Narratives

Areas of Greatest Need:

The State intends to target its NSP resources to high-need communities who are not located within direct NSP grantee communities and do not have access to NSP funds. The State of Illinois has established three geographic categories and has presented the areas of highest need for each category in its Substantial Amendment to the 2008 Action Plan for the Neighborhood Stabilization Program.

These NSP Geographic Categories are:

Areas that are not existing CDBG entitlement areas and that received no direct NSP allocation from HUD; and
CDBG Entitlement grantees that did not receive a direct NSP allocation; and
CDBG Entitlement Grantees also receiving direct (local) NSP allocations from HUD.

Within these NSP Geographic Categories, the needs of communities have been evaluated and ranked by two related impacts. First, a ranking was produced to determine the size of the foreclosure problem in each area relative to the size of the problem in the state. Second, a ranking was produced to determine the rate at which the evaluated factors occur within areas. By performing two rankings, the State hoped to capture both areas of the state with large numbers of foreclosures and high cost loans relative to the rest of the State, and areas of the state where the rate of foreclosure and subprime lending relative to the overall size of the housing stock in the community was high.

The State intends to target NSP funds to areas of the state where the needs of the community placed them in the neediest communities in Illinois based on their rank by size and/or by rate. Under the ranking methodology of the State, this level of need is shown as a 65 or higher in either ranking. Projects located in a census tract, place, county, CDBG entitlement, or NSP grantee area that is listed as an area of greatest need will receive priority consideration.

A complete listing of the State's rankings are posted on the IHDA website www.ihda.org.

Distribution and and Uses of Funds:

The goal of NSP is to allocate resources to communities that are hardest hit by foreclosure and to provide affordable rental housing and homeownership opportunities for individuals, families and persons with disabilities.
