 No interested clients for this property
 Other (Please explain)

Addition Comments: _____

Signature Of SHC/Waitlist Manager: _____ Waitlist manager waiver approval date: _____

TO BE COMPLETED BY IHDA SRN/SECTION 811 PROGRAM COORDINATOR:

This waiver approval is in response to your request to lease the Statewide Referral Network (SRN) unit at your development to a household that has not been referred by the Statewide Housing Coordinator (SHC). Per the SRN Written Agreement, you may now lease the unit to a household meeting the program requirements that did not come through the referral process. We are allowing this exception because more than 90 days for SRN units or 60 days for Section 811 has passed for the initial leasing or 30 days has passed for the unit turnover leasing of the SRN/Section 811 unit(s), and you have not been able to successfully fill the SRN/Section 811 units through the referral process.

Please note upon turnover of the unit(s), you must ensure that the vacant unit(s) have been "made available" on the PAIR Module & notification given to the SHC and/or the SRN Waitlist Manager to provide referrals. SHC and/or the SRN Waitlist Manager will have 30 days to provide sufficient referrals to fill the vacancies. It is important that you notify Emphasys through the email polling@emphasys-software.com of your vacancies as soon as a unit is ready to lease. This will ensure that the Wait-List Manager receives your vacancy information as soon as possible and can begin the referral process.

The Property Management team will continue the established communication plan with the Statewide Housing Coordinator (SHC). Failure to remain compliant with the SRN Agreement may negatively impact future funding applications to IHDA.

Please note for Section 811 units:

It is important that you follow the guidelines below for all Section 811 PRA units: Eligibility, Selection, and Admissions of Families: RAC part II 2.8 (c) (3) "The owner/agent must inform the Grantee or their designee of a vacancy and hold the unit open for a reasonable period of time. If no Eligible Tenants are identified within a reasonable time, as determined by the Grantee, the owner may lease the unit to families which are not eligible for the PRA Program; this household is not entitled to the benefit of the rental assistance. If the number of occupied PRA Assisted Units at the property falls below the total number of units listed in Exhibit 1 of Part 1 of the RAC, the Owner will designate the next available appropriate unit as an Assisted Unit until the total number of occupied units meets the total number listed in Exhibit 1 of Part 1 of the RAC."

IHDA is continuously working with our partners in the service delivery sector to improve the referral system. **Please retain a copy of this document in your files.** We appreciate your participation in the Statewide Referral Network (SRN).
