net assets of the Authority's governmental funds was caused primarily by changes in the accounting recognition of the Illinois Affordable Housing Trust Fund. During fiscal year 2006, statutory amendments to the Illinois Affordable Housing Act in relation to the Illinois Affordable Housing Program caused the Authority to believe that it is now only the administrator of the Illinois Affordable Housing Program and the real estate transfer tax and interest in the equity of the Illinois Affordable Housing Program to be that of the State of Illinois.
- Operating income of the Authority's business-type activities increased \$1.6 million from the prior year due primarily to increases in other income (\$4.4 million) and investment income (\$1.2 million), partially offset by an increase in the provision for estimated losses on program loans receivable (\$4.5 million).
- The Authority's debt outstanding of \$1,422.7 million as of June 30, 2006 was \$70.3 million lower than the amount outstanding as of June 30, 2005. Debt issuances for the year totaled \$180.9 million.
- Loan originations for the year totaled \$57.2 million and \$242.3 million in the Authority's governmental and business-type activities, respectively.

Overview of the Financial Statements

The financial statements consist of three parts – management's discussion and analysis (this section), the basic financial statements, and supplementary information. The basic financial statements include two kinds of statements that present different views of the Authority:

- The first two statements are government-wide financial statements that provide information about the Authority's overall financial position and operations. These statements, which are presented on an accrual basis, consist of the statement of net assets and the statement of activities.
- The remaining statements are fund financial statements of the Authority's two governmental funds, for which activities are funded primarily from State appropriations and for which the Authority follows a modified accrual basis of accounting, and three proprietary funds, which operate similar to business activities and for which the Authority follows an accrual basis of accounting.
- The basic financial statements also include the notes to the financial statements that explain some of the information in the Authority-wide and fund financial statements and provide more detailed data.

The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of these statements. The prior year results referred to throughout this section for comparison purposes are as previously reported.

ILLINOIS HOUSING DEVELOPMENT AUTHORITY

(A Component Unit of the State of Illinois)

Management's Discussion and Analysis

June 30, 2006

(Unaudited)

The government-wide statements report information about the Authority as a whole using accounting methods similar to those used by private sector companies. The statement of net assets includes all of the Authority's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid. Most of the Authority's activities are business-type and are reported in its proprietary funds.

The fund financial statements provide more detailed information about the Authority's most significant funds and not the Authority as a whole. The Authority has two kinds of funds:

- Governmental funds – The Authority has two governmental funds. The Authority is the administrator of these funds, the revenues of which are appropriated annually to the Illinois Department of Revenue for the purpose of making housing grants and loans. These fund statements focus on how cash and other financial assets flowing into the funds have been used. Revenues converted to long-term loans comprise a substantial portion of the funds' net assets.
- Proprietary funds – The Authority's primary activities are in its three enterprise funds, which activities are accounted for in a manner similar to businesses operating in the public sector. Funding has primarily arisen through the issuances of bonds, both tax-exempt and taxable, the proceeds of which are primarily used to make various types of loans to finance low and moderate-income housing. The net assets of these funds represent accumulated earnings since their inception and are generally restricted for program purposes.

Governmental Activities

Net assets of the Authority's governmental activities decreased \$260.3 million, or 64.4%, to \$143.7 million primarily due to the transfer of the interest in equity of the Illinois Affordable Housing Program (Housing Program) to the State of Illinois. Prior to fiscal year 2006, the Authority considered the real estate transfer tax used to fund the program to be a derived tax revenue of the Authority with the interest in the equity of the Housing Program recorded in the financial statements of the Authority. Based on statutory amendments to the Illinois Affordable Housing Act during fiscal year 2006 in relation to the Housing Program, the Authority believes that it is now only the administrator of the Housing Program and the real estate transfer tax and interest in the equity of the Housing Program to be that of the State of Illinois. Accordingly, the Authority recorded an

expenditure (expense) of \$280.0 million during fiscal year 2006 for the transfer of interest in equity of the Housing Program to the State of Illinois.

Total program loans receivable (current and non-current), increased by \$46.7 million, or 14.7%, to \$363.4 million due to strong demand in both the Affordable Housing Trust Fund Program and the HOME Program for loans to support low and very low income housing. Cash and investments decreased by \$33.0 million, or 37.5%, as the Authority, due to a change in revenue recognition of State of Illinois' real estate transfer tax revenues, discontinued the reporting of Funds held by the State treasurer as funds held within the Affordable Housing Trust Fund Program. State statute restricts the use of the Affordable Housing Trust Fund and the HOME program to program activities.

Due to the State of Illinois increased \$276.5 million to reflect a liability for the State of Illinois' interest in the equity of the Housing Program.

Business-type Activities

Net assets of the Authority's business-type activities increased \$16.1 million, to \$314.3 million from operating income of \$10.9 million and the annual transfer (\$5.2 million) from the Affordable Housing Trust Fund. Program loans receivable (current and non-current) increased \$66.6 million, or 5.7%, to \$1,240.3 million due to an increase in the Authority's Single Family Program (\$80.9 million) Fund, partially offset by decreases in the Mortgage Loan Program Funds (\$14.3 million). The increase in program loans receivable in the Single Family Program was the second straight year-to-year increase following a three year period of decreases caused by declining interest rates, which resulted in loan principal payments and loan prepayments exceeding originations. Interest rate increases over the past two years have resulted in a slowing of the prepayment rate to the extent that program loans receivable are again increasing. The fiscal year 2006 decline in program loan receivables of the Mortgage Loan Program Funds was substantially below the \$67.5 and \$91.9 million declines of the prior two years as the Authority was able to originate new loans and re-finance a number of existing loans.

Cash and investments (current and non-current) decreased \$105.1 million, or 13.6% due to a fiscal year 2006 reclassification (\$29.6 million) of the Authority's carrying value in a real estate investment (Lakeshore Plaza) from investments to real estate owned, and a decrease (\$141.0 million) within the Authority's Single Family Program due to conversion of prior and current- year bond proceeds to originate loans and the use of funds generated from pre-payments of mortgage loans to redeem bonds. Total bonds and notes payable (current and non-current) decreased \$70.3 million, or 4.7%, primarily from a \$66.3 million decrease with the Single Family Program, as a prior year cash and investments build-up from a high amount of loan pre-payments was used to redeem bonds.

Other current liabilities increased \$41.6 million due to an increase in funds held for future disbursement under the Authority's Mortgage Participation Certificate Program (Risk Sharing and Ambac) loans that are funded by participating investors. Also included in other current liabilities is an initial provision (\$3.2 million) for estimated losses or other liabilities should any of these loans, which are not included in the Authority's financial statements, default.

Restricted net assets of the Authority's business-type activities increased \$11.3 million, or 5.1%. The increases in net assets within the Authority's bond funds were \$9.7 million, all of which are classified as restricted. The remaining restricted increases in net assets were from the FAF program, earnings of which are recorded in the Authority's Administrative Fund.

Statement of Activities

The statement of activities shows the sources of the Authority's changes in net assets as they arise through its various programs and functions. Two programs, the Illinois Affordable Housing Trust Fund and the HOME program, are shown as governmental activities. The business-type activities consist of two housing lending programs, the results of which are primarily recorded within the funds comprising the two major bond funds (the Mortgage Loan Program Fund and the Single Family Program Fund), federal assistance activities, which involve the allocation of various federal subsidy funds directly to certain of the Authority's borrowers, and the tax credit authorization and monitoring, and FAF lending programs, both of which activities are recorded in the Authority's Administrative Fund.

A condensed summary of changes in net assets for the fiscal year ended June 30, 2006 is shown in the following table.

Governmental Activities

Revenues of the Authority's governmental activities decreased by \$30.2 million from the prior year, mainly from the Authority's change in revenue recognition of real estate transfer taxes partially offset by an increase in federal programs funds of \$7.9 million due to the continuing high demand for HOME Program funding to support low and very low income housing. Prior to fiscal year 2006, the Authority considered the real estate

transfer tax used to fund the Housing Program to be a derived tax revenue of the Authority with the interest in the equity of the Housing Program recorded in the financial statements of the Authority. Based on statutory amendments to the Illinois Affordable Housing Act during fiscal year 2006 in relation to the Housing Program, the Authority believes that it is now only the administrator of the Housing Program and the real estate transfer tax to be that of the State of Illinois. Accordingly, the Authority now records amounts received to administer the Housing Program as grant revenue which are classified as program revenues.

Expenses of the Authority's governmental activities increased by \$275.4 million from the prior year mainly from the Authority recording an expense of \$280.0 million during fiscal year 2006 for the transfer of interest in equity of the Housing Program to the State of Illinois. The transfer (\$5.2 million) from the governmental activities to the Authority's business-type activities represents an annual transfer, pursuant to the Illinois Affordable Housing Act, from the Illinois Affordable Housing Trust Fund to the Multi-Family Mortgage Loan Programs.

Business-type Activities

Revenues of the Authority's business-type activities decreased \$.6 million from the prior year as a decline in federal revenues (\$3.3 million), most of which are funds passed through to the recipient, was nearly offset by an increase in charges for services (\$2.7 million). Charges for services consist primarily of interest income on program loans (\$67.2 million), program investment income (\$17.6 million), servicing fees (\$9.8 million), and other income (\$9.4 million). Program investment income is that income earned within the Authority's bond funds, the investments and the income of which is restricted to those funds.

Direct expenses of the Authority's business-type activities, which consist primarily of interest expense (\$75.5 million) on Authority debt incurred to fund its various lending programs and the pass-through of federal assistance programs' funds (\$153.1 million), declined \$6.3 million from the prior year, primarily from lower interest expense (\$3.0 million, due to lower debt outstanding) and the pass through of federal assistance programs' funds (\$3.6 million). The direct expenses also include Administrative Fund allocations of expenses of Authority departments directly involved in the production or monitoring activities associated with the programs, as well as certain costs, both internally and externally incurred, associated with these programs. Administrative expenses, which are incurred within the Authority's Administrative Fund and which include all other administrative and supportive functions and all overhead expenses, were \$4.1 million above the prior year due mainly to increased provisions for losses on program loans receivable.

The Authority's business-type activities also generated \$2.0 million of unrestricted investment income, which was used primarily to partially offset its administrative costs. Program revenues of the Multi-Family Mortgage Loan Programs exceeded direct expenses by \$20.4 million (See the Statement of Activities) and thus provided most of the Authority's increase in net assets. Direct revenues of the Single-Family Mortgage Loan Program exceeded program expenses by \$.6 million, compared to a prior year shortfall of \$.7 million, as the program continued to stabilize following a several year period of declining interest rates, which resulted in high loan pre-payment rates.

Net assets of the Administrative Fund increased \$6.4 million, compared to the prior year decrease of \$10.3 million. In fiscal year 2006, Administrative Fund operating income was \$2.6 million, a decrease of \$.6 million from the prior year, and net operating transfers in were \$3.8 million compared to net transfers out of \$13.5 million in the prior year. The Authority during fiscal year 2005 transferred \$13.5 million of net assets, including \$10.0 million to be used for the purchase of mortgages, to the Single Family Program Fund. This offset operating earnings of \$3.2 million. The fiscal year 2006 decrease in operating earnings was primarily from an initial provision (\$3.2 million) for estimated losses from the Mortgage Participation Certificate Program (Risk Sharing and Ambac) loans, which are not included in the Authority's financial statements, but for which the

Authority would have potential losses or other liabilities should any of these loans default, nearly offset by increased other income (\$3.1 million) and development fees (\$.6 million), as issuances of conduit bonds increased. Operating transfers were favorable as the Authority transferred \$5.4 million of accumulated Lakeshore Plaza income to the Administrative Fund from the Multi-Family Housing Revenue Bonds Account, partially offset by \$1.6 million of net transfers to the Single Family Program Fund.

Net assets of the Mortgage Loan Program Fund increased \$6.7 million, or \$4.4 million below the prior year's \$11.1 million increase. Operating income increased \$1.0 million, as results were favorably affected by increased income from Lakeshore Plaza. Net transfers out were \$.2 million, due to a transfer of Lakeshore Plaza accumulated income to the Administrative Fund, as noted above, nearly offset by the annual transfer (\$5.2 million) from the Affordable Housing Trust Fund. The prior year transfers included only the amount from the Affordable Housing Trust Fund.

Net assets of the Single Family Program Fund increased \$3.0 million, or \$10.8 million below the prior year increase. The prior year results included \$13.5 million of transfers of net assets from the Authority's Administrative funds, \$10.0 million of which was for the purpose of purchasing mortgage loans. The fiscal year 2006 operating transfers were \$1.6 million and were used primarily to fund bond issuance costs. Operating income of \$1.4 million was \$1.1 million above the prior year as investment income increased \$.6 million, due to increased interest rates. During fiscal year 2006, operating results continued to stabilize as mortgage interest rates rose, loan prepayments decelerated, and the Authority's mortgage portfolio grew from the prior year-end amounts.

Authority Debt

Authority debt issuances during fiscal year 2006 totaled \$180.9 million, with activity arising from the Single Family Program (\$100.0 million), and the Mortgage Loan Program Fund (\$80.9 million). Debt retirements within these funds were \$166.3 million and \$84.9 million, respectively. Total bonds and notes payable decreased \$70.3 million as debt retirements, primarily special redemptions necessitated by mortgage prepayments within the Authority's Single Family Program, exceeded debt issuances. For additional information, see note F, Bonds and Notes Payable in the Notes to Financial Statements.

During fiscal year 2006, the Authority's Issuer Credit Ratings remained at A+/A1/A+ by Fitch Ratings, Moody's Investors Service and Standard & Poor's Ratings Services respectively.

Notes to Financial Statements

June 30, 2006

Note A—Authorizing Legislation

The Illinois Housing Development Authority (the Authority) is a body politic and corporate of the State of Illinois (the State) created by the Illinois Housing Development Act, as amended (the Act), for the purposes of assisting in the financing of decent, safe, and sanitary housing for persons and families of low and moderate income in the State and assisting in the financing of residential mortgages in the State. To accomplish its purposes, the Authority is authorized by the Act to make mortgage or other loans to nonprofit corporations and limited-profit entities for the acquisition, construction, or rehabilitation of dwelling accommodations and to acquire, and to contract and enter into advance commitments to acquire, residential mortgage loans from lending institutions. The Act also authorizes the Authority to issue its bonds and notes to fulfill corporate purposes, including the financing of mortgage and construction loans, the acquisition of residential mortgage loans and the making of loans for housing related commercial facilities. The Authority has issued various bonds and notes to finance mortgage loans and construction loans, to purchase residential mortgage loans from lending institutions and to make loans to private lending institutions for making new residential mortgage loans.

The bonds and notes outstanding as of June 30, 2006, as shown on the Authority's financial statements consist of both general and special limited obligations of the Authority (see note F). The full faith and credit of the Authority are pledged for payment of general obligation bonds and notes. The Authority has the power under the Act to have up to \$3,600,000,000 of general and special limited obligation bonds and notes outstanding, excluding those issued to refund outstanding bonds and notes. At June 30, 2006, amounts outstanding against this limitation were approximately \$1,831,000,000.

Note B—Summary of Significant Accounting Policies

The following summarizes the significant accounting policies of the Authority:

Reporting Entity

As defined by U.S. generally accepted accounting principles established by the Governmental Accounting Standards Board (GASB), the financial reporting entity consists of the primary government, as well as its component units, which are legally separate organizations for which the elected officials of the primary government are financially accountable. Financial accountability is defined as:

- (a) Appointment of a voting majority of the component unit's board, and either a) the ability of the primary government to impose its will, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government; or
- (b) Fiscal dependency on the primary government.

For financial reporting purposes, the Authority is a component unit of the State of Illinois. The Authority has no component units.

Basis of Presentation

Government-Wide Statements – The government-wide statement of net assets and statement of activities report the overall financial activity of the Authority. Eliminations have been made to minimize the double-accounting of internal activities of the Authority. These statements distinguish between the *governmental* and *business-type* activities of the Authority. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Authority and for each function of the Authority's governmental activities. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (a) charges paid by the recipients for goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements – The fund financial statements provide information about the Authority's funds. Separate statements for each fund category, governmental and proprietary, are presented. The emphasis on fund financial statements is on major governmental and proprietary (enterprise) funds, each displayed in a separate column. Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund including interest income, service fees, and development fees. Exchange transactions are those in which each party receives and gives up essentially equal values.

The Authority reports the following major governmental funds:

Illinois Affordable Housing Trust Fund

The Authority is designated administrator of the Illinois Affordable Housing Program (Housing Program). The program is funded by the Illinois Affordable Housing Trust Fund with funds generated from a portion of the State real estate transfer tax collected by the Illinois Department of Revenue and held within the State Treasury. The funds are appropriated annually to the Illinois Department of Revenue by the General Assembly. In accordance with State statute, the Authority makes grants and low or no interest mortgages or other loans, some with deferred repayment terms, to acquire, construct, rehabilitate, develop, operate, insure, and retain affordable single family and multi-family housing for low and very low income households.

Prior to fiscal year 2006, the Authority considered the real estate transfer tax to be a derived tax revenue of the Authority with the interest in the equity of the Housing Program recorded in the financial statements of the Authority. Based on statutory amendments to the Illinois Affordable Housing Act during fiscal year 2006 in relation to the Housing Program, the Authority believes that it is now only the administrator of the Housing Program and the real estate transfer tax and interest in the equity of the Housing Program to be that of the State of Illinois. Accordingly, the Authority recorded an expenditure (expense) of \$279,954,761 during fiscal year 2006 for the transfer of

Notes to Financial Statements

interest in equity of the Housing Program to the State of Illinois. Additionally, the Authority now records amounts received to administer the Housing Program as grant revenue.

HOME Investment Partnerships Program

The Authority is designated program administrator for the HOME Investment Partnerships Program (HOME Program) for the State, the funds of which are appropriated to the Department of Revenue by the General Assembly. Under this program, the Authority seeks applicants and approves funding commitments for federal affordable housing funds made available under the HOME Program provisions of the 1990 National Affordable Housing Act.

The Authority reports the following major proprietary funds:

Administrative Fund

Development fee and financing fee income related to multi-family mortgage loans, income from service fees, and operating expenses of the Authority are accounted for in the Administrative Fund. In addition, the Administrative Fund has provided for supplemental financing of certain developments through residual income loans and below market financing for various developments through the Authority's Housing Partnership Program (see note E), and its lending program in conjunction with a debt service savings sharing agreement (the FAF Savings Program) with the United States Department of Housing and Urban Development (HUD) (see note K).

The Administrative Fund net assets that are classified as restricted by contractual agreement consist of the FAF Savings Program and income from insurance proceeds that was required to be disbursed as a loan to Lake Grove Village (ML-248).

Mortgage Loan Program Fund

The Mortgage Loan Program Fund accounts for the financing of low and moderate income housing developments from the proceeds of Multi-Family Housing Bonds, Multi-Family Program Bonds, Multi-Family Variable Rate Demand Bonds, Multi-Family Housing Revenue Bonds, Housing Bonds, Housing Finance Bonds, Multifamily Housing Revenue Bonds (Marywood), Multifamily Bonds (Turnberry) and Affordable Housing Program Trust Fund Bonds, and for the retirement of such obligations.

The Authority holds first mortgage liens on such developments. Affordable Housing Trust Fund Bond accounts include a transfer of funds from the Illinois Affordable Housing Trust Fund.

Single Family Program Fund

The Single Family Program Fund accounts for the proceeds of Homeowner and Residential Bonds issued to provide funds for the purchase from lending institutions of mortgage loans on owner-occupied, one to four unit dwellings acquired by eligible buyers.

The use of tax exempt financing to provide eligible borrowers with below market-rate mortgage loans involves federal restrictions on expenses chargeable to the program. Any expenses incurred in the program in excess of such maximum amounts are absorbed by the Administrative Fund.

Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flow takes place. Nonexchange transactions, in which the Authority gives (or receives) value without directly receiving (or giving) equal value in exchange, includes federal and state grant revenue. Revenue from these sources is recognized in the fiscal year in which all eligibility requirements have been met.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Authority considers revenues to be available if they are collected within 60 days of the end of the current fiscal year.

Separate fund financial statements are provided for governmental and proprietary funds. Major individual governmental funds and proprietary funds are reported as separate columns in the fund financial statements.

The Authority applies all GASB pronouncements for the Authority's proprietary funds, as well as the following pronouncements issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements: Statements and Interpretations of the Financial Accounting Standards Board, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative plans by the Authority for financial resource utilization in a future period as documented in the minutes or budgeting process for a succeeding year. Such plans are subject to change from original authorizations and may never result in expenditures.

Notes to Financial Statements

June 30, 2006

The designations of the Authority's Administrative Fund unrestricted net assets and net assets invested in capital assets as of June 30, 2006 are as follows:

Housing Partnership Program	\$ 6,000,000
To pay expenses for programs under commitment or contract	2,000,000
To pay possible losses arising in the Multi-Family Bond Fund Program attributable, but not limited to, delinquencies or defaults on uninsured or unsubsidized loans	13,000,000
Provide funds to purchase single family mortgage loans which will eventually be purchased with proceeds from future issuances of IHDA bonds	30,000,000
Provide funds and reserves to support the Mortgage Participation Certificate Program	30,000,000
	\$ 81,000,000
	\$ 81,000,000

The designations of the Administrative Fund unrestricted net assets may be amended or rescinded by the Members of the Authority.

Net Assets

In the government-wide and proprietary fund financial statements, equity is displayed in three components as follows:

Invested in Capital Assets – This consists of capital assets, net of accumulated depreciation.

Restricted – This consists of net assets that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation. When both restricted and unrestricted resources are available for use, generally it is the Authority's policy to use restricted resources first, then unrestricted resources when they are needed.

The use of assets of each of the program funds is restricted by the related bond and note resolutions of the Authority. Certain amounts in the above program funds are considered subject to the restriction that they be applied to the financing of housing for the respective program purposes or to the retirement of obligations issued for such purposes; these amounts may include certain investment earnings attributable to the respective fund net assets. State statute restricts the use of the HOME Program as noted above. Accordingly, fund balances of the HOME Program are reserved for loans not due within one year, and assets of the Affordable Housing Trust Fund are due to the State. All net assets of the governmental activities column of the Authority-wide financial statements are restricted with respect to the use of cash investments and loan amounts that are to be repaid to the Authority. (See note E for schedules of aging for the loans made under these programs. In addition, see the governmental funds – balance sheet, fund balance).

Unrestricted – This consists of net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to use estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, and expenditures during the reporting period. Actual results could differ from the estimates.

Risks and Uncertainties

The Authority invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. Such changes could materially affect the amounts reported in the balance sheet and the statements of net assets.

The allowances for estimated losses are reported based on certain assumptions pertaining to the Authority's periodic review and evaluation of the loan portfolio, which is subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Authority considers all cash, certificates of deposits, time deposits, and short-term repurchase agreements to be cash equivalents.

Investments

Investments of the Authority, which are generally held to maturity, are reported at fair value, with the exceptions of nonparticipating investment contracts (demand repurchase agreements), which are reported at cost. Fair value is determined by reference to public market prices and quotations from a securities pricing service.

The investment of funds is restricted by various bond and note resolutions of the Authority and the Act, generally, to direct obligations of the United States government; specific bank obligations, certain of which are fully secured as required by the bond and note resolutions; and obligations of other governmental entities which meet defined standards. The type of collateral instruments that secure the demand repurchase agreements held by the Authority is subject to the same restrictions described above. Generally, collateral instruments are held by third party institutions.

Program Loans Receivable

Program loans receivable include mortgage loans receivable, advances receivable, and residual income loans receivable. Mortgage loans receivable include initial development fees and certain amounts of interest and service fees that have been charged by the Authority and added to the loan balance. The due dates for advances and residual income loans receivable are dependent upon future

ILLINOIS HOUSING DEVELOPMENT AUTHORITY
(A Component Unit of the State of Illinois)

Notes to Financial Statements

June 30, 2006

events as specified in the related loan or advance agreements. All loans are reported at undiscounted face value.

Capital Assets

Capital assets of the Authority consist of investments in furniture, fixtures, and equipment; computer hardware; and computer software and are defined by the Authority as assets with an initial, individual cost of \$5,000 or more. Depreciation or amortization is on a straight-line basis over a period of five to ten years, depending upon the nature of the asset. Depreciation and amortization expenses for fiscal year 2006 were approximately \$200,000.

Real Estate Held for Sale

Real estate held for sale arises from foreclosures or other mortgage default-related actions on properties pledged as collateral on mortgage loans. Real estate held for sale in connection with the Single Family Program Fund is recorded at the unpaid principal balance plus accrued interest on the loans as of the date the loans become real estate owned, plus subsequent expenses incurred less any insurance or other loan related payments received. Since substantially all such loans are covered by pool insurance, based on the Authority's past experience, it is anticipated that the Authority will recover substantially all of the unpaid principal balances of the loans through proceeds arising from the sale of such property and certain insurance proceeds.

The real estate held for sale of the Mortgage Loan Program Fund is reported at the lower of amortized cost or fair market value. The determination of fair market value is based upon periodic valuations that consider changes in market condition, development and disposition costs, and estimated holding period. Net operating income of real estate held for sale is recorded as other income and is applied primarily toward the Authority's debt service obligations of the bonds issued to refinance the development.

Real estate held for sale of the Mortgage Loan Program Fund represents the net carrying value of Lakeshore Plaza (ML-181), which the Authority acquired by deed in lieu of foreclosure on April 27, 1990. The Authority records depreciation against ML-181 on a straight-line basis over forty years, as past market conditions did not allow for a sale of the property. At June 30, 2006, the net carrying value of ML-181 was \$29,642,555 and accumulated depreciation was \$10,211,000. The Authority will continue to own and operate ML-181 until the sale or other disposition of the development occurs.

Real estate held for sale of the Administrative and HOME Program funds represent the Authority's acquisition of Waukegan Apartments, a HOME Program financed development, through a foreclosure sale proceeding. The real estate held for sale is recorded at the lower of amortized cost or fair market value.

Notes to Financial Statements

June 30, 2006

Bond Discount and Issuance Costs

Discount on bonds is deferred and amortized using a method approximating the effective interest method. Debt issuance costs are deferred in the corresponding bond accounts and amortized over the life of the related bonds using a method approximating the effective interest method. When these costs exceed the designated amounts per the bond agreements, the excess bond issuance costs are expensed to the Administrative Fund.

Operations

Development fee and financing fee income are deferred and amortized over the contractual life of the loan as a yield adjustment using a method approximating the effective interest method. Such amortized fees are recognized as interest income. Fees earned on loans, which the Authority does not directly originate, such as loans financed through Other Financings (see note F), are recognized as income in the Administrative Fund generally at the time of initial closing.

Annual service fees charged by the Authority to loan recipients, which are deposited in the respective program funds or added to program loans receivable, are recorded as income in the Administrative Fund through interfund accounts.

Operating expenses include general and administrative expenses of the Authority; salaries and benefits; costs and expenses incurred in connection with the amortization, issuance, and sale of certain bonds and notes; fees and expenses of trustees and depository and paying agents; and costs related to analyses, surveys, appraisals, and other matters pertaining to maintenance and evaluation of program loans receivable. Operating costs and expenses are charged to expense as incurred, except those directly related to loan or program originations, which are deferred, netted against fee income for loans originated, and amortized over the contractual life of the related loan or program.

A portion of the Authority's operating expenses of administering the Illinois Affordable Housing Trust Fund and the HOME Program is absorbed by these programs. Similarly, related resolutions of various bonds issued allow for the bond accounts to absorb a certain level of operating expenses. Expenses in excess of the allowable ceilings set forth in the resolutions are charged to the Administrative Fund.

Direct expenses as shown in the statement of activities include allocations of Administrative Fund expenses of Authority departments directly involved in the production or monitoring activities associated with the programs, as well as certain costs, both internally and externally incurred, associated with these programs. Administrative costs include certain administrative and supportive functions and all overhead expenses.

Compensated Absences

The Authority grants vacation and sick leave to all employees and accrues for unused compensated absences. Vacations are allotted on a calendar year basis and are intended to be taken during that year. Unused sick leave allowance is carried forward and accumulated. In the event of termination, employees are paid for all earned but unused vacation time and, within a maximum time limit, for one half of accumulated sick leave earned. At June 30, 2006, unused compensated absences, which

ILLINOIS HOUSING DEVELOPMENT AUTHORITY

are included in other liabilities, were \$535,136. The Authority has no other post-employment benefits.

Provision for Estimated Losses on Program Loans

The Authority provides for estimated losses on program loans in its proprietary and governmental funds based upon the periodic review and evaluation of the loan portfolio and provides additional amounts, if it deems necessary, for estimated losses for individual loans in the funds. In making such review and evaluation, the Authority considers current economic conditions, occupancy and rental level projections, financial statement analyses, on-site inspections, independent appraisals of certain developments, insurance coverage, and such other factors as it deems necessary.

Note C—Cash and Investments

The Authority’s Financial Management Policy (the Policy) contains the following stated objectives:

- *Safety of principal* – Preservation and safety of principal is the foremost objective of the Authority’s investments. Each investment transaction shall seek to ensure that capital losses within the investment portfolio are avoided, whether they be from securities defaults or erosion of market value.
- *Liquidity* – The investments portfolio shall remain sufficiently flexible to enable the Authority to meet all operating requirements which may be reasonably anticipated in any fund. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demand.
- *Maximum rate of return* – The investment portfolio shall be designed with the purpose of regularly exceeding the average return of United States Treasury obligations of comparable maturities. The investment program shall seek to augment returns above this threshold, consistent with risk limitations identified herein and prudent investment principles.

Interest Rate Risk

Interest rate risk is the risk that the fair value of investments will decrease as a result of an increase in interest rates. The Authority’s policy does not limit the maturity of investments as a means of managing its exposure to fair value losses arising from an increasing rate environment.

As of June 30, 2006, the Authority had the following investments:

Investment	Carrying amount	Investment maturities (in years)			
		Less than 1	1-5	6-10	More than 10
Demand repurchase agreements	\$ 130,435,713	—	—	10,127,657.0	120,308,056

Notes to Financial Statements

June 30, 2006

Demand repurchase agreements are collateralized by obligations of the United States Government or its agencies, or direct investments of such obligations and have one-day demand of funds provisions exercisable at the Authority's option. The market value of securities subject to such agreements must be maintained at least equal to 100% of the principal of and accrued interest on the invested funds by marking to market at least weekly and using an immediate under value cure provision.

Credit Risk

Credit risk is the risk the Authority will not recover its investments due to the inability of the counterparty to fulfill its obligation. Statutes of the State and resolutions of the Authority authorize the Authority to invest in obligations of the United States Government, agencies and instrumentalities of the United States Government, demand repurchase agreements, and other banking arrangements. The Authority may also invest its funds in such investments as may be lawful for fiduciaries in the State. All funds are held outside of the State Treasury in various banks and financial institutions, except for a portion of funds for the HOME program.

The Authority's investments in United States Agency Obligations are all rated Aaa by Moody's and/or AAA by Standard & Poors.

The counterparties to the demand repurchase agreements are institutions whose unsecured debt securities are rated at least equal to the ratings on the Authority's debt, or in the case of short-term program fund investments, the highest short-term rating category. The counterparties, carrying amount of the repurchase agreements, and ratings as of June 30, 2006 are listed below.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of investment in any one single issuer. The Authority's policy does not limit the amounts the Authority may invest in any one issuer. The Authority is considered to have a concentration of credit risk if its investment in any one single issuer is greater than 5% of the total fixed income investments. Investments which comprise more than 5% of the Authority's investments as of June 30, 2006 are as follows:

Investment	Carrying amount
Federal Home Loan Bank	\$ 178,630,170
Federal National Mortgage Corporation	142,568,413
Federal Home Loan Mortgage Corporation	118,228,471

Note D—Interfund Receivables, Payables, and Transfers

Interfund Balances

The Authority reports interfund balances among its funds. These balances generally consist of accruals for various revenues or expenses due to a fund, but received or paid to another, and subsidy transfers between funds. These amounts are generally paid or received within the subsequent fiscal year.

Interfund accounts receivable (payable) balances at June 30, 2006 consisted of the following:

Receivable To	Payable From					Total
	Illinois Affordable Housing Trust	HOME Program	Administrative	Mortgage Loan Program	Single Family Program	
Home Program	\$ —	—	5,498	—	—	5,498
Administrative	701,056	426,326	—	1,403,263	2,284,627	4,815,272
Mortgage Loan Program	—	—	14,179,382	—	—	14,179,382
	\$ 701,056	426,326	14,184,880	1,403,263	2,284,627	19,000,152

The interfund accounts receivable (payable) between the Mortgage Loan Program and the Administrative Fund primarily consists of a fiscal year 2000 operating transfer of \$10.4 million to the Multi-Family Housing Revenue Bond Accounts made from the Administrative Fund in conjunction with the issuance of the Multi-Family Housing Revenue Bonds, Series 2000A (Lakeshore Plaza Development) and the corresponding transfer of the carrying value of the real estate investment, ML-181, to these accounts, partially reversed by a \$5.4 million fiscal year 2006 transfer to the Administrative Fund.

Notes to Financial Statements

June 30, 2006

Loans receivable in the Mortgage Loan Program Fund are secured by first mortgage liens on the related developments. Each development is subject to a regulatory agreement under which the Authority has certain powers relating to rents, profits, occupancy, management, and operations. Monies are required to be deposited in reserve accounts monthly by all mortgagors for real estate tax reserves and by substantially all mortgagors for insurance and replacement reserves. See note G regarding these reserves and other deposits held in escrow.

The ability of the mortgagors to make required payments on the mortgage loans receivable depends principally upon the related developments achieving and sustaining sufficient occupancy and rental levels to support such payments. With respect to most developments financed from proceeds of Multi-Family Housing Bonds and Multi-Family Program Bonds, the Authority, HUD, and the owners of the developments have entered into agreements whereby HUD will make, under its Section 8 Program, housing assistance payments for the developments. With respect to a portion of loans within its Housing Bond accounts, the Authority has made loans to finance developments entitled to interest reduction payments by HUD under Section 236 of the National Housing Act for all or a portion of the dwelling units in the developments. Such federal subsidies, together with the rents to be paid by the tenants, are estimated by the Authority, prior to its issuing an initial mortgage loan commitment, to provide sufficient funds to pay the costs of operation, maintenance, administration, mortgage payments, and Authority fees with respect to each of the developments.

At June 30, 2006, for loans financed under the Mortgage Loan Program Fund, amounts in arrears equal to more than two months debt service payments and required deposits to tax and insurance and/or replacement reserves were \$1,170,217 and \$356,604, respectively.

For certain past delinquencies, the related developments have not been able to generate net rental income sufficient to pay scheduled debt service and reserve deposits in full. In the opinion of the Authority, these deficiencies of net rental income have arisen for various reasons including (i) the existence of physical defects in the development which have caused operational problems, (ii) higher than anticipated operating expenses of the development and (iii) depressed rental market conditions in the development's local area.

In certain cases, cash deficiencies of developments, including certain developments as to which the related mortgage loans are not delinquent as to scheduled debt service payments or required reserve deposits, have been funded in part by advances from the owners of the respective developments. However, there generally can be no assurance that the owners will make additional advances for this purpose. For certain mortgage loans, the Authority holds reserve deposits and letters of credit that may be applied toward delinquencies.

The Authority has pursued actions available under the mortgage and regulatory agreements to cure certain delinquencies. With respect to some developments, the need for capital improvements, repairs, marketing campaigns and other expenditures may be indicated. Where necessary and appropriate, the Authority has committed and/or advanced residual income loans from the Administrative Fund or mortgage loan increases from the related program account to finance these expenditures. In certain instances the Authority has initiated actions to effect necessary changes in the management of the developments. In addition, the Authority has, in some cases, filed suit against the applicable general contractors and/or bonding companies seeking corrections of the development's physical defects and has instituted foreclosure proceedings for certain developments.

Notes to Financial Statements

June 30, 2006

The Authority has a second mortgage agreement relating to a \$5.8 million first mortgage for Innsbruck Apartments, ML-19. Under this agreement, upon the development's payment of a debt service amount as set forth in the agreement, the Authority, from its Administrative Fund, was obligated to subsidize debt service payments related to the first mortgage up to a maximum of \$6.2 million. The subsidy payments were applied to receivables within the Mortgage Loan Program. The maximum subsidy amount was reached in May 1999, after which the development became fully obligated for debt service of the receivables of the above bond accounts. The development is obligated to reimburse the Administrative Fund debt service subsidy payments from a portion of residual receipts generated from the development.

The Authority's policy for converting mortgage loans to non-accrual status is based upon the recording of a specifically identifiable allowance for estimated loss. Throughout fiscal year 2006, the accrual of interest and service fee income was suspended on approximately \$18.7 million of mortgage loans in the Mortgage Loan Program Fund and \$7.0 million of mortgage loans in the Administrative Fund for which allowances for estimated losses had been provided, and such income was recognized only as received. Interest and service fee income due but not accrued was approximately \$551,000 in the Mortgage Loan Program Fund and \$566,000 in the Administrative Fund at June 30, 2006. In addition, the Authority does not accrue interest income on approximately \$15.4 million of mortgage loans recorded in the Administrative Fund. Payments made on such loans, which generally are payable from residual receipts, if any, of the affected development funds, are recognized only as received. The annual amount of interest on these loans is approximately \$294,000.

The Authority, through its Housing Partnership Program, provides loans to not-for-profit organizations, community groups and cities to finance the rehabilitation of existing housing and for the construction of new housing for low and moderate income persons and families. The program's activities are recorded in the Administrative Fund. At June 30, 2006, loans receivable under this program were approximately \$5.5 million.

In June 1994, the Authority entered into a Risk Sharing Agreement (Agreement) with HUD that permitted the Authority to participate in HUD's Pilot Risk Sharing Program, which has since been converted to a permanent program. Under this program, HUD will insure certain mortgage loans on multi-family housing developments (Risk Sharing Loans). HUD has authorized the Authority to make an unlimited amount of loans for such developments. Under the Agreement, the Authority will underwrite Risk Sharing Loans following its underwriting guidelines. HUD will insure the Risk Sharing Loans and will bear 10% to 90% of the loss, as elected by the Authority, in the event of a foreclosure. The Authority will bear the remainder of the risk. The program's service and insurance fee incomes are recorded in the Administrative Fund.

The Authority, as of June 30, 2006, has entered into thirty-three Risk Sharing Loans totaling \$185,577,148 and elected that HUD assume 10% to 90% of the loss with respect to those loans. Except for two loans totaling \$10,993,148 financed through the issuance of the Authority's Multi-Family Housing Bonds, two loans totaling \$16,675,000 financed through the issuance of the Authority's Housing Bonds, three loans totaling \$16,591,000 financed through the issuance of the Authority's Housing Finance Bonds, and one loan in the amount of \$15,460,000 financed through the issuance of the Authority's Multi-Family Housing Revenue Bonds (Marywood), these loans are not included in the Authority's financial statements as the Authority sold 100% participation interests in the loans to outside parties.

Notes to Financial Statements

June 30, 2006

In December 2000, the Authority received a commitment from Ambac Assurance Corporation (Ambac) under which Ambac will insure mortgage loans (Ambac Loans) on multi-family housing developments under the Authority's Mortgage Participation Certificate Program. Ambac has guaranteed repayment of principal and interest due on a timely or accelerated basis in accordance with the agreement between the Authority and Ambac. Once Ambac Loans are issued and minimum threshold requirements are met, Ambac and the Authority will enter into a sharing agreement on the remaining principal balance on each mortgage loan. As of June 30, 2006, the Authority has entered into seventeen Ambac Loans totaling \$154,830,700. These loans are not included in the Authority's financial statements as the Authority sold 100% participation interests in the loans to outside parties.

At June 30, 2006, for loans financed under the Risk Sharing and Mortgage Participation Certificate Programs where the Authority sold 100% participation interests in the loans to outside parties, there were no amounts in arrears equal to more than two months debt service payments or required deposits to tax and insurance and/or replacement reserves.

With respect to the mortgage loans funded by the Homeowner Mortgage Revenue Bonds, substantially all delinquent mortgage loans receivable at June 30, 2006, were covered by pool insurance, which provides for an aggregate limit equal to 3.5% of the aggregate original principal amount of mortgage loans so covered, less a deductible ranging from 0% to 1.0% of the aggregate of the original amount of all mortgage loans covered.

Loans made through the Illinois Affordable Housing Trust Fund are to acquire, construct, rehabilitate, develop, operate, insure, and retain affordable single family and multi-family housing for low and very low-income households. Interest rates on these loans are set at below market rates and have ranged from 0% to 7.0%, with most rates set at 2.0% or below. Loans have maturities of up to 40 years, with some loans carrying deferred payment terms. The approximate aging of the Illinois Affordable Housing Trust Fund receivables as of June 30, 2006 are as follows:

The Authority has reviewed each program loan receivable, including those for developments in the construction or rent-up phases, for the purpose of determining ultimate collectibility. The Authority believes that the allowances for estimated losses at June 30, 2006 in the accompanying financial statements are adequate to cover estimated losses of the various funds. The following summarizes the changes in the allowance for estimated losses on program loans receivable during the year ended June 30, 2006:

	Allowance for estimated losses June 30, 2005	Provision for estimated losses	Write-offs of uncollectible losses, net of Recoveries	Allowance for estimated losses June 30, 2006
	(Dollars in thousands)			
Illinois Affordable Housing Trust Fund	\$ 10,500	3,500	—	14,000

Total governmental funds	<u>\$ 14,500</u>	<u>3,196</u>	<u>(646)</u>	<u>17,050</u>

Single Family Program Fund	—	—	—	—
Total proprietary funds	<u>\$ 22,965</u>	<u>1,645</u>	<u>—</u>	<u>24,610</u>

The increases in the allowance for estimated losses in the Trust Fund Program were the result of a number of foreclosures and pending sales of loans within the Fund, most of which were related to the dissolution of a major tax credit syndicator. In addition to the above, for the year ended June 30, 2006, the Authority made a \$3.2 million provision for estimated losses in conjunction with the Risk Sharing and Ambac loans that are not included on the Authority's financial statements.

Debt Covenant Violation

The Authority currently has various series designated bonds issued and outstanding (the "Bonds") under its Homeowner Mortgage Revenue Bond, Housing Bond and Affordable Housing Trust Fund Bond programs (the "Programs"). These Bonds have been issued by the Authority pursuant to various indentures, supplemental indentures, resolutions and series resolutions (the "Bond Documents"). In connection with the issuance, sale and delivery by the Authority of all or a portion of the Bonds under such Programs, the Authority has made covenants (the "Covenants), under the applicable Bond Documents, to deliver the audited financial statements of the Authority and the auditor's report thereto (together, the "Financial Statements") within a certain number of days after the end of the Authority's fiscal year. The Authority did not deliver its financial statements within 120 days after the Authority's fiscal year ended June 30, 2006. The default provisions of the Bond

Documents require the bondholders to declare an event of default to the trustee. As of November 7, 2006, the Authority has not received a notification of default. Management of the Authority believes that based upon management's and outside counsel's review of such Covenants, the Authority's failure to have delivered its financial statements has not triggered an acceleration of the Authority's payment obligations with respect to the applicable Bonds.

Defeased Debt

In prior years, the Authority defeased debt consisting of Insured Mortgage Housing Development Bonds, 1976 Series A (1976 bonds) and Multi Family Housing Bonds, 1981 Series A (1981 bonds) (collectively the old bonds) by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments of the old bonds. At June 30, 2006, \$4,215,000 and 22,040,000, of bonds outstanding for the 1976 bonds and the 1981 bonds, respectively, is considered defeased.

Other Financings

From time to time the Authority has issued special limited obligations with a claim for repayment solely from payments received with respect to the mortgage loans. The bonds are not general obligations of the Authority, and they are not a debt of the State of Illinois; neither is liable to pay interest and principal on the bonds. Accordingly, the bonds are not included in the Authority's financial statements. The bonds do, however, apply toward the Authority's authorized debt limitation.

As of June 30, 2006, there were thirty-six series of such bonds or notes outstanding, with an aggregate principal amount payable of \$395,163,723.

Assets Restricted for Capital and Debt Service Reserves

Pursuant to the Act and various resolutions of the Authority, certain assets (principally investments) are maintained in capital and debt service reserve funds and may be used only for the payment of principal and interest on certain bonds. The reserve funds must be maintained at an amount at least equal to the following:

Bonds	Requirement
Multi-Family Housing Bonds	7.5% to 13.45%, as defined for each series, of the principal amounts of bonds outstanding provided that the debt service reserve funds for the 1978 Series B Bonds (none of which are outstanding) and subsequent series of bonds cannot be less than a specified percentage (100% except for the 1979 Series B Bonds, for which the percentage is 120%) of the maximum annual debt service on such bonds for the current or any succeeding year until July 1 of the year preceding the final maturity of the bonds of such series.

Derivatives

The incurring of obligations by the Authority involves a variety of interest rate payments and other risks, for which a variety of financial instruments are available to offset, hedge, or reduce these payments and risks. It is the policy of the Authority to utilize Risk Management Agreements to better manage its assets and liabilities. The Authority may execute Risk Management Agreements if the transaction can be expected to result in at least one of, but not limited to, the following:

- a) The reduction of exposure to changes in interest rates on a particular financial transaction;
- b) A lower net cost of borrowing with respect to the Authority's debt;
- c) The management of variable interest rate exposure consistent with prudent debt practices;
- d) The achievement of more flexibility meeting overall financial and programmatic objectives that cannot be achieved in conventional markets.

(2) \$550,000 premium received 9/17/98. Authority terminated the swap at par on 7/1/06 and replaced it with an interest rate cap on 7/1/06.

To protect against the potential of rising interest rates, the Authority has entered into five pay-fixed, receive-variable, interest rate swap agreements, the objective of which is to achieve a synthetic fixed interest rate on the underlying bonds at a cost anticipated to be less than the amounts paid had the Authority issued fixed-rate debt. In addition, the Authority has entered into three interest rate cap agreements, the objective of which is to establish a maximum debt service which may be paid over the life of the underlying bonds.

The terms, fair values, and credit ratings of the outstanding agreements as of June 30, 2006 are shown in the above table. The notional amounts of the swaps match the principal amounts of the associated debt. The Authority's swap agreements contain scheduled reductions to outstanding notional amounts that are expected to approximately follow scheduled or anticipated reductions in the associated bonds payable category.

Because interest rates have declined since the implementation of the swap and cap agreements, most currently active swaps and cap agreements, except for Multi-Family Variable Rate Demand Bonds Series 1996A, and Housing Bonds Series 2004B and 2006C, had a negative fair value as of June 30, 2006. The negative fair values may be countered by reductions in total interest payments required under the variable-rate bonds, creating lower synthetic interest rates. Because the coupons on the

Notes to Financial Statements

June 30, 2006

Authority's variable rate bonds adjust to changing interest rates, the bonds do not have corresponding fair value changes.

As of June 30, 2006, the Authority was not exposed to credit risk because of the negative fair values of the swaps. Should interest rates change and the fair values become positive, the Authority would be exposed to credit risk in the amount of the swaps' fair value. Fair value is a factor only upon termination.

Basis risk on swaps occurs when the variable payment received is based on an index other than the index on the underlying bonds. The Authority believes its swap agreements have been structured to minimize or eliminate this risk.

The Authority or the counter-party may terminate any of the swap agreements if the other party fails to perform under the terms of the agreements. If a swap is insured, a termination event occurs if the insurer fails to meet its obligations under the agreement.

The Authority is not exposed to rollover risk on its swap agreements.

As of June 30, 2006, debt service requirements of the Authority's outstanding variable-rate debt and net swap payments, assuming current interest rates remain the same, for their term are as follows:

Notes to Financial Statements

June 30, 2006

Note G—Deposits Held in Escrow

Deposits from developers, which are held in escrow in the Administrative Fund, may be used when necessary to pay principal and interest payments and fund construction cost overruns, change orders, tax and insurance payments and capital improvements (see note E). In addition, on certain developments, letters of credit and assignments of syndication proceeds are held by the Authority for similar purposes and to fund potential operating deficits of the related developments; investment income earned on deposited funds is credited to the respective developer's escrow accounts.

Note H—Leases

The Authority leases office facilities under a lease which extends through July 31, 2006, and which provides the Authority an option to extend the lease five years beyond that date and, during certain time periods, to lease additional office facilities.

The office lease provides for annual base rent of approximately \$952,000 for the fiscal year 2006, plus payments totaling approximately \$1,071,000 in fiscal year 2006 for the Authority's 8.04% share of ownership taxes and operating expenses, which also are subject to adjustment, based on the actual costs incurred by the lessor.

For fiscal year 2006, total rent expense of the Authority was \$2,009,713.

Note I—Other Liabilities

The bonds issued by the Authority after 1980 are subject to a variety of Internal Revenue Service (IRS) regulations which limit the amount of income which may be earned with non-mortgage investments to an amount not greater than the amount which would have been earned had the funds been invested at the yield on the bonds as defined by the IRS.

Excess earnings must be rebated annually, or every five years, depending on the date and type of bond issue. Included in Other Liabilities at June 30, 2006, is an estimated rebate liability of \$3,099,081.

The Authority is a defendant in various legal actions arising from normal business activities. Management believes, after consultation with legal counsel, that the ultimate liability, if any, resulting from these legal actions will not materially affect the Authority's financial position or results of operations.

The Authority carries commercial insurance for director's and officer's liability, general liability, workers' compensation, and automobile ownership and usage. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note J—Retirement Plan

The Authority provides a defined contribution retirement plan for the benefit of its employees. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Full time employees are eligible to participate in and are fully vested in the plan from the date of employment. All plan assets and investments are administered by a trustee, which maintains an individual account for each participant. The Authority contributes 6% of its employees' salaries and employees, at their option, may contribute up to 19% (within a maximum dollar limit) of their salaries to the plan. In addition, the

Authority, under the provisions of the Economic Growth and Tax Relief Act of 2001, permits additional contributions each calendar year for those employees who attain age 50 (or higher) during the calendar year. The plan may be amended or terminated by the Authority at any time and for any reason in the future, but no such action can deprive employees of their vested interests.

The Authority's total payroll in fiscal year 2006 was \$10,938,221. The Authority's contributions were calculated using the base salary amount of \$10,884,517. The Authority contributed \$653,071, or 6% of the base salary amount, in fiscal year 2006. Employee contributions amounted to \$821,574 in fiscal year 2006, or 7.5% of the base salary amount.

Note K—Commitments

At June 30, 2006 unexpended bond proceeds held by the Authority in the form of cash and investments amounting to \$44,121,732 in the Homeowner Mortgage Revenue Bond accounts were identified for the purpose of purchasing various mortgage loans.

At June 30, 2006, the Authority had authorized commitments for loans and grants totaling \$53,346,239 for the Illinois Affordable Housing Trust Fund.

Under the HOME Program, \$303.3 million and \$22.8 million for federal fiscal years 1992 through 2005 and 2006, respectively, have been allocated to the State, to be administered by the Authority, under the HOME Program provisions of the 1990 National Affordable Housing Act. In fiscal year 1994, the Authority was allocated \$10.2 million of additional HOME funds to be used for flood disaster relief. At June 30, 2006, the Authority had authorized commitments for loans and grants totaling \$18,408,543 for the HOME Program.

In accordance with an agreement entered into by the Authority and HUD at the time of delivery of the Authority's Multi-Family Housing Bonds, 1982 Series A, 1982 Series B, and 1983 Series A, annual Section 8 contributions payable to HUD with respect to the developments financed by these bonds would be reduced to the extent of the debt service savings resulting from the early redemptions of these Bonds.

These redemptions were accomplished through the issuance of the Authority's Multi-Family Housing Bonds, 1991 Series A and B, 1992 Series A and B, and 1993 Series A and B. Pursuant to federal legislation and a written agreement with the Authority, HUD has agreed to share a portion of such savings (the FAF Savings Program) with the Authority in order to create and maintain affordable housing opportunities for individuals of "very low income" (as such term is defined in the 1937 Housing Act) in the State. These savings, which are to be used solely for the purpose stated above, became available beginning in fiscal year 1992 for the 1991 Series A and B Bonds and in fiscal year 1994 for the 1993 Series A and B Bonds, and are recorded as other income of the Administrative Fund. At June 30, 2006, loans receivable under this program were approximately \$17.9 million.

Notes to Financial Statements

Note L—Contingencies

HUD's Office of General Counsel (OGC) has expressed the opinion that certain language used in the form of Housing Assistance Payments (HAP) Contracts in use prior to February 1980 for State Agency projects with mortgages that were not insured by FHA, has the effect of terminating those HAP Contracts upon refinancing of the related project mortgages. While only expressed in the form of an internal memorandum, this opinion has been communicated by HUD to the public. The position expressed in the opinion has not been promulgated in any official form, nor has HUD taken any action to impose consequences that might arise from the opinion on projects that were previously refinanced. The Authority has determined that 60 of the Section 8 projects that it has financed have been refinanced in a fashion that might cause a termination of the related HAP Contracts under such OGC opinion.

Were HUD to stop HAP payments to affected projects and/or attempt to recover previously made payments, such action could adversely affect project income, the Authority's revenues from those projects and, as a consequence thereof, the Authority's financial position. However, in Congressional testimony and in public discussions with industry participants, HUD officials have expressed the desire to prevent its position regarding the pre-1980 HAP form contract language from having an adverse impact upon the affected projects and State Agencies. In addition, HUD has offered to approve an amendment to the affected HAP contracts that would amend the language at issue to clarify that the term of the form HAP contract extends to the originally scheduled maturity date of the original HFA financing. Of the 60 Authority-financed projects that have refinanced, 52 of these projects have executed such amendments, and these amendments have been approved by HUD. One other project has entered into a long-term renewal HAP contract. Further, while it is not possible to predict with certainty the outcome of any litigation, the Authority has been advised by counsel that if HUD were to attempt to recover previously made payments under the HAP contracts related to these projects, HUD would be unlikely to prevail.

Note M—Subsequent Events

On July 27, 2006, the Authority issued its Homeowner Mortgage Revenue Bonds, 2006 Series C, in the aggregate principal amount of \$125,000,000, maturing in 2007 through 2037, at interest rates of 3.75% to 5.15%. These bonds are special limited obligations of the Authority.

On August 24, 2006, the Authority issued its Housing Bonds, 2006 Series A (Pineview of Rockford SLF), in the aggregate principal amount of \$8,130,000, maturing in 2008 through 2038, at interest rates of 3.90% to 5.05%. These bonds are special limited obligations of the Authority.

On October 25, 2006, the Authority issued its Housing Bonds, 2006 Series E (Prairie View Apartments), Series F (65th Street Apartments) and Series J (Eagle Ridge of Decatur SLF II), in the aggregate principal amount of \$15,620,000, maturing in 2007 through 2048, at interest rates of 3.70% to 5.00%. These bonds are special limited obligations of the Authority.

Ten-Year Rule[†]

Currently, under the Code, subject to a \$250,000 *de minimis* exception, repayments and prepayments of principal received more than ten years after the date of issuance of certain qualified mortgage bonds (or, to the extent bonds are treated as refunding bonds, directly or through a series of refundings, the respective dates of issuance of the original bonds) may not be used to make additional mortgage loans but must be used to retire or redeem bonds (the “Ten-Year Rule”). Portions of regularly scheduled payments of principal, prepayments of principal and other Recoveries of Principal received with respect to the Series of Bonds listed below are, or will be, subject to the limitations of the Ten-Year Rule. The portions of those payments, prepayments and other Recoveries of Principal subject to the Ten-Year Rule increase over time until they reach 100%. The dates that all of those payments, prepayments and other Recoveries of Principal of listed Series of Bonds become (or became) subject to the Ten-Year Rule are listed below. The dates are for general reference only and may be modified upon review by the Authority and to the extent permitted or required by the Code. Certain Subseries or maturities of Bonds within a Subseries may be 100 percent subject to the Ten-Year Rule at an earlier date.

APPENDIX C

SUMMARY OF CERTAIN MORTGAGE INSURANCE AND ILLINOIS FORECLOSURE PROCEDURES

General

The following provides information about the Authority's Program relating to mortgage insurance requirements. The description of certain mortgage insurance policies and loan guarantees is only a brief outline and does not purport to summarize or describe all of the provisions thereof. For a more complete description of the terms of these policies and guarantee programs, reference is made to the provisions of such policies and guarantee programs.

Pursuant to the Series Program Determinations for the Prior Bonds, each First Mortgage Loan to be purchased with the proceeds of those Bonds must either:

- (i) in the case of uninsured conventional Mortgage Loans, have an original principal balance not exceeding 80 percent of the Property Value; or
- (ii) qualify for and obtain primary mortgage insurance in the form of either private mortgage insurance, FHA insurance, a VA guarantee, or a USDA guarantee.

Transferred Mortgage Loans, which are all conventional Mortgage Loans, when originated, each had an original principal balance not exceeding 80 percent of the Property Value, or qualified for and obtained primary mortgage insurance in the form of private mortgage insurance.

In addition, each First Mortgage Loan to be purchased with the proceeds of the Prior Bonds must either:

- (i) in the case of uninsured Mortgage Loans and Mortgage Loans insured with private mortgage insurance, be the subject of a mortgage pool insurance policy or policies that shall provide coverage of losses of the Authority by reason of default on any Mortgage Loan covered by such policy up to an aggregate limit equal to 3.5 percent of the aggregate original principal amount of the Mortgage Loans covered by such policy, less any applicable Deductible (as defined in this Official Statement); or
- (ii) in the case of Mortgage Loans insured by the FHA or guaranteed by the VA or USDA, the Authority must provide a Cash Flow Certificate, accompanied by a Rating Certificate, advising that the purchase of such Mortgage Loans will not result in a reduction of the Ratings of the Bonds.

The various mortgage insurance alternatives required by the Series Program Determinations for the Prior Bonds and applicable to Transferred Mortgage Loans, and the FHLMC Mortgage Certificate program, are described generally below.

Primary Mortgage Insurance Programs

Private Mortgage Insurance. Private mortgage insurance must be issued by a mortgage insurer that is: (i) (A) qualified to do business in the State; (B) approved by Fannie Mae and FHLMC; and (C) rated as to its claims paying ability in the two highest rating categories by each Rating Agency; or (ii) accepted in writing by the Authority subject to the filing by the Authority of a Rating Certificate with the Trustee, advising that the use of such insurer will not result in a reduction of the Ratings of the Bonds.

The Authority may permit Eligible Borrowers to maintain private mortgage insurance issued by a mortgage insurer whose rating is subsequently reduced below the two highest rating categories of the Rating Agencies. Coverage is required on the amount of the First Mortgage Loan in excess of 68 percent (72 percent in the case of Transferred First Mortgage Loans) of the original Property Value and is required to remain in force until the principal balance of the First Mortgage Loan is reduced to 80 percent of the original Property Value, at which time the coverage requirement may be waived by the Authority. In certain circumstances, the federal Homeowners Protection Act of 1998 (which applies to mortgage loans made after July 29, 1999) requires cancellation or termination of private mortgage insurance, including automatic termination on the date on which the principal balance of the mortgage loan is first scheduled to reach 78 percent of the original value of the property (so long as mortgage loan payments are current). The Homeowners Protection Act of 1998 also provides that in no case may private mortgage insurance be required beyond the first day of the month immediately following the date that is the midpoint of the amortization period of the mortgage loan (so long as mortgage loan payments are current). Cancellation or termination of primary mortgage insurance under such circumstances does not affect the loss coverage provided by the Pool Policies.

Private mortgage insurance policies generally require that delinquencies must be reported to the insurer within four months of default, and proceedings to recover title are required to be commenced within six months of default. Prior to presenting a claim under the private mortgage insurance, title to the property, free and clear of all liens and encumbrances, including any right of redemption by the mortgagor, must be acquired and tendered to the insurer. Private mortgage insurance policies generally provide that the insurer has the option of either taking title to the property securing the mortgage loan and paying the holder of such mortgage loan the unrecovered balance of its loss, or of paying the holder the loss limit of the policy and allowing the holder to retain title. Should the private mortgage insurer elect to take title to the property, the amount of the claim payable generally consists of the unpaid principal amount of the mortgage loan, accumulated interest through the date of tender of conveyance of title to the residence to the insurer and incidental expenses such as usual and customary attorneys' fees, real estate taxes, hazard and private mortgage insurance premiums necessarily advanced by the insured, expenses incurred in preservation and maintenance of the property, and other costs and expenses incurred to acquire title to the property. Should the private mortgage insurer elect to allow the holder to retain title, the amount of the claim payable consists of the insured percentage of the loss, as calculated above. Private mortgage insurance settlements may be reduced by the cost to repair physical damage to the property that is beyond ordinary wear and tear.

Under most policies issued by private mortgage insurers, the maximum amounts insurable generally range from 90 percent to 100 percent of the appraised value or selling price for owner-occupied dwellings, whichever is lower. Requirements of borrower equity vary according to the percentage of the mortgage to be insured. Certain insurers will credit toward the value of the land to be improved, trade-in property or work equity a specified percentage of this amount, if at least a minimum cash equity is met and the home is to be owner-occupied. Although there may be variations among insurers, available coverage by private mortgage insurers is generally limited to first mortgage loans or contracts on improved real estate, with amortization over the term of the loan or contract in substantially equal monthly payments, including accruals for taxes and insurance.

Federal Housing Administration Insurance Programs. The National Housing Act of 1934, as amended, authorizes various FHA mortgage insurance programs, which differ in some respects depending primarily upon whether the premises contains five or more dwelling units or less than five such units. Insurance benefits are payable only upon foreclosure (or other acquisition of possession) and conveyance of the premises to FHA or upon assignment of the defaulted loan to FHA. Assignment is allowed only with FHA approval if the premises contains less than five dwelling units.

With respect to the assignment of defaulted loans to the United States Department of Housing and Urban Development (“HUD”), the insured must first make a determination as to whether or not the default is caused by a circumstance or set of circumstances beyond the borrower’s control that temporarily renders the family financially unable to cure the delinquency with a reasonable time or to make full mortgage payments. If a determination is made that the default is caused by such circumstances, HUD must be requested to accept assignment, and must have rejected the request in order for the insured to initiate foreclosure proceedings. FHA will generally provide insurance upon assignment of the mortgaged premises to HUD in an amount equal to 100 percent of the outstanding principal balance of the mortgage loan plus interest, and certain additional costs and expenses.

Under some of the FHA insurance programs, insurance claims are paid by FHA in cash unless the insured specifically requests payment in debentures issued by FHA. Under others, FHA has the option at its discretion to pay insurance claims in cash or in such debentures. The current FHA policy, subject to change at any time, is to make insurance payments on single-family mortgage loans in cash with respect to all programs covering such units as to which it has discretion to determine the form of insurance payment. FHA debentures issued in satisfaction of FHA insurance claims bear interest payable semi-annually on January 1 and July 1 of each year at the FHA debenture interest rate in effect under FHA regulations on the date the FHA mortgage insurance commitment was issued or of the initial insurance endorsement of the mortgage loan, whichever rate is higher.

When entitlement to insurance benefits results from foreclosure (or other acquisition of possession) and conveyance, the insurance payment is computed as of the date of the institution of foreclosure or the date of acquisition of the property whichever is earlier, and the insured generally is not compensated for interest accrued and unpaid prior to that date. However, the mortgagee will be reimbursed for uncollected interest resulting from the mortgagor’s default on a forbearance agreement. Under such circumstances, the amount of insurance benefits generally

paid by FHA is equal to the unpaid principal amount of the mortgage loan adjusted to reimburse the mortgagee for certain tax, insurance and similar payments made by it and to deduct certain amounts received or retained by the mortgagee after default, plus reimbursement not to exceed two-thirds of the mortgagee's foreclosure costs (or \$75, whichever is the greater). When entitlement to insurance benefits results from assignment of the mortgage loan to HUD, the insurance payment is computed on the date of assignment and includes full compensation for interest accrued and unpaid to the assignment date. The regulations under all insurance programs described above provide that the insurance payment itself bears interest for the date of default by the mortgagor, which under HUD regulations will occur no less than 30 days after the due date of a mortgage payment or, where applicable, assignment to the date payment of the claim at the same interest rate as the applicable HUD debenture interest rate determined in the manner set forth above.

When any property conveyed to FHA or securing a loan that is to be assigned to FHA has been damaged by fire, earthquake, flood or tornado or the property has suffered damage due to failure of the mortgagee to make required inspections, it is required, as a condition to payment of an insurance claim, that such property be repaired by the mortgage lender prior to such conveyance or assignment in some instances, when damage has resulted from failure of the mortgagee to inspect and preserve the property, FHA may deduct the amount of such damages from the insurance payment made by FHA.

The continuation of the availability of FHA mortgage insurance depends on periodic action by the United States Congress to increase the limitation on the aggregate amount of loan guarantees. Through legislative action by the United States Congress or changes in regulations by HUD, the fees and standards for participation in FHA insurance programs may change. The United States Congress has recently approved modifications to the FHA insurance program, including increases in insurance premiums and limitations on the financing of fees and downpayments. It is not possible to predict the effect of legislative or regulatory action, if any, on the ability of the Authority to purchase Mortgage Loans.

Department of Veterans Affairs Guarantee Program. The Servicemen's Readjustment Act of 1944, as amended, permits a veteran (or in certain instances, the veteran's spouse) to obtain a loan guarantee by the VA covering mortgage financing of the purchase of a one-to-four family dwelling unit at interest rates permitted by the VA. The program has no mortgage loan limits, requires no downpayment from the purchaser and permits the guarantee of mortgage loans with terms of up to 30 years. The maximum guarantee that may be issued by the VA under this program is based on the size of the mortgage loan that is, at present, as follows: (i) 50 percent of the original principal amount of the mortgage loan for a mortgage loan of not more than \$45,000; (ii) \$22,500 for a mortgage loan greater than \$45,000 but not more than \$56,250; and (iii) the lesser of \$36,000 or 40 percent of the original principal amount of the mortgage loan for a mortgage loan greater than \$56,250 but not more than \$144,000. The liability on the guarantee is reduced or increased pro rata with any reduction or increase in the amount of indebtedness, but in no event will the amount payable on the guarantee exceed the amount of the original guarantee. Notwithstanding the dollar and percentage limitations of the guarantee, a mortgage lender will ordinarily suffer a monetary loss only where the difference between the unsatisfied indebtedness and the proceeds of a foreclosure sale of a mortgaged premises is greater than the original guarantee, as adjusted. The VA may, at its option and without regard to the guarantee,

make full payment to a mortgage lender of unsatisfied indebtedness on a mortgage upon its assignment to the VA.

United States Department of Agriculture, Rural Development Service Guaranteed Rural Housing Loan Program. The Cranston-Gonzalez National Affordable Housing Act of 1990 revised and expanded the USDA interest assistance program for guaranteed loans under Section 502 of Title V of the Housing Act of 1949, as amended, by creating this program. The Agriculture Appropriations Act of 1991 included initial funding for the USDA loan guaranty program for both moderate and low income borrowers.

The USDA Guaranteed Rural Housing Loan Program is limited to certain qualified rural areas of the State. The USDA guaranty covers the lesser of (a) any loss equal to 90 percent of the original principal amount of the loan or (b) any loss in full up to 35 percent of the original principal amount of the loan plus any additional loss of the remaining 65 percent to be shared approximately 85 percent by USDA and approximately 15 percent by the Authority.

See “CERTAIN PROGRAM INFORMATION” attached as Appendix B for certain additional information regarding Primary Mortgage Insurers under the Program.

Mortgage Pool Insurance Policy

Each conventional First Mortgage Loan purchased with proceeds attributable to the Prior Bonds, (including Transferred First Mortgage Loans,) will be covered by one or more Pool Policies with terms generally as described below, provided by a private qualified mortgage pool insurer (the “Mortgage Pool Insurer”). The Pool Policy applicable to First Mortgage Loans purchased with proceeds of some of the Bonds may also cover some First Mortgage Loans insured by FHA or guaranteed by VA or USDA.

Subject to certain limitations, a Pool Policy insures the Authority against losses sustained by it arising from an event of default under any First Mortgage Loan covered by such Pool Policy up to certain specified aggregate limits, after absorption of losses under the Program equal to any applicable deductible (a “Deductible”). The Pool Policies applicable to First Mortgage Loans purchased with proceeds of Prior Bonds provide loss coverages and Deductibles as described under the caption “CERTAIN PROGRAM INFORMATION – Mortgage Pool Insurers” attached as Appendix B. The Authority may cancel a Pool Policy and provide for alternative Supplemental Mortgage Coverage, or obtain additional Supplemental Mortgage Coverage, subject to the filing by the Authority of a Cash Flow Certificate and a Rating Certificate with the Trustee, advising that such alternative or additional Supplemental Mortgage Coverage will not result in a reduction of the Ratings of the Bonds.

Each Pool Policy provides that no claim may validly be presented thereunder unless (i) with respect to a First Mortgage Loan with an initial loan-to-Property Value ratio in excess of 80 percent, primary mortgage insurance coverage on the amount of such Mortgage Loan that exceeds 68 percent (72 percent in the case of Transferred First Mortgage Loans) of the Property Value (at the time of origination) has been kept in force for at least as long as the remaining principal balance of the First Mortgage Loan exceeds 80 percent of such Property Value; (ii) premiums for primary mortgage insurance on the property securing the defaulted First Mortgage

Loan (the “Mortgaged Property”), real property taxes, property sale, preservation and protection expenses and foreclosure expenses have been advanced by the Authority or otherwise have been paid, and (iii) if there has been physical loss or damage to the Mortgaged Property, it has been restored to the condition it was in at the time the First Mortgage Loan became subject to the coverage of the Pool Policy, subject to reasonable wear and tear (the Pool Policy does not provide coverage against casualty losses). Assuming the satisfaction of these conditions, the Mortgage Pool Insurer will have the option, after expiration of any applicable redemption period, to either (a) purchase the Mortgaged Property securing the defaulted First Mortgage Loan at a price equal to the unpaid principal balance thereof plus accrued and unpaid interest at the First Mortgage Loan rate to the date of purchase and certain expenses on the condition the Mortgage Pool Insurer must be provided with good and merchantable title to the Mortgaged Property or (b) pay the amount by which the sum of the unpaid principal balance of the defaulted First Mortgage Loan plus accrued and unpaid interest, at the First Mortgage Loan rate, to the date of the payment of the claim, plus certain expenses, exceeds such proceeds received from the Mortgage Pool Insurer-approved sale of the Mortgaged Property. In both (a) and (b), the amount of payment is reduced by the amount of loss paid under any applicable primary mortgage insurance policy, and any unreimbursed advance claim payments made under the Pool Policy.

A claim under each Pool Policy must be filed, (i) when a primary mortgage insurance policy is in force, within 60 days after the claim for loss has been settled or paid, or within 60 days after the sale approved by the Mortgage Pool Insurer, whichever is later, or (ii) when such insurance is not in force, within 60 days after the Authority has conveyed title to the Mortgaged Property pursuant to a Mortgage Pool Insurer-approved sale.

The amount of coverage under each Pool Policy will be reduced over its life by the dollar amount of claims paid under such Pool Policy less amounts realized by the Mortgage Pool Insurer upon disposition of Mortgaged Properties. The amount of claims payable includes certain expenses incurred by the Mortgage Lenders of the Authority as well as the accrued interest on delinquent First Mortgage Loans, including interest accrued through completion of foreclosure proceedings. Accordingly, if aggregate recoveries under the Pool Policy reach the Pool Policy limit (subject to the Deductible), coverage under the Pool Policy will be exhausted, and any further losses will be borne by Bondowners to the extent remaining moneys held under the General Resolution are inadequate to pay principal of an interest on the Bonds.

See “CERTAIN PROGRAM INFORMATION” attached as Appendix B for certain additional information regarding Mortgage Pool Insurers under the Program.

Mortgage Certificate Programs

FHLMC

General. The following summary of the FHLMC Guarantor Program, the FHLMC Certificates and FHLMC’s mortgage purchase and servicing standards does not purport to be complete and is qualified in its entirety by reference to FHLMC’s Mortgage Participation Certificates Offering Circular, any applicable Offering Circular Supplements, FHLMC’s Information Statement, any Information Statement Supplements and any other documents made available by FHLMC. Copies of these documents can be obtained by writing or calling Investor

Inquiry at FHLMC at 8200 Jones Branch Drive, McLean, Virginia 22102 (800-336-FMPC). The Authority does not and will not participate in the preparation of FHLMC's Mortgage Participation Certificates Offering Circular, Information Statement or Supplements.

FHLMC is a shareholder owned government-sponsored enterprise created on July 24, 1970 pursuant to the Federal Home Loan Mortgage Corporation Act, Title III of the Emergency Home Finance Act of 1970, as amended (the "FHLMC Act"). FHLMC's statutory mission is (i) to provide stability in the secondary market for residential mortgages, (ii) to respond appropriately to the private capital market, (iii) to provide ongoing assistance to the secondary market for residential mortgages (including activities relating to mortgages on housing for low- and moderate-income families involving a reasonable economic return that may be less than the return earned on other activities) and (iv) to promote access to mortgage credit throughout the United States (including central cities, rural areas and underserved areas) by increasing the liquidity of mortgage investments and improving the distribution of investment capital available for residential mortgage financing. Neither the United States nor any agency or instrumentality of the United States is obligated, either directly or indirectly, to fund the mortgage purchase or financing activities of FHLMC.

FHLMC Guarantor Program. FHLMC has established a mortgage purchase program pursuant to which FHLMC purchases a group of mortgages from a single seller in exchange for a FHLMC Certificate representing an undivided interest in a pool consisting of the same mortgages (the "Guarantor Program"). FHLMC approves the institutions that may sell and service mortgages under the Guarantor Program on an individual basis after consideration of factors such as financial condition, operational capability and mortgage origination and/or servicing experience. Most sellers and servicers are HUD-approved mortgagees or FDIC-insured financial institutions.

FHLMC Certificates. FHLMC Certificates will be mortgage pass-through securities issued and guaranteed by FHLMC under its Guarantor Program. FHLMC Certificates are issued only in book-entry form through the Federal Reserve Banks' book-entry system. Each FHLMC Certificate represents an undivided interest in a pool of mortgages. Payments by borrowers on the mortgages in the pool are passed through monthly by FHLMC to record holders of the FHLMC Certificates representing interests in that pool.

Payments on FHLMC Certificates begin on or about the fifteenth day of the first month following issuance. Each month, FHLMC passes through to record holders of FHLMC Certificates their proportionate share of principal payments on the mortgages in the related pool and one month's interest at the applicable pass-through rate. The pass-through rate for a FHLMC Certificate is determined by subtracting from the lowest interest rate on any of the mortgages in the pool the applicable servicing fee and FHLMC's management and guarantee fee, if any. The interest rates on the mortgages in a pool formed under FHLMC's Guarantor Program must fall within a range from the pass-through rate on the FHLMC Certificate plus the minimum required servicing fee through the pass-through rate plus 250 basis points.

FHLMC guarantees to each holder of a FHLMC Certificate, on each monthly payment date, its proportionate share of scheduled principal payments on the related mortgages and interest at the applicable pass-through rate, in each case, whether or not received. The full and

final payment on each FHLMC Certificate will be made no later than the payment date that occurs in the month in which the last monthly payment on the FHLMC Certificate is scheduled to be made.

The obligations of FHLMC under its guarantees of the FHLMC Certificates are obligations of FHLMC only. The FHLMC Certificates, including the interest thereon, are not guaranteed by the United States and do not constitute debts or obligations of the United States or any agency or instrumentality of the United States other than FHLMC. If FHLMC were unable to satisfy its obligations under its guarantees, distributions on the FHLMC Certificates would consist solely of payments and other recoveries on the related mortgages; accordingly, delinquencies and defaults on the mortgages would affect distributions on the FHLMC Certificates and could adversely affect payments on the Bonds.

Mortgage Purchase and Servicing Standards. All mortgages purchased by FHLMC must meet certain standards established by the FHLMC Act. In addition, FHLMC has established in the FHLMC Guide its own set of mortgage purchase standards, including credit, appraisal and underwriting guidelines. The guidelines are designed to determine the value of the real property securing a mortgage and the creditworthiness of the borrower. FHLMC's administration of its guidelines may vary based on its evaluation of and experience with the seller of the mortgages, the loan-to-value ratio, the age of the mortgages, the type of property securing the mortgages and other factors.

FHLMC has also established in the FHLMC Guide servicing policies and procedures to support the efficient and uniform servicing of the mortgages it purchases. Each servicer must perform diligently all services and duties customary to the servicing of mortgages in a manner consistent with prudent servicing standards. The duties performed by a servicer include collection and remittance of principal and interest to FHLMC; administration of escrow accounts; collection of insurance or guaranty claims; property inspections; and, if necessary, foreclosure. FHLMC monitors servicers' performance through periodic and special reports and inspections.

In the event of an existing or impending delinquency or other default on a mortgage, FHLMC may attempt to resolve the default through a variety of measures. In determining which measures to pursue with respect to a given mortgage and when to initiate such measures, FHLMC seeks to minimize the costs that may be incurred in servicing the mortgage, as well as FHLMC's possible exposure under its guarantees. However, the measures that FHLMC may choose to pursue to resolve a default will not affect FHLMC's guarantees. FHLMC generally repurchases from a pool any mortgage that has remained delinquent for at least 120 consecutive days and makes payment of principal to record holders.

Fannie Mae

General. Fannie Mae is a federally chartered and stockholder-owned corporation organized and existing under the Federal National Mortgage Association Charter Act (12 U.S.C. Section 1716 *et seq.*). Fannie Mae was originally established in 1938 as a United States government agency to provide supplemental liquidity to the mortgage market, and was transformed into a stockholder-owned and privately managed corporation by legislation enacted

in 1968. The Secretary of Housing and Urban Development exercises general regulatory power over Fannie Mae. Fannie Mae provides funds to the mortgage market by purchasing mortgage loans from lenders, thereby replenishing their funds for additional lending. Fannie Mae acquires funds to purchase mortgage loans from many capital market investors that may not ordinarily invest in mortgage loans, thereby expanding the total amount of funds available for housing. In addition, Fannie Mae issues mortgage-backed securities primarily in exchange for pools of mortgage loans from lenders.

ALTHOUGH THE SECRETARY OF THE TREASURY OF THE UNITED STATES HAS CERTAIN DISCRETIONARY AUTHORITY TO PURCHASE OBLIGATIONS OF FANNIE MAE, NEITHER THE UNITED STATES NOR ANY AGENCY OR INSTRUMENTALITY THEREOF IS OBLIGATED TO FINANCE FANNIE MAE OBLIGATIONS OR ASSIST FANNIE MAE IN ANY MANNER.

Fannie Mae Certificates. Fannie Mae has implemented a mortgage-backed securities program pursuant to which Fannie Mae issues securities backed by pools of mortgage loans (the "MBS Program"). THE OBLIGATIONS OF FANNIE MAE, INCLUDING ITS OBLIGATIONS UNDER THE FANNIE MAE CERTIFICATES, ARE OBLIGATIONS SOLELY OF FANNIE MAE AND ARE NOT BACKED BY, OR ENTITLED TO, THE FULL FAITH AND CREDIT OF THE UNITED STATES.

The terms of the MBS Program are governed by the Fannie Mae Selling and Servicing Guides (the "Fannie Mae Guides") and are further described in a prospectus issued by Fannie Mae (the "Fannie Mae Prospectus"). The most recent Fannie Mae Prospectus is dated October 1, 1996, and is updated from time to time. Copies of the Fannie Mae Prospectus and Fannie Mae's most recent annual and quarterly reports and proxy statements are available without charge from the Vice President for Investor Relations, Fannie Mae, 3900 Wisconsin Avenue, N.W., Washington, D. C. 20016 (telephone: (202) 752-6724). The Authority does not and will not participate in the preparation of the Fannie Mae Prospectus.

The summary of the MBS Program set forth in this Official Statement does not purport to be comprehensive and is qualified in its entirety by reference to the Fannie Mae Guides, the Fannie Mae Prospectus and the other documents referred to in this Official Statement.

Each Fannie Mae Certificate will represent the entire interest in a specified pool of mortgage loans purchased by Fannie Mae and identified in records maintained by Fannie Mae. Each Fannie Mae Certificate must generally be in a minimum amount of \$250,000. The mortgage loans backing each Fannie Mae Certificate will generally bear interest at rates (the "pass-through rate") which will be 0.50 percent per annum less than the corresponding rate borne by the related mortgage loans. The difference between the interest rate on the mortgage loans and the pass-through rate on the Fannie Mae Certificates will be collected by the mortgage loan servicer and is generally used to pay the servicing fee of 0.25 percent per annum and Fannie Mae's guaranty fee of .25 percent per annum.

Fannie Mae guarantees to the registered holder of the Fannie Mae Certificates that it will distribute amounts representing scheduled principal and interest at the applicable pass-through rate on the mortgage loans in the pool represented by such Fannie Mae Certificates, whether or

not received, and the full principal balance of any foreclosed or other fully liquidated mortgage loan, whether or not such principal balance is actually received. THE OBLIGATIONS OF FANNIE MAE UNDER SUCH GUARANTEES ARE OBLIGATIONS SOLELY OF FANNIE MAE AND ARE NOT BACKED BY, NOR ENTITLED TO, THE FAITH AND CREDIT OF THE UNITED STATES. If Fannie Mae were unable to satisfy such obligations, distributions to the registered holder of Fannie Mae Certificates would consist solely of payments and other recoveries on the underlying mortgage loans and, accordingly, monthly distributions to the holder of Fannie Mae Certificates would be affected by delinquent payments and defaults on such mortgage loans.

Payments on a Fannie Mae Certificate are made on the 25th day of each month (beginning with the month following the month such Fannie Mae is issued), or, if such 25th day is not a business day, on the first business day next succeeding such 25th day. With respect to each Fannie Mae Certificate, Fannie Mae distributes an amount equal to the total of (i) the principal due on the mortgage loans in the related pool underlying such Fannie Mae Certificate during the period beginning on the second day of the month prior to the month of such distribution and ending on the first day of such month of distribution, (ii) the stated principal balance of any mortgage loan that was prepaid in full during the second month next preceding the month of such distribution (including as prepaid for this purpose at Fannie Mae's election any mortgage loan after it is delinquent, in whole or in part, with respect to four consecutive installments of principal and interest; or because of Fannie Mae's election to repurchase such mortgage loan under certain other circumstances), (iii) the amount of any partial prepayment of a mortgage loan received in the second month next preceding the month of distribution, and (iv) one month's interest at the pass-through rate on the principal balance of the Fannie Mae Certificates as reported to the registered holder in connection with the previous distribution (or, respecting the first distribution, the principal balance of the Fannie Mae Certificate on its issue date).

For purposes of distributions, a mortgage loan will be considered to have been prepaid in full if, in Fannie Mae's reasonable judgment, the full amount finally recoverable on account of such mortgage loan has been received, whether or not such full amount is equal to the stated principal balance of the mortgage loan. Fannie Mae may, in its discretion, include with any distribution principal prepayments, both full and partial, received during the month prior to the month of distribution but is under no obligation to do so.

Summary of Illinois Foreclosure Procedures

If a mortgagor defaults on a Mortgage Loan and foreclosure or other recovery proceedings are instituted, there may at times be delays in collection. These delays could disrupt the flow of revenues available from Mortgage Loans to pay debt service on the Bonds if such defaults occur with respect to a substantial number of Mortgage Loans.

The foreclosure laws applicable to defaulted mortgage loans in many states permit a mortgagee to foreclose upon Mortgaged Property within a short period of time. Illinois law in this respect contains two provisions that cause foreclosures in the State to be more time consuming than in other states.

Under State law, foreclosure of defaulted mortgages must be pursuant to judicial proceedings. The sale of Mortgaged Property by virtue of any power of sale contained in any mortgage or trust deed is expressly prohibited. Judicial proceedings in a foreclosure suit are governed by the Illinois Code of Civil Procedure, 735 ILCS 5/1-101 *et seq.*, in particular by 5/15-1101 *et seq.* A mortgagor has the right to reinstate the mortgage by curing all defaults then existing, other than payment of such portion of the principal that would not have been due had no acceleration occurred, and by paying all costs and expenses required by the mortgage to be paid in the event of such defaults, provided that such cure and payment are made prior to the expiration of 90 days from the date all mortgagor(s) have been served with the foreclosure complaint or have otherwise submitted to the jurisdiction of the court. The reinstatement period must expire before a foreclosure sale is held. The mortgagor or other owner or co-owner of Mortgaged Property may redeem the Mortgaged Property by paying the mortgagee the amount specified in the judgment of foreclosure and certain expenses incurred by the mortgagee between the date of judgment of foreclosure and the date of redemption. The redemption may be made only during a specified redemption period. The applicable redemption period for residential Mortgaged Property ends on the later of (i) the date seven months from the date all mortgagors have been served with the foreclosure complaint or have otherwise submitted to the jurisdiction of the court or (ii) the date three months from the date of entry of a judgment of foreclosure, unless certain conditions are met, in which case the redemption period will end at the later of the date of the expiration of the 90-day reinstatement period described above or the date 60 days after the judgment of foreclosure is entered. The redemption period must expire before a foreclosure sale is held.

The Mortgage Pool Insurer is not obligated to pay claims thereunder until the Mortgaged Property has been sold at an approved sale, or until the insured has obtained marketable title, except to the extent of payments made under an advance claims payment coverage of the Pool Policy. Accordingly, unless they are within the scope of the advance claims payment coverage, delays in the sale of such Mortgaged Property may be expected to delay the collection of insurance proceeds. Although Mortgage Lender expenses and interest accruing during the period prior to sale are covered under the Pool Policy, the increased amounts of such items occasioned by the delays resulting from State law may serve to reduce the overall coverage of the Pool Policy as compared with a comparable policy written on mortgage loans in a state in which Mortgaged Properties may be sold more quickly.

Mortgagors may seek protection under the United States Bankruptcy Code, which provides a debtor with an opportunity to adjust his debts without losing control of his assets. Under a plan confirmed under Chapter 13 of the Bankruptcy Code, the debtor's unsecured and secured debts may be modified, except that debts secured by a mortgage on real property used as the debtor's principal residence may not be modified, unless the case is converted to a case under Chapter 7 (liquidation) or Chapter 11 (reorganization). Absent court ordered relief (which is only available under limited circumstances) the automatic stay under Section 362 of the Bankruptcy Code will apply to any case commenced under such Bankruptcy Code, and the mortgagee will be stayed from any action to satisfy its claim, including foreclosure on the real property.

APPENDIX D

FORM OF OPINIONS OF CO-BOND COUNSEL

[Closing Date]

Illinois Housing Development Authority
401 North Michigan Avenue
Chicago, Illinois 60611

Ladies and Gentlemen:

We have examined a certified copy of the record of proceedings of the Illinois Housing Development Authority (the “**Authority**”), together with various accompanying certificates, pertaining to the issuance today by the Authority of \$117,010,000 aggregate principal amount of its Homeowner Mortgage Revenue Bonds, 2007 Series H (Convertible Option Bonds) (the “**2007 Series H Bonds**”). The 2007 Series H Bonds consist of \$8,595,000 aggregate principal amount of Homeowner Mortgage Revenue Bonds, 2007 Subseries H-1 (Non-AMT) (the “2007 Subseries H-1 Bonds”), and \$108,415,000 aggregate principal amount of Homeowner Mortgage Revenue Bonds, 2007 Subseries H-2 (AMT) (the “**2007 Subseries H-2 Bonds**”). The record of proceedings includes (i) the Authority’s Homeowner Mortgage Revenue Bonds General Resolution, adopted July 15, 1994, as supplemented by Supplemental Resolutions adopted November 18, 1994, July 18, 1997, September 19, 2003 and September 17, 2004 (as so supplemented, the “**General Resolution**”), and (ii) a Series Resolution pertaining to the 2007 Series H Bonds adopted October 19, 2007, and a related Initial Determination made by authorized officers of the Authority (together, the “**2007 Series H Resolution**”). The 2007 Series H Resolution and the General Resolution are referred to collectively as the “**Resolution.**” The record of proceedings also includes a General Tax Certificate of the Authority, dated today. As to matters of fact material to this opinion, we have relied upon the certified copy of the record of proceedings and accompanying certificates, without having undertaken to make an independent investigation or verification of those factual matters.

The 2007 Series H Bonds mature on the dates and in the principal amounts and bear interest as provided in the 2007 Series H Resolution. The 2007 Series H Bonds are issuable only as fully registered bonds in the denomination of \$5,000, or any integral multiple of \$5,000 in excess of that amount. The 2007 Series H Bonds are subject to (i) redemption prior to maturity on the dates and at the redemption prices and (ii) mandatory tender for purchase on the Tender Dates, in each case as provided in the 2007 Series H Resolution.

The Internal Revenue Code of 1986, as amended (the “**Code**”), to the extent applicable, establishes certain continuing requirements which must be met in order that interest on the 2007 Series H Bonds be excludible from gross income for federal income tax purposes. These include requirements as to the use and investment of proceeds of the 2007 Series H Bonds, the payment of certain amounts to the United States and the Mortgage Loans to be purchased with the proceeds of the 2007 Series H Bonds. The Authority has covenanted in the Series

Resolution and in the General Tax Certificate to take all steps within its power that are required to maintain the status of interest on the Bonds as excludible from the gross income of their owners under federal income tax law existing on the date of initial issuance of the 2007 Series H Bonds.

Based upon this examination, we are of the opinion that:

1. The Authority is a legally existing body politic and corporate of the State of Illinois.

2. Under the Illinois Housing Development Act, as amended to the date of this opinion (the “**Act**”), the Authority has the right and power to adopt the Resolution. The Resolution (including the continuing disclosure undertakings contained in the 2007 Series H Resolution) has been duly and lawfully adopted by the Authority, is in full force and effect, is valid and binding upon the Authority, and is enforceable in accordance with its terms. No authorization of the Resolution is required in addition to that which the record of proceedings evidences has been taken.

3. The 2007 Series H Bonds have been duly and validly authorized by the Authority and issued in accordance with law and the Resolution.

4. The 2007 Series H Bonds are valid and legally binding special limited obligations of the Authority, secured in the manner and to the extent provided in the Resolution, including by the Transfer Amounts as defined in the Resolution, enforceable in accordance with their terms and the terms of the Resolution and entitled to the benefits of the Resolution and the Act.

5. The 2007 Series H Bonds have a claim for payment solely from Pledged Property as defined in the Resolution. The 2007 Series H Bonds are on a parity with any additional series of Bonds (other than Subordinate Bonds) which have been issued or may be issued in the future under the General Resolution.

6. Under existing law, interest on the 2007 Series H Bonds is excludible from the gross income of their owners for federal income tax purposes under Section 103 of the Internal Revenue Code, if there is continuing compliance by the Authority with the covenants described above in the 2007 Series H Resolution and the General Tax Certificate. Assuming that compliance by the Authority, interest on the 2007 Subseries H-1 Bonds is not included as a preference item for purposes of computing the alternative minimum tax for individuals or corporations, but is taken into account in computing an adjustment used in determining the federal alternative minimum tax for certain corporations; and interest on the 2007 Subseries H-2 Bonds will be treated as a preference item for purposes of computing the alternative minimum tax for individuals and corporations. Interest on the 2007 Series H Bonds may be subject to certain federal taxes not based on gross income and ownership of the 2007 Series H Bonds may result in certain other federal income tax consequences to certain owners; we express no opinion as to these matters. Failure of the Authority to comply with certain of those tax covenants could

cause the interest on the 2007 Series H Bonds to be included as gross income for federal income tax purposes retroactively to the date of their issuance.

7. The Authority has no taxing power. The 2007 Series H Bonds are not a debt of the State of Illinois and the State of Illinois is not liable on the 2007 Series H Bonds. The 2007 Series H Bonds are not subject to Section 26.1 of the Act.

8. Under the Act, interest on the 2007 Series H Bonds is exempt from Illinois income tax.

We express no opinion in this letter as to the accuracy, adequacy or completeness of the Official Statement dated October 24, 2007, relating to the 2007 Series H Bonds.

Under the General Tax Certificate and the Resolution, various actions may be taken only upon the receipt of an approving legal opinion of bond counsel. We give in this letter no opinion as to the effect on exclusion of interest on the 2007 Series H Bonds from gross income of their owners for federal income tax purposes of any such actions.

The opinions stated in this letter are based upon facts known or certified to us and laws in effect on its date and speaks as of that date. The opinions stated in this letter are expressions of professional judgment based upon such facts and law and are not a guaranty of a result if the validity or tax-exempt status of interest on the 2007 Series H Bonds are challenged. We have not undertaken any obligation to revise or supplement this opinion to reflect any facts or circumstances that may come to our attention after the date of this opinion or any changes in law that may occur after that date

Respectfully yours,
