

2024-2025 QAP Summits Register Today!

The Illinois Housing Development Authority (IHDA) is updating its Qualified Allocation Plan (QAP) for the years 2024- 2025. The QAP is the policy and scoring document governing how Low Income Housing Tax Credits (LIHTC) are awarded in Illinois. IHDA will host three QAP Summits in May to share proposed policy priorities and to receive feedback from the development community which will inform the final draft of the 2024-2025 QAP. These listening sessions provide a vital forum for public feedback and comment and the Authority greatly appreciates those who participate.
