RE: HUD Brochure Update - *Resident Rights & Responsibilities*

SUMMARY:

HUD's Office of Multifamily Housing Programs has issued an updated version of its [Resident Rights & Responsibilities](#) brochure. The brochure lists the rights and responsibilities of tenants living in HUD-assisted multifamily housing, along with resource information for tenants needing assistance.

Owners and Agents of HUD Multifamily Housing are required to provide the brochure to tenants at move-in and at annual income re-certification, and should use the updated version available [here](#).
